ON THE COVER: University photographer Gil Lawhon found Seminole All-America candidates Gary Huff and James Thomas looking over Florida State's new Law School. On the back cover, Seminole seniors Charlie Hunt, Barry Smith and Dan Whitehurst confer with Head Coach Larry Jones. Topic of conversation appears to be the Fiesta Bowl Trophy which Coach Jones is holding.

THE UNIVERSITY

FLORIDA STATE UNIVERSITY

Florida State University's nine schools and colleges are the academic homes of more than 18,000 students in 1972—students who hail from all corners of the world as well as the home state.

This public, coeducational institution of higher learning is one of nine in the State University System of Florida. Founded in 1857, it is the second oldest university in the public system and a senior leader in graduate education and research programs.

Although Seminole athletics can be traced back to the first decade of the 20th Century, the University's history includes a number of years when it was known as the Florida State College for Women (1902-47). The dynamic growth of intercollegiate athletics, since coeducation and university status came to the campus in 1947, has paralleled the phenomenal physical and enrollment growth of the institution in the last two and one-half decades.

Academically and athletically, Florida State is a contender for top ranking among the nation's leading universities. Early last year, the American Council on Education rated eight Florida State graduate programs in the physical, biological and social science areas among the better programs in the nation, giving chemistry the highest rating of "strong and distinguished."

Most recently, the National Science Foundation added \$1.2 million to a previous \$4.8 million grant to further the University's excellence in physics, statistics, chemistry and psychobiology. In athletics, the last eight years have seen Seminole teams earn major bowl and tournament appearances and several bona fide All-America titles. In academics, the same period of time has seen two Nobel Laureates added to the faculty roster—one on a full-time, the other on an annual winter quarter, basis.

One of only 24 institutions in the country which confers more than 100 Ph.D. degrees each year, Florida State is now graduating an average of 5,000 students annually from its Colleges of Arts and Sciences, Education and Law, and from its Schools of Home Economics, Music, Library Science, Social Welfare, Business and Nursing.

At the undergraduate level, Florida State students have a choice of more than 87 different baccalaureate fields of study; and at the graduate level, a choice of more than 85 master's degree areas and 58 doctoral programs.

Balancing its prestige in the sciences with academic achievements in the arts and humanities as well, Florida State is the home base for the State Theater, State Opera and State Symphony of Florida. Its role as an artistic and cultural pacesetter is long-standing and international in scope in art, music and theater.

A pioneer in the field of oceanography for many years, Florida State is making marine studies (including the U.S. Sea Grant Program) one of its strong points of emphasis in the decade ahead. Facilities for oceanographic research are located both on the campus and in the Ed Ball Marine Laboratories on the Gulf of Mexico, south of Tallahassee.

The University's largest grouping of physical facilities for scientific research is to be found in its Science Complex, on the western quadrant of the campus.

Rounding out the University's research resources are two nuclear accelerators, a million-book library and special research facilities in geophysical fluid dynamics, educational technology, molecular biophysics social research, political research, psychobiology and psychology.

DR. STANLEY MARSHALL

President, Florida State University

Florida State's most energetic and enthusiastic Seminole fan on campus is none other than the University's president, Dr. Stanley Marshall.

Dr. Marshall, president since 1969, is known for a "fight-to-win" frame of mind that has caused administrative colleagues to eliminate the words "time out," "seventh-inning stretch" and "half-time" from their vocabularies.

One might expect that a man of constant activity would head for an easy chair when he gets home; but "not so," says his wife.

According to Mrs. (Shirley) Marshall, there's always time for a swim or a game of touch football with son John, 10, and weekend tennis matches with friends—with Mrs. Marshall frequently playing doubles with him, and 19-year-old Sue Ellen making a fourth for batting or pitching practice in the backyard of the President's home. Other children in the family are David, 23, Kimberly Ann, 4, and Drew, who was 3 in July.

It's easy to see that Florida State's president means it when he says he's a firm supporter of, and believer in, athletics as a means of building character and releasing the tensions of modern living—not to mention those of a university presidency in the era.

"Athletics contribute a great deal to the development of the individual," says Marshall. One of his favorite expressions is: "When you enter the fray, expect to take whatever wounds the game involves; and if you don't want to get hurt, don't play the game."

Marshall's background as a boy on a Pennsylvania farm may have led to his kinship with outdoor activities. He milked cows, pitched hay and drove horses for his father until he was 14.

Dr. Marshall attended Pennsylvania State Teachers College at Slippery Rock until the middle of his junior year in February, 1943, whereupon he entered the U.S. Army. During his military duty he was a member of the Army Specialized Training Program. He then served in the European Theatre of World War II until his discharge in 1946. He received the master's and doctor's degrees from Syracuse University in 1950 and 1956 respectively both in the area of science education.

In 1963, Dr. Marshall was invited by the Ford Foundation and the Turkish Government to direct the National Science Project of Turkey in which he and other American educators undertook the establishment of a national science high school for gifted students in Ankara.

Dr. Marshall is the coauthor of three professional books and a widely used series of elementary science textbooks. He served as editor of the *JOURNAL OF RESEARCH IN Science Teaching* from 1962-66 and as a member of the editorial board of *Science World* from 1962-65.

He is a member of 13 national or state professional organizations and has been recognized by inclusion in *WHO'S WHO IN AMERICA* and *AMERICAN MEN OF SCIENCE*. He is a fellow of the American Association for the Advancement of Science, a member of the Board of Regents of the National Library of Medicine, and president of the Southern Association of State Universities and Land-Grant Colleges.

THE ATHLETIC DEPARTMENT

FSU – The Hertz of Florida Sports

by TOM KELLY

St. Petersburg Times Sports Editor

If Clay Stapleton had any illusions of self-importance when he accepted the job as athletic director at Florida State University a year ago, it didn't take long for him to put matters into perspective.

"Larry Jones and I and our wives were invited to a dog track to present a trophy to the kennel that won a big race," Stapleton recalled. "It was the night that I learned where the athletic director rates around here. Larry made the presentation and I had to kiss the dog."

Football Coach Jones laughed along with Stapleton's joke, but the moral was clear enough. Football is No. 1—the sport that pays the bills for the booming Florida State athletic program, just as it does at most major American universities. Unlike many schools, though, FSU under Stapleton and Jones is getting a lot of bang for its buck.

The Seminoles' 1971-72 sports calendar started promisingly enough when Jones' first FSU football team rolled through a surprising 8-4 season capped by a trip to Phoenix' Fiesta Bowl. Then Hugh Durham's basketball team went to the finals of the national tournament before losing by five points to perennial champion UCLA. The baseball, swimming, golf, tennis and track teams have followed with solid winning seasons.

It all adds up to the simple fact that Florida State is now—for the first time ever—the Hertz of college athletics in Florida. FSU will go into 1972-73 with prospects of an even better football team than it had last year, the nation's No. 1 Heisman Trophy candidate in passing leader Gary Huff and a very good chance of having a basketball team just as good as the one that went 26-7 and scared the pompoms off UCLA.

Stapleton has known the fulfillment of being a part of two programs that caught and surpassed established state rivals. "When I was at Iowa State, the University of Iowa would be drawing 60,000 a game to our 20,000 and outrecurring us year after year. Now it's completely turned around. The Big Eight is playing better football than the Big 10 and Iowa State is outdrawing Iowa consistently."

Matters haven't reached that pleasant state yet at FSU, but Stapleton is working on it. He has booked future Seminole games with such national powers as Nebraska, Oklahoma, Ohio State and Notre Dame and he announced the Seminoles will play their 1972 home games in daylight, breaking a long tradition of night football.

Stapleton hopes the daylight games will help FSU (and Huff) receive more state and national publicity and he's gambling they won't hurt attendance. In the past, FSU studiously attempted to schedule its games to avoid conflicts with Florida, but Stapleton thinks the Seminoles have outgrown that stage.

It costs some \$2-million to run the Florida State athletic program each year, as contrasted to nearly \$3-million at Florida. "Just a few years ago the cost was around \$1.4-million," Stapleton said, silently cursing inflation.

Stapleton thinks FSU's future must be forged as an independent. "Geographically, it would be good for us to be in the SEC, but realistically, I don't anticipate them taking us in. We have to make it as an independent, and that means we can be as good as we can afford to be."

ATHLETIC DIRECTOR

CLAY STAPLETON

After one year as athletic director at Florida State, Clay Stapleton has made numerous and vital progressive changes in the department.

One of his first important jobs was future football scheduling and he has had great success in that direction. Since coming to Florida State, the former University of Tennessee graduate has contracted 35 future games for the Seminoles against such nationally known powers as

Notre Dame, Oklahoma, Nebraska, Ohio State and Washington.

"Florida State has one of the finest athletic programs in the country and it is my job to see that it stays that way," said the man who left the athletic directorship at Iowa State to come to Florida State.

"We have some problems as every other university in the nation does," continued Stapleton. "However, with the help of everyone concerned they can be overcome. It is my objective to see that Florida State's program reaches its potential in athletic excellence."

Florida State's athletic director, a native of Kentucky, attended the University of Tennessee from 1940 through '42 before serving a three-year tour of duty in the Navy. He returned to Tennessee in 1946 and graduated in '48 with a B.S. degree in education.

While at Tennessee, Stapleton played varsity football and upon graduation served as assistant coach under Phil Dickens at Wofford College. During Stapleton's tour at Wofford, Florida State defeated the Terriers 19-6 in the 1949 Cigar Bowl at Tampa. He also coached track at Wofford and his teams won two conference championships.

Stapleton moved to the University of Wyoming with Dickens in 1953 and stayed through the '54 season before switching to Oregon State where he was the first assistant and line coach under Tommy Prothro. Oregon State went to the Rose Bowl twice while Stapleton was there.

In 1958, Stapleton was named head football coach at Iowa State and served in that capacity until 1966 when the athletic directorship was added to his coaching duties.

In 1967, he relinquished his coaching duties to direct full attention to administering the Iowa State athletic program, one of the best in the Big 8 Conference.

Stapleton and his wife, the former Ann Waldorf of Marshall, Missouri, have three children.

C. R. BICKERSTAFF

Assistant Athletic Director

This energetic and personable native of Tupelo, Miss., is the Athletic Department's "Man on the Go". Charged with overseeing Florida State's Athletic physical facilities, he is responsible for making athletic events more comfortable for fans and athletes alike.

"Brick", who came to Florida State with Clay Stapleton from Iowa State, has had experience in all phases of athletics.

Among his positions in the past are those of player, coach, recruiter, trainer and administrator.

Following his graduation from the University of Arkansas in 1951, his first coaching experience came when he served as a graduate assistant at Texas. Later at Arkansas State he served as assistant coach and trainer. In 1955 he added the duties of recruiter when he moved to New Mexico State. In 1961 he joined Stapleton at Iowa State as trainer and recruiter, positions he held until being named assistant athletic director in 1967.

In 1964 Brick was named "Knut Rockne Football Trainer of the Year" and twice has served as the trainer in the East-West Shrine All-Star Football Game.

Brick and his wife, the former Sara Lou Hardwick of Valley Mills, Tex., have two sons.

DOUG MESSER

Athletic Business Manager

Doug has the burden of coordinating and keeping up with the finances of Florida State's Athletic Program.

A former Seminole athlete, Doug returned to his alma mater in 1970 to take on the business manager's responsibilities. A native of LaGrange, Ga., he was a halfback and placekicker for Florida State football teams from 1960-63.

Following his graduation, he served as a graduate assistant and then attended Appalachian State where he received his Masters in 1966.

He worked as assistant football coach at Merritt Island High School before getting the head job at Decatur, Ga., High School in 1968.

Doug is married to the former Linda Strickland of Austell, Ga.

CLAUDE THIGPEN

Athletic Ticket Manager

A veteran member of the Florida State Athletic Staff, Claude will be entering his 17th year with the department. After spending seven years in the Air Force, Claude worked eight seasons as the Athletic Department Accountant before moving into the ticket office.

A native of Greenville, Fla., Claude has the complex duties of selling, assigning and distributing season and game tickets in all Florida State sports. He has

taken several business and accounting courses enabling him to keep on top of the most expedient methods of handling the ticket duties.

Claude and his wife, the former Carleen Lindley, have two children.

LONNIE BURT

Sports Information Director

Coordinating press and public relations and promoting Florida State's Athletic Program in general fall under Lonnie's far ranging duties.

A member of the first group of men to enroll at Florida State following its conversion from a College for Women, Lonnie brought a background of sports writing from the St. Petersburg Times with him when he returned to his alma

mater in 1966.

A native of Evergreen, Ala., Lonnie has directed publicity for the Seminoles throughout one of their finest eras—one which has included four bowl games and a number of post season invitations for the remainder of the Seminole sports.

Lonnie and his wife, the former Sally McLaughlin of Statesville, N.C., have two children.

HANK SCHOMBER

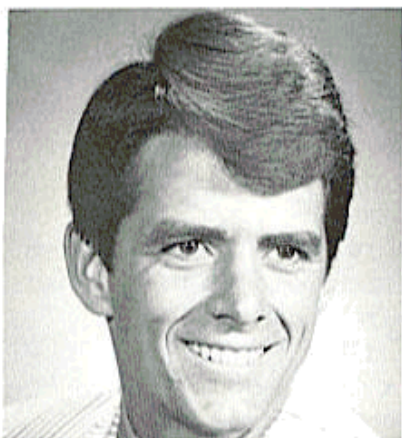

Assistant Sports Information Director

A full time member of the Athletic staff since his graduation from Florida State in 1967, Hank is charged with much of the publication and statistical work for all Seminole sports.

A native of Westchester County, N.Y., and former resident of Pompano Beach, he serves as editor for the Athletic brochures, handbooks and programs. He is also in charge of overseeing the operations of the press boxes for football,

basketball and baseball.

Hank and his wife, Judy, who is completing work on her Ph.D. degree, have a daughter, Tam.

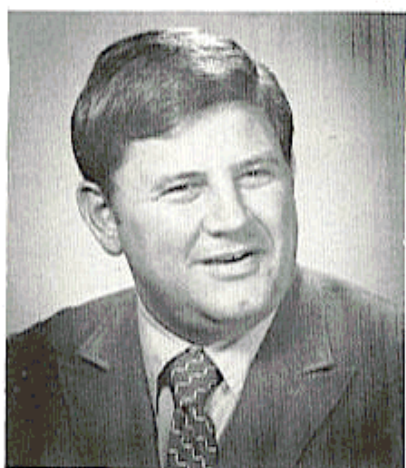

SCOTT BRISTOL

Academic Advisor

Scott is in his first year in the challenging and demanding role of academic advisor to Florida State's athletes. This important position requires him to counsel and advise all scholarship athletes in all academic areas, including scheduling. He also maintains eligibility listings for all present and prospective Seminoles.

A 1970 graduate from Florida State, Scott returned to his alma mater in the fall of 1971 as Head Tennis Coach. He lettered for four years in tennis as an undergraduate, compiling an overall mark of 49-8, which still stands as the best individual match record in school history. His 1972 tennis squad chalked up a 19-4 record and was one of four Florida State teams to be invited to post-season play.

Scott is married to the former Anne Stanley of Dallas, Tex.

JIM OLSEN

**Executive Director of
National Seminole Club**

Jim's role is an important one to the continued success of Florida State's Athletic Program. As director of the National Seminole Club, he coordinates the athletic scholarship fund raising efforts for the entire program. (A more detailed look at the National Seminole Club will be found on page 82 of this brochure.)

Olsen returned to his alma mater in 1971 following a successful venture in establishing his own insurance business in Tampa.

A major in the Florida National Guard, Jim and his wife, the former Carol Rodgers of Miami, have two children.

CHARLIE DURBIN

Cinematographer

The proverbial "Jack of all trades" at the Athletic Department, only this 24-year veteran has a unique twist as he is also "master of most."

In addition to his photographic duties, which include turning out coaches' films, TV highlight films and daily practice films for football and basketball, this Havana, Fla., native fills a valuable role as Seminole bus driver. There are few Seminole athletes who have not "ridden behind Charlie" some time in their career.

Charlie and his wife, the former Leo Poppell of Havana, have five children.

FOOTBALL STAFF

Some Nice Guys Finish First

By JERRY GREENE
Cocoa TODAY Sports Writer

Nice guys do not have to finish last.

That is one thing Larry Jones already has proven in one football season at Florida State University. It appears he plans on proving a lot more than that.

He is in the process of proving an unknown young coach with a young staff of assistants can produce a winner year after year. He is in the process of proving young coaches can believe in "teamwork," "humility" and "paying the price," while still communicating with today's athlete.

Jones began his style of head coaching this past season with an 8-4 record. Not a stunning record, but a much better record than it looks. To Seminole fans, 8-4 was a great year because it included the eruption of junior Gary Huff as the nation's leading passer; it included exciting football most of the time; it included a thrilling 45-38 loss to nationally-ranked Arizona State in the Fiesta Bowl; and it did not include a single ounce of internal dissension. Even though the season included a loss to heated Florida, Seminole fans know they had a lot more fun during the year than Gator fans. And Seminole fans never had to resort to the crying towel as Hurricane fans did.

In other words, the Seminoles were No. 1 in the state. This fact is supported by the impressive recruiting campaign which brought more blue-chippers to Tallahassee than to Gainesville. And you know FSU was tops in the state if you try to keep up with Jones. Nobody knew him a year ago, but everybody wants him now. It's a good bet he can't stand the sight of roast beef or creamed chicken by now. Early Wednesday, Jones was in Titusville to talk to one of the blue-chippers in the state who hasn't signed. Later Wednesday, Jones was at the Merritt Island High football banquet as guest speaker. Even later Wednesday Jones was driving into Plant City to talk to another athlete there. By Thursday, Jones was in Vero Beach to be the guest speaker at the Indians' football banquet.

To the victor goes the roast beef.

"Before the season began, I simply wanted a team we could be proud of," said Jones, managing to be mod and conservative at the same time in a double-knit, gray suit. "I had no idea how many games we would win."

What was it about his Seminoles that made him happiest? The passing game? The defense? The bowl bid?

"I was most impressed with the love and respect our players had for each other." And that seems to be the key to Larry Jones and his staff. Besides the necessary football knowledge, they brought unity to the Seminole squad.

Now, it's hard to criticize Bill Peterson, Jones' successful predecessor at FSU. Peterson was—and is—a friendly man who loved to have a cigar with the press after every game. In fact, he was a reporter's perfect coach.

But Jones is a player's perfect coach. Peterson often didn't know his players and kept his distance from his squad. Jones knows all he can about his players and believes he can be a leader and a friend simultaneously. That warm feeling about his players does not mean

(continued page 22)

HEAD FOOTBALL COACH

LARRY JONES

In his first year as head football coach at Florida State University, Larry Jones guided the Seminoles to an 8-3 regular season record and a berth in the Fiesta Bowl.

Only five other times during Florida State's 25-year football history has a Seminole coach been able to match eight victories during a season.

The personable young Tribe coach continued a Florida State tradition of wide-open football and tough defense. In his first year as head coach, Jones had the nation's total offense leader and during the regular season Florida State was 11th in the country in scoring defense.

Some skeptics had feared Jones would reduce the amount of passing done by the Seminoles in past seasons. However, in 1971 Florida State threw the ball only seven times less than in 1970 and completed 11 more.

"At Florida State we like to do what the personnel dictates," says Jones. "We think a more balanced attack is desirable but when you have great passers and receivers, that is what you do, throw and catch."

Through hundreds of personal appearances, the 38-year-old Jones captured the hearts of Seminoles and neutrals alike. The former LSU player and Tennessee assistant made a tremendous hit with the press through his consideration and honesty.

A native of Little Rock, Ark., Jones was a three sport performer at Little Rock High School. He attended LSU from 1951-54 where he was a center-linebacker for the Tigers. He joined the LSU coaching staff under Paul Dietzel the day he graduated in 1954.

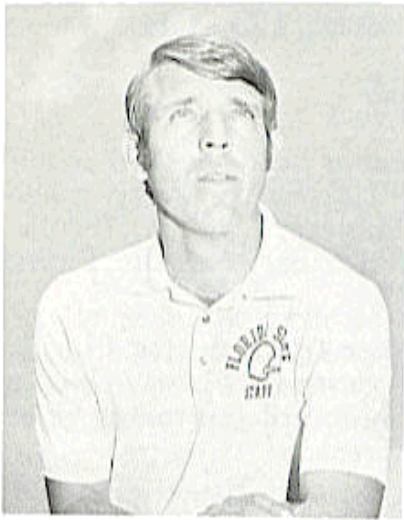

After one year of coaching at LSU, he entered the Air Force for a two-year tour and then returned to LSU for the 1958-61 seasons. He moved with Dietzel to West Point for the 1962-65 seasons and then to South Carolina for the 1966-69 campaigns. Jones was named first assistant and defensive coordinator at the University of Tennessee in 1970.

At LSU, Jones coached the offensive receivers and was in charge of the passing game.

After receiving his bachelor of science degree at LSU, Jones continued his studies and received a master's degree in education from LSU in 1961.

In 15 seasons of college coaching, Jones has served on coaching staffs whose teams have played in the Orange Bowl, Peach Bowl, Sugar Bowl three times and the Fiesta Bowl.

The Florida State coach was born Dec. 18, 1933. He and his wife, the former Judy Bianchi of Dallas, Tex., have three children, Bruce, 11; Kevin, 8; and Laura, 7.

BILL CANTY

Offensive Coordinator, Quarterbacks

Originally, Canty was named by Coach Jones to direct the Seminole freshmen. However, Bill worked primarily with the varsity running backs last fall and was elevated to offensive coordinator when Steve Sloan departed.

Bill came to Florida State from Furman, his alma mater, where he headed the Paladins' offense. He was an assistant there for eight seasons following his graduation in 1962.

The former Furman quarterback was born in Pascagoula, Miss., and attended high school there before being recruited by Furman.

He captained the Paladins as a junior and played in the Senior Bowl following his final season of eligibility.

Bill's younger brother, Bobby, was a Florida State baseball standout who graduated in 1967.

Bill and his wife, the former Ann Lochridge of Delta City, Miss., have a son and daughter.

GENE HENDERSON

Defensive Coordinator, Defensive Backs

A native Texan, Gene played his college football under Bear Bryant at A&M after transferring from San Angelo Junior College.

Coming to Texas A&M in 1954, Gene was a member of the famous Aggie team which "survived" the fall practice at Junction, Texas.

Born in Sonora, Texas, Gene was also a track performer in junior college and at A&M.

Following graduation in 1955, he spent six years as a prep assistant before getting the head job at Nederland High School. In 1967 he went to Texas Tech as an assistant, taking over as defensive coordinator in '68.

He headed up the defense at TCU in 1970 before joining the Florida State staff in 1971.

Gene and his wife, the former Sue Wyatt of Sonora, have four children.

JOHN DEVLIN

Defensive Ends and Tackles

A former Army staff sergeant, John came to Florida State in 1971 from Virginia Tech, one of the Seminoles' arch rivals.

An avid paddleball player, this native of Norristown, Pa., played tackle at West Chester State where he was called the "best ever" by 25-year coaching veteran W. Glenn Killinger.

After receiving his degree in 1959, John became the line coach at Waynesboro, Pa., High School. In 1961 and '62 he was an assistant with the Fourth Armored Division football team in Ulm, Germany. From 1963-65 he served along with Larry Jones as an assistant under Paul Dietzel at the U.S. Military Academy. In 1965 he joined Jerry Claiborne's staff at Virginia Tech.

John and his wife, the former Irma Kleemann of Regensburg, Germany, have three sons and a daughter.

JIM DONNAN

Running Backs

Jim is one of the newest additions to the Seminole staff, coming to Florida State from the University of North Carolina.

Prior to joining the Tarheels, Donnan was an assistant at his alma mater, North Carolina State.

During his playing days Jim was the second-leading passer in Wolfpack history. He was named the Most Valuable Player in the 1967 Liberty Bowl and was voted the ACC Player of the Year the same season. He was also No. 1 singles player on the N.C. State tennis team.

The 1968 graduate was named the Wolfpack's most outstanding student-athlete in 1967. Following graduation he joined State's staff as an assistant.

A Burlington, N.C., native, Jim is married to the former Mary Wright of Burlington and they have two daughters.

BOB HARBISON

Interior Offensive Line

This will be "Harbie's" 25th season at Florida State, meaning that only one Seminole team, the first, hasn't benefited by Bob's coaching ability.

Bob has coached both offensive and defensive linemen during his long career at Florida State. He returned to offense last season after a number of years guiding the interior defensive linemen. His "Magnificent Seven" of 1964 is considered one of the Seminoles' better defensive lines.

A native of Evansville, Ind., Harbie played his college football at the University of Indiana under the late Bo McMillin. Following his senior season he performed in the Blue-Gray All-Star game in Montgomery, Ala.

Larry Jones is the fifth Seminole head coach Harbie has worked with. He also served under Don Veller, Tom Nugent, Perry Moss and Bill Peterson.

Bob and his wife, the former Jane McEntee of Washington, D.C., have four children.

LARRY HOLTON

Defensive Backs, Scout Squad

Another first year Florida State assistant, Larry comes to the Seminoles from Iowa State where he served two seasons as a graduate assistant.

At Florida State he will assist Gene Henderson with the defensive backs and also direct the scout squad.

A native of Keokuk, Iowa, Larry was a three-sport letterman at Keokuk High before gaining a football scholarship to

Iowa State. As a senior he was named All-Big 8 Conference as a defensive back before earning his B.S. in Physical Education the next year.

Larry joined the Florida State staff this summer. He is single.

BILL PARCELLS

Linebackers

This will be Bill's third season as director of Florida State's linebacking corps. He and Bob Harbison were the only two holdovers from the Bill Peterson staff.

Parcels has been associated with outstanding linebackers during his entire coaching career and he ranks this year's group among the best he's coached.

The Oradell, N.J., native came to Florida State after four seasons at the U.S. Military Academy.

Bill played his college football at Wichita where he performed at guard, tackle and linebacker. He was All-Missouri Valley Conference twice and upon graduation was a fourth-round draft choice by the Detroit Lions.

His first coaching assignment was at Hastings College for one year. He then returned to his alma mater for another season before moving to Army.

Bill and his wife, the former Judy Goss of Wichita, have three daughters.

JIM (RED) PHILLIPS

Receivers

Jim comes to Florida State from the pro ranks, having coached the San Diego Charger receivers since 1969.

Following an outstanding college career at Auburn where he was an All-America end, he was a first round draft choice by the Los Angeles Rams. He played seven seasons with the Rams and three more with the Minnesota Vikings before joining the Chargers as an assis-

tant. He graduated from Auburn in 1958.

Jim ranks 15th on the all-time list of pro receivers with 401 catches for 6,044 yards.

A native of Alexander City, Ala., he and his wife, the former Mickey Kennedy of Phenix City, Ala., have three children.

MIKE POPE

Director of High School Relations

This will be Mike's second season in the important role of directing Florida State's recruiting. His first was called one of the best recruiting years in Seminole history.

Mike moved into his present job after spending the 1970 season working as a graduate assistant helping with the freshman squad.

The North Carolina native was born in Monroe and played his college ball at Lenoir Rhyne where he performed at both quarterback and fullback in the Bears' single wing attack.

After three years as head coach in North Carolina high schools, he went to Jacksonville where he was offensive coordinator at Wolfson High. He became head coach and athletic director at Lake Wales High School in 1968 before coming to Florida State.

In college, Mike was the Lenoir Rhyne captain in 1963 and voted the team's most valuable player.

He is married to the former Lee Lambie of Arlington, Va.

FRANK DEBORD

Equipment Manager

Frank not only is in charge of Florida State's football gear, but also oversees the upkeep of the Seminoles' practice fields.

Now in his third season as the Seminoles' football equipment chief, he has been with the program for six years. A native of Virginia, he currently resides in Quincy.

A graduate of Virginia Tech where he lettered in football and wrestling, Frank served as an assist football coach at Franklin, Va., High School and also played two seasons for Norfolk in the Continental League.

Frank and his wife, the former Marian Bradshaw of Franklin, Va., have three children.

DICK MILDER

Trainer

For the first time in nearly two decades Florida State will have a new athletic trainer as personable Dick Milder takes over for Don Fauls who retired last spring.

A graduate of Iowa State University where he served as student trainer under C.R. Bickerstaff, Dick has a Certificate of Physical Therapy from Iowa and a Master's Degree from Purdue. His training experience includes two years at West Point, a year at Iowa and two years at Purdue where he was located before joining the Seminoles. The Army veteran also has served as an assistant trainer for the St. Louis Football Cardinals.

Dick is married to the former Linda Lee Van Wechel.

FOOTBALL GRADUATE ASSISTANTS

Wayne McDuffie (Florida State), Hank Small (Rutgers), Bill Shaw (Florida State), John Conlin (Virginia Tech), Bob Sanders (Carson-Newman).

GRADUATE ASSISTANT TRAINERS

Bill Baggett (Indiana State)

STUDENT ASSISTANT TRAINERS

Mayfield Armstrong, Ray Bickerstaff, Bob Drew, Mark Keppler.

STUDENT MANAGERS

Clay Caldwell, Mike Hunter.

Jones will sacrifice his beliefs to placate a rebellious youngster, however. And Jones believes in all the old-fashioned virtues. "It takes a lot these days to be old fashioned," Jones says on his banquet circuit. "It takes courage to love your parents, God and your country."

Jones, who talks like a soft-sell preacher, has found the secret so many older coaches have lost—or never had. If he believes in his players and respects their views, chances are they will believe in him and respect his views. "I certainly believe in our youth," said Jones. "They just want to be understood. That's why we have young coaches, who are fun to be with and don't take themselves too seriously."

So what does this young coach and his young staff want for the future? Are they shooting for an undefeated season—to be No. 1?

"Sure, you would like to be in the top 20 and go to a bowl every year," replied Jones, as he prepared to drive to Plant City. "But, basically, we just want a solid program."

Larry Jones drove off on very solid ground.

THE 1972 SEMINOLES

FIVE-YEAR PASSING MASTERY CONTINUES

If you were a quarterback looking to go to college where you can pass the ball, National Collegiate Sports Services statistics show you would want to give Florida State a good hard look.

Over the last five years no team has passed as consistently as the Seminoles. In the period from 1967-71, the Seminoles have averaged 260.9 yards per game passing. That is nearly 30 yards more than the second place club. (And if that doesn't seem like much consider that 30 yards per game is all that separates No. 2 from No. 9.)

Although the Seminoles have never won a national passing title in any one of those five seasons, they are the only club to be ranked in the top 10 of the passing charts each of those years and their consistency pays off in the overall dividends.

Last season the Tribe was No. 1 in passing going into the final week of the season but was overtaken by San Diego State. However, the margin between the Tribe and the second ranked club for five years jumped from eight yards per game (for the period 1966-1970) to 29.4 yards (for the 1967-71 seasons).

And it has been productive passing as well. The Seminoles have earned a 36-14-2 regular season record in that span and have played in three bowl games (Gator, Peach and Fiesta).

In addition only three of the top 20 teams ranked have produced a better completion percentage and only one has a better yards-per-attempt average. And not one of those four threw the ball as much as the Seminoles.

The quarterbacks who produced these statistics include Kim Hammond, Bill Cappleman, Tommy Warren and Gary Huff. None won an individual passing title, although Huff was the nation's total offense leader last year and only one receiver (Ron Sellers in 1968) was the leader in his area. Nevertheless the passing game has been highly efficient.

THE SEMINOLE OUTLOOK FOR 1972

Coach Larry Jones, starting his second season as the Florida State gridiron boss, could be hard-pressed for an encore following his team's 1971 performance which saw the Seminoles turn in an 8-3 regular schedule record and gain a spot in the Fiesta Bowl.

But the Tribe coach has never been accused of being pessimistic and he sees the 1972 Seminoles as "very competitive" if help arrives in a couple of troubled areas.

"With 28 returning lettermen, we have a chance of being a good football team," said Jones. "It all depends whether or not we can come up with some depth in a number of key positions. Our prime spring practice objectives were to develop the running and kicking games. We thought our running attack made progress but we go into fall practice still not knowing who will do the kicking.

"We have good first teams both on offense and defense. But it's the same old depth problem since we didn't get a lot of help from the freshman squad."

One thing for sure—Coach Jones is convinced he has the nation's top quarterback in Gary Huff, a pre-season All-America pick and Heisman Trophy candidate. "Gary is the best college quarterback I've ever seen," said his coach. "He has all the physical tools, is mature beyond his years and knows the game. His coolness under fire is remarkable. In fact, I've never seen a quarterback who can face a rush and still do the job as well as Gary."

Huff, who led the nation in total offense last season with an average of 241.2 yards per contest, will have two capable quarterbacks behind him in sophomore Fred Geisler and Mike Cadwell. Geisler, a star of the future, was red-shirted last season and Cadwell also sat out the 1971 campaign after transferring from the University of Minnesota. The Seminole quarterbacking is in extremely capable hands.

As for the receivers, senior Barry Smith may be one of the country's best. The Miami speedster caught 33 passes during the 1971 regular season and they were good for 696 yards and six touchdowns. That's an average of 21.1 yards per reception, fourth best in the country for receivers who averaged as many as three catches per game.

Only other wide receiver with any experience is junior Ed Davis, who had four receptions last season.

There are a number of youngsters joining the pass receiving corps including red-shirt Joe Goldsmith, sophomore Mike Allen, sophomore Joe Thomas, defensive convert Phil Cahoon and squad member Dano Fiore. One of these may challenge Davis for a starting job and the others will provide backup help.

In the offensive interior line, depth could be a problem. Two-year starter Allen Dees returns for his final season at center and he's a good one. Behind him is sophomore Bob Jones, the best lineman up from the freshman squad. In fact, it could be that after fall drills begin, Jones will be switched to a starting guard spot and still serve as Dees' substitute.

Strong Phil Arnold has one of the guard positions locked up and hefty Dan Daniels was running at the other during spring practice. Daniels has to control a weight problem to hold the position. Senior Shane Gibbs had a good spring and he is a two-year letterman who will challenge or serve as a backup guard.

Big Don Sparkman, a sophomore starter last season until a knee injury forced surgery, appears to be one of the tackles and former tight end Mike Glass has a good shot at the other despite the fact he missed spring drills. Bob Anderson, Paul Oglesby and Vic Johnson are youngsters who could help as the season progresses.

Gary Parris, the second-leading receiver returning, is a fine tight end and he'll be backed up by red-shirt Dick Hopkins.

At running backs, the Seminoles should have more speed than in recent years. If Hodges Mitchell, a transfer from TCU, overcomes classroom problems he will give Florida State its first real breakaway threat in some time. Another transfer, Mack Brown from Vanderbilt, must overcome knee surgery to regain the form he showed in his red-shirt season.

Sophomore Mike Davison had an outstanding spring practice and will be a contender for one of the running back spots. Another sophomore, Mike Norman from Tallahassee Leon, showed ability during spring drills when he wasn't hampered by injuries. Lettermen Oscar Roberts, Rick Oreair and Brent Norris offer backup help as do two more true sophomores—Jeff Chesnut and Lester Payton.

On the other side of the fence, Florida State's first defensive unit could be as good as its 1971 outfit if the starters stay healthy.

During the 1971 regular season, the Seminoles were tied for 11th spot in the country in scoring defense, limiting the enemy to an average of 11.7 points per contest. No opponent got more than 18 points and four didn't reach double figures.

Headlining the defense will be three outstanding linebackers in Larry Strickland, Dan Whitehurst and Clint Parker. Both Strickland and Whitehurst, the team's second-leading tackler last season, are considered pro prospects and the only reason Parker's not in that category is his lack of size.

David Miles, another Tallahassee Leon product, affords an excellent backup linebacker and red-shirt John Murphy is another. Best among the younger LBs is Bill Johnson.

At end, Charlie Hunt is another standout performer who has caught the pro scouts' eye. He has great speed and specializes in getting to the opponent's quarterback. Steve Bratton will get a shot at the other end position and he lettered last season. Junior Bert Cooper was going great guns last fall as a sophomore before he was forced to the sidelines with a knee injury. Rusty Castleberry is the fourth defensive possibility.

Bobby Anderson could be one of the most underrated players on the defense from his tackle spot. He was a consistent "big play" performer last season despite his lack of size. Big Howard Jacobi is

another returning letterman who has the tools to be a good one. Both Anderson and Jacobi saw equal playing time in '71 behind starters Bill Henson and Richard Amman.

Junior college transfer Jim Malkiewicz, who red-shirted last season, will battle for one of the starting jobs and sophomore Melvin Scruggs was the most promising youngster during the spring.

In the secondary, there will be experience with All-America candidate James Thomas leading the way. The Macon, Ga., senior has been switched from cornerback to strong safety to take advantage of his speed and hitting ability. If Eddie McMillan can overcome some problems in the classroom, he'll be one of the corners. He had an outstanding last half of the season in 1971.

Senior Ron Ratliff is another two-year veteran who will be in the cornerback chase along with talented Buzzy Lewis, a junior. Randy Shively is a good bet to be the weak safety and senior David Snell is a talented performer battling for a starting berth.

Going into fall practice, the place-kicking race was wide open with freshman Ahmet Askin and Brian Bengtson in contention along with two or three more.

The punting will be handled by either Joe Downey or Gary Loucks.

"To be as good or better than we were in 1971, we have to come up with some depth and stay reasonably healthy throughout the year," summarized Coach Jones.

WHERE THEY'RE FROM

The 102 members of the Florida State football squad listed on the preseason roster are from 14 different states, including Florida which claims the most with 59. The largest "out-of-state" contingent is from Georgia which has 16 representatives followed by Alabama with eight.

Jacksonville and Tallahassee claim the most players of the 28 state/cities represented with seven each. Miami has sent six while Orlando and Tampa are represented by four each.

The roll call: Florida 59; Georgia 16; Alabama eight; New Jersey, New York and Tennessee three; Texas and Virginia two; Delaware, Illinois, Minnesota, Ohio, Pennsylvania and Wisconsin, one.

Jacksonville and Tallahassee, seven; Miami, six; Orlando and Tampa four; Lakeland and West Palm Beach, three; Hollywood, Pensacola, Vero Beach and Williston, two; Bradenton, Brandon, Bristol, Chattahoochee, Cocoa Beach, Daytona Beach, Graceville, Hialeah, Lake City, Lighthouse Point, Lithia, Merritt Island, Oviedo, Palatka, Rockledge, St. Petersburg and Winter Park, one each.

Arnold

MIKE ALLEN, Wide Receiver, 19, Soph., 6-4, 180, Willoughby, Ohio, Frosh. Has all the physical tools to become an outstanding receiver. Needs experience. Had some exceptional moments during spring practice. Showed he could catch the long ball. His height will be a definite advantage. He'll be competing for the wide receiver spot opposite Barry Smith. If he matures early enough, he could help receiving corps greatly.

BOB ANDERSON, Offensive Tackle, 19, Soph., 6-2, 218, Rockledge, Frosh. Because of injuries and some players missing spring practice, was weak tackle starter all spring. Took advantage of this opportunity showing coaches he's not far away. Showed much improvement as practice progressed and impressed staff with willing attitude. Proved he likes game by hard work. Will give depth to a position where depth is needed.

BOBBY ANDERSON, Defensive Tackle, 21, Jr., 5-10, 210, Tifton, Ga., 1VL. An extremely pleasant surprise as a backup tackle in 1971. Developed into one of the most consistent big play men. Despite his size, he was no mismatch for much bigger offensive linemen. Always around the ball and a good pass rusher. Wound up playing almost half the time last season. One of the hardest working players on the squad, coaching staff figures he will have a big season in 1972. While splitting time in 1971, he had 44 tackles and 17 assists. His future is bright.

PHIL ARNOLD, Offensive Guard, 20, Jr., 6-0, 220, Hollywood, Fla., 1VL. Probably the strongest player on the squad and his quickness improved with added strength. Became a starter when Bill Rimby was injured in Mississippi State game. Was most improved offensive lineman in spring. Has gained much maturity since last season. Works with weights at every opportunity. Was the best pass blocker on the line during spring drills. He is exceptional on pulling and leading sweeps.

Bengtson

Bratton

Brown

Cadwell

AHMET ASKIN, Place Kicker, 18, Fr., 6-0, 175, Tallahassee, HS. Graduated from Tallahassee's Godby HS in February and enrolled in Florida State in time for spring practice. Born in Cyprus but nicknamed "Turk." Family moved to United States in 1968. Had played soccer in Cyprus and thus kicks soccer-style. Is Florida State's second straight foreign-born kicker since Frank Fontes was born in North Africa. Has strong leg but was inconsistent in the spring. He'll battle for kicking job.

BRIAN BENGTSON, Place Kicker, 22, Sr., 6-3, 205, Green Bay, Wis., Squad. Came to Florida State as a quarterback. However, suffered broken neck in diving accident following his freshman season and now is limited to kicking. Has been over-shadowed by Fontes for last two years. His kicking progressed during spring.

STEVE BRATTON, Defensive End, 21, Jr., 6-0, 210, Oviedo, IVL. Was the Seminoles' No. 3 end last season, winding up with 17 tackles and six assists. Was the most improved defensive lineman during spring. Matured both physically and mentally. Seemed to come to the front as a pass rusher and react even better against run. Started against South Carolina when Charlie Hunt was injured and played commendably.

MACK BROWN, Running Back, 22, Jr., 6-0, 195, Cookeville, Tenn., RS. Underwent knee surgery following red shirt year. A transfer from Vanderbilt where he was Vandy's top runner as a sophomore. Played in the same backfield with his older brother, Watson, who was the Commodore quarterback. Knee handicapped him during spring and following drills he underwent more surgery. An excellent blocker and good pass receiver. Showed good speed before surgery and hopefully will regain it by fall. Can play either tailback or fullback.

MIKE CADWELL, Quarterback, 21, Jr., 6-1, 190, St. Louis Park, Minn., RS. Sat out last season after transferring from Minnesota. Falls in behind Gary Huff and Fred Geisler this year but is expected to hold for extra point and field goal attempts.

Cahoon

Castleberry

Chesnut

Cooper

PHIL CAHOON, Wide Receiver, 19, 5-10, 175, Mobile Ala., Frosh. Moved from defensive back to wide receiver late in spring and showed definite possibilities. Caught the ball as well or better than any of the young receivers. Could add depth if he starts off well this fall.

RUSTY CASTLEBERRY, Defensive End, 19, Soph., 6-0, 205, Palatka, Squad. Moved to defense after playing tight end in 1971. Could well be one of Seminoles' first four ends in 1972. But will need game experience early to be able to help. Threw some good licks during spring scrimmages. Showed he is in right position now.

JEFF CHESNUT, Running Back, 19, Soph., 6-0, 180, Stone Mountain, Ga., Frosh. Was capable runner with the freshmen last season but was switched to wide receiver before spring drills in an effort to give depth to that position. Then moved back to running back for last two weeks of practice and was impressive. Could be a factor this fall if he shows as much day-by-day improvement as he did in spring. Good outside runner and better than average receiver.

BERT COOPER, Defensive End, 20, Jr., 6-1, 220, Tallahassee, 1VL. Was on his way to a good season in 1971 when knee injury forced him to sidelines in South Carolina game. After being out of football for the 1970 season, it took him time to readjust last season. But he was making excellent progress when injury required surgery. Will be in contention for starting berth this fall after a fine spring practice. Excels in rushing the passer and is strong enough to stop run. Has good quickness for big man.

DAN DANIELS, Offensive Guard, 22, Sr., 6-3, 230, Pensacola, 1VL. Lettered last season after transferring from Marion Institute. Can play either guard or tackle. Started the Fiesta Bowl against Arizona State. Has good ability and excellent size. Must control a weight problem and this could determine how much he plays this fall. Wound up spring drills as the starting strong guard.

Daniels

Davis

Davison

Dees

ED DAVIS, Wide Receiver, 21, Jr., 6-1, 190, Lakeland, 1VL. A dependable receiver who has talent to play either wide or at tight end. Saw service at both spots this spring with good results. Exceptionally tough for a wide receiver, he's an outstanding blocker. Started his career as a defensive back. Has average speed but makes up for this with toughness. Hasn't yet reached his potential. Fact that he can play three positions makes him very valuable. Caught 34-yard pass from Huff against Southern Mississippi last season to set up Florida State's first score.

MIKE DAVISON, Running Back, 19, Soph., 5-11, 200, Bradenton, Frosh. Outstanding spring practice after solid freshman performance. Showed improvement with every week of spring drills. Gained confidence as drills progressed and moved up the ladder. Ended up as the No. 1 fullback. Coaches consider him to be one of top four running backs. Runs to daylight well and his open field running improved. He was leading receiver among the running backs this spring. Needs to improve his blocking. A definite prospect.

ALLEN DEES, Center, 22, Sr., 6-2, 202, Lakeland, 2VL. Florida State's "Mr. Dependable." Has started every game since joining varsity as a sophomore. He's one of the fastest linemen on the squad. His speed and quickness help him overcome his lack of size. Extremely durable, he's missed very few minutes of playing time since his sophomore season. He's outstanding pass blocker with an exceptional attitude. He was a track standout in high school which accounts for his speed. Consistently graded well in both 1970 and '71. Spends every minute he can watching film. He and quarterback Gary Huff didn't have a bad exchange all last season. Makes calls at line of scrimmage changing blocking assignments. Married, he and wife were presented with young son this summer.

JOE DOWNEY, Punter, 20, Soph., 5-11, 204, Mobile, Ala., Squad. Came to Florida State as a quarterback and punter. Had some fine boots this spring but needs to be more consistent. He'll battle Gary Loucks for job.

Downey

Geisler

Gibbs

Glass

DANO FIORE, Wide Receiver, 21, Jr., 6-0, 175, Chattahoochee, Squad. Another young Florida State receiver who could add depth to the pass catching corps. Showed progress in Garnet and Gold game with some second half receptions.

FRED GEISLER, Quarterback, 20, Soph., 6-1, 188, Orlando, RS. An outstanding quarterback prospect who could be starting for many clubs in the country. An All-America prep standout, he was held out last season but figures to see considerable action this year. Highly sought after, a great high school career, he has an extremely strong arm plus exceptional speed for a quarterback. His red-shirt season served as a year of maturity for this fine prospect.

SHANE GIBBS, Offensive Guard, 21, Sr., 6-3, 216, Bay Minette, Ala., 2VL. Very valuable since he can play guard or tackle. He started some games as a sophomore and worked as a backup last season. Had good spring practice, one of the few offensive linemen who didn't miss a drill. Has good size and if he improves strength over summer could challenge for starting berth this fall. His speed allows him to cover kicks well. His senior season should be his best.

MIKE GLASS, Offensive Tackle, 22, Sr., 6-3, 214, Tampa, 2VL. Switched to tackle late last season after playing tight end for two years. Had outstanding game in Fiesta Bowl. Likes new position much better than tight end. Good speed for offensive lineman. Gained weight over summer. His experience is big plus. Has exceptional attitude which makes coach's job easier. His older brother, Chip, was former Florida State star now playing tight end with Cleveland Browns. Mike will go into fall practice as No. 1 weak tackle.

JOE GOLDSMITH, Wide Receiver, 20, Soph., 6-0, 175, Lakeland, RS. Held out last season since Seminoles had three veteran receivers. Compares favorably with junior Ed Davis since he's good blocker and tough receiver. Although he lacks outstanding speed, he makes up for it with moves. Another player who hasn't reached his potential yet. His 100 percent effort showed up this spring in the improvement over his red-shirt season. He'll battle for starting berth.

Goldsmith

Hopkins

Hunt

Jacobi

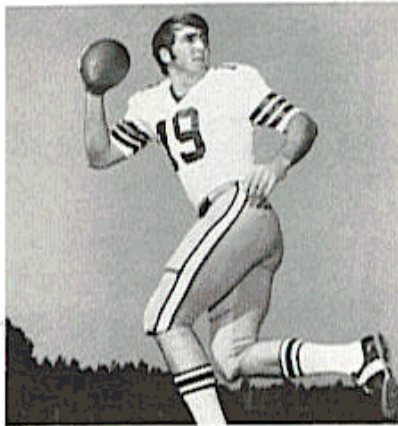

DICK HOPKINS, Tight End, 20, Soph., 6-2, 202, West Palm Beach, RS. Came to Florida State as a quarterback. Red-shirted last season after switching to tight end. Since Gary Parris missed spring practice, Hopkins was the No. 1 tight end. Showed promise. Had one outstanding spring scrimmage with several good catches.

CHARLIE HUNT, Defensive End, 21, Sr., 6-3, 210, Jacksonville, 2VL. One of a number of pro prospects on the Seminole squad. Had an exceptional junior season despite being hampered by a nagging ankle injury. Threw the opposing quarterback for losses seven times in 1971. Two of these losses came against South Carolina when the Tribe was trailing 10-0. Many times opponents double teamed him to keep him away from quarterback. One of the fastest men on the squad, he runs a 4.6, 40. Had his best games against Virginia Tech, Georgia Tech, Houston and Arizona State. Against the Sun Devils he played 95 plays. With his tremendous speed he's used on kicking team, both receiving and covering. An all around athlete, he was a prep quarterback. Was team's fourth-leading tackler with 56 and 27 assists.

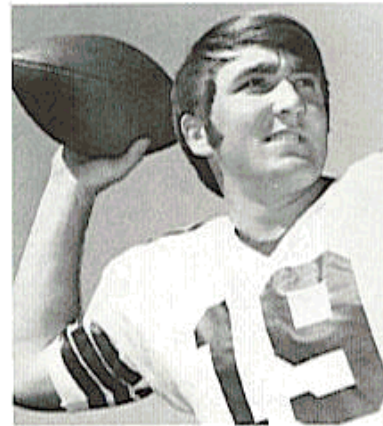

HOWARD JACOBI, Defensive Tackle, 22, Sr., 6-3, 240, Vero Beach, 1VL. Lettered as a backup tackle last season and saw plenty of action. Had a fine spring practice and earned starting left tackle spot. This likeable young giant is a dedicated football player. He's an excellent pass rusher. Playing next to Hunt, the left side of Florida State's line should cause enemy quarterbacks problems. Transferred to Florida State from Marion Institute.

BILL JOHNSON, Linebacker, 19, Soph., 6-0, 205, Cocoa Beach, Frosh. Best of sophomore linebackers. Ran second string weak side LB all spring behind veteran Clint Parker. Has good athletic ability. Will probably also be used on specialty teams. Coaches are looking for progress so that he can give mid-season help.

VIC JOHNSON, Offensive Tackle, 19, Soph., 6-3, 225, Lake City, Frosh. Youngster who performed well in spring. Did a good job of getting his weight down which pleased coaches. Improved his pass protection. Should give added depth at strong tackle.

Huff

GARY HUFF, Quarterback, 21, Sr., 6-1, 190, Tampa, 2VL. Probably the best in a long line of outstanding Florida State quarterbacks. A pre-season All-America pick and Heisman Trophy candidate. Almost sure to rewrite the Seminole passing record book. Already broken a number of school marks. Was the nation's total offensive leader in 1971 when he averaged 241.2 yards per game—almost 13 yards more than his closest competitor, Stanford's Don Bunce. His 23 touchdown passes last season were tops in the country—three more than Heisman Trophy winner Pat Sullivan. His 2,736 yards passing was also the nation's best. These regular season figures don't include a sensational Fiesta Bowl performance when he was voted the game's Outstanding Offensive Player. In the bowl contest he completed 25 of 46 for 347 yards and two touchdowns. Needless to say, he has an exceptionally strong arm. He can drill the ball or loft it when necessary. When he sets up, he ignores the rush and concentrates on his target. He was under extreme pressure against Arizona State but still turned in a great performance. He has very quick feet which allows him to set up in a hurry. His quickness also helps him to avoid rushers. An accounting major, he is one of the most well-liked players on the squad. Here are his two-year, game-by-game records:

Jones

Lewis

BOB JONES, Center, 20, Soph., 6-3, 225, Lighthouse Point, Frosh. Came on extremely strong during spring practice after being moved from defensive tackle. Has perfect build for center. Showed so much talent during spring that he may be moved to guard and get a chance to start. Even if he was moved, he would still be No. 2 center. Biggest asset is speed. Also has good quickness. Is an all around athlete. The class of the upcoming freshmen offensive linemen.

BUZZY LEWIS, Defensive Back, 20, Jr., 6-1, 185, Bristol, 1VL. Has outstanding athletic ability with good speed. Should be a contender for starting berth at cornerback. Played both right and left corner during spring and performed equally well at both. He'll get equal playing time whether he's a starter or not. Gained the confidence he needed last season.

GARY LOUCKS, Punter, 20, Soph., 6-3, 195, Merritt Island, RS. Sat out last season since punter Duane Carrell had things under control. Showed he has strong leg this spring with some booming punts. However, he needs to be more consistent.

JAMES MALKIEWICZ, Defensive Tackle, 22, Jr., 6-3, 225, Perth Amboy, N.J., RS. Gained a starting berth last spring before coaches were forced to red-shirt him. Could still challenge for first team spot this fall. Good quickness and an excellent tackler. Was high school and junior college teammate of Frank Fontes, both coming to Florida State from Ferrum JC.

Loucks

Malkiewicz

McMillan

Miles

DAVID MILES, Linebacker, 20, Jr., 5-11, 210, Tallahassee, 1VL. Was backup middle linebacker in 1971 and did a good job. Was also a leader on the specialty teams. Played about 35 percent of the time in '71 and coaches expect him to play 50 percent this season. He can play either middle or weak linebacker. He's a good pass defender and has excellent strength. Outstanding natural athletic ability. He was the only sophomore LB to play last season.

HODGES MITCHELL, Running Back, 21, Jr., 5-10, 185, Dallas, Tex., RS. Red-shirted last season after transferring from TCU. He also must overcome some grade problems to be available this fall. This spring, he was a standout performer while he was healthy. Bothered by a pulled hamstring muscle. Has excellent quickness with good upper body strength. A good receiver and better than average blocker. He would give Florida State a definite breakaway threat—something the Seminoles haven't had in some time. Has the ability to run either inside or outside.

JOHN MURPHY, Linebacker, 20, Soph., 5-9, 211, Albany, Ga., RS. Red-shirted last season but had an outstanding spring. Showed more improvement than any other linebacker. Should provide good depth at middle LB. Has exceptional quickness and is a good tackler. Only drawback is lack of height. His development could be key to overall linebacker performance.

EDDIE McMILLAN, Defensive Back, 21, Sr., 6-2, 180, Tampa, 2VL. If this veteran can overcome some classroom difficulty, he'll be the starting right cornerback, a position he's held since coming up from the freshman squad. Fastest player on the squad, he's been clocked at 9.6 for the 100. He's a member of the Seminole track squad. Has potential to be an outstanding college and pro player. Had a great last half of the season in 1971 and a good spring. Ran the opening kickoff back 90 yards for a touchdown against Miami. If he can clear the classroom hurdle, he should have his finest season.

Mitchell

Murphy

Norman

Orcair

MIKE NORMAN, Running Back, 19, Soph., 5-8, 185, Tallahassee, Frosh. Hampered by injuries most of spring. However, had two excellent scrimmages. Despite size, has good upper body strength which makes him tough to pull down. An outstanding blocker. Has shown tremendous desire and is counted on for duty this fall. Was teammate of David Miles on state championship team at Leon High. Might be given shot at place kicking duties.

PAUL OGLESBY, Offensive Tackle, 19, 6-2, 229, Jacksonville, Frosh. Played weak tackle in spring. Showed great promise but needs experience. Went through learning process and responded well. Vast improvement over the final two weeks of drill.

RICK OREAIR, Running Back, 21, Jr., 6-1, 200, Jacksonville, 1VL. Served as backup last fall when he carried 28 times for a 2.2 average. He is familiar with offense and can play either tailback or fullback.

CLINT PARKER, Linebacker, 21, Sr., 6-2, 200, Daytona Beach, 2VL. A self-made, dedicated football player. This will be his third season as a starter, two as a linebacker and one at defensive back. Best pass defender among the linebackers, intercepted two last season. Calls defensive signals. Outstanding range on wide running plays. A smart player, he's tough to block. Such a fine athlete that he once was tried at defensive end and became first string before returning to linebacker. A team leader who is very coachable.

GARY PARRIS, Tight End, 22, Sr., 6-2, 210, Vero Beach, 2VL. Missed spring drills but is expected to retain his No. 1 tight end spot this fall. Was the team's fourth-leading receiver last year with 21 catches for 309 yards and one touchdown. Caught a 42-yard pass against Houston, the third-longest reception of the season. A good blocker and receiver. Married, he and his wife have two young children.

Parker

Parris

Payton

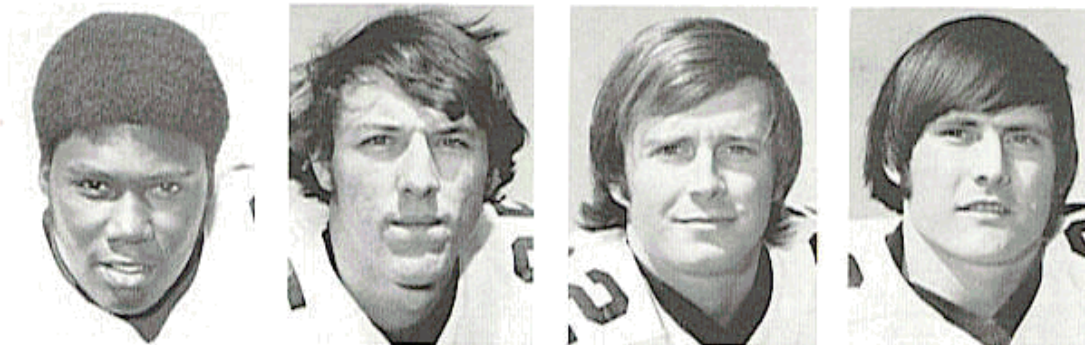

Ratliff

LESTER PAYTON, Running Back, 19, Soph., 6-0, 190, Orlando, Frosh. This youngster was having an outstanding spring when he suffered a shoulder separation during the third week of practice. Was wide receiver on freshman team. Fastest offensive back who is definite breakaway threat. Needs to work on receiving and blocking technique. Figures in 1972 plans if he regains early spring form.

RON RATLIFF, Defensive Back, 22, Sr., 6-0, 187, West Palm Beach, 2VL. He doesn't have the speed of McMillan or James Thomas but he is a dedicated, hard-working individual who has made himself into a good football player. He's most punishing tackler among the defensive backs. He's also the most aggressive. He gained himself a starting berth in the spring. Served in a backup roll for the past two seasons.

MELVIN SCRUGGS, Defensive Tackle, 19, Soph., 5-11, 221, Dixie, Ga., Frosh. Best of young defensive linemen. Came out of pack during spring practice and caught coach's eye. Had fine game in Orlando. Good quickness and outstanding effort. Should be good run defender when he gains maturity during season. Size and ability compare favorably to Bobby Anderson. Counted on for depth after he gains some experience.

RANDY SHIVELY, Defensive Back, 21, Jr., 6-0, 173, St. Petersburg, 1VL. Moved to weak safety after playing strong safety in 1971. Didn't play too much last season but performed well when he saw action. Lacks blazing speed but compares favorably with last year's strong safety, Robert Ashmore, in that neither makes many mental errors. Gets good jump on the ball and is fine open field tackler. Coaches expect him to be a top performer in 1972.

Scruggs

Shively

Smith

Snell

BARRY SMITH, Wide Receiver, 21, Sr., 6-1, 185, Miami, 2VL. Should be one of the country's top receivers this season after spending two years dividing playing time. Has excellent speed, good hands and has developed into a complete receiver due to improvement in his blocking. Coaches say he has matured both mentally and physically. Is now a team leader, he has accepted the challenge of being one of the strong points in Seminole offense. A great deep threat because of his speed. In 1971 he was team's second-leading receiver with 33 catches for 696 yards and six touchdowns. This doesn't include his Fiesta Bowl stats when he was game's leading receiver with eight catches for 143 yards. During the regular season, he averaged 21.1 yards per catch. He and Gary Huff connected on an 88-yard "bomb" against Kansas to break a school distance mark. Smith expects double coverage this fall but feels this is a challenge he can overcome. Had an outstanding spring practice. Another pro prospect.

DAVID SNELL, Defensive Back, 21, Sr., 5-8, 175, Slocomb, Ala., 2VL. Has played both inside and outside for the Seminoles and performed well wherever he played. Versatile athlete who has handled both punt and kickoff returns. An exciting punt returner who throws caution to the wind when he fields a ball. He was slowed last season by a knee injury but came back to have a fine spring practice. If he is not a starter, he will get equal playing time.

DON SPARKMAN, Offensive Tackle, 20, Jr., 6-4, 233, Jacksonville, 1VL. Started as a sophomore and played exceptionally well until he received a knee injury in the South Carolina game. Underwent surgery during season. Came back strong for final two spring games and looked like he had regained form he achieved before injury. Finest looking physical specimen among the offensive linemen. His size helps him tremendously as a pass protector. He did a good job of getting his weight under control following freshman season, reporting to fall practice at 235. Switched from weak to strong tackle this spring, giving the Seminoles more size on that side to help their running game.

Sparkman

Strickland

James
Thomas

Whitehurst

LARRY STRICKLAND, Linebacker, 22, Sr., 6-1, 220, Tallahassee, 2VL. His coaches call him one of the most underrated linebackers in the country. Extremely strong, he uses strength to best advantage. Also has good quickness. One of the top competitors on the squad. He and fellow linebacker Dan Whitehurst are expected to be drafted by pros. Improved his pass defense this spring. In 1971, he was team's third-leading tackler with 71 and 38 assists. Equally capable at either middle linebacker or nose guard, he is key to Seminole defense. He had more playing time than any other LB last season. An outstanding football player.

JAMES THOMAS, Defensive Back, 21, Sr., 6-1, 190, Macon, Ga., 2VL. The Seminoles' second All-America candidate. Moved from left corner to strong safety this spring to get him closer to the action. Adjusted to his new position quickly and appeared even more effective than at corner. Great ability, he is strong, quick and has good hands. Has tools to be great college and pro defensive back. Pro scouts rate him very high on their draft lists. Had 49 tackles and eight assists last season and should improve this with his position switch. One of best tacklers among defensive backs, he hits a tremendous lick. A three-year starter, he intercepted three passes as a sophomore against Kansas State's Lynn Dickey. A consistent player, he had his best game last season against Virginia Tech when he had six tackles and three big plays. He's a complete football player.

JOE THOMAS, Wide Receiver, 20, Jr., 6-0, 175, Tallahassee, Squad. A local product, he was a walkon. Performed well enough to gain some financial aid. Slightly injured during spring practice, he still caught the ball as well as any receiver with the exception of Barry Smith.

DAN WHITEHURST, Linebacker, 22, Sr., 6-3, 225, Adel, Ga., 2VL. Another three-year starter who is a pro prospect. He was team's second-leading tackler last season with 72 and 37 assists. Most explosive tackler on squad. Was credited with 20 tackles in 1971 Florida game. Improved his strength great deal over the past two seasons. Has outstanding speed for his size and this helps his pass defense. This should be his best season.

OPPONENTS

FIRST GAME: September 9, at Pittsburgh, Pennsylvania

PITTSBURGH

Site: Pitt Stadium

Kickoff: 1:30 p.m. (EDT)

Occasion: Season Opener for Both Clubs

SID: Dean Billick

Phone: (412) 683-2800 Ext. 225

Home: (412) 531-7701

Head Coach: Carl DePasqua

Location: Pittsburgh, Pa. 15213

Enrollment: 11,058

Nickname: Panthers

Colors: Old Gold, Navy Blue

President: Dr. Wesley Posvar

Stadium: Pitt Stadium (57,331)

Athletic Director: Casimir J. Myslinski

Ass't. AD: Albert Smith,
Walter Cummins

Business Manager: Ken George

Ticket Manager: Mel Cratsley

Athletic Department Phone: (412) 683-2800

Football Staff: Lou 'Bimbo' Ceconi, Ernie Hefferle, Paul Kemp, Ralph Jelio, Bill Quinter, Steve Petro, Warren Sipp, Serafino 'Foge' Fazio.

Conference: Independent

1971 Record: 3-8

Lettermen Lost: 13

Lettermen Back: 29

Starters Returning: James Buckmon, DE; Glenn Hyde, DT; Dave Blandino, DT; Ernie Webster, OT; Stan Ostrowski, HB; John Chapman, HB; Lou Julian, FB; Reggie Frye, DB; Lou Ceconi, DB; Bill Adams, DB; Ed Marstellar, DB.

1972 OUTLOOK: Pitt will come out running this season and if "wishing" makes it so, the Panthers will have an improved team. The strengths of the club lie in its quarterbacks, Bob Medwid and John Hogan and a stable full of running backs. And that supplies the nucleus for Pitt's wishbone ground attack. The major weaknesses are expected to be defensively in the linebacking and secondary. A lack of depth in the lines also is worrisome.

Starters Returning: Ken O'Connell, TE; Bill Perkins, WR; Witt Beckman, WR; Stan Bujalski, OT; Golden Ruel, OT; Steve Gaunt, C; John Hornibrook, QB; Chuck Foreman, RB; Al Palewicz, DE; Bo Dunn, DE; Mike Barnes, DT; Mike Leary, DT; Tony Christiani, MG; Harold Sears, LB; Burgess Owens, DB; Daryl Reeh, DB; Mike Burke, PK.

1972 OUTLOOK: The Hurricanes are upward bound with a strong offense keyed around running back Chuck Foreman and a veteran defense led by linebacker Harold Sears. John Hornibrook returns at quarterback, but he will battle three other candidates right down to the season's first kickoff. Look for the 'Canes to be bigger, quicker and have more overall team speed.

1972 OUTLOOK: Quarterback Don Strock will be back and that spells trouble. One of the nation's top passers, Strock will have experienced receivers in Mike Burnop and Donnie Reel. The Gobblers have 30 lettermen back and that adds up to a sound, experienced team. With Strock vying against the Seminoles' Gary Huff, this one could be a real aerial show.

1972 OUTLOOK: The Jayhawks will have a new passing philosophy this fall when Don Fambrough unveils a pro-style offense. David Jaynes and Bob Bruegging will direct the attack from quarterback with All Big Eight Tight End John Schroll the prime target. The defense should be improved over last year with Gery Palmer a good one up front and Eddie Sheats moving from end to Hawk (Rover).

1972 OUTLOOK: An improved defense and a new look on offense is in the offering for Florida. The Gators defensive strength appears in the linebackers with good experience throughout. The offense presents the biggest questionmarks with John Reaves and his backfield mates graduated. The new quarterback will have a new style with the Gators adopting more rollout and option series.

1972 OUTLOOK: The Bulldogs are resting their hopes on a pair of sophomore quarterbacks, Melvin Barkum and Rocky Felker. They will be directing a pro-type attack as Coach Charlie Shira is scrapping the Wishbone offense instituted in mid-1971. Defensively, the Bulldogs will be young up front as only one of the front four returns and two veteran linebackers are on hand. The secondary is an all senior unit which has worked together the last two seasons.

Starters Returning: Mac Lorendo, OT; Jay Casey, OG; Harry Unger, TB; Eddie Welch, DE; Benny Sivley, DT; Mike Neel, LB; Bill Luka, LB; Mike Flynn, LB; David Langer, DB; Dave Beck, DB; Johnny Simmons, DB.

1972 OUTLOOK: Gone are Pat Sullivan and Terry Beasley, but back is a veteran defensive team that should spell trouble a plenty. Eight defensive starters return and they will be carrying the load while the Tigers' young offense tries to gear up early. The schedule will be a toughie with seven 1971 bowl teams on tap. Helping out especially early while the offense finds itself will be kicking specialists Gardner Jett and David Beverly, both All-SEC performers.

Starters Returning: David Bourguin, OG; Luke Stungis, OT; Robert Ford, FL; Bill Stohler, DE; Burl Fuller, S; Randy Peacock, DB.

1972 OUTLOOK: With just six players who started more than half the Cougars' games last season returning, Houston is facing a rebuilding job. But there is plenty of young talent on hand to work with. Sophomores Marshall Johnson and Milton Ward were one-two in the SWC freshman statistics last fall and will be prime candidates to replace graduated Robert Newhouse and Ted Mozisek. The FSU game is number eight for UH and it is probable the Cougars will be rolling by this one.

1972 OUTLOOK: The Hurricane will be working with a new line this fall as graduation took its toll of the offensive front wall. Other improvements looked for are in the running game and punting. Tulsa will have a veteran signal caller in Todd Starks who directed a 21-20 upset of Arkansas last season. Steve Bowling, who gained 100 yards against the Seminoles in his first game as a tailback returns with Mike Ridley and Ed White as running backs to watch.

Starters Returning: Jackie Brown, SE; Dave Cash, OT; Jimmy Privette, G; Bob Roe, DE; Monty Matthews, DE; John LeHeup, DT; Rick Brown, LB; Darrell Austin, OT (now DT).

1972 OUTLOOK: The Gamecock defensive line should be strong, led by tackle John LeHeup and linebacker Rick Brown, but inexperienced personnel will have to man the graduation riddled secondary. Transfer Bill Troup steps into the quarterback spot and a remolded offensive line hopefully can provide improved blocking for him and a group of promising young running backs.

FLORIDA STATE 24, SOUTHERN MISS. 9

MOBILE, ALA. (Sept. 11, 1971)—Larry Jones made his debut as head coach and the Seminoles made it successful with a 24-9 win over Southern Mississippi at "neutral" Ladd Stadium.

Southern jumped in front on a 34-yard touchdown run by fullback Bill Foley in the first period. The lead was short lived, however, as the Seminoles struck for 17 second-quarter points.

A short punt gave the Seminoles the ball at the USM 35 early in the quarter. On the first play, Gary Huff hit Ed Davis at the one. Two plays later Paul Magalski slipped off the right side into the end zone to tie it up.

On the second play after the kickoff, Bill Shaw jumped on a Southerner fumble and the Tribe was in business at the USM 28. A 14-yard Huff to Rhett Dawson pass put the Seminoles out front. Late in the period Frank Fontes missed a 50-yard field goal attempt, but on the first play Charlie Hunt recovered a fumble at the 20. Southern held on three plays and Fontes booted a 31-yard three pointer to give the Seminoles a 17-7 lead at the half.

After a scoreless third quarter, Florida State stretched its lead on a 24-yard scoring run by Art Munroe. Southern got the final points on a safety when the center pass on a Seminole punt attempt went through the end zone.

Scoring Summary: Florida State—Magalski 1 run (Fontes kick); Dawson 14 pass from Huff (Fontes kick); Fontes 31-yard field goal; Munroe 23 run (Fontes kick). Southern Miss.—Foley 34 run (Guy kick); Safety (center snap out of end zone).

FLORIDA STATE 20, MIAMI 17

MIAMI (Sept. 18, 1971)—The Orange Bowl was the setting for a brilliant come-from-behind effort in this regionally televised contest in which Florida State rode Frank Fontes' toe to a 20-17 win.

The Seminoles jumped out in front in impressive style as Eddie McMillan gathered in the Miami kickoff at the 10 and went 90 yards for a touchdown.

Following the ensuing kickoff, Miami marched 63 yards in six plays to tie it up. Chuck Foreman scored on a five-yard run.

The Seminoles put up a strong goal line stand moments later as they held Miami for four downs inside the five. The Tribe could not move out however, and following a punt the 'Canes came back to score on a seven-yard run by Foreman. A field goal as time ran out gave Miami a 17-7 lead at the half.

Each team had only two possessions in the third period and the Seminoles capitalized on both of theirs to tie the game up. The first drive resulted in a 10-yard field goal by Fontes. The second, which culminated in the fourth quarter, was capped by a five-yard Gary Huff pass to Rhett Dawson.

With four and a half minutes left in the game, Fontes was again called on when a Seminole drive stalled at the Miami seven. His 25-yard attempt was good and the Seminoles led 20-17.

Miami threatened twice in the waning minutes. First driving to the FSU 31, where the defense held, then again after recovering a fumble at the Tribe 28. But the Seminole defense again rose to the occasion in the 100-plus temperature of the artificial turf throwing the Hurricanes back to midfield.

Scoring Summary: Florida State—McMillan 90 kickoff return (Fontes kick); Fontes 20-yard field goal; Dawson 5 pass from Huff (Fontes kick); Fontes 25-yard field goal; Mismi—Foreman 5 run (Borowicz kick); Foreman 7 run (Borowicz kick); Borowicz 38-yard field goal.

FLORIDA STATE 30, KANSAS 7

TALLAHASSEE (Sept. 25, 1971)—It was a battle of the unbeaten as unscored upon Kansas came to town for the Seminoles' home opener. The Tribe prevailed with a 30-7 win.

Two Frank Fontes field goals gave the Seminoles an early 6-0 lead, then with 30 seconds left in the first period, Gary Huff hit Kent Gaydos for a 24-yard touchdown.

An interception set up Kansas' lone touchdown in the second period as the Jayhawks cut the Seminoles lead to 13-7. However, Fontes' third field goal gave the Seminoles a 16-7 bulge at the half.

In the third period Huff hit Barry Smith on a 19-yard TD pass, then hooked up with Smith on a record shattering 88-yard "bomb" for the game's final score. Smith took the ball in full stride and raced to the end zone. It surpassed the old record of 86 yards from Gary Pajcic to Ron Sellers back in 1968.

For the night, Huff had an even 300 yards on 17 completions in 34 attempts.

FLORIDA STATE 17, VIRGINIA TECH 3

BLACKSBURG, VA. (Oct. 2, 1971)—Two of the nation's leading passers met in this one which resulted in a total of 40 completed passes, over 600 yards in the air and a 17-3 Florida State win.

The first half was scoreless as the defenses dominated. The Seminoles were plagued by mistakes, losing three fumbles and having one pass intercepted. But the scoring drought ended on the first series in the second half when Gary Huff hit Rhett Dawson on a 24-yard pass.

After the two clubs traded field goals, Huff and Kent Gaydos hooked up on a 63-yard touchdown pass to make the final score 17-3.

Huff finished the afternoon with a phenomenal 21 completions in 25 attempts, good for 374 yards. He was named to the UPI National Backfield of the Week. Dawson caught nine for 161 yards.

FLORIDA STATE 27, MISSISSIPPI STATE 9

TALLAHASSEE (Oct. 9, 1971)—Mistakes again plagued the Seminoles, but the Tribe defense held the Bulldogs in check until the offense could get untracked and lead Florida State to a 27-9 Homecoming win.

The Seminoles opened the scoring on a 43-yard field goal by Frank

Fontes in the first period. After Mississippi State tied it up on a 40-yard boot, Gary Huff passed 37 yards to Barry Smith for a 10-3 lead.

Charlie Hunt's fumble recovery on the MSU 26 set up the Seminoles' second touchdown. Arthur Munroe capitalized four plays later on a one yard plunge.

On the last play of the third quarter, tight end Mike Glass made the first catch of his college career a big one as he received a nine-yard toss from Huff in the end zone.

The Bulldogs' fourth quarter touchdown did little to alter the outcome, but was significant in that it was the first time in five games the Seminoles gave up a second half touchdown.

FLORIDA 17, FLORIDA STATE 15

GAINESVILLE (Oct. 16, 1971)—The Seminoles tasted defeat for the first time, as previously winless Florida played its best game of the season and capitalized on several Seminole errors for a 17-15 win.

The Seminoles took the opening kickoff and drove to the Florida 31 but the drive stalled and Frank Fontes missed a 48-yard field goal attempt. Midway through the period the Gators began a drive at their own 25. With the aid of two critical penalties against the Seminoles and without the help of a pass, Florida marched to the Tribe one as the period ended.

On the first play of the second quarter Mike Rich bulled his way into the end zone. The extra point try was muffed and Florida had a 6-0 lead. The score stood for only one play. Following the kickoff, Arthur Munroe tried to sweep left. Hurling a would-be tackler, Munroe lost the handle. He batted the ball straight up. Florida's Jimmy Barr grabbed it and raced into the end zone. Tommy Durrance caught a two-point conversion pass from John Reaves to make it 14-0.

The Seminoles took the ensuing kickoff and drove to the Florida eight. On third and one, Munroe dove into the line and fumbled. It was the last time in the half that FSU crossed midfield with the ball.

Florida drove to the Seminoles 14, but a bad snap snafued a field goal attempt. The Gators got another try moments later when Munroe fumbled for the third time at the FSU 35. This time the kick was blocked by Richard Amman.

Paul Magalski capped a 73-yard drive with a three-yard run to bring the Seminoles back within seven early in the final quarter. The Gators intercepted a Gary Huff pass at the 35, but could only manage a field goal as the lead went to 17-7.

With Huff hitting on six straight passes for all the yards, the Seminoles drove 63 yards and scored on a six-yard toss to Rhett Dawson. A two-point pass to Dawson made it 17-15 with 3:02 left.

The Tribe defense held and with 2:10 left the Florida State Seminoles had one last chance. Starting at their own 25, the Seminoles drove to midfield. On third and 14, Huff found Dawson on the sideline. He was hit immediately, went down with two defenders and the ball rolled loose at the Florida 24. Officials ruled the pass incomplete and the Tribe was a 17-15 victim.

Statistically the Seminoles dominated the game. The Tribe outgained Florida 170-152 rushing and 198 to 44 in the air.

FLORIDA STATE 49, SOUTH CAROLINA 18

TALLAHASSEE (Oct. 23, 1971)—Quarterback Gary Huff “turned on” in the second quarter as the Seminoles exploded for a 49-18 win over South Carolina. It was an especially pleasing win for Tribe Coach Larry Jones who was a longtime assistant to Carolina mentor Paul Dietzel.

The Gamecocks jumped out to a quick 10-0 lead and appeared ready for their first victory over the Tribe. But in the second quarter, Huff erased all hopes by completing 15 of 23 passes for 227 yards and three touchdowns. He scored a fourth TD that period himself. It was perhaps the best single quarter performance by a quarterback this year.

Following the USC field goal, Huff tossed passes of 18, 23, 13 and finally 32 yards to direct the Seminoles to their first score. Frank Fontes kicked off to return specialist Dick Harris, who fumbled at the Carolina 32. Buzzy Lewis recovered for the Tribe and moments later Huff hit Kent Gaydos with an eight-yard TD toss.

History does not often repeat itself, but again Harris fumbled Fontes’ kickoff and when Eddie McMillan came up with the loose ball at the 35, the Tribe was back in business. After an incomplection, Huff found Barry Smith going down the sideline and hit him with a bomb good for the Tribe’s third score. Fontes missed the extra point.

Harris hung on to the next kick, but the Seminole defense forced a punt. Huff directed an 82-yard drive, capping it with a five-yard sneak for the score. He then passed to Dawson for a two-point conversion as the Seminoles led at the half 28-10.

Florida State continued to roll in the second half. On the second play John Lanahan intercepted a pass and raced 32 yards to a touchdown. After Carolina scored in the third period, the Seminoles added two fourth quarter TD’s for the final margin. The scores came on Huff passes for 18 yards to Gaydos and 22 yards to Dawson.

Huff completed the afternoon with 26 completions in 40 attempts for 366 yards and five touchdowns. He tied a Seminole record for TD passes and set a standard for touchdown responsibility with six (five thrown and one scored). He directed the Tribe to more points than anytime since 1954.

Huff was named “Southeast Back of the Week” by both AP and UPI.

HOUSTON 14, FLORIDA STATE 7

HOUSTON, TEX. (Oct. 30, 1971)—What was billed to be an offensive spectacular in the Astrodome turned out to be a top notch defensive game as old nemesis Houston handed the Seminoles their second loss of the season, 14-7.

It started out as it was billed. Houston took the kickoff and drove 57 yards to a touchdown. Tommy Mozisek did the honors from the one. The Seminoles returned the favor, moving 71 yards in five plays to tie it up. Big play in the drive was a 42-yard pass to tight end Gary Parris. Paul Magalski got the score on a 16-yard pass from Gary Huff.

Late in the first period the Cougars started a drive that would end up with what proved to be the winning touchdown. The drive covered 81 yards in 15 plays and included a critical five-yard run by quarterback Gary Mullins on fourth and four at the FSU 34. Robert Newhouse went the final 16 yards for the score.

The Seminoles threatened several times, but mistakes plagued them and they could not dent the Cougar goal line. Three times Huff was intercepted on or behind the goal line. Another TD pass was dropped.

The Tribe defense did another outstanding job, holding one of the nation's top offenses to 14 points, one of its lowest outputs in years.

GEORGIA TECH 12, FLORIDA STATE 6

ATLANTA, GA. (Nov. 13, 1971)—A stomach virus, critical mistakes and a swarming Georgia Tech defense all combined to virtually shutout the Seminoles, 12-6 and put a crimp in Florida State's bowl hopes.

Quarterback Gary Huff was hit by the virus during mid-week. Although most of the bug had worn off by game day, he was weak. On top of this his receivers were dropping key passes.

The Seminoles got an idea of what things would be like when usually reliable James Jarrett fumbled on FSU's first offensive play. However, Eddie McMillan got the turnover back when he intercepted a Tech pass at the five.

Frank Fontes put the Tribe in front early in the second period with a 22-yard field goal. The three pointer was set up by a 55-yard pass from Huff to Barry Smith.

Fontes had two other attempts from 50 yards away, but was just short each time. The defense meanwhile kept Tech bottled up until the closing seconds of the half. Then a pass interference penalty gave the Jackets new life and they kicked the tying field goal as the clock ran out.

Tech kept the momentum going into the third period. On their first possession they drove 50 yards to the game's only touchdown. Eddie McAshan hit Larry Studdard with a 24-yard touchdown pass for the score.

The Seminoles drove to the Tech 23 and Fontes kicked a 40-yard field goal, but the Seminole offense was stymied the rest of the afternoon by its own mistakes and Tech's hard hitting defense.

Trying desperately to get something going in the closing seconds, Huff was dropped for a safety on fourth down to bring the score to its final 12-6 count.

FLORIDA STATE 45. TULSA 10

TALLAHASSEE (Nov. 20, 1971)—At mid-week Florida State was suddenly back in the bowl picture as representatives from the Fiesta Bowl let it be known the Tribe was their top choice. With the added incentive, the Seminoles returned to form and downed Tulsa's Golden Hurricane, 45-10.

The offense started in a most unusual manner on the first play, Huff called the quarterback draw and went 20 yards. He called it again and got five more. When he started throwing, he found Barry Smith in the end zone for a 7-0 first quarter lead.

Tulsa tied things at 7-7 in the second period. But Huff came back to hit Kent Gaydos with a 16-yard scoring pass and the Tribe led 14-7. The Hurricane put one more scare into the Seminole plans when Sam Henry booted a 47-yard, school-record, field goal on the last play of the half.

The second half was all Florida State. Paul Magalski burst 27 yards up the middle for a touchdown. It was the Seminoles first TD rushing since Huff scored in the second quarter against South Carolina.

Frank Fontes added a field goal and Smith went eight yards with a pitchout for another touchdown, stretching the Seminole lead to 31-10 at the end of the third period.

In the final stanza Huff passed 61 yards to Smith and 13 yards to Gaydos for touchdowns and the final 45-10 margin.

The three officials of the Fiesta Bowl on hand were impressed and an invitation was extended as soon as the game was over. The player vote was unanimous and the Seminoles were bound for their fifth bowl in eight years.

Gary Huff, who was named to the UPI National Backfield of the Week, completed 12 of 20 passes for 285 yards and four touchdowns. Smith had four catches for 125 yards and two touchdowns, plus he scored a third rushing. Magalski ran for 113 yards.

FLORIDA STATE 31, PITTSBURGH 13

TALLAHASSEE (Nov. 27, 1971)—Things did not go well early for Florida State in this one since Gary Huff's first pass was intercepted by Pitt defensive back Bill Adams and returned 42 yards for a touchdown.

It was still 7-0 Pitt at the end of the first quarter, but the Seminoles righted themselves early in the second period when Huff threw a 52-yard touchdown strike to Kent Gaydos.

Three minutes and 45 seconds later, Florida State took the lead for good as fullback James Jarrett climaxed a 64-yard drive by taking a pitchout and circling right end for a 26-yard score.

Florida State cushioned its advantage with a 50-yard drive in four formations. Huff hit Barry Smith for 10 yards and Rhett Dawson for 17. This set up a 23-yard scoring pass from Huff to tight end Gary Parris, his first TD reception of the season.

A pair of Huff to Dawson passes, one for 30 yards and the other for 26, set up Frank Fontes' 41-yard field goal on the final play of the first half.

Midway in the third stanza, defensive back James Thomas intercepted a Pitt pass and returned 20 yards to the Panther seven. On the first play Huff threw his third TD pass, this one seven yards to Dawson.

Pittsburgh drove 77 yards in eight plays for its final touchdown, the payoff being a 26-yard pass from Dave Havern to wide receiver Steve Moyer.

Huff's three touchdown passes gave him the national leadership in that department with 23 for the season. For the second straight game, Paul Magalski gained over 10 yards, picking up 104 against the Panthers. Dawson was the Seminoles' leading receiver with seven catches for 103 yards.

FIESTA BOWL

ARIZONA STATE 45, FLORIDA STATE 38

TEMPE, ARIZONA (Dec. 27, 1971)—This was the very first Fiesta Bowl and folks out in the Valley of the Sun are going to have to go some time to come up with a better one.

Arizona State and Florida State, battled each other touchdown-for-touchdown with the Sun Devils scoring last (with :34 seconds left) to gain the victory. There were 10 touchdowns scored and four field goals kicked.

Gary Huff became a legend in one day as he completed 25 of 46 passes for 347 yards and two touchdowns, earning the Outstanding Back of the Game Award. Rhett Dawson and Barry Smith were the favorite targets with eight catches each, while Kent Gaydos caught five.

The game was played in ASU's Sun Devil Stadium and the home club brought the fans to their feet scoring the game's first touchdown. But Huff and Co. struck back and by the end of the quarter, FSU led 10-7.

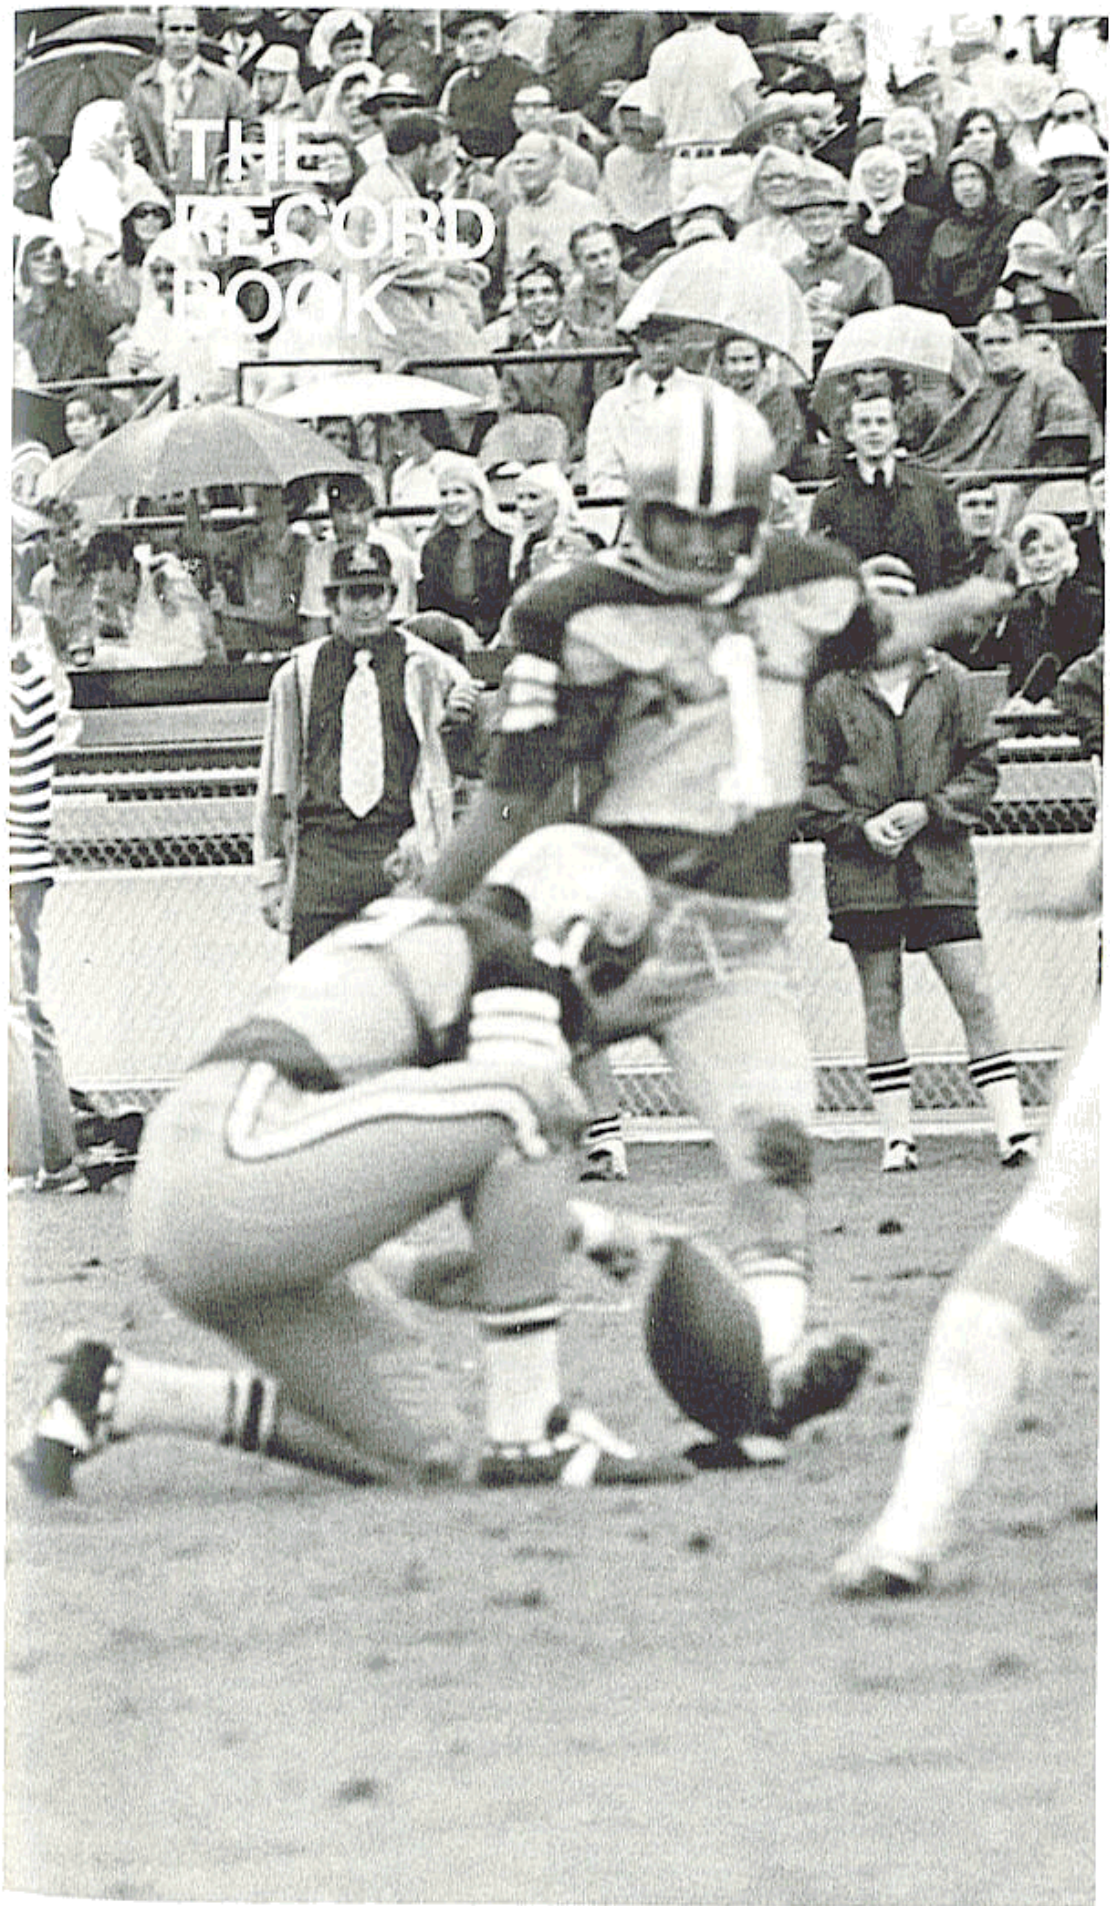

The second quarter was a real donnybrook. ASU scored early in the period to take a 14-10 margin. The Seminoles came back with a Frank Fontes field goal and a Gaydos to Dawson halfback pass followed by a two-point conversion to go in front, 21-14.

With :49 seconds left in the half, ASU scored to tie it up. For most people that would have been enough, but Huff directed the Tribe on a letter perfect, 71-yard, 38-second, four-play drive for a 28-21 halftime margin.

The Sun Devils took the lead in the third period, scoring 10 points and holding the Seminoles scoreless. The Tribe came back to tie the score twice in the fourth stanza, the final time with 4:44 remaining. But there were no FSU miracles in the 34 seconds following the Devils' final TD.

MISCELLANY

NATIONAL SEMINOLE CLUB

The National Seminole Club is a program of voluntary support designed to provide funds to pay the educational expenses of the Seminoles' student-athletes participating in all sports. As such it is one of the most fundamental and important programs within the athletic department.

Executive Director for the group is Jim Olsen and president for 1972-73 is Kim Hammond, former Seminole football star and pro quarterback.

Formed in 1971, the National Seminole Club supersedes all other athletic fund raising groups and presents one combined effort to raise funds in behalf of all intercollegiate, NCAA sanctioned athletics at Florida State.

"Our main purpose," says Director Olsen, "is to contact and organize those friends of Florida State who are genuinely interested in helping it become a great University."

Individuals interested in more information concerning the National Seminole Club should write Jim Olsen, Room 100 Tully Gym, Florida State University, Tallahassee, Florida 32306.

THE MARCHING CHIEFS

One of the nation's more outstanding marching bands, the Marching Chiefs are an integral part of all Florida State home games.

The 200-piece band has won acclaim from all parts of the nation. They have made appearances on regional and national television and appeared in bowl games from Jacksonville to Texas. In 1970 they were runners-up in the ABC-TV National Band contest.

The Chiefs, who are under the direction of Richard Mayo, will be displaying an all new "look" this year with brand new Garnet and Gold uniforms. This will be Mayo's fourth year with the Chiefs and his second as director.

Working with Mayo will be Charles Carter, whose musical innovations and arrangements keep Seminole fans at their seats throughout the halftime performance. Assisting with the band's direction will be Wes Collins, a former director of bands in the Dade County school system. Graduate assistants working with the Chiefs this year are Bill Hinkle and Jody Google.

The band's field leader is Drum Major Tom Drick, a junior from St. Petersburg. The featured twirler is Mike Moore from Daytona Beach. Kerry Stoms leads "the most beautiful forward wall in football"—the Seminole Majorette Corps. The 15 girls who form this prize winning unit come from as far as Texas and Ohio.

MEMO TO THE MEDIA

This handbook has been prepared by the Florida State University Office of Sports Information to assist you during the Seminoles' 1972 football season. For additional information contact:

LONNIE BURT or **HANK SCHOMBER**
Director of Sports Information Assistant SID

Room 200 Tully Gym
Florida State University
Tallahassee, Florida 32306
Area Code: 904
Office Phone: 599-2790

Home Phone: 385-4480

Home Phone: 576-8922

FACILITIES: Florida State's press box is located on the west side of Doak S. Campbell Stadium with elevator service from the ground to all three of its levels. All media representatives and scouts are asked to enter through the Press Gate adjacent to the elevator.

- (1) **RADIO-TV DECK** consisting of eight booths for radio, television and public address; photographic dark room and wire photo facilities and open balconies on either end.
- (2) **PRESS DECK** with space for 90 working press and scouts; Western Union and telecopier space. Also photographic darkroom and wire photo space. Glass enclosed.
- (3) **PHOTO DECK:** offers an unobstructed view for movie and still cameras. Photographers are also allowed on the sidelines. Film loading room adjacent to photo deck. Additional darkroom facilities can be provided at the stadium.

RESERVATIONS: Space for working press, Radio, TV and scouts will be issued by the Sports Information Office. All requests should be directed to that Office. Requests must be made early enough to allow time for mailing. WESTERN UNION, as of June 1, was still expecting to transmit copy directly from Campbell Stadium via Telex. Arrangements for this service should be made directly with Western Union in Tallahassee. Press Deck space will also be made available for **TELECOPIER SERVICE**. Arrangements for phones for such service should be made directly with SOUTHEASTERN TELEPHONE COMPANY in Tallahassee. When ordering a phone for such service, **ask to have it located in the Telecopier area**. No telecopiers will be permitted on the press table, either during or after the games.

SERVICE: Play-by-play, first quarter, halftime and complete final statistics are provided. Play-by-play announcements are broadcast on the press deck. When possible, post game comments from coaches and players are made available. Refreshments are available on all decks. Individuals will also be made available for work as spotters and/or telecopier operators if requests for the same are made at least five days prior to the game.

PARKING: Special parking is available at the stadium. Permits are issued on a game to game basis. They are distributed by the Sports Information Office and requests should be made at least two weeks in advance of a given game.
