THE UNIVERSITY

FLORIDA STATE UNIVERSITY

Florida State University's 10 schools and colleges are the several academic homes of more than 17,000 students in 1971 — students who hail from the four corners of the world as well as the home state.

This public, coeducational institution of higher learning is one of nine in the State University System of Florida. Founded in 1857, it is the second oldest university in the public system and a senior leader in graduate education and research programs.

Although Seminole football can be traced back to the first decade of the 20th Century, the University's history includes a number of years when it was known as the Florida State College for Women (1902-47). The dynamic growth of intercollegiate athletics, since coeducation and university status came to the campus in 1947, has paralleled the phenomenal physical and enrollment growth of the institution in the last two and one-half decades.

Academically and athletically, Florida State is a contender for top ranking among the nation's leading universities. Earlier this year, the American Council on Education rated eight Florida State graduate programs in the physical, biological and social science areas among the better programs in the nation, giving chemistry the highest rating of "strong and distinguished." In athletics, the last seven years have seen the Seminole football team earn four major bowl appearances and several bona fide All-America titles. In academics, the same period of time has seen two Nobel Laureates added to the faculty roster — one on a full-time, the other on an annual winter quarter basis.

One of only 24 institutions in the country which confers more than 100 Ph.D. degrees each year, Florida State is now graduating an average of 5,000 students annually from its Colleges of Arts and Sciences, Education and Law, and from its Schools of Home Economics, Music, Library Science, Social Welfare, Business, Nursing and Engineering Science.

At the undergraduate level, Florida State students have a choice of more than 95 different baccalaureate fields of study; and at the graduate level, a choice of more than 85 master's degree areas and more than 55 doctoral programs.

Balancing its prestige in the sciences with academic achievements in the arts and humanities as well, Florida State is the home base for the State Theater, State Opera and State Symphony of Florida. Its role as an artistic and cultural pacesetter is long-standing and international in scope in art, music and theater.

A pioneer in the field of oceanography for many years, Florida State is making marine studies one of its strong points of emphasis in the decade ahead. Facilities for oceanographic research are located both on the campus and in the Ed Ball Marine Laboratories on the Gulf of Mexico, south of Tallahassee.

The University's largest grouping of physical facilities for scientific research is to be found in its Science Complex, on the western quadrant of the campus. This Complex interconnects major units in the sciences by means of a network of arcades which provide a built-in proximity for interdisciplinary research.

Rounding out the University's research resources are two nuclear accelerators, a million-book library and special research facilities in geophysical fluid dynamics, educational technology, molecular biophysics, social research, political research, psychobiology and psychology.

DR. STANLEY MARSHALL

President, Florida State University

Florida State's new football coach, Larry Jones, says he has found the most energetic and enthusiastic Seminole fan on campus to be none other than the University's president, Dr. Stanley Marshall.

Dr. Marshall, president since 1969, is known for a "fight-to-win" frame of mind that has caused administrative colleagues to eliminate the words "time out," and "halftime" from their vocabularies.

One might expect that a man of constant activity would head for an easy chair when he gets home; but "not so," says his wife.

According to Mrs. (Shirley) Marshall, there's always time for a daily game of touch football with son John, 9, and weekend tennis matches with friends — with Mrs. Marshall frequently playing doubles with him, and 18-year-old Sue Ellen making a fourth for batting or pitching practice in the backyard of the President's home. Other children in the family are David, 22; Kimberly Ann, 3; and Drew, who was 2 in July.

It's easy to see that Florida State's president means it when he says he's a firm supporter of, and believer in, athletics as a means of building character and releasing the tensions of modern living — not to mention those of a university presidency in this era.

"Athletics contribute a great deal to the development of the individual," says Marshall. One of his favorite expressions is: "When you enter the fray, expect to take whatever wounds the game involves; and if you don't want to get hurt, don't play the game."

Marshall's background as a boy on a Pennsylvania farm may have led to his kinship with outdoor activities. He milked cows, pitched hay and drove horses for his father until he was 14; and later worked in a coal mine one summer while in college — another factor that accounts for his affinity for fresh air.

Dr. Marshall attended Pennsylvania State Teachers College at Slippery Rock until the middle of his junior year in February, 1943, whereupon he entered the U.S. Army. During his military duty he was a member of the Army Specialized Training Program. He then served in the European Theatre of World War II until his discharge in 1946. He received the master's and doctor's degrees from Syracuse University in 1950 and 1956 respectively, both in the area of science education.

In 1963, Dr. Marshall was invited by the Ford Foundation and the Turkish Government to direct the National Science Project of Turkey in which he and other American educators undertook the establishment of a national science high school for gifted students in Ankara.

Dr. Marshall is the co-author of three professional books and a widely used series of elementary science textbooks. He served as editor of the *JOURNAL OF RESEARCH IN SCIENCE TEACHING* from 1962-66 and as a member of the editorial board of *SCIENCE WORLD* from 1962-65. He has also written numerous journal articles and monographs.

He is a member of 11 national or state professional organizations and has been recognized by inclusion in *Who's Who in America* and *American Men of Science*. He is a fellow of the American Association for the Advancement of Science.

TALLAHASSEE, FLORIDA

ATHLETIC DIRECTOR

CLAY STAPLETON

"No man more dedicated has ever devoted his life to athletics."

This statement from an Iowa State official followed Clay Stapleton's resignation at that institution to become Florida State University's athletic director.

In four years as Iowa State's AD, Stapleton built an image as a strong and imaginative administrator. The Iowa State program grew notably as facilities expanded and scholarships increased.

However, Iowa State is now behind the 50-year-old athletic administrator as Florida State is his new challenge.

"I decided to come to Florida State because I was convinced President (Stanley) Marshall, the athletic committee and everyone else concerned wanted a well-rounded program that fitted into the total program of the University," said Stapleton.

"Florida State, which has great potential, is an institution which believes in the total educational process."

A native of Dunham, Ky., Stapleton says: "I'm a Southerner, I enjoy the South and I'm glad to be home."

Florida State's athletic director attended the University of Tennessee from 1940 through '42 before serving a three-year tour of duty in the Navy. He returned to Tennessee in 1946 and graduated in '48 with a B.S. degree in education.

While at Tennessee, Stapleton played varsity football and upon graduation served as assistant coach under Phil Dickens at Wofford College. During Stapleton's tour at Wofford, Florida State defeated the Terriers 19-6 in the 1949 Cigar Bowl at Tampa. He also coached track at Wofford and his teams won two conference championships.

Stapleton moved to the University of Wyoming with Dickens in 1953 and stayed through the '54 before switching to Oregon State where he was first assistant and line coach under Tommy Prothro. Oregon State went to the Rose Bowl twice while Stapleton was there.

In 1958, Stapleton was named head football coach at Iowa State and served in that capacity until 1966 when the athletic directorship was added to his coaching duties.

In 1967, he relinquished his coaching duties to direct full attention to administering the Iowa State athletic program, one of the best in the Big 8 Conference.

Stapleton and his wife, the former Ann Waldorf of Marshall, Missouri, have three children.

RAY BICKERSTAFF

Assistant Athletic Director

This multi-talented Tupelo, Miss., native followed his boss at Iowa State, Clay Stapleton, to Florida State.

“Brick” has experience in all phases of university athletics since he has been a player, coach, trainer, recruiter and administrator.

Following his graduation from the University of Arkansas in 1951, his first coaching experience came when he served as a graduate assistant at Texas. Then he moved to Arkansas State, serving in the dual role of assistant coach and head trainer.

When he moved to New Mexico State in 1955, more duties were added since he was assistant coach, trainer and recruiter.

In 1961, Bickerstaff became the head trainer and recruiter at Iowa State, serving in these capacities until Stapleton named him assistant athletic director in 1967.

In 1964, he was named “Knut Rockne Football Trainer of the Year” and twice has served as the trainer in the Shrine’s East-West All-Star game.

Brick and his wife, the former Sarah Lou Hardwick of Valley Mills, Tex., have two sons.

DOUG MESSER

Athletic Business Manager

Doug is another former Seminole athlete who returned to his Alma Mater.

The LaGrange, Ga., native was a member of the Florida State football team from 1960 through '64. He doubled as placekicker and halfback.

After graduating from Florida State in 1965, he served as a Seminole graduate assistant before getting his Masters at Appalachian State in 1966. While there, he also served as the assistant freshman coach in charge of offensive and defensive backs.

Doug worked as an assistant coach at Merritt Island High School before getting the head job at Decatur, Ga., high school in 1968. He took the highly responsible job as Florida State’s athletic business manager in 1970.

Doug is married to the former Linda Strickland of Austell, Ga.

CLAUDE THIGPEN

Athletic Ticket Manager

Claude is another veteran member of the Seminole athletic family since he has been connected with the department for 16 years.

Following seven years in the Air Force, Claude spent eight seasons as the Athletic Department's Auditor before becoming the Ticket Manager.

A native of Greenville, Fla., Claude has the complex job of selling, assigning and distributing game tickets.

He has taken several business and accounting courses since graduating from high school.

Claude and his wife, the former Carleen Lindley, have two children.

LONNIE BURT

Sports Information Director

Coordinating the press and public relations of Florida State's athletic program are among Lonnie's wide-ranging duties.

A former sportswriter for the St. Petersburg Times, Lonnie is now in his fifth season as the Seminoles' SID.

The Evergreen, Ala., native was among the first group of men to enroll in the University following its conversion to co-educational status in 1947.

Lonnie and his wife, the former Sally McLaughlin of Statesville, N.C., have two children.

HANK SCHOMBER

Assistant Sports Information Director

A native of Westchester County, N.Y., Hank is in his fifth year as a full-time assistant in the Sports Information office.

The 1967 Florida State graduate is primarily responsible for the makeup of brochures, handbooks and programs along with compiling statistics and overseeing pressbox operations.

Hank and his wife, the former Judy Hughes of Nashville, Tenn., have a daughter, Tam.

DAVID WAGNER

Academic Advisor

David (Bucky) Wagner is in his second season as the Seminoles' Academic Advisor. This demanding and important position includes Counseling and schedule advisement for all scholarship athletes at Florida State. He also maintains an eligibility listing for all present and prospective Seminoles.

A 1961 graduate of Ohio University, where he quarterbacked the Bobcats to a 10-0 record and the NCAA College Division National Cham-

pionship, he holds a BS and Masters from his Alma Mater and is working on his doctorate at Florida State.

Wagner and his wife, the former Ann Snee of Mt. Lebanon, Pa., have two boys and a girl.

JIM OLSEN

Executive Director of
National Seminole Club

Jim is the newest addition to the Florida State athletic department staff.

His is an important role in the continued advancement and success of Seminole athletics since he will direct and coordinate fund-raising for the newly formed National Seminole Club.

The personable Olsen returns to his Alma Mater following a successful venture in his own insurance business in Tampa.

A Major in the Florida National Guard, Jim and his wife, the former Carol Rodgers of Miami, have two children. Mrs. Olsen is also a Florida State graduate.

CHARLIE DURBIN

Cinematographer

The proverbial "Jack of all trades" at Florida State, only this 23-year athletic department veteran has a unique twist as he is also "master of most."

In addition to his photographic chores which include turning out coaches' game films, TV highlight film and daily practice films, Durbin also fills a valuable role as Seminole bus driver.

He is married to the former Leo Poppell also of Havana. They have five children.

**FOOTBALL
STAFF**

By FRED GIRARD
Of The Times Staff

Larry Jones, a well-built handsome man of 37, still is a student. For the past 16 years he has studied the game of football, as an art and a science, under the best teachers in the nation. He retained all the knowledge he considered worthwhile, tempered it in the crucible of his own experience as a player and coach, and developed his own philosophy and approach.

"Different coaches have influenced me in different ways," he said, explaining his mental background. "Paul Dietzel, for instance, was a great organizer, of his staff, his recruiting and his procedures. George Terry, who's dead now, coached me when I was a player and later we were on the same staff. I liked the way he treated people, the way he inspired trust and confidence. And there were others who helped develop my philosophy of coaching — Charley MacLendon, Bill Battle Wilson Matthews. . ."

Matthews, coach of Little Rock, Ark., Central High school in the late '40s and early '50s, was the start of it all. Young Larry Jones played center and linebacker for Matthews, and became accustomed to winning ways. Little Rock High cranked out several state championships before Matthews went to Arkansas as a freshman coach and helped Jim McKenzie develop the defense that brought the Razorbacks a national championship.

Jones played college football at LSU, graduating in 1954. The following year Paul Dietzel was named head coach, and a new chapter opened in Jones' life, a hegira that would lead him through 15 years and three jobs, all in Dietzel's footsteps.

Jones' young coaching career was interrupted by a two-year stint in the Air Force, during which he was an All-Service center and linebacker for the Shaw AFB Commanders. He returned to LSU in the fall of 1958, just in time to help with Dietzel's gloriously colorful, three-platoon national championship team.

In 1961 Dietzel went to Army as head coach. Jones went along as defensive line coach. Four years later Dietzel went to South Carolina, Jones went along as head defensive coach and first assistant.

Four years later in 1970, Tennessee's head coach, Doug Dickey, replaced Ray Graves at the University of Florida. Young Bill Battle was elevated to Dickey's job, and he needed help badly. One of his first calls went out to Larry Jones.

"Tennessee had tried to hire me a few years earlier," Jones said. "I just didn't think I could turn them down again. It was a challenge to me. Bill had a brand-new, young staff, and the team had no defense, it had been riddled by graduation. Bill realized the value of older, more experienced coaches as aides. He hired a head offense coach and a head defense coach both several years older than he, and he let us coach, too.

"I knew it was a great opportunity for me. But I had to tell Bill that I might not be with him more than a year. I knew I wanted a head coaching job somewhere. He said he understood that, and he'd be glad to have me even if it was only for a year.

"I'd been thinking a great deal about being a head coach at that time. I felt I was ready to make that step. Even during the first four or five weeks of the season at Tennessee, people told me Jerry Claiborne wouldn't be re-hired at VPI, and I should apply for that job. I couldn't do that, though, out of respect for Jerry, and for Tennessee, too. Then this job came open, something I had never expected."

While Jones was coaching at LSU, he returned to school and received his Master's Degree in education. His familiarity with the learning process is responsible for the knowledge he's accumulated about football, and he's confident now that he is about to apply it as head man. His options in handling the game itself will necessarily be limited by his available talent. But in handling his players . . .

"The days are gone when a football coach was some sort of headmaster, walking around slapping people's wrists for them," he said. "Now it's up to the coach to develop a relationship in which the player can trust him, come and talk to him. You've got to keep the lines of communication open all the time, establish a good rapport.

"Now a player can come to his football coach with any kind of problem, whereas before he avoided him like the plague. That's the way it was at Tennessee, for instance. We had a group that really got along, had great togetherness. I think if a player can learn that, he'll get along well in life. It's up to a coach to create an overall attitude, educate the entire student rather than just the football player.

"I'm not going to muzzle my kids, either, they can talk to the press any time they want, and say anything they want. I feel they're adults and have the right to express themselves. Besides, I think they deserve the publicity, they work hard for it.

"And that's something else . . . I plan to play a lot of people here, the way we did at Tennessee. I think that was one of the things responsible for our great morale up there. When a kid who's on the third string, what the players call the 'rinky-dinks,' comes out to practice every day, you've got to have a lot of respect for him. He's got to really love the game. I know when I was on the rinky-dinks, all I really wanted was just to have one of the coaches notice me, have one of them come up and say 'Hey, good job out there today.' That's the way I plan to be. I'm going to play everybody I possibly can, let every boy on the team know we're interested in him."

The words of a scientist.

HEAD FOOTBALL COACH

LARRY JONES

Larry Jones, Florida State's 37-year-old football boss, is only the sixth head coach in modern times to direct the Seminoles.

The former LSU player comes to Florida State from Tennessee where he was first assistant in charge of the Vols' talented defense last season.

A native of Little Rock, Ark., Jones was a three-sport performer at Little Rock High School. He attended LSU from 1951-54 where he was a center-linebacker for the Tigers. He joined the LSU coaching staff

under Paul Dietzel the day he graduated in 1954.

After his first year at LSU, Jones entered the Air Force for a two-year tour and then returned to LSU as coach of the offensive receivers and in charge of the passing game for the 1958-61 seasons.

He then moved with Dietzel to West Point for the 1962-65 seasons and then to South Carolina, again with Dietzel, for the 1966-69 campaigns. Jones was named Bill Battle's first assistant and defensive coordinator at Tennessee in 1970.

In 14 seasons of college coaching, Jones has served on staffs whose teams have played in the Orange Bowl, Peach Bowl and Sugar Bowl three times.

After receiving his bachelor of science degree at LSU, Jones continued his studies and received a master's degree in education in 1961.

The new Florida State coach was born Dec. 18, 1933. He and his wife Judith have three children, Bruce, 9; Kevin, 7; and Laura, 5.

At Florida State, Jones says he will continue to run the pro offense. "We will continue to throw the ball although I think we will try to use a little more running to balance the attack," said the Arkansas native.

Jones was recommended to Florida State by a long list of both players and coaches. Tim Priest, captain of the Sugar Bowl champion Tennessee squad, said: "The man most responsible for our defensive record is Coach Larry Jones." Following the Vols' 17-6 victory over Georgia Tech this fall, the players presented Coach Jones the game ball.

Tennessee Head Coach Bill Battle called Jones "a great asset to our program. He is a top-caliber person, combining excellent character with great coaching ability. We were fortunate to get him."

Following Jones' departure from South Carolina, Gamecock head coach and athletic director Paul Dietzel said: "Larry has done a magnificent job for us. He has been like a member of my own family."

Jones is active in the Fellowship of Christian Athletes.

STEVE SLOAN

First Assistant and Head of Offense

This former University of Alabama All-America quarterback comes to Florida State after three seasons of coaching at his Alma Mater under Bear Bryant.

Considered by many as one of the brightest young offensive coaches in the business, Sloan will head up the Seminole offense and is Coach Jones' first assistant. On the coaching field, he will work with the quarterbacks and running backs.

A native of Cleveland, Tenn., he attended Alabama from 1962 through '65. During this period he was the quarterback as the Crimson Tide played in three bowls, twice in the Orange and once in the Sugar. In 1964 and '65 the Sloan-directed Tide was national champion.

Drafted by the Atlanta Falcons, Steve performed for the National Football League club in 1966 and '67 before returning to Alabama where he stayed until coming to Florida State.

Steve and his wife, the former Brenda Fan of Cleveland, Tenn., have a young son.

BILL CANTY

Freshman Coach

This will be the second Canty to grace Florida State's athletic scene since Bill's younger brother, Bobby, was a standout Seminole baseball infielder who graduated in 1967.

Bill comes to Florida State from Furman, his Alma Mater, where he headed up the Paladins' offense. Last season was his eighth at Furman. He joined that staff following graduation in 1962.

The former Furman quarterback was born in Pascagoula, Miss., and attended high school there before being recruited by Furman.

He captained the Paladins as a junior and played in the Senior Bowl following his final season of eligibility.

Bill and his wife, the former Ann Lochridge of Delta City, Miss., have a son and daughter.

JOHN DEVLIN

Defensive Ends and Tackles

This former Army staff sergeant comes to Florida State from Virginia Tech, one of the Seminoles' arch rivals.

A native of Norristown, Pa., John played his college ball at West Chester State College where he was called "the best ever" by 25-year coaching veteran W. Glenn Killinger.

After receiving his B.S. from West Chester in 1959, John became line coach at Waynesboro, Pa., High School. In 1961 and '62 he was an assistant with the Fourth Armored Division football team in Ulm, Germany. From 1963-65 he was an assistant under Paul Dietzel at the U.S. Military Academy. He joined Jerry Claiborne's staff at VPI in 1965.

John and his wife, the former Irma Kleemann of Regensburg, Germany, have three sons and a daughter.

BOB HARBISON

Interior Offensive Line

Only one Florida State football team has ever been fielded which wasn't benefited in some fashion by Bob Harbison's coaching ability. This will be his 23rd season as a Seminole assistant coach.

Under new Head Coach Larry Jones, Harbie's coaching talents have been switched from defense to offense. He will work with the centers, guards and tackles, an assignment he had earlier in his career at Florida State.

A native of Evansville, Ind., Harbie played his college football at the University of Indiana under the late Bo McMillin. Following his senior season he played in the Blue-Gray All-Star game in Montgomery, Ala.

Jones will be the fifth Seminole head coach Harbie has worked under. He also served under Don Veller, Tom Nugent, Perry Moss and Bill Peterson.

An outstanding recruiter, Harbie is responsible for many of the former Seminole stars enrolling at Florida State.

Bob and his wife, the former Jane McEntee of Washington, D.C., have four children.

GENE HENDERSON

Head of Defense, Defensive Backs

This Texas native is the second Seminole staff member who has played under Bear Bryant.

After two years at San Angelo Junior College, Gene transferred to Texas A&M in 1954 and was a member of that famous Aggie team which "survived" the early fall practice at Junction, Texas.

Born in Sonora, Texas, Gene was also a track performer in junior college and at A&M.

Following graduation in 1955, he spent six years as a prep assistant before getting his first head coaching job at Nederland High School. In 1967, he went to Texas Tech as an assistant, taking the job of defensive coordinator in '68 and continuing in '69.

He headed up the defense at TCU last season before joining Coach Jones' staff this spring.

Gene and his wife, the former Sue Wyatt of Sonora, Texas, have four children.

PAT HODGSON

Wide Receivers and Tight Ends

Wouldn't you know it! Patrick Shannon Hodgson lives on Shamrock South in Tallahassee.

Like most of the Florida State assistants, this will be Pat's first year as a Seminole aide.

Born in Columbus, Ga., he was a prep standout at Westminster High in Atlanta before enrolling at the University of Georgia where he became an All-Southeastern

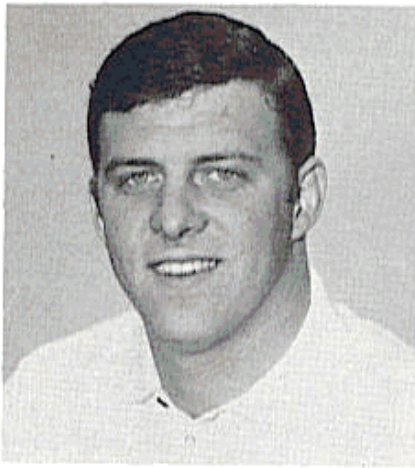

Conference in 1964 and '65. In '63, he led the SEC in receiving.

Upon graduation, Pat performed for the Washington Redskins in 1966 and the Minnesota Vikings in '67 before returning to his Alma Mater as an assistant coach.

From 1968-70 he assisted Vince Dooley at Georgia and headed up the Bulldogs' freshman offense last season.

Before his pro career started, Pat played in the 1966 Coaches' All-America game.

Pat and his wife, the former Nancy Williams of Athens, Ga., have two children.

BILL PARCELLS

Linebackers

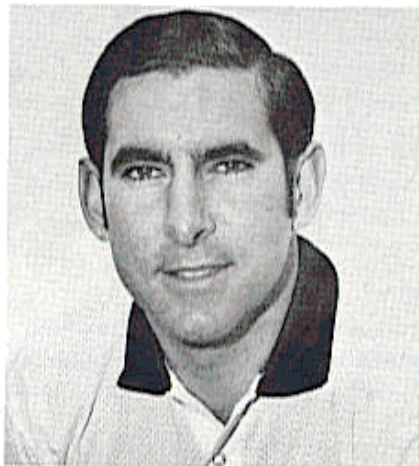

Bill is one of two holdovers from the 1970 Florida State staff — Bob Harbison being the other.

This will be the Oradell, N.J., native's second season at Florida State. Prior to this he served four seasons at the U.S. Military Academy.

Bill played his college football at Wichita where he was versatile enough to perform at guard, tackle and linebacker. During his playing days, he was All-Missouri Valley Conference twice and following graduation was the fourth-round draft selection of the Detroit Lions.

His first coaching assignment was at Hastings College for one season. Then he returned to Wichita for another season before moving to Army in 1966. During his Cadet coaching stint, he coached two of Army's finest linebackers, Townsend Clark and Kenney Johnson.

Bill and his wife, the former Judy Goss of Wichita, have three daughters.

MIKE POPE

Director of High School Relations

Mike takes over the important role of directing Florida State recruiting this season after spending 1970 as a Seminole graduate assistant working with the freshman team.

The North Carolina native was born in Monroe and played his college ball at Lenoir Rhyne where he performed at both quarterback and fullback in the Bears' single wing system.

After three seasons as head coach in North Carolina high schools, Mike came to Jacksonville where he was offensive coordinator at Wolfson, H.S. In 1968 he became head coach and athletic director at Lake Wales High.

During his college playing days, Mike was the Lenoir Rhyne captain in 1963 and also voted the team's most valuable player.

Mike is married to the former Lee Lambie of Arlington, Va.

FRANK DEBORD

Equipment Manager

This will be Frank's second season as the Seminoles' equipment chief after serving three years as the assistant.

A native of Marion, Va., the Quincy resident attended Virginia Tech where he lettered in football and wrestling before receiving his B.S. degree in 1942.

Frank was an assistant football coach at Franklin, Va., High School and also played two seasons with Norfolk in the Continental League.

He is not only in charge of all the Seminoles' grid equipment, but also he directs the practice field's upkeep as well.

Frank and his wife, the former Marian Bradshaw of Franklin, Va., have three children. A fourth, David, was a member of the Marshall football team killed in last fall's tragic air crash.

DON FAULS

Head Trainer

"Rooster," as he is affectionately known by present and former Seminoles alike, will be starting his 18th season at Florida State this fall.

The Ithaca, N.Y., native started his training career in the St. Louis Cardinals' minor league system, working with the Greensboro, N.C., team in 1950-51 and with the Omaha, Neb., club from 1952-54.

Don was honored by being named head trainer for the United States Pan-Am Games team in 1963 and is currently on the Olympic Trainers' Selection Committee.

He lettered in baseball and basketball while attending Ithaca College in his hometown.

Don's success can be underscored by the large number of his former assistants who have gone on to head jobs at other institutions.

Don and his wife, the former Marguerite Morgan of Naples, N.Y., have three children.

DOUG MAY

Assistant Trainer

This will be this Meridian, Miss., native's second season as Don Fauls' assistant.

Since coming to Florida State, Doug has traveled with the Seminole basketball and baseball teams.

A graduate of Ole Miss, he served as a student trainer while attending college, handling the Rebels' freshman football

team along with the varsity basketball and baseball clubs.

Doug is married to the former Cissy Knott of Yazoo City, Miss.

THE 1971 SEMINOLES

SEMINOLES' CONSISTENCY "PASSES" THEM TO THE FIVE-YEAR NATIONAL LEADERSHIP

By NATIONAL COLLEGIATE SPORTS SERVICES

Consistency can have its special rewards. Just look at Florida State, the national leader in passing offense over the last five years.

The Seminoles have never won a season passing title, and have finished as high as third only once, but their consistency is amazing: They're the only major to finish in the top 10 all five years (5-4-5-9-6), with a "low" of 246.7 yards per game in '66 and a high of 284.4 in '68, counting regular season games only.

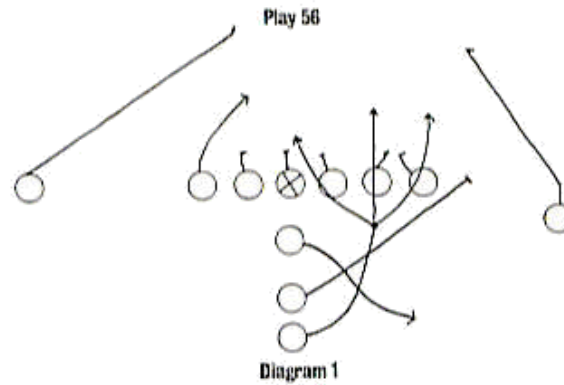

Florida State's winning five-year average was 260.4, while compiling a winning record of 34-15-2. The Seminoles ranked sixth in total offense with 385.8 yds. per game.

The quarterbacking was shared by Kim Hammond, Gary Pajcie, Bill Cappleman and Tommy Warren. None won a national individual title and Florida State produced just one receiving champion (Ron Sellers in '68). But its passing game was highly efficient:

Out of all the nation's majors, Florida State ranked fifth in interception avoidance (.047), sixth in yards per attempted pass (7.5) and 10th in completion percentage (.533). Not one team that threw as many passes had fewer interceptions, a better completion percentage or more yards per attempt.

While the Seminoles' were passing their way to the top of the list, they were also doing their share of the winning, as they were one of the country's 25 winningest schools with a .686 percentage. Only two other top 10 passing teams made the winning list.

THE SEMINOLE OFFENSE

By STEVE SLOAN
Offensive Coordinator

Florida State's offense for 1971 will feature basically the same type passing game as was utilized last season; however, the running attack will be perhaps a little more versatile with the addition of the various I Formations and more option plays. The heart of our basic philosophy will include simplicity in terminology, to enhance communication, preparation and execution. We will utilize multiple formations with the same basic plays. This we hope will give the defense more problems, and at least it will give them various looks and thus more defensive preparation adjustments.

Our basic objective offensively will be to score enough to win. We think most fans will agree that this should be our main objective. However, our philosophy of offense includes many secondary objectives as well. Some of the more important are:

1. Elimination of mistakes (such as penalties, fumbles and interceptions)
2. Control the football and thus maintain field position
3. Sound offensive kicking game
4. Basic pride in our team and confidence in each other.

Diagram "1" shows the basic running play out of the I Formation. This particular play is designed to break off the double team block between the tight end and the strong tackle. However, as you notice in the diagram the running back should be square to the running lane (created by the double team block), and thus he has a 3-way break if he sees daylight. Most "I" formation running goes hand-in-hand with the "run to daylight theory" made popular by the late Vince Lombardi at Green Bay.

Diagram "2" illustrates one of the basic strong flood patterns used to attack the strong side of the defensive secondary. The flanker or "Z" as designated on the diagram is the primary receiver. The other two receivers in the same area run complimentary routes based on the pattern called to Z. This is a straight deep back pattern and the pass will be thrown in 2.5 seconds. This should explain the importance of timing in the passing game.

THE SEMINOLE DEFENSE

By **GENE HENDERSON**

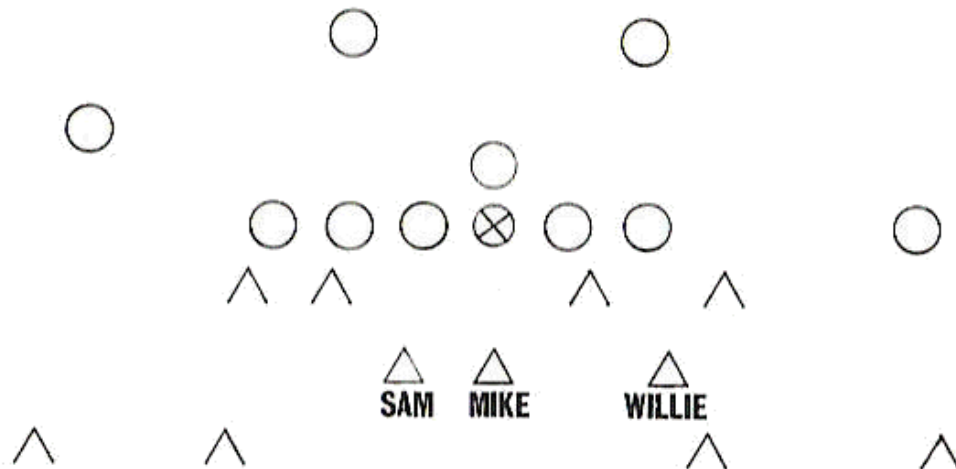

Defensive Coordinator

The 1971 Seminole defense has been designed to meet the complexities of the various modern-day offensive attacks. Basically, Florida State's defense is a combination of the standard college (or Oklahoma) defense, the 5-4, and the pro four-man line. According to formations, Florida State's defense could at times look pro or college. With the offense spreading the defense from sideline to sideline and using the wide open (5 receivers out) pro passing attack, the defense must commit more defenders to the pass than to the run.

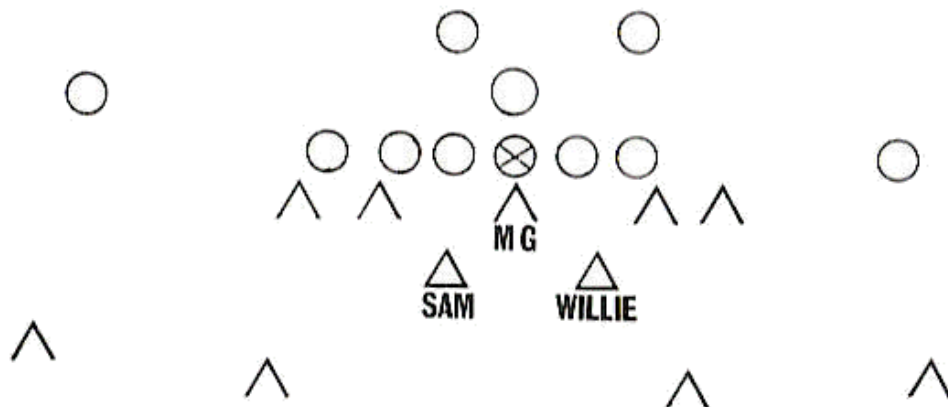

However, many college teams will not only use the pro spread 'em out idea but also employ some form of the option as influenced by Houston and Texas. Thus, the defense must be sound against the pro passing attack and the college option series at the same time. With the defense facing many formations, motions, shifts and spreads, it must be flexible.

The bulk of adjustments in our defense must be made by our middle three — strong linebacker, middle guard and weakside linebacker — along with the two inside safeties. By nature of alignment, these five positions are more complex and get more action. By design, these five positions will have more opportunities to make the big play.

To compensate for our lack of size in the forcing unit, we will emphasize pursuit, effort and gang-tackling.

THE SEMINOLE OUTLOOK FOR 1971

If Christmas were just around the corner and Santa asked head Coach Larry Jones what he wanted more than anything else in his football stocking, the answer would be: "More depth."

"It's that simple," says the new Seminole gridiron boss. "We're in pretty good shape in some spots but there are others where we need more depth badly."

"I think we can have a good football team. Just how good, I'm not sure just yet. But I am sure of one thing — we would be better if we had more depth at three spots."

"We need more help in the interior offensive line, at running back and linebacker. We may make some personnel changes early in fall practice which could take pressure off at some of the positions."

Jones makes it clear that he would like to get a little more balanced attack than Florida State has had in the past. "But we have to do what our personnel dictates," he says. "We're going to continue to have a wide-open offense. We'll try to develop our running attack, although we don't have much depth there."

Jones feels that the Seminoles strong points are the defensive secondary, quarterbacks and receivers.

As for spring practice, Jones had this to say: "I think the attitude, spirit and willingness were exceptional. I was pleased with the way everyone wanted to get after it. I found that the attitude of the players, the attitude on the campus and the attitude of the people in town was most gratifying."

The Florida State coach calls his quarterback situation "healthy." He has three signal callers who will fight it out although junior Gary Huff, a part time starter in 1970, is No. 1 going into fall practice. Senior Frank Whigham also started a couple of games last season and sophomore Fred Geisler shows promise despite being handicapped during the spring with an ankle injury.

In Rhett Dawson, Barry Smith and Kent Gaydos, the Seminoles have three outstanding receivers. They will alternate at the two wide receiver spots and all three are considered "starters." There are a number of youngsters behind this trio including sophomores Ed Davis, Joe Goldsmith, David Eddy and Dano Fiori. All need experience.

Art Munroe, James Jarrett and Paul Magalski, all seniors, are three talented running backs. Munroe will be used at tailback and Jarrett at fullback while Magalski will swing to both positions. However, the lack of experience behind this threesome causes some concern.

Rick Oreair, Oscar Roberts, Brent Norris and Steve Hardin, all sophomores and all red-shirted last season, must provide the depth which Florida State so badly needs.

At tight end, junior Mike Glass is ahead of the pack. However, he will get competition from senior Buddy Gridley and junior Gary Parris.

THE SEMINOLE OUTLOOK FOR 1971

Parris was an occasional starter in 1971 but missed all of spring practice due to an injury.

As the Seminoles go into fall practice, the interior offensive line will line up with sophomore Don Sparkman at weak tackle, senior J. W. McKinnie at weak guard, junior Allen Dees at center, senior Jay Stokes at strong guard and senior Bill Rimby at strong tackle. However, there is no assurance this will be the case when Florida State faces Southern Mississippi Sept. 11.

Joe Strickler is a senior who will challenge for the strong tackle position and Roger Minor, another junior who started as a sophomore, backs up Sparkman at the opposite tackle. Sophomore Phil Arnold was a pleasant surprise at strong guard this spring and junior letterman Shane Gibbs has been switched from tackle to guard. Sophomores Keith Ottman and Steve Macaulay are behind Dees although the versatile Stokes may be used as the center backup until the youngsters gain some experience.

Defensively, the Seminoles are solid in the secondary. All of last year's starters return plus some exceptional newcomers. In fact, no one's job is nailed down because of the talented backup performers.

Juniors James Thomas and Eddie McMillan provide speed and experience at the corners, senior John Lanahan is the rover and senior Robert Ashmore directs the whole show from his safety position.

However, there are players at every position who may beat out the first four. Junior David Snell, the talented punt returner, and Ron Ratliff, both lettermen, will push for Thomas' job while Buzzy Lewis, an exceptional sophomore, battles McMillan. Sophomore Randy Shively and senior John Montgomery are two more defensive backs who make the secondary deep in every position.

At the conclusion of spring drills, juniors Clint Parker and Dan Whitehurst along with senior Guy Glisson were the starting linebackers. But to keep their jobs they must fight off Bobby Howell and Larry Strickland and this could be a tough assignment. Sophomores John Murphy, David Miles and Andy Schmidt could add depth when they are benefited by playing time.

Senior Bill Shaw and junior Charlie Hunt figure to be the starting ends. However, sophomore Kent Corral showed vast improvement during spring drills.

Two more junior college transfers are capable tackles, Bill Henson, a letterman in '70, and Howard Jacobi. Two-year letterman Richard Amman is also back and he'll be fighting for his old starting berth. Sophomore Bobby Anderson had some interesting moments during the spring.

Florida State's kicking game is in excellent hands. Senior Frank Fontes is one of the nation's better field goal men and Duane Carrell had the country's 17th best punt average last season at 40.6.

SEMINOLE PROFILES

RICHARD AMMAN, Defensive Tackle, 21, Sr., 6-5, 235, Cocoa Beach, 2VL. Starter last season and will be in the midst of the starting picture this fall. Started slowly this spring but fought back to snare first string berth. Tallest defensive lineman and this helps his pass rush. Extremely tough against the run. Good speed, he must improve agility. Credited with 37 tackles and 2 fumble recoveries in 1970. Also had eight big defensive plays. Business major.

ROBERT ANDERSON, Defensive Tackle, 20, Soph., 5-10, 215, Tifton, Ga., RS. Another red shirt who must overcome size problem. However, he showed he could do just that during spring drills. He uses quickness to greatest advantage. Undecided about major.

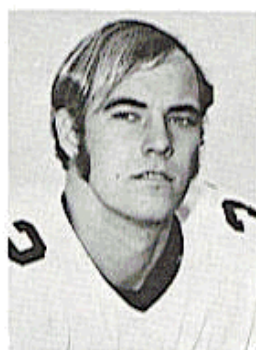

PHIL ARNOLD, Offensive Guard, 19, Soph., 6-0, 215, Hollywood, Frosh. One of the more promising young players. Was first team strong guard at times this spring. Will be a definite contender come fall. Outstanding strength. One of top weight lifters on squad. Ideally built for a guard. Future should be bright. Business Administration major.

ROBERT ASHMORE, Defensive Back, 22, Sr., 6-1, 180, Tallahassee, 2VL. Decided to use his final year of eligibility after missing off-season program. Definitely the leader in the defensive secondary. Adjusted extremely well to Florida State's new secondary defensive scheme. Improved his speed during spring. Has an exceptional knack of getting to the thrown ball. Was team's second-leading interceptor in 1970 with three. Another Leon High product.

DUANE CARRELL, Punter, 22, Sr., 5-10, 175, Washington, D.C., 2 VL. One of the nation's finest punters as a junior. Averaged 40.6 last season and this was good for 17th in the country. As a sophomore, he averaged 36.5. Has a chance to better school career average of 37.6 set by Bobby Renn, 1956-58. Longest punt last season was 68 yards. His booming punts sometime outdistance the coverage. Marketing major.

Corral

Davis

Dawson

Dees

KENT CORRAL, Defensive End, 20, Soph., 5-11, 185, Tampa, RS. Showed tremendous improvement during spring. His outstanding asset is 100 percent hustle. Has quickness but must overcome lack of size. Cut down on mistakes during spring drills. A pleasant surprise this spring. Architect major.

ED DAVIS, Wide Receiver, 20, Soph., 6-1, 185, Lakeland, RS. Red shirted last season when he was defensive back. Switched to wide receiver this spring and reacted well. Could provide needed depth at his new position. Business Administration major.

RHETT DAWSON, Wide Receiver, 22, Sr., 6-2, 185, Valdosta, Ga., 2VL. Injured during first week of spring practice. However, coaches know what Rhett can do. Considered one of the best "move" receivers in the country. A great competitor and valuable leader. His experience makes him a dangerous threat. Tough to cover one on one. Was the team's leading receiver in 1970 with 54 catches for 946 yards and five touchdowns. Outstanding ability to maneuver defender out of position. Knows what to do with ball once he catches it. Is younger brother of Red Dawson, ex-Seminole star on the 1964 club. Was on great Valdosta, Ga., High School Teams. Criminology major.

ALLEN DEES, Center, 21, Jr., 6-2, 200, Lakeland, 1VL. Started all 11 games last season and played 90 percent of time. Fastest lineman on the squad — runs a 4.6 40. Although bothered by an injury, still wound up with excellent spring practice. Can be the leader of the offensive line. Intelligent, his mental mistakes are very few. Because of his speed he can pull on wide plays. Also, his quickness makes up for his lack of size. Best punt cover man among linemen. Does fine job on pass protecting. Criminology major.

JIM DUNDALA, Linebacker, 20, Jr., 6-0, 212, Morrisville, Pa., Sq. Had trouble adjusting to varsity competition last season but could provide depth this year. Showed improvement during spring practice and intercepted a pass for a touchdown in Garnet and Gold Game.

DAVID EDDY, Wide Receiver, 19, Soph., 5-11, 177, Miami, Frosh. Another young receiver off the freshman squad where he caught seven passes in four games. Has speed and showed promise this spring. Undecided about major.

Fontes

Gaydos

Geisler

Gibbs

DANO FIORE, Wide Receiver, 20, Soph., 6-0, 170, Chattahoochee, Sq. Joined Seminoles as non-scholarship player. Has shown improvement. Is one of the more experienced of the young receivers. Pre-Med major.

FRANK FONTES, Place Kicker, 22, Sr., 5-6, 155, Perth Amboy, N.J., IVL. One of the country's outstanding place kickers. Boots bare-footed, soccer-style. Thirteenth in the nation among kick-scoring leaders in 1970 when he averaged 5.8 points per game. Set a national record with eight field goal attempts against Wake Forest. Hit on 22 of 24 extra points and 14 of 25 field goal attempts. Two of his field goals were from 47 yards out. Extremely accurate kicker on-sides and kickoffs. Most of his kick-offs range from inside the opponent five to out of the end zone. Born in North Africa and spent his early years there before his family moved to Perth Amboy. Physical Education major.

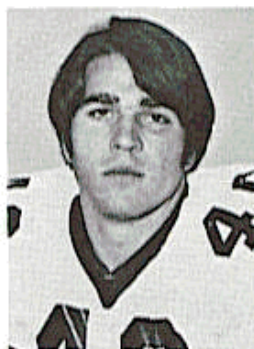

KENT GAYDOS, Wide Receiver, 22, Sr., 6-6, 210, Dallas, Texas, 2 VL. Had one of the top spring practices among wide receivers. Showed no ill effects from a knee injury which hampered his 1970 performance. Still was the team's second-leading receiver last year with 18 receptions for 292 yards and two touchdowns. Worked some last spring at tight end. His height and range make him excellent target. Good quickness for such a big man. Worked on changing style during spring to take advantage of his size and strength. Coaches feel his senior season will be his most productive. Public Relations major.

FRED GEISLER, Quarterback, 19, Soph., 6-0, 187 Orlando, Frosh. An All-America prep performer at Orlando Edgewater, Geisler had a better than average freshman year on a sub-par frosh team. He averaged almost 46 passes per game in four contests last fall and completed 75 for 906 yards and seven touchdowns. He was greatly handicapped during spring practice after reinjuring an old ankle injury. However, he still performed in the two game-type scrimmages and threw for three touchdowns before his hometown fans in Orlando. He has an outstanding arm and is blessed with an extremely quick release. He's Florida State's third quarterback who has above average speed, making him a running threat. Tremendous potential. His true test comes this fall when he's free of injuries. Undecided about major.

SHANE GIBBS, Offensive Guard, 20, Jr., 6-3, 215, Bay Minette, Ala., IVL. Started some games at tackle last season as a sophomore. Injuries plagued him during spring practice when he was moved to weak guard. Showed improvement on run blocking. Has good speed and size for guard. Came out of the pack as sophomore and figures to make that much improvement as a junior. Business Administration major.

Glass

Glisson

Gridley

Hardin

MIKE GLASS, Tight End, 21, Jr., 6-3, 214, Tampa, 1VL. Moved to tight end in 1970 after having some work at linebacker in pre-fall practice. Showed vast improvement last spring as blocker. Graded with consistency following scrimmages. Goes into fall as No. 1 tight end. Must work on receiving this fall. Has physical ability to do the job. Is younger brother of Chip Glass, former Seminole star now with the Cleveland Browns. Business major.

GUY GLISSON, Linebacker, 21., Sr., 6-0, 214, Tampa, 2VL. One of the most improved players following spring practice. Was converted to linebacker last season after lettering as a defensive end during his sophomore year. Served in a backup capacity last year but is now looking for a starting berth. Seems to have found his natural position since being moved to middle linebacker. Is also capable of playing more than one linebacking spot. Was used some last season as monster. History major.

JOE GOLDSMITH, Wide Receiver, 19, Soph., 6-0, 175, Lakeland, Frosh. Prep All-America who had fine freshman season when he made 32 catches for 418 yards and 5 TDs. Still needs varsity experience. Has fine pair of hands. Undecided about major.

BUDDY GRIDLEY, Tight End, 21, Sr., 6-0, 200, Tallahassee, 2VL. Moves to tight end this fall after having lettered two seasons as defensive back. Following spring practice of his junior year, voted most improved defensive player. A tough competitor, he must overcome lack of size. Could help at several positions this fall. Extremely aggressive performer. Pre-Med major.

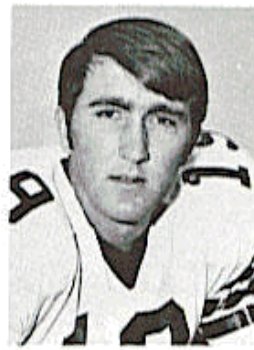

STEVE HARDIN, Running Back, 20, Soph., 6-1, 200, Boynton Beach, RS. Has best size of the four young running backs. Showed promise during spring. Converted from quarterback. Physical Education major.

Henson

Howell

Huff

Hunt

BILL HENSON, Defensive Tackle, 21, Sr., 6-0, 220, Hyattsville, Md., IVL. The second of three junior college tackles Florida State will be using this fall. Bill lettered last season although he was used sparingly. He showed tremendous improvement during spring drills, especially on his pass rush. Has an outstanding attitude, one of the squad's best. Made some big plays during spring game scrimmages. Physical Education major.

BOBBY HOWELL, Linebacker, 20, Jr., 6-0, 218, Decatur, Ga., IVL. An injury kept him out of most of spring practice. However, before he went to the sidelines he was credited with 17 tackles in a scrimmage. One of the strongest and most aggressive linebackers. Gained valuable experience last season while spelling Bill Lohse. He was the leader of the Seminole "specialty" teams in 1970. A deadly tackler on kickoff unit. Strong against inside running game. Needs to improve his pass defense. Another key performer among the linebacking corps. Nicknamed "Radar."

GARY HUFF, Quarterback, 20, Jr., 6-1, 186, Tampa, IVL. Was a part-time starter last season after coming in late in the Florida game and throwing three touchdown passes. Lack of experience finally caught up with this talented youngster and he gave way to senior Tommy Warren. However, he still was the Seminoles' leading passer percentage-wise as he hit on 45 of 78 for 58 percent. Most encouraging was the fact he had only one interception. Coaches say he had a "learning-type" spring practice. He improved footwork and ability to read defenses. There never has been any question about his strong arm. He's an excellent deep thrower and has the speed to be a definite threat as a runner on the option. Going into fall practice he is Florida State's No. 1 quarterback. Accounting major.

CHARLIE HUNT, Defensive End, 20, Jr., 6-3, 210, Jacksonville, IVL. May be best athlete on squad. Exceptionally fast, he runs 4.6 40. Lettered last season although he saw only limited service. Good spring drills despite being handicapped by broken ribs. Strong pass rusher and improved against run. Has potential to be as good as he wants to be. Recruited as prep quarterback. Elementary Education major.

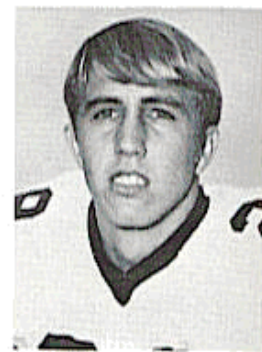

Jacobi

Jarrett

Lanahan

Lewis

HOWARD JACOBI, Defensive Tackle, 21, Jr., 6-2, 235, Vero Beach, RS. Florida State's third junior college transfer defensive tackle. Red shirted last season. Had fine spring although he was injured late and slowed down in Garnet and Gold game. Second only to Malkiewicz as the strongest all-round interior defensive lineman. His position is tough to run against. He'll also be in battle for starting berth. Physical Education major.

JAMES JARRETT, Running Back, 22, Sr., 6-1, 206, Elizabethton, Tenn., 2VL. Has been steady performer for two years. The squad's best blocker and was the team's third-leading rusher in 1970. Also caught 16 passes. Bothered during spring practice by injuries which forced him to miss almost all of the two game-type scrimmages. Has great desire and excellent leadership ability. A hard-nosed player who gives 100 percent effort. Tremendous competitor. He'll alternate with Magalski this fall at fullback. Business Administration.

JOHN LANAHAN, Defensive Back, 22, Sr., 6-0, 185, Jacksonville, 2VL. Showed vast improvement during spring drills. Lettered as a defensive back as a sophomore and began last season at the same position before being switched to running back halfway during the year. Being a veteran, he also adjusted well during spring practice to Florida State's new defense. Coaches think his senior season will be his finest.

BUZZY LEWIS, Defensive Back, 19, Soph., 6-0, 180, Bristol, Frosh. Moved to defensive back after spending freshman season as wide receiver. One of the most pleasant surprises of the spring. Coaches say if he continues to improve this fall he will be a starter somewhere in the secondary. Worked at both corners and strong safety this spring. Has better than average speed, good ability and plays exceptional pass defense. Also, loves to hit. Certainly a star of the future — if not this season.

McKinnie

McMillan

Magalski

Ratliff

J. W. McKINNIE, Offensive Guard, 21, Sr., 6-1, 205, Macon, Ga., 2VL. Was a starter at offensive guard last season after lettering at defensive and as a sophomore. Came through with another fine spring practice. He's the quickest offensive lineman who does plenty of pulling on wide plays. Tremendous attitude, he's coming off an outstanding junior season. Has better than average speed. Explodes off the ball well. Graded out highest among offensive linemen this spring. His quickness and speed make him a good run blocker. Management major.

EDDIE McMILLAN, Defensive Back, 20, Jr., 6-2, 175, Tampa, 1VL. Another junior who started at cornerback opposite Thomas last season. He is the squad's fastest performer since he runs on the Seminole track team during the off season. Was clocked at 9.6 in the 100-yard dash three times last season. Fantastic improvement as a sophomore over his freshman year. One of the team's best run support performers during spring practice and has turned into a good pass defender. He utilizes his speed well for deep coverage. Ran a kickoff back 93 yards for touchdown against Memphis State last season.

PAUL MAGALSKI, Running Back, 21, Sr., 5-11, 210, Garfield Heights, Ohio, 2VL. Had an outstanding spring practice after a somewhat disappointing junior season. Broke in as a sophomore midway through the schedule and wound up with a 6.5 average in 43 carries. Scored a 33-yard touchdown against South Carolina the second time he carried the ball in college. Last season, he carried only 32 times but came up with 4.4 average, the team's best. Coaches counting on him extremely heavy this fall. He'll be used at both tailback and fullback. Made tremendous blocking improvement this spring. His progress makes him a more complete football player. A better than average receiver, he has outstanding speed and quickness to run both inside and outside. Double major, criminology and hotel management.

JAMES MALKIEWICZ, Defensive Tackle, Tight End, 21, Jr., 6-3, 225, Perth Amboy, N.J., JC. Transfer from Ferrun Junior College. Showed tremendous football ability during spring practice. Has size and ability to have outstanding career at Florida State.

RON RATLIFF, Defensive Back, 21, Jr., 5-11, 182, West Palm Beach, 1VL. Another returning letterman who also was a part-time starter as a sophomore last season. Like the other defensive backs, he has some fine physical tools, including good speed. During spring practice he worked at both corners. With his ability, he will also challenge for a starting berth. Hotel and Restaurant Management major.

Miles

Minor

Montgomery

Munroe

DAVID MILES, Linebacker, 19, Soph., 5-11, 207, Tallahassee, Frosh. This local product is the strongest among the Seminoles' young linebackers. Had a fine spring for such an inexperienced youngster. Certainly a future prospect who could fit into the 1971 plans. Could well be the leader on Speciality teams.

ROGER MINOR, Offensive Tackle, 21, Jr., 6-3, 230, Delray Beach, 1VL. Started some games last season and has physical tools to be good tackle. Tried at several offensive line positions this spring before coaches decided on weak tackle. Must work on his run blocking this fall. Could push for starting berth.

JOHN MONTGOMERY, Defensive Back, 21, Sr., 6-0, 185, Jacksonville, 2VL. Another three-year veteran who will be pushing to move into what could be an outstanding secondary this fall. A left-handed quarterback during his prep days, he has good speed and breaks well to the ball. Has been a part-time starter during the past two seasons. Has the ability to gain a starting berth in the senior year.

ARTHUR MUNROE, Running Back, 22, Sr., 6-0, 190, Quincy, 2VL. Second leading rusher last season with a 4.0 average. Probably the fastest offensive back on the squad and is definite long distance threat. This former high school quarterback has ideal size and speed. Coaches looking for his senior season to be his finest. Tremendous leadership ability and great attitude. Was lone student on president's screening committee which helped select his new coach, Larry Jones. With Florida State's stress on the running game, Munroe will get more rushing opportunities this fall than before. Pre.-Med.

JOHN MURPHY, Linebacker, 19, Soph., 5-10, 207, Albany, Ga., Frosh. Converted to linebacker after playing defensive end on freshman team. One of the quickest linebackers. Another youngster who could provide depth if he overcomes his lack of size.

Oreaire

Ottman

Parker

Parris

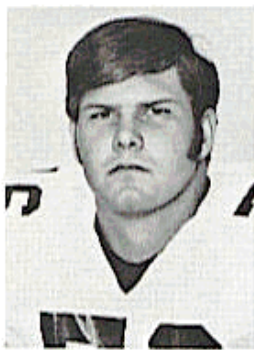

BRENT NORRIS, Running Back, 20, Soph., 6-0, 190, Thomaston, Ga., RS. One of four young backs who were held out last season to gain much-needed experience. Showed improvement during spring practice, especially on his blocking. Plenty of enthusiasm, he's a battler. Better than average receiver. Industrial Arts major.

RICK OREAIRE, Running Back, 20, Soph., 6-0, 195, Jacksonville, RS. Suited for most varsity games last season but was held out for experience. Fits in the same mold as Norris. Good size and speed. He also showed improvement during spring practice. Business Administration.

KEITH OTTMAN, Center, 19, Soph., 6-0, 200, Lakeland, Frosh. The Seminoles' No. 2 center also is Lakeland native. Although hampered by injuries during spring, showed he has toughness and attitude it takes to be a winner. Should be ready to spell Dees mid-way during year if not sooner. Has excellent quickness. One of the better players to come off the freshmen. Needs game experience. Undecided about major.

CLINT PARKER, Linebacker, 20, Jr., 6-0, 210, Daytona Beach, IVL. Lettered last season as a "monster" in the defensive backfield. Worked at both end and linebacker this spring and could probably start at either position. Has great quickness and is probably the best pass defender among the linebackers. An excellent athlete who will be one of the keys in Florida State's new defense. Had a pair of outstanding games last fall against Clemson and Kansas State. One of the best competitors on the squad, Clint is a former running back from Mainland High in Daytona. There is still the possibility he may be switched back to end before the season starts.

GARY PARRIS, Tight End, 21, Jr., 210, Vero Beach, IVL. Was part-time starter in 1970. However, missed almost entire spring drills due to ankle injury suffered before practice started. He is the only tight end returning with experience. He has ideal size and the best receiver among tight ends. Caught four, fourth quarter passes against Florida last season for 103 yards. Wound up the year with 12 catches good for 187 yards. Recreation major.

Rimby

Shaw

Shively

Smith

BILL RIMBY, Offensive Tackle, 22, Sr., 6-3, 230, St. Petersburg, 2VL. Handicapped by injuries last two seasons and missed most of spring practice due to broken hand. Has the physical tools to be outstanding. Big, strong and fast. Pro scouts are interested if he can stay healthy during his senior season. His first team job will be on line when fall practice begins. Came to Florida State as a tight end but switched over before his sophomore season. Marketing major.

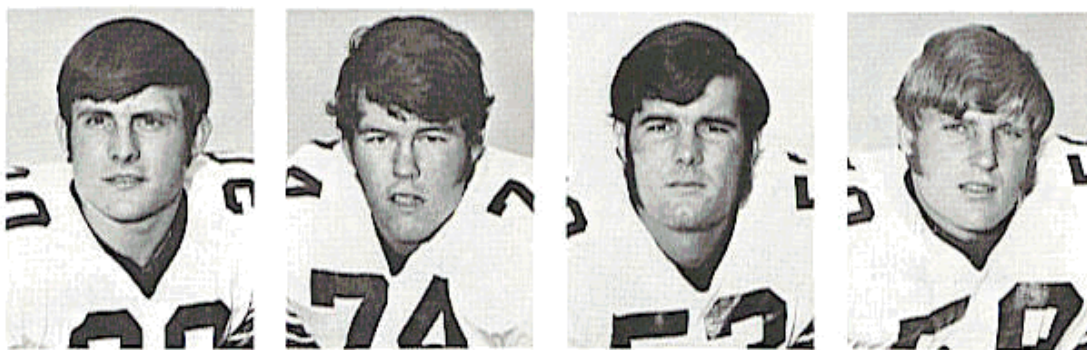

OSCAR ROBERTS, Running Back, 21, Soph., 5-11, 180, Ocella, Ga., R.S. Had some outstanding runs during Garnet and Gold game. Shows signs of adding depth to running back situation. Business Administration.

ANDY SCHMIDT, Linebacker, 19, Soph., 5-11, 210, Brandon, Frosh. Fastest Seminole linebacker since he runs a 4.7 40. Needs to improve his upper body strength. A good pass defender, he picked off an enemy aerial in the Garnet and Gold game. His playing time will be determined by how much strength he is able to gain before fall practice opens.

BILL SHAW, Defensive End, 21, Sr., 6-1, 220, Marietta, Ga., 2VL. A starter last season, he's lone defensive end with experience. Had good spring practice. Very strong against run and his pass rush improved. Overcame spring injury and still played well. Has size and football "know how." Fourth on tackle chart last season with 53 and 35 assists. Recreation major.

RANDY SHIVELY, Defensive Back, 20, Soph., 6-0, 175, St. Petersburg, RS. Red shirted last season, he is a converted quarterback who made most of the varsity trips last fall. Also pleasant surprise during spring practice. Another outstanding athlete who lacks the blazing speed but makes up for this by being in the right spot at the right time. A fine tackler.

BARRY SMITH, Wide Receiver, 20, Jr., 6-1, 185, Miami, 1VL. Fastest wide receiver on the squad. Runs hurdles for Seminole track team during off season. Tremendous deep threat. During spring worked on becoming more disciplined at running routes. Showed vast improvement. One of the top athletes on team and if he continues to improve could be in class of former great Florida State receivers. Overcame spring injury to catch two touchdown passes in Orlando scrimmage. As a sophomore he caught only 17 passes but six were for touchdowns, including a 66-yarder. Averaged 26.6 yards per catch. Outstanding leaping ability. Social Studies major.

Snell

Sparkman

Stokes

Strickland

DAVID SNELL, Defensive Back, 20, Jr., 5-7, 175, Slocomb, Ala., 1VL. One of the most exciting Seminoles on the squad. A true competitor, he is one of the country's better punt returners. His 71-yard return for a touchdown against Louisville in 1970 won the game. He also had a return touchdown called back against South Carolina. Started at cornerback last season but was switched to running back mid-way during the year when injuries depleted those ranks. Overcame knee injury during a spring practice and wound up as one of the starting corners. Despite small stature, he's one of the squad's best tacklers.

DON SPARKMAN, Offensive Tackle, 19, Soph., 6-5, 235, Jacksonville, Frosh. Outstanding potential. One of the top prospects off last season's freshman team. Size is ideal and movement is good for offensive tackle. Came to the front during spring and goes into the fall as No. 1 weak side tackle. Was a pre-season All-America high school pick before his senior season when he doubled as a tight end and defensive tackle. Could be Seminoles' future kickoff man when Frank Fontes departs. Kicked off for the Tribe freshmen and showed strong leg.

JAY STOKES, Offensive Guard, 22, Sr., 6-3, 225, Sanford, 2VL. A veteran who came into his own this spring. Was most improved offensive lineman following spring practice. Excellent attitude. Coaches asked him to play three different positions and he performed well at all three. Goes into fall practice as the No. 1 strong guard and will be asked to back up Dees at center until some of the younger pivotmen gain experience. Can also play tackle. Strong with good size. With his experience, he had little trouble changing over to new offensive system. Management major.

LARRY STRICKLAND, Linebacker, 21, Jr., 6-1, 222, Tallahassee, 1VL. Great quickness and strength. A tough competitor who will throw his body around. One of the top linebackers as far as overall ability goes. Lettered as a defensive end last season although he was hampered by injuries. Won the Savage Award for his performance in the 1970 Florida game when he forced two fumbles. A good season out of him would insure a sound linebacking corps.

Strickler

Thomas

Whigham

Whitehurst

JOE STRICKLER, Offensive Tackle, 22, Sr., 6-2, 225, Avon Park. 2VL. Had weight problem when spring practice began but rounded into shape near the end and wound up the most consistent offensive tackle. An outstanding student, was named third team Academic All-America last season when he was a part-time starter. Because of his intelligence, he makes very few mental mistakes. Tremendous attitude, he gives you 100 percent. Accounting major.

JAMES THOMAS, Defensive Back, 20, Jr., 6-1, 185, Macon, Ga., 1VL. Comes off an outstanding sophomore season when he was an 11-game starter. Hampered by injuries during spring practice. Missed final two weeks with a separated shoulder. Was the team's third-leading tackler in 1970 when he had 58. Also collected 25 assists and was credited with 11 big plays. Led the team with six interceptions, three coming against Kansas State. Intercepted one for a touchdown against Miami. One of the Seminoles' best tacklers last season, he runs a 4.6 40. An All-Star candidate who forces wide running plays extremely well.

FRANK WHIGHAM, Quarterback, 22, Sr., 6-0, 185, Sanford, 1VL. Started the Wake Forest and Florida games last season and wound up with five touchdown passes for the year. He certainly figures in the Seminoles' quarterbacking plans this fall. A stable player, he is capable of leadership, especially since he's the senior among the top three candidates. Has excellent timing on his passes although not quite as strong an arm as the other two. He also has good quickness which makes him a running threat. In fact, it was his run which set up Florida State's lone touchdown against Tech last fall. Had a good spring despite the fact he was handicapped by an ankle injury. A smart player, he reads enemy secondaries well. Pre- Law major.

DAN WHITEHURST, Linebacker, 21, Jr., 6-3, 224, Adel, Ga, 1VL. Started 10 of 11 games as a sophomore. Has the physical tools to be an all-star candidate. Improved strength during the off-season program and had a fine spring practice. In fact, he led the club in busted helmets with three. Also as a sophomore, he blocked one field goal and shared in blocking another. Should be the leading tackler among the linebackers. Has great speed and lateral movement along with exceptional quickness. Was credited with 50 tackles and two interceptions last season. Great things expected from this Georgia native.

Series: USM Leads, 6-3-1

Conference: Independent

Lettermen Back: Off. 15, Def. 16

Lettermen Lost: Offense 10, Defense 6

Starters Back: Offense 4, Defense 9

1971 OUTLOOK: P.W. (Bear) Underwood, in his third year, has a nucleus of 31 lettermen — including nine defensive starters and four offensive starters. Complementing them will be a bevy of blue-chip sophomores off last year's 4-1 freshman team. Quarterback Rick Donegan, 16th ranked passer in the nation last year, returns but three-year rushing leader Larry Moulton is gone. Presence of fullback Bill Foley at full speed and super-soph Doyle Orange, who gained 850 yards in the five freshmen games, should offset loss of Moulton. Also back is punting and placement ace Ray Guy, the nation's second-leading punter last year with a 45.3 average.

Nickname: Hurricanes

Enrollment: 18,000

Series: Miami leads, 8-6-0

Lettermen Back: Off. 14, Def. 13

1971 OUTLOOK: A new era in Miami football — the Fran Curci era — commences in this contest. Although the Seminoles will have had one game under their belts, it will be Curci's first at his alma mater. One of the nation's youngest and most imaginative coaches, he faces a nightmare schedule as he attempts to rebuild the Hurricanes' sagging football fortunes. Hard work, conditioning and personnel analysis was the theme for a "slam-bang spring practice . . . (which) has fired the imagination of the public, the student body and the squad." The Seminoles look for an especially tough Hurricane defensive unit anchored by All-America hopefuls Dickie Trower (6-3, 241) at tackle and Mike Barnes (6-7, 240) at end.

Ticket Manager: Betty Underwood
Nickname: Jayhawk
Enrollment: 19,000
Series: First Meeting
Lettermen Back: Off. 20, Def. 16

1971 OUTLOOK: A potent running attack guided by an experienced offensive line should be Kansas' strong point as a new era of football begins at KU under Don Fambrough. The Jayhawks don't have tremendous depth. Mike McCoy, center, and Bobby Childs, 275-pound guard, lead the offensive line. Vince O'Neil and Steve Conley lead an impressive list of running backs. Dan Heck, last year's quarterback, will again guide the Jayhawks as they return to the Wing-T offense that led them to the Orange Bowl three years ago. Fambrough is changing his defense to a five-man line rather than a four-man front of last year.

Nickname: Gobblers
Enrollment: 11,500
Series: Tied, 7-7-1
Lettermen Back: Offense 19, Defense 15
Starters Back: Offense 7, Defense 6

1971 OUTLOOK: With new head coach Charlie Coffey and a completely new staff, Virginia Tech is an unknown quantity for 1971. Coffey has installed a multiple offense, employing two wide receivers and a liberal short passing game. He will use a standard pro (4-3) defense with three linebackers and a four-deep secondary. There will be 36 returning lettermen, but Coffey and company already know that Tech's overall team speed isn't as great as they would like, and certain key spots are weak.

1971 OUTLOOK: Mississippi State, faced with one of the nation's toughest schedules, will play all the SEC teams except Kentucky during 1971 along with non-conference games against Lamar University, Oklahoma State and Florida State. While only one man was lost from the entire defensive unit, Bulldog Coach Charley Shira must find replacements for 11 offensive performers, half a dozen of them starters. State's entire starting defensive unit returns.

Ticket Manager: Bob McTeer
Nickname: Gators
Enrollment: 21,000
Series: Fla. leads, 10-2-1
Lettermen Back: Offense 23,
 Defense 16

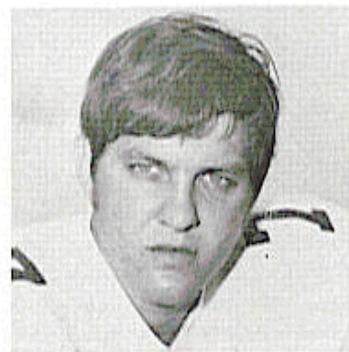

1971 OUTLOOK: The Gators lost just one offensive and three defensive starters from 1970. Among the returnees are John Reaves and Carlos Alvarez on offense and Robert Harrell on defense. Nevertheless Coach Doug Dickey expects to see a number of changes made with sophomores taking over some of the starting roles. The schedule is rugged, but with the Reaves-Alvarez passing combo and running backs like Mike Rich and Tommy Durrance, the Gators should be tough.

Series: FSU leads, 5-0

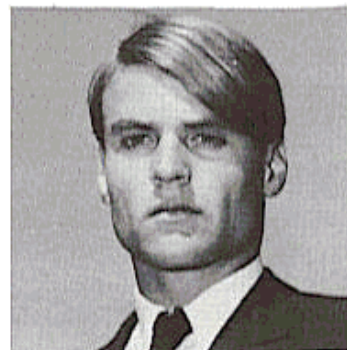

1971 OUTLOOK: South Carolina must replace all-time total offense leader Tommy Suggs at quarterback, but the Gamecocks return all running backs and a fine group of receivers. Defensively, the secondary sparkles with All-America Dick Harris leading a corps of veterans. Many new faces will appear up front and spring practice indicated overall defensive improvement.

Series: Houston leads, 7-1-2

Lettermen Back: Offense 10, Defense 10

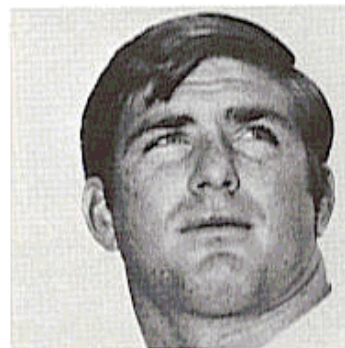

1971 OUTLOOK: The Cougars at long last convinced the Southwest Conference they were for real (a fact the Seminoles could have told 'em) with the SWC admitting Houston earlier this year. Now Coach Bill Yeoman wants to make a big impression in his first conference season. The Cougars are coming off a "good spring" where "the work was excellent and improvement good," but Yeoman sees the squad as having not as much experience as many of his recent groups. Nevertheless there are outstanding individuals returning. Backs Tommy Mozisek and Robert Newhouse and Quarterback Gary Mullins spearhead the offense. Linebacker Frank Ditta and corner Ronny Peacock anchor the defense.

1971 OUTLOOK: "We turned the corner last season. Georgia Tech is now back where it belongs as one of the nation's respected football teams." That is the by-word of Tech players, coaches and alumni and it means trouble for Jacket opponents. Coach Bud Carson termed last spring's drills "the best ever." The Jackets have good depth and barring injury to a few key personnel could be even tougher than last year's 9-3 Sun Bowl Champs. The offense with 22 lettermen, including eight starters, back will be better balanced. The defense "should again be tough."

Lettermen Back: Offense 16, Defense 19

1971 OUTLOOK: The Hurricane defense should be improved with eight returning starters although losses were in interior line where former ends and jucos must come through. Linebacking is strong with Dick Blanchard, Marc Funk and Pedro Williams back as well as secondary with Ralph McGill (Sebring, Fla., product) and Jon Long. Offense had losses in line also. Ed White returns at fullback after being No. 2 ground gainer as sophomore last season. Drew Pearson, sophomore QB last year, might move to running back if Todd Starks asserts himself as the quarterback. Receivers are all back.

1971 OUTLOOK: It will be a whole new ball game for Pitt in 1971. Coach Carl DePasqua is putting in a new multiple offense and installing a 5-2 defense. The reason for the offensive change is simple — talented veteran quarterbacks and receivers return, while two of Pitt's all-time leading runners departed. Pitt will use the triple option and throw from the pro-set and by mid-season a pack of talented young backs will probably begin to open up on the ground. The Panthers may start a little slow against a schedule that has them opening with UCLA, Oklahoma and West Virginia, but by the time they reach Tallahassee, they could be roaring.

FLORIDA STATE 9, LOUISVILLE 7

TALLAHASSEE (Sept. 12) — A former Seminole star was coming back to Campbell Stadium to head a team of his own against Florida State for the first time. Louisville Coach Lee Corso had his charges primed and ready. Corso had been "pointing toward this one all summer."

From the start it was apparent the Cardinals meant business. In the first quarter the Seminoles managed only one first down. A 47-yard field goal by Frank Fontes in the second period gave the Seminoles a 3-0 lead at the half.

The Seminoles held Louisville to four yards on the first series of the second half and the Cardinals punted. David Snell took the ball in at the 29 and went 71 yards for a touchdown. The kick by Fontes was wide and the Seminoles led 9-0.

The Seminoles started an 80-yard drive late in the third period only to have it end with an Arthur Munroe fumble in the Louisville end zone. Four plays later (one a 37-yard run by Tom Jesukaitis) UL was on the board.

With time running out, Louisville had a fourth and eight on the Seminole 17. Roger Gruneisen set up for a field goal attempt. James Thomas was the apparent man of the hour as he broke through to block the kick — but he was offside. The play set up again on the 12 and again Thomas blocked Gruneisen's attempt — this time without penalty.

Louisville	14	169	114	18-9	1	1	9-38.0	1-5	0-0-0-7—7

Scoring Summary: Florida State—Fontes 47-yard field goal; Snell 71-yard punt return (kick failed); Louisville—Gatti four yard run (Gruneisen kick).

GEORGIA TECH 23, FLORIDA STATE 13

ATLANTA, GA. (Sept. 19) — The Seminoles were meeting Georgia Tech for the first time since 1963. Not only was the largest crowd of the year on hand (50,324) but also a regional ABC television audience was watching.

The first period was scoreless, but it took Bruce Southall just five seconds of the second to score from the one.

The Seminoles scored with just 11 seconds left in the half as Frank Whigham hit Jim Tyson with a five-yard TD aerial.

Tech took charge with two third quarter touchdowns. Tom Bailey fumbled at the Seminole 28 and Southall scored six plays later from the one. Bubba Hoats intercepted a Whigham pass at the Tech 19 to start the second Yellow Jacket Drive. It climaxed when an Eddie McAshan pass intended for Steve Harkey was deflected and was caught by Larry Studdard for a 22-yard touchdown.

Early in the fourth quarter Bailey capped an 80-yard drive with a five-yard TD run. The Seminoles missed a two-point conversion attempt. Tech's final points came on a safety when Art Munroe was tackled in the end zone.

Georgia Tech	19	153	159	25-13	1	1	8-39.9	5-58	0-7-14-2—23

Scoring Summary: Florida State—Tyson five yard pass from Whigham (Fontes kick); Bailey nine yard run (pass failed). Tech—Southall one yard run (Moore kick); Southall one yard run (Moore kick); Studdard two-yard pass from McAshan (Moore kick); Team Safety.

FLORIDA STATE 19, WAKE FOREST 14

TALLAHASSEE (Sept. 26) — A surprisingly tough Wake Forest team, which was to go on and win a share of the Atlantic Coast Conference title, gave the Seminoles all they could handle in Doak Campbell Stadium. But the Tribe survived by a foot — Frank Fontes' foot.

A 39-yard field goal by Fontes was all the scoring in the first quarter. The Deacons came back to score one touchdown on a run of 25 yards and set up a second with a 47-yard jaunt to take a 14-6 halftime lead, following another Fontes' boot.

The Seminoles recaptured the lead in the third period on the strength of Fontes' third field goal and a two-yard touchdown plunge by Art Munroe. A school-record fourth field goal by Fontes brought the scoreboard to its final 19-14 count in the fourth quarter.

Fontes attempted a national record of eight field goals. He set up for two others, one a fake, the other thwarted by a bad center snap.

FLORIDA 38, FLORIDA STATE 27

TALLAHASSEE (Oct. 10) — Sophomore Gary Huff stepped from the sidelines and saved the Seminoles from a great deal of embarrassment in this edition of the fierce intra-state rivalry.

After the first period ended in a 7-7 knot, the Seminoles could do little right. Florida scored three times in the second quarter and added a field goal in the third for a 31-7 advantage. A fourth quarter interception return ran the margin to 38-7.

Then came Huff. With just seven minutes left in the contest, Huff threw a 43-yard touchdown pass to Mike Gray. He then hit Kent Gaydos for a two-point conversion.

Starting back at his own 17, Huff hit Gary Parris for 27 and 30 yards, Rhett Dawson (18-yards) and finally Barry Smith for a one-yard TD. Minutes later Huff and Smith teamed for a 66-yard TD aerial and a measure of respectability.

MEMPHIS STATE 16, FLORIDA STATE 12

MEMPHIS, TENN. (Oct. 17) — With 1:02 left in this one, the Seminoles had the game won. But sophomore quarterback Rick Strawbridge did not get the word as he came on to spur the Tigers to a 16-12 victory.

The Seminoles got on the board first, driving 78 yards in 11 plays for a touchdown. The TD was scored by Art Munroe, but a bad center snap muffed the extra-point try.

It took the Tigers 19 plays before they finally negotiated the 77 yards to their first score in the second quarter. The lead was short lived, however, as Eddie McMillan gathered in the ensuing kickoff and raced 93 yards for a score. A Tiger field goal made the score 12-10, Florida State, at the half.

That is the way things stood until late in the game. With less than a minute left Strawbridge set up shop at the MSU 32. Three plays later he was still on the 32 with 37 seconds left. Then the fireworks began. Two completions put the ball on the FSU 24. An interference call gave the Tigers a first down at the three and Strawbridge then hit Tim Bowen for the winning score.

Scoring Summary: Florida State—Munroe two-yard run (bad snap); McMillan 93-yard kickoff return (pass failed). Memphis State—McCoy one-yard run (Week's kick); Weeks 32-yard field goal; Boren three-yard pass from Strawbridge (kick blocked).

FLORIDA STATE 21, SOUTH CAROLINA 13

COLUMBIA, S.C. (Oct. 24) — Do or die time for Florida State. If the Seminoles were to make a move, now would have to be the time. And it would be no easy chore as this budding rivalry moved into its fifth encounter.

Tommy Warren returned to the quarterback spot for the Seminoles and led them to 21 straight points for the win. Trailing, 7-0, in the second period, Warren hit Rhett Dawson with a 16-yard scoring pass. In the third quarter Warren scored himself from five yards out, then handed off to Tom Bailey on a one-yard plunge in the final stanza.

South Carolina had the last word, but it was too little, too late.

FLORIDA STATE 27, MIAMI 3

MIAMI (Oct. 30) — It was the Halloween season and there were plenty of treats in store for Seminole fans as Florida State rolled to a surprisingly easy, 27-3, win over the Hurricanes.

Frank Fontes' field goals of 35 and 28 yards were the only scoring in the first half, but the Seminoles erupted for 21-third quarter points to put this one away.

After Miami hit a field goal to cut the lead to 6-3, the Seminoles used a 37-yard kickoff return by John Lanahan and Tom Bailey's 57-yard run to set up the game's first touchdown.

The run by Bailey enabled him to break the Florida State career yards rushing record which had been held by Fred Pickard since 1959.

A one-yard run by David Snell and a 30-yard return with an intercepted pass by James Thomas closed out the scoring.

Scoring Summary: Florida State—Fontes 35-yard field goal; Fontes 28-yard field goal; Smith 10-yard pass from Warren (Fontes kick); Snell one-yard run (Fontes kick); Thomas 30-yard interception return (Fontes kick). Miami—Cummins 24-yard field goal.

TOM BAILEY (30) broke off the longest run of the 1970 campaign against Miami when he scampered 57 yards to set up a touchdown. It was on this run that he surpassed Fred Pickard as the all-time career rushing leader at Florida State. Bailey finished the season with 514 yards and a career total of 1,791.

FLORIDA STATE 38, CLEMSON 13

TALLAHASSEE (Nov. 7) — Florida State returned home for the first time in nearly a month and the momentum carried the Seminoles to a big win over their third Atlantic Coast Conference opponent.

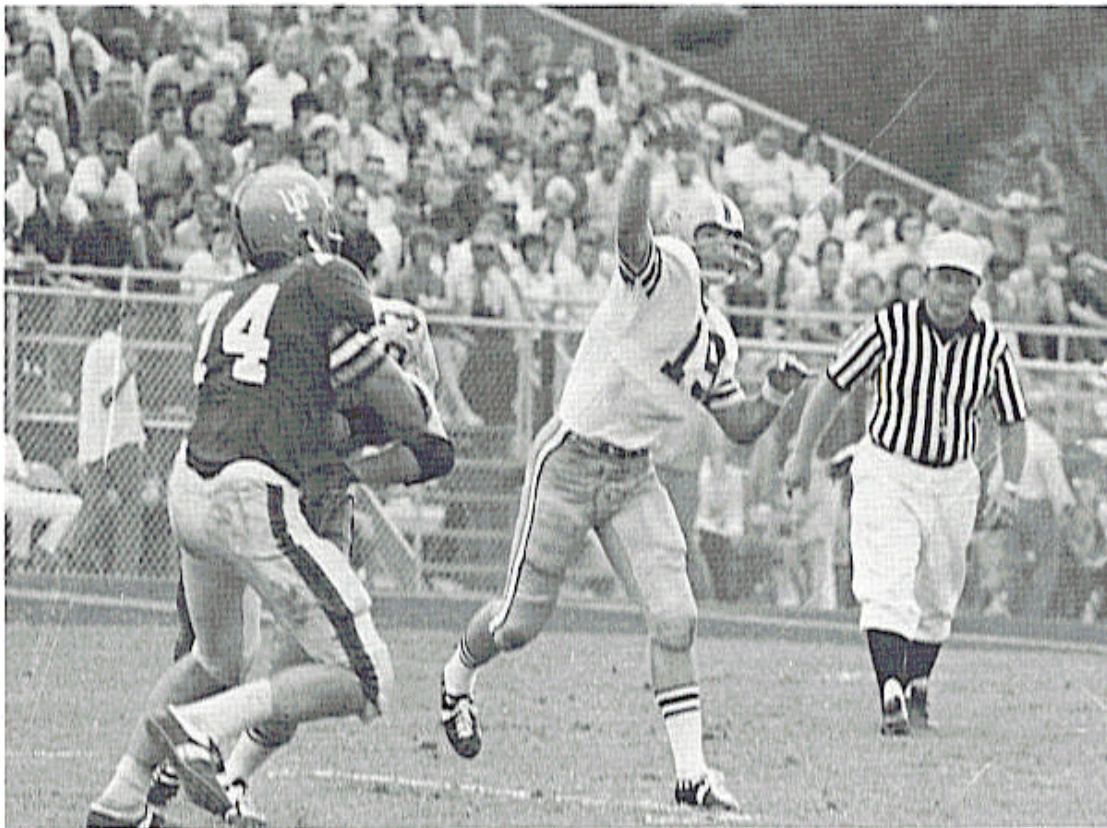

After a Frank Fontes field goal opened the scoring, Tom Bailey hit Rhett Dawson on the halfback pass for a 10-0 advantage in the first quarter. A Clemson field goal narrowed the margin, Tommy Warren found Kent Gaydos, who was tripped at the Tiger 10, but with a great second effort kept his feet into the end zone.

A safety and another Frank Fontes field goal made the score 22-3 before the Tigers added a second three-pointer on the last play of the first half.

A Clemson touchdown and a third Florida State field goal ran the score to 25-13 going into the fourth stanza. The final two scores came on Warren to Barry Smith bombs of 57 and 29 yards.

Clemson—Seigler 22-yard field goal; Seigler 46-yard field goal; McMakin six-yard pass from Kendrick (Seigler kick).

Quarterback **GARY HUFF (19)** will be one of the principals directing the Seminoles in 1971. He won a place in the heart of every Florida State fan last season as he made his varsity debut by throwing three-touchdown passes in the final seven and one-half minutes against the Gators.

FLORIDA STATE 34, VIRGINIA TECH 8

TALLAHASSEE (Nov. 14) — The Seminole express continued to roll as the Tribe overpowered VPI 34-8 before the old grads back for Homecoming.

Tommy Warren hit James Jarrett on fourth down from the one for the only score of the first quarter. The Tribe added 10 more points in the second period on a 39-yard field goal by Frank Fontes and an eight-yard Warren to Rhett Dawson aerial.

The Seminoles received the second half kickoff and David Snell, behind a key block by John Lanahan at the 15, turned the corner and raced 96-yards for a touchdown. A 32-yard Fontes field goal made the score 27-0 by the end of the third stanza.

Florida State's final touchdown came on a Paul Magalski run of one yard. With 1:50 left in the game, VPI scored after recovering a fumble at the FSU 39.

FLORIDA STATE 33, KANSAS STATE 7

TALLAHASSEE (Nov. 21) — Another former Florida State player returned to Campbell Stadium to battle the Seminoles. Vince Gibson's Wildcats were led by highly regarded quarterback Lynn Dickey. However, the Tribe defense rose to the occasion with six interceptions as FSU won its seventh game of the season, 33-7.

Sophomore cornerback James Thomas got the first of three interceptions in the opening period, swiping a Dickey pass at the FSU 12 to protect a 3-0 lead.

The Seminoles drove for a touchdown, which came on a 20-yard Tommy Warren to Don Pederson pass to lead 10-0 as the first quarter closed. Fumbleitis on the part of the Seminole receivers and Thomas' other two thefts left the score the same at the half.

The Tribe scored 17 points in the third quarter to break the game open. Warren hit Kent Gaydos and Rhett Dawson for touchdowns and Frank Fontes added a field goal. After the Wildcats got on the board in the fourth period, Steve Gildea intercepted a pass and raced 57 yards for a touchdown to close out the scoring.

HOUSTON 53, FLORIDA STATE 21

TAMPA (Nov. 26) — It was Thanksgiving Night and this one was on National TV. The Seminoles spotted the Cougars an early touchdown, but recovered and with less than a minute left in the first quarter as Tommy Warren hit Rhett Dawson for a go-ahead score.

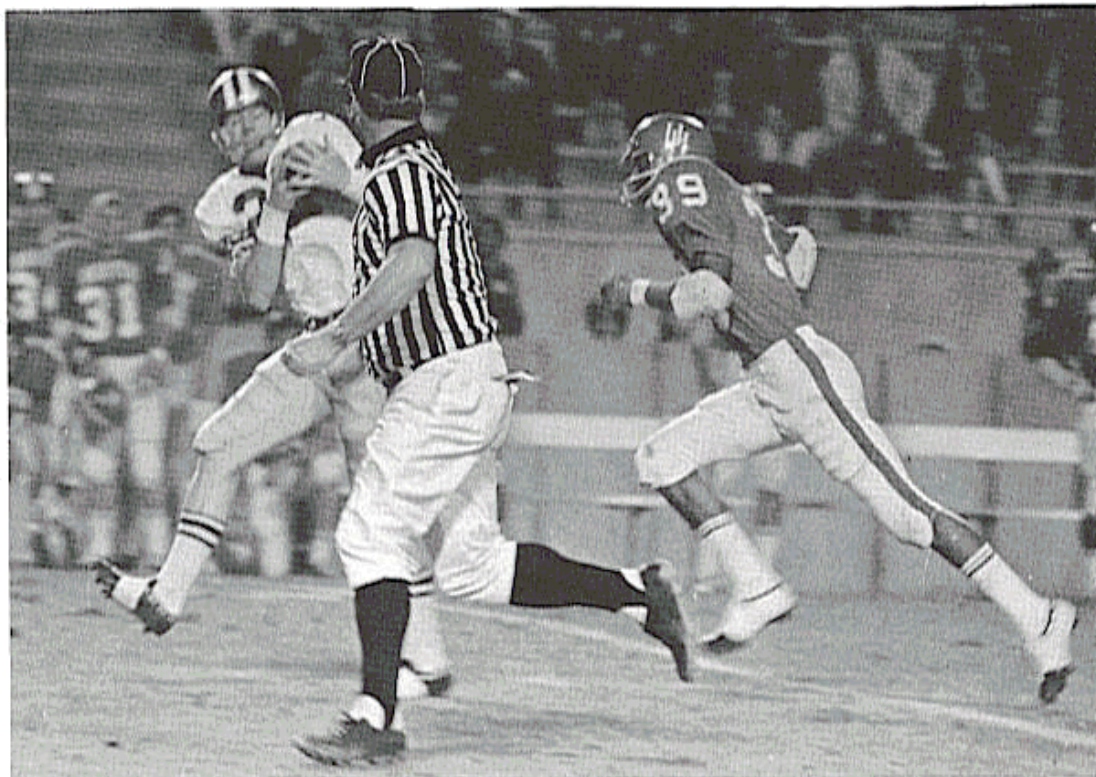

In the second period James Jarrett made it 14-6 with a one-yard plunge and Warren passed to Barry Smith, who outran the Cougars' swift defensive backfield for a 21-12 halftime advantage.

Warren appeared to have the Seminoles in complete control when disaster struck midway in the third quarter. With a first and 10 in Cougar territory, Warren was trapped but scrambled loose and forced a pass. Charles Ford intercepted at the Houston 30. He returned the ball to the FSU 30 where he appeared to be tackled. Before going down, Ford lateralled to Frank Ditta who raced in for the touchdown.

After that it was all Houston. The Seminoles could manage just four first downs, Warren was intercepted twice and the Cougars scored 33 unanswered points to hand the Tribe their most lopsided defeat since 1961.

MISCELLANY

NATIONAL SEMINOLE CLUB

The National Seminole Club is a program of voluntary support designed to provide funds to pay the educational expenses of the Seminoles' student-athletes participating in all sports.

National director for the new group is Jim Olsen and the 1971-72 President is Kim Hammond, former Seminole football star and pro quarterback.

The National Seminole Club is an outgrowth of the former Seminole Boosters and Tipoff Clubs. These two energetic groups have combined their efforts and expanded their outlook to encompass all Florida State Intercollegiate Athletics.

"Our main purpose," says Director Olsen, "is to contact and organize those friends of Florida State who are genuinely interested in helping it become a great University."

Kim Hammond (1), National Seminole Club President for 1971-72, receives congratulations from Florida State's "Number One" Alumnus, Gov. Reubin Askew, Seminole Club Executive Director Jim Olson looks on.

Richard Mayo

THE MARCHING CHIEFS

One of the nation's more outstanding marching bands, the Marching Chiefs are an integral part of all Florida State home games.

The 200-piece band has won acclaim from all parts of the nation. They have made appearances on regional and national television and appeared in bowl games from Jacksonville to Texas. Last year they were runners-up in the ABC-TV National Band Contest.

For the first time in the band's two-decade history it will be performing without the watchful eye of Robert Braunagel, who is taking a leave of absence. Taking over the baton from

Braunagel will be Richard Mayo who has served as an assistant director the last two seasons.

Working with Mayo will be Charles Carter, whose musical innovations and arrangements keep Seminole fans at their seats throughout the halftime performance. Assisting with the band's direction will be Bill Higgins, former director of the Key West High School band and Bill Hinkle, a graduate student working on his masters.

The band's field leader is Drum Major Tom Drick, a sophomore from St. Petersburg. The featured twirler is Mike Moore from Daytona Beach. Miamian Mary Lee Hendrickson leads "the most beautiful forward wall in football" — the Seminole Majorette Corps. The 15 girls who form this prize winning unit come from as far as Texas and Ohio.

Bo Mitchell

SEMINOLE FOOTBALL NETWORK

The 35-station Seminole Football Network will be carrying Florida State football to all of Florida and parts of Georgia and Alabama. In addition many of these games will be heard throughout the South as a "Pick of Dixie."

Handling the play-by-play for the ever-increasing Seminole Network will be eight-year veteran Bo Mitchell.

The former "Florida Broadcaster of the Year" is a veteran of 20-years in broadcasting and has called the play-by-play at the Senior Bowl from Mobile, Ala., for many seasons, in addition to his duties at the Seminole mike.

The originating station for the network is WTNT in Tallahassee. Anyone desiring more information should contact Frank Hazleton or Hurley Rudd at WTNT, Duval Hotel, Tallahassee 32301 (or phone AC 904 222-1270).

MEMO TO THE PRESS-RADIO-TV
