OUTLOOK

Garnet and Gold Prospects

What is the state of the Florida State football program as the 1977 season begins?

The best person to answer that query is second-year head coach Bobby Bowden. And, he gives a very interesting answer.

"You know what they say...it's not too far from the penthouse to the outhouse. Well, it's not too far from the outhouse to the penthouse, either.

"I think Florida State football is definitely out of the outhouse."

Right now Florida State fans consider anything better than .500 the penthouse, and if so, they could reach such lofty living this season. The improvement in the Seminole program began last year with a 5-6 record that included three consecutive victories at the conclusion of the campaign.

Bowden is the first to wave the caution flag though.

"We have made great strides so far and I think they are obvious," Bowden says. "I think the biggest mistake our fans and friends of Florida State can make is to start predicting greatness for this team.

"Yes, we had a lot of freshmen who played last year, but that does not make them veterans.

"I think we have the ability to be exciting. There is excitement here now. The big thing is that we are heading in the right direction. I now have kids with great pride. I would like to think the losing atmosphere is gone for good.

"Physically, I can't see anybody on the schedule we can line up even with. We may have better skilled people than some of the teams we play, but football games are won across the line of scrimmage.

"We'll be an improved football team, and we definitely have the chance to be exciting."

What should make the Seminoles exciting are the folks who will be playing at the skill positions—quarterback, receivers and running backs.

It starts at quarterback where sophomore Jimmy Jordan won the duel for the No. 1 slot during a heated spring battle with another sophomore, Wally Woodham, and senior Clyde Walker, the 1975 starter.

Jordan, like Woodham, a Tallahassee native, excited Seminole fans last year during brief appearances. He earned most of his recognition when he guided the Garnet and Gold during its last two series against Florida, completing six of 13 passes for 109 yards. He also had FSU on the Florida nine-yard line when the game ended with the Seminoles trailing by just seven points, 33-26.

Jordan helped fan the fires when he and another Tallahassee product, Kurt Uuglaub, connected for a 96-yard TD pass in the final game of the season against Virginia Tech.

"I wish that Jimmy Jordan had another year of experience under his belt," Bowden says. "Jimmy has the chance to become a truly great quarterback. All he lacks is experience."

Unglaub had a brilliant freshman year—33 catches for 665 yards (20.2 yards per catch) and four touchdowns. Those statistics are better than the ones compiled by the legendary Fred Biletnikoff, last year's Super Bowl MVP, during his first season as a Seminole.

"In the first five games of the season I don't think Kurt, as a freshman, was really sure what he was doing out there," Bowden says. "But I thought Unglaub ended the season as the best around. Kurt isn't what you'd call a 'Flier,' as far as speed is concerned, but I wouldn't trade him for any other college receiver."

Unglaub isn't the only veteran receiver. Also back from last fall are Jackie Flowers (nine catches for 160 yards and one TD, plus Mike Barnes (8-194-1).

And, returning to the squad following a one-year absence for disciplinary reasons is Mike Shumann, who has caught 102 for 1625 yards and 10 touchdowns.

Thus it appears that the pass will dominate Seminole football offense like it did in the '60s when Bill Peterson was the head coach and Bowden was one of his assistants.

"We'll have to throw," says Bowden: "Jimmy Jordan is an exceptional talent throwing the ball, and though Unglaub, Flowers, Shumann and Barnes don't have excellent speed, they can get open. The pass is what we have so we'll flaunt it."

Not to be overlooked is the running game where Florida State's all-time leader, Larry Key, returns after gaining 1836 yards in three seasons. That included 742 in 144 carries last year—154 in the final game vs. Virginia Tech. Key continued that high level performance during spring drills when his work earned him most valuable player honors.

Key's runningmate in the backfield will be sophomore, Mark Lyles, who gained 268 yards last fall while plunging into the line 72 times.

The problem area with the offense is the line where seven of the first 10 players tackle to tackle from last fall have departed.

"Our offensive line does not have the quickness and agility it takes to win in the league we're in," Bowden says. "We've tried 15 guys tackle to tackle and moved guys from here, to here, to here."

Fall practice will begin with Mike Good and Tom Rushing at tackles, Wade Johnson and Bruce Harrison at guards and Cedric Wyatt at center.

A better segment of the team this year is expected to be the defense, which had its problems in '76, yielding 23.5 points per game.

"The defense dominated the offense pretty good this spring," Bowden relates. "There wasn't a scrimmage where the offense took it to the defense and went right down the field."

Nine defensive starters are returning. It would have been 10 but scholastic difficulties have sidelined promising tackle Gary Rose.

"Defensively we won't be big," says Bowden. "We'll rely on speed."

The defensive unit will be anchored by veterans Willie Jones and Scott Warren at the ends. Jones was an 11-game starter last season while Warren moved into a starting slot at Oklahoma, the third game of the season. Those two also have good backups in newcomer Ken McCranie and Edenbur Richardson. McCranie, a freshman, graduated from high school in December and has the advantage of participating in spring practice with the Seminoles.

Walter Carter, who started seven games last fall, will team with Jeremy Mindlin at the tackles. Their backups include a converted offensive lineman, Mark Meseroll, and Paul Phillippy, who saw limited playing time in '76.

A former defensive tackle, Abe Smith was moved to noseguard in spring practice and earned the number one slot ahead of Fred Igaz, a transfer from Santa Barbara (Cal.) Junior College.

Last year's noseman, Jimmy Heggins, who participated in 914 plays, the most of any Seminole, has been moved to one linebacker slot while the other is slated to be manned by Aaron Carter, who has been selected as one of five captains who will guide FSU this fall. Slated as backups at these positions are Mike Stewart and Arthur Scott.

Four veterans—Bobby Jackson, Mike Kincaid, Nat Terry and Ivory Joe Hunter—man the defensive backfield slots. Jackson and Hunter are slated for duty on the corners with Kincaid at strong safety and Terry at weak safety.

One of the Seminoles main problems appears to be depth.

"You know we had 33 seniors last year," Bowden says. "They were not all starters but they did give us depth and experience.

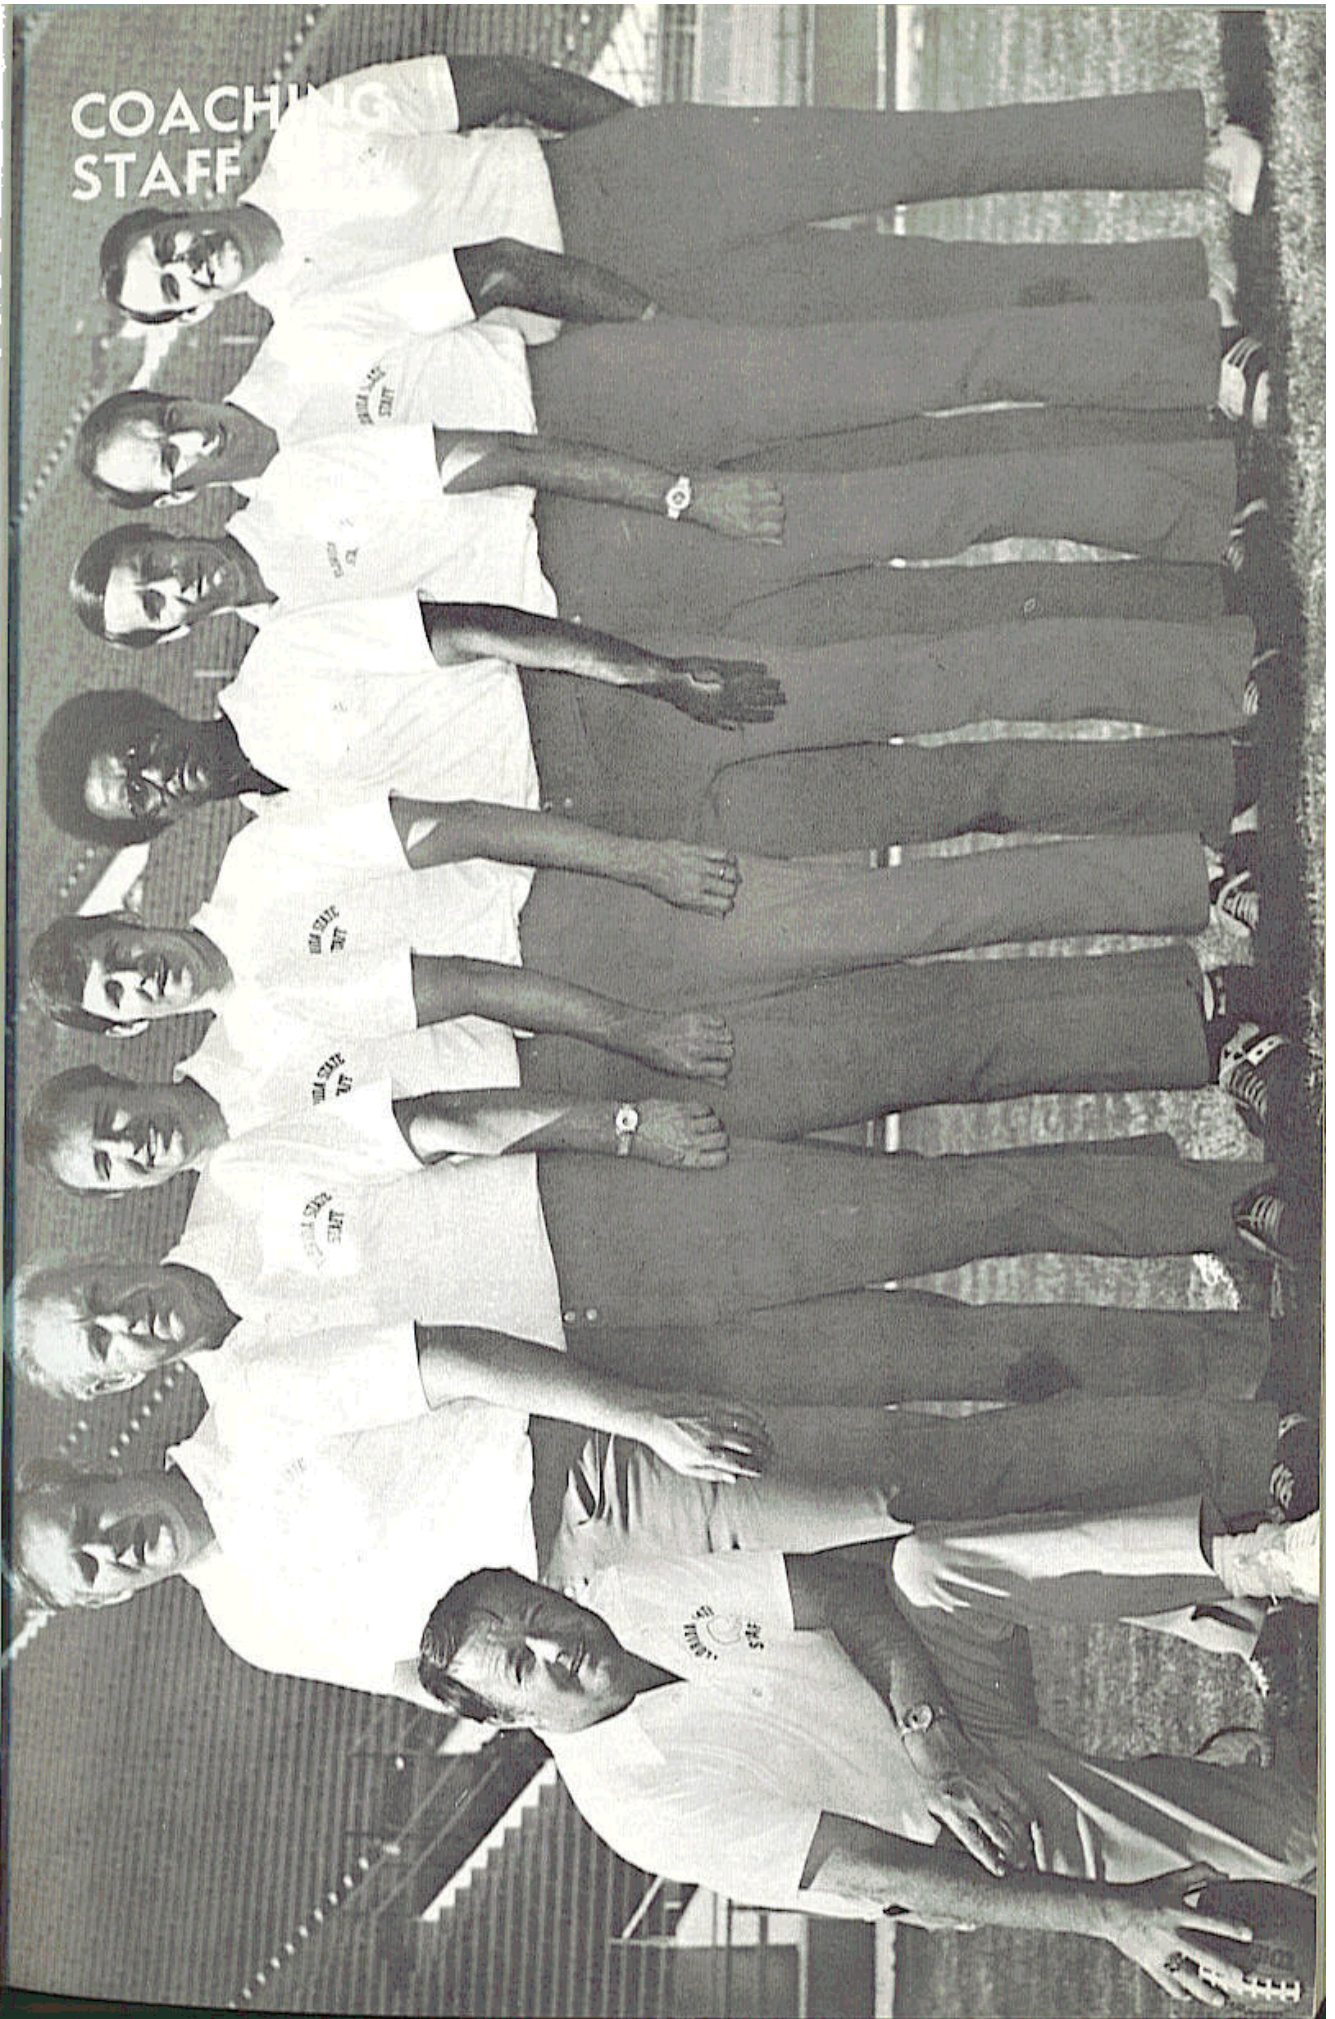

"Now our depth will have to come from freshmen and sophomores. We will be three times younger than we were last season, can you believe that? Three times younger!

"We will have three or four freshmen who can play for us."

So what does Bowden think will make the difference this season in the Seminole rebuilding program.

"I think it rides a lot on how 'lucky' we are going to be," says Bowden. "If we can be lucky like we were in some of those come-from-behind wins last season we're going to have a respectable football team."

COACHING
STAFF

BOBBY BOWDEN

Head Football Coach

A firm but fair person.

That is the way Florida State head football coach Bobby Bowden would like his players to remember him once they've graduated.

"I would like to think they would feel I've been fair," says Bowden who will guide the Seminoles for the second time in 1977. "I'm not interested in being liked. If a young man becomes a better person or better football player because I've irritated him a little I've accomplished what needs to be done."

Bowden has had a history of success in his previous stops. He had head coaching experience at four year schools, Howard (now Samford) and West Virginia, before agreeing to take the assignment of rebuilding the Florida State program in January, 1976. Prior to 1977 his overall record is a nifty 78-38, a .672 winning percentage which ranked 11th among major college head coaches.

His first year wasn't a major success—five wins in 11 outings, but Seminole fans saw hope for the future. After losing the first three games, the Garnet and Gold finished the campaign with three consecutive wins (five in eight games) and now enter 1977 with the longest winning streak among major Florida colleges.

"You vote for your coach of the year and we'll vote for ours: Bobby Bowden of Florida State ... Taking the Seminoles to 5-6 in our book tops Johnny Majors taking the Tony Dorsett Pan-

thers to No. 1."—Rex Edmonson, Jacksonville Journal Sports Editor

"Judging from Bowden's progress in his one year and one spring, FSU is closer to being what it once was than it has been." — Tom McEwen, Tampa Tribune Sports Editor

"...Bowden will do okay. I think Florida State has found its man."—Hubert Mizell, St. Petersburg Times Sports Editor

That first Bowden-coached Seminole squad reflected his coaching philosophy.

"I believe in blocking and tackling," says the 47-year-old Birmingham, Ala., native. "Everything else in this game is irrelevant. Blocking and tackling will cause wins."

Winning means a lot to Bowden, an avid golfer, who since moving to Tallahassee has improved his game to the point where he now consistently shoots in the 70s.

"I don't believe in playing without a scoreboard," says Bowden. "I don't feel there is any accomplishment with a tie. I think if one of my teams was

playing Notre Dame for the national title and I had the choice of winning or losing or going for the tie, I would go for the win."

National championship is not a term that has been mentioned with a whole lot of frequency in the last few years at Florida State. Even Bowden mentions it cautiously.

"A national championship is the ultimate in coaching, but I have to be realistic," says Bowden. "Every year we set new goals with our team. Here at Florida State our first objective is going to be landing a spot in the top 20. Then comes a bowl bid.

"After getting past those goals we can begin worrying about the Top 10. Then everyone can think about competing for the national championship. But, at Florida State we first need to think about building up enough of a winning record to get in the Top 20.

Bowden is more than just a football coach. He is also a deeply religious individual who admits that "God is an integral part of my life. I look to God for guidance but firmly believe God helps those who help themselves. Man must help himself, but also seek guidance."

During the off-season when he's not on the road recruiting,

Bowden can often be found at a church podium in Tallahassee or one of the surrounding communities.

"Coaching is a bigger challenge but not as important," says Bowden. "I hope in those sermons that I can say one thing that might help a youngster in the audience. I like speaking to young people. I like to tell them that every human being has a place on earth based on the talents given by God. I tell the youngsters that their goal in life should be to use those talents to the best of their capability."

In addition to his head coaching positions at South Georgia Georgia Junior College, Samford and West Virginia, Bowden served as an assistant at Samford, Florida State and West Virginia. He was assistant football coach and head track coach at Samford for two seasons in 1954-55. From 1955-58, he was athletic director and head football coach at South Georgia Junior College.

In 1959, he returned to Samford and in four seasons his teams built a 31-6 record.

Bowden was tapped by Florida State head coach Bill Peterson to coach the Seminole offensive ends in 1963. It was off to West Virginia in 1966 as the offensive chief for the Mountaineers. Bowden was named head coach at West Virginia in 1970. His first team finished with an 8-3 mark, breaking 19 school records. The 1971 team was 7-4 and the 1972 squad finished 8-3 and earned a Peach Bowl invitation. In '73 and '74 the records fell to 6-5 and 4-7, but in 1975 the Mountaineers rebounded to an 8-3

record and added an upset win over North Carolina State in the Peach Bowl.

Born on November 8, 1929, Bowden attended Woodlawn High School in Birmingham and was a Little All-America quarterback at Samford University. He holds a bachelor's degree from Samford and a master's from Peabody College. He married his childhood sweetheart, the former Julia Ann Estock and they have six children.

The Evansville, Ind., native came to Florida State in 1960 and lettered three years for the Tribe. He played offensive guard, middle guard and linebacker.

After receiving his degree in 1965, Bruner became an assistant coach at Daytona Beach Mainland High School for two seasons.

He went to Kansas State in '68 as a graduate assistant under ex-Seminole Vince Gibson before joining the varsity staff as the offensive line coach a year later.

Gladden attended William Jewell College in Liberty, Mo., and was an all-conference end before graduating in 1962.

Gladden then spent three seasons as an assistant football coach in the Kansas City and St. Louis areas before moving to Kentucky where he was selected High School Coach of the Year in 1970.

He spent the 1972 season in Tennessee before taking over at Brooksville, Fla., High School for two seasons prior to joining the Florida State staff.

During Gladden's prep coaching career his teams were honored with six all staters and one All-American. He coached three bowl teams and guided two squads into the state playoffs.

Haffner, a three sports standout in high school, signed a football scholarship with Notre Dame and lettered two seasons before going into military duty. After his discharge from the Army, he transferred to McNeese State where he graduated in 1966.

Haffner began his coaching career at McNeese later in '66 as the quarterback-receiver coach and spent two seasons coaching at Lake Charles (La.) High School before joining Johnny Majors' staff at Iowa State in 1969.

He became offensive coordinator at Iowa State in '71 and followed Majors to Pitt in 1973 in the same capacity. While at Iowa State and Pitt, Haffner's offensive teams helped the schools gain four bowl bids and he coached such offensive greats as Tony Dorsett.

George and his wife, Norberta, have two children.

BOB HARBISON
Indiana '48

Begins 29th Season on Staff

Bob Harbison joined the Florida State football staff in the fall of 1948 and is in his 29th season with the Seminoles as an assistant coach.

During his tenure at Florida State, Harbison has coached both offense and defense, has been to all eight bowl games and is now serving under his seventh head coach. He previously worked under Don Veller, Tom Nugent, Perry Moss, Bill Peterson, Larry Jones and Darrell Mudra.

Over the years he has developed many outstanding offensive and defensive linemen. His 1964 line, tabbed the "Magnificent Seven" was considered by many to be FSU's finest.

A graduate of the University of Indiana, Harbie played offensive end and defensive line for the late Bo McMillin and finished his collegiate career with a performance in the Blue-Gray game.

Bob and his wife, Jane, have four children.

GEORGE HENSHAW

Following his graduation in 1970, Henshaw became a graduate assistant at WVU and in 1972 coached the Mountaineer junior varsity to a 3-1 season.

He is married to the former Kathleen McConnell.

GENE McDOWELL

Florida State '63

McDowell, in his second stint at FSU, has 14 years experience as a collegiate, high school and military coach. After his discharge in 1965 he returned to Florida State as a graduate assistant before taking over the reigns of the freshman team for two seasons. He spent the 1968-69 campaigns as the Seminole's recruiting coordinator for coach Bill Peterson.

McDowell spent the next four seasons as a receiver and defensive end coach at Kansas State for FSU alumnus Vince Gibson.

In 1974 he returned to Tallahassee to coach the Tribe's defensive ends and remained on the staff, coaching the linebackers for Bobby Bowden.

A native of Quincy, Fla., McDowell lettered three years at Florida State and was named to the Associated Press' third team All-America after his senior year. He was also honored that year by the Daytona Beach Quarterback Club as the state's most outstanding player.

Schoolfield graduated from FAMU in 1970 and spent the next year in professional football, splitting his time between the Boston Patriots and the Pottstown Firebirds.

Then came a two year tour of duty in the Army before he returned to his alma mater in 1973 as a graduate assistant in football and track.

He soon moved to George Washington University for one season before returning to his alma mater, North Carolina State, as an assistant for the next five years.

Stanton was lured to Tallahassee in 1973 to become the defensive backfield coach at Florida State but left after one campaign to join the University of North Carolina staff.

POINT OF PRIDE!!

SEMINOLE FOOTBALL: A POINT OF PRIDE

By Bill McGrotha

Tallahassee Democrat Sports Editor

In all of Florida State's 30-year football history there was never anything quite like it.

It ranged beyond the mere dramatic, bordering on the incredible.

Consider the circumstances.

The Seminoles, with three games remaining in the season of '76, stood 2-6 in Bobby Bowden's first year as head coach. Just behind was a galling 15-12 loss to Clemson.

It was Homecoming at Florida State. With only 11½ minutes left in the game the Seminoles trailed Southern Mississippi 27-10. Many grumbling, sorely disappointed fans had already left Campbell Stadium.

Then it happened. In an amazing span of seven minutes and 23 seconds of playing time Florida State shot in front to stay 30-27.

If it was not a one-man show, it was close to that.

With 11:28 left, Rudy Thomas, the senior from Quincy, tore loose on a determined 10-yard scoring run. That cut the score to 27-17.

With 6:53 to go, it was Thomas again, on an exceptional 4-yard scoring run, again ripping over defenders. That made it 27-24.

And, with 4:05 left, Thomas took a screen pass, behind the line of scrimmage, from Jimmy Black and rambled 95 yards for the winning touchdown.

But that was just part of the Seminoles' astounding turnaround at the close of the '76 season.

Next week saw the Seminoles playing at North Texas State in strange circumstances. A blanket of snow, four to five inches deep, covered the field at Denton, Texas. Many Seminoles had never seen snow, much less played in it.

Florida State came from 7-0 behind to lead 13-7, with Black uncorking a 91-yard scoring pass to freshman Kurt Unglaub in that snow. Down again, 20-13, the Seminoles won it 21-20 with a touchdown as the clock showed 2:13 left.

Then, in a closing game in Tallahassee against old-nemesis Virginia Tech, Florida State won 28-21 with freshman Jimmy Jordan throwing a 96-yard scoring pass to Unglaub with 5:45 left. Earlier, Larry Key had dashed 97 yards to a touchdown on a draw play.

In those final three games the Seminoles had four scoring plays from scrimmage of more than 90 yards. The four: (1) Black's 95-yard screen pass to Thomas, (2) Black's 91-yard pass to Unglaub, (3) Key's 97-yard dash, (4) Jordan's 96-yarder to Unglaub.

Never before, in 30 seasons of football, had the Seminoles had ONE scoring play from scrimmage as long as 90 yards!

Nevertheless, there was much that was dramatic, much that reflected a wide-open brand of exciting football in the Seminole past.

Football got started at Florida State on a point of pride.

It was just after World War II. Many would-have-been students had gone to war as 18-year-olds. Colleges were swamped by returning veterans. There was no room for them all.

One of the multiple developments that came about was the evolution of Florida State into a co-educational institution — and the quick birth of modern football at the school.

In one form or another, however, Florida State had been around for a long time, since 1857 when it was first the Seminary West of the Suwannee. By 1861 it was Florida State College. In the year 1901 Florida State played its first football, and the schedule included winning games against a school that would become the University of Florida.

The scores and records of those early days are clouded, but Florida State continued with football through 1905. The passage of something called the Buckman Bill in 1905 meant wholesale change in Florida higher education. Florida State College became Florida Female College, and retained that name until 1909 when it was rechristened Florida State College for Women.

After World War II the school became part of the answer for those returning veterans. Briefly, there was the Tallahassee Branch of the University of Florida, set up on what was called West Campus — previously the site of Dale Marby Field, where Air Force pilots were trained during the war. FSCW remained intact a couple of miles away, but the TBRUF boys attended classes on that campus.

Florida State University was born, by act of the state legislature, in the spring of 1947. And by September of that year Florida State had its first football team of modern time.

In a nutshell, football came to Florida State because those returning veterans demanded that it come — and as a point of pride. The student body, the townspeople promptly rallied around the cause. That rallying hasn't stopped yet.

Reflecting that early pride was a famed cheer. One story has it that the origin was an impromptu one, with an exuberant veteran rising to his feet in the stands during one of the first games and yelling: "FSU one time! FSU T-W-O times! FSU T-H-R-E-E times! FSU A-L-L the damned time!" The stirring yell continues unchanged, and has been copied by other schools.

Florida State's first coach was Ed Williamson, a Tallahassee native who played football at University of Florida. He agreed to take the job for one year only. A five game schedule was hastily drawn up. The Seminoles started proudly, losing an opening game 14-6 to Stetson in downtown Tallahassee, at old Centennial Field (a block from the State Capitol). Stetson was pretty good in those days, and fans quickly came to expect too much too soon. FSU scored only two touchdowns the rest of the way, and lost the remaining four games. Williamson resigned, as he had said he would, at season's end.

Florida State hired as his successor Don Veller, a soft-spoken gentleman and scholar who had a doctorate and a distinguished

SEMINOLE FOOTBALL: A POINT OF PRIDE

football background. He had been a whiz running back for the University of Indiana under the great coach, Bo McMillan.

Operating with a formation called the Cockeyed-T, Veller quickly got Florida State football on the road. His first season was 7-1, his second 9-1, his third 8-0 and his fourth 6-2. Hard-nosed combat veterans contributed significantly to those proud showings.

Moving toward the bigtime, Florida State started playing tougher opposition. In 1952 the Seminoles really moved into high cotton, and the result was a disappointing 1-8-1 record. Veller resigned, but remained at FSU in a prominent physical education role. He's still there. His overall FSU coaching record was 31-12-1, and it remains unmatched.

Along came Tom Nugent as the next coach. An imaginative man, a showman, Nugent brought with him a capacity for creating excitement. He also brought with him the "I" formation that many years later was to become so popular all over the country.

Nugent's 6-year record was 34-28-1 at Florida State. In his second year the Seminoles went 8-3 and earned an invitation to play in the Sun Bowl.

Among those who went to the Sun Bowl, after that '54 season, was a freshman running back name of Buddy Reynolds. A better than average runner, Reynolds got hurt in an auto accident soon

after. Later, after starting his acting career, Buddy (Burt) Reynolds was ready to give it all up for another fling at Florida State football. But after a brief period—he had a little problem playing defense in a day you had to go both ways—Reynolds returned to Hollywood and moved on to box-office fame.

Stars of the Nugent years were many, among them quarterback-halfback Lee Corso (now head coach at Indiana), and the notable triple-threat Bobby Renn, still generally regarded as the best all-round back in Florida State history.

Nugent's last year, 1958, was a memorable one. The record was 7-4, but it included a thundering 10-0 upset of Tennessee in Knoxville—one of the two or three biggest victories in Florida State history. It also was the first year that Florida State played Florida.

Maryland lured Nugent away, and the Seminoles hired Perry Moss, a Tulsa-reared former quarterback who had served as an assistant at several schools. The 4-6 season of 1959 was a depressing one. The word leaked prior to the Homecoming game against William & Mary that Moss would leave to accept a lucrative offer in Canadian pro football, at Montreal—and the Seminoles were victims of a 9-0 upset that day. Still, with many players hurt, with morale supposedly shot, the Seminoles closed with a gutty 18-8 loss to a vastly superior Florida team.

Then came Bill Peterson as coach, and Florida State's most interesting decade of football. An Ohio native, Peterson had served under Paul Dietzel at Louisiana State in years that included a national-championship one in '58.

Peterson set out to "establish a defense" at Florida State, and did. Playing Florida the first six years of the series in Gainesville, Peterson's first two teams lost down there 3-0 and tied 3-3. Those games rather typified an all-out defensive style. In '62 the Seminoles tied Kentucky, Georgia Tech and Auburn, beat Georgia 18-0 and finished 4-3-3, with defense much the name of their game. That battling team of '62 remains one of Peterson's favorites.

By '64 the Seminoles were rolling on offense—and now Peterson had made a vow to "throw the football—even if I have to fire every coach on my staff." And no team in college football over the next seven years threw the football as effectively as those Seminoles.

In spring practice of '64 a lanky quarterback named Steve Tensi threw to a quick and graceful Fred Biletnikoff... so often it became monotonous.

That fall, prior to the first kickoff, defensive players—the seven closest to the line of scrimmage—decided to shave their heads and proclaim themselves "The Seven Magnificents." Avery Summer, a tackle, instigated the move. (During the season that followed, the seven got so much attention players in the secondary came to dub themselves "The Forgotten Four.")

With high dedication, Florida State shut out its first three foes of '64. In the fourth game, Kentucky—unbeaten, untied, ranked No. 4 in the nation—came to town. Florida State startled the football world by clobbering the Wildcats 48-6.

SEMINOLE FOOTBALL: A POINT OF PRIDE

That game is rated by many as Florida State's greatest victory.

But "The Seven Magnificents" cried after the game—because Kentucky had managed to score on them after recovering a fumbled punt down deep near game's end.

The Seminoles' passing game that day was peerless. For the remainder of the season it was much—in Peterson's words—"like stealing." The regular season ended 8-1-1, the lone loss to Virginia Tech, the tie with Houston on a day when Biletnikoff was hurt. The Seminoles took their first-ever victory over Florida 16-7, with Biletnikoff scoring on a Tensi bomb and Les Murdock kicking three field goals.

Florida State capped that big year by taking Oklahoma apart in the Gator Bowl 30-17 as Biletnikoff caught four touchdown passes. (Still catching 'em with the pro Oakland Raiders, Biletnikoff was acclaimed the game's most valuable player after the last Super Bowl.)

Another rather unbelievable season came in '67. Following a crushing 33-13 opening loss at Houston, the Seminoles tied Alabama 37-37 in Birmingham—surely one of the great football games of all time.

It was another sensational passing combination—Kim Hammond to Ron Sellers—that got the job done. ABC-TV was doing a documentary on Alabama Coach Bear Bryant at the time. The shocking tie at FSU hands took up much of the film that was later shown on national television. There was a memorable moment when a stunned Bryant, his team down 14-0, was hollering to his players: "What's going on out there—what the HELL is going on out there!"

With Sellers and Hammond doing their big thing, Florida State won the last seven games of '67, then tied Penn State 17-17 in the Gator Bowl.

Going 8-2 in '68, the Seminoles again got a bowl bid, playing LSU in the Peach. That was the fourth bowl for Peterson in a 5-year span.

In 1969 the record was 6-3-1 and in '70 it was 7-4. Peterson resigned after the year to become head coach and athletic director at Rice.

The Seminoles hired Larry Jones, another former Paul Dietzel aide, as the new coach. In 1971, with Gary Huff throwing to Barry Smith, Florida State finished a strong 8-3 and played Arizona State

BILL PETERSON

LARRY JONES

DARRELL MUDRA

in the first Fiesta Bowl, falling 45-38 in an extraordinary offensive battle.

In '72, with high expectations, the Seminoles won their first four. Then injuries took a heavy toll. The final record was 7-4, with South Carolina springing a 24-21 upset at the end and knocking the Seminoles out of a Peach Bowl bid.

Disaster came in '73. The Seminoles won none. It was a combination of many things that wrought an all-losing season, including the graduation of several pro-type players. But it stemmed notably, many feel, from an unsettling aura of ill publicity prior to the season's start.

Jones left after that season. Darrell Mudra, with a successful background at smaller schools, was hired. Mudra teams went 1-10 and 3-8. A highlight, reflecting familiar Seminole pride, was a first-year loss at Alabama 8-7. It was a stunner that Florida State not only could have won but, in the view of most, should have won.

When Mudra departed after the '75 season, Bowden was hired. Notably successful as head coach of West Virginia, Bowden had strongly wanted to return to Florida State where he had served as an assistant under Peterson for three years.

Bowden's dramatic first-year showing included a 28-9 upset of then-unbeaten Boston College up there, and an "almost" victory over Florida—the Seminoles lost 33-26. Larry Key put himself in the Florida State's record book as the leading Seminole ground-gainer of all time as he racked up more than 700 yards in his junior season.

It says something favorable about Florida State that Bowden would leave West Virginia to come here. Something favorable is also said in the fact that four former coaches—Williamson, Veller, Peterson, Mudra—live in the Tallahassee area. Nugent returned here to live after his coaching time at Maryland, but now is associated with Florida Tech in a public relations role. Moss is now on the staff of the University of Kentucky, and Jones on that of the University of Kansas.

One of Bowden's top aides is Bob Harbison, a fixture at Florida State. He's served with every head coach except Williamson, the first one. Harbison has been associated with 28 of the Seminoles' 30 seasons.

Florida State's 31st year of football will be a continuing point of pride with those World War II veterans who started it all. Most of them are still around, too.

MEMPHIS STATE 21, FLORIDA STATE 12

MEMPHIS, TENN., SEPT. 11—Four turnovers and 82 yards in penalties plagued Florida State as it bowed, 21-12, to Memphis State before 30,194 at the Liberty Bowl.

A Memphis State miscue—fumbled punt—helped the Seminoles gain a 3-0 lead. Freshman Dave Cappelen got the points with a 31-yard field goal. The Tigers, however, strung together 21 points in the second and third quarters.

Larry Key gave FSU its first TD of the season in the fourth quarter. Cappelen booted the PAT and a safety with 25 seconds remaining narrowed the gap.

Florida State's offense was balanced—139 yards rushing and 112 passing. Top rushing honors went to Rudy Thomas, who gained 55 in 15 carries while Key collected 43 in nine. Quarterback Jimmy Black threw for all the passing yards, completing eight of 15. Tight end Ed Beckman was his favorite target, catching five for 60 yards.

The game marked Bobby Bowden's debut as head coach for the Seminoles. It was the fourth consecutive year, however, where the Garnet and Gold bowed in its opening game.

MIAMI, FLA., SEPT. 18—Miami scored on nine of its first 10 possessions and dumped Florida State, 47-0. The loss was the second in as many games for the Seminoles while the game served as the season opener for the Hurricanes.

Miami rolled up 17 points in the first 15 minutes and had a 31-0 cushion by halftime. The Hurricanes added nine more points in the third quarter and seven in the fourth.

A Seminole turnover in the first 18 seconds set up the first Hurricane score. After Miami had recovered a Florida State pitchout at the Seminole 16 it took just two plays for the Hurricanes to notch their first score.

Turnovers again plagued the Garnet and Gold. Miami benefited from three fumble recoveries and also intercepted two passes.

Miami used every player on its bench. The Hurricanes employed 11 runningbacks, three quarterbacks and six receivers during the game that was witnessed by 22,710. FSU gave an indication of what it was going to do offensively in the remaining games of

the season by putting the ball in the air 25 times with three quarterbacks doing the throwing.

OKLAHOMA 24, FLORIDA STATE 9

NORMAN, OKLA., SEPT. 25—Florida State shocked a crowd of 71,184 when it led 6-3 after 15 minutes but Oklahoma eventually pulled out a 24-9 win over the Seminoles.

After Oklahoma netted a field goal on its first possession, the Seminoles bounced back for a TD. Larry Key picked up the six points, skirting the right end from five yards out. The kick was wide.

The Sooners put their first TD on the board with 9:37 remaining in the second quarter. FSU had a chance to regain the lead in the same period when it moved to the Sooner one, but a fumble into the end zone that was recovered by the Sooners killed the opportunity. After the fumble recovery, the Sooners moved the ball 80 yards in five plays for another TD to make it 17-6.

A 41-yard field goal by Dave Cappelen narrowed the Oklahoma cushion to 17-9 in the third quarter. The hosts put the game out of reach with 7:15 left on a three-yard sprint by Elvis Peacock.

The Oklahoma victory evened the series between the two schools at one victory apiece. Florida State had a 36-19 Gator Bowl victory in 1964 on its side of the ledger prior to the first regular season meeting ever between the schools.

FLORIDA STATE 20, KANSAS STATE 10

TALLAHASSEE, FLA., OCT. 2—Florida State, down 10-0 at halftime, bounced back with 10 points in each of the last two quarters and dumped Kansas State, 20-10, before a home opening crowd of 30,353.

Quarterback Jimmy Black spearheaded the second half comeback. He tossed a 17-yard pass to tight end Ed Beckman that combined with Dave Cappelen's PAT knotted the score. After Cappelen hit a 41-yard field goal with 12:07 remaining, Black tossed a 26-yard TD pass to freshman Kurt Unglaub that gave FSU the lead. Cappelen also booted the second PAT.

The kicking game kept FSU in the game throughout. In addition to Cappelen's two field goals, head coach Bobby Bowden also pointed to the punting of junior Bill Duley as being a significant factor in the Seminole victory. Duley kicked five times for a 43.2 average. Three of those boots were returned for a total of two yards.

Florida State's passing attack accounted for 155 of the Seminoles' 343 yards total offense. Black connected on six of 10 attempts and junior Clyde Walker had seven completions in 11 attempts. Beckman was their favorite target. He caught six for 95 yards.

FLORIDA STATE 28, BOSTON COLLEGE 9

BOSTON, MASS., OCT. 9—Florida State came-from-behind for the second consecutive week to earn a victory. This time the victim was nationally ranked Boston College, 28-9.

Trailing 6-0 following a pair of Boston College field goals, the Seminoles hit the scoreboard with 2:33 remaining in the first half. Runningback Rudy Thomas scored from 12 yards out and Dave Cappelen hit the conversion to give FSU the lead.

Only 1:25 had elapsed in the second half when quarterback Jimmy Black ran over from the 10 for the Seminoles' second TD. Again Cappelen added the conversion.

Boston College managed a field goal later in the quarter but that was the final score for the Eagles, who entered the contest with an unblemished 3-0 record.

The Seminoles, who recovered four Boston College fumbles—three led to Garnet and Gold touchdowns—received six pointers

from Mark Lyles (one yard plunge) and Rudy Maloy (65-yard fumble return) during the final 15 minutes.

FSU punter Bill Duley kept the Eagles deep in their own territory throughout the game. He punted six times and four rolled dead inside the Eagle 15.

FLORIDA 33, FLORIDA STATE 26

TALLAHASSEE, FLA., OCT. 16—The fifth largest crowd (42,803) in Florida State history watched the Seminoles bow 33-26 to arch-rival Florida in what most state football observers termed the finest game in history between the two schools.

The game ended with Florida State threatening to steal away its most important victory in years. Coach Bobby Bowden's Seminoles were at the Gator nine-yard line for the final two plays but were unable to score the TD that would have allowed the Garnet and Gold to go for the two-point conversion and victory.

Quarterback Jimmy Black produced his finest performance of the season for FSU, earning him Associated Press Southeastern Back of the Week honors the following Monday. He completed 14 of 17 passes for 211 yards and one TD. He also rushed for 46 yards on 19 carries and added a TD on the ground.

Florida State's offense rolled up an incredible 28 first downs during the contest compared to 21 for the Gators. In the yardage department, the Seminoles gained 507 to Florida's 417.

AUBURN 31, FLORIDA STATE 19

AUBURN, ALA., OCT. 23—Florida State had leads of 7-0 and 13-7, but Auburn managed to dump the Seminoles, 31-19, in the Tigers' Homecoming Game.

Quarterback Phil Gargis was a one man show for Auburn. He scored on touchdown runs of one, 14, one and 82 yards. Each time the PAT was booted by Neal O'Donoghue, who also contributed a 26-yard field goal.

Florida State went up 7-0 with just four minutes gone in the game. The Seminoles took the opening kickoff and drove 80 yards in eight plays with fullback Jeff Leggett going the final 21. Leggett also scored on a 53-yard run and the other Seminole score resulted from a seven-yard pass play involving quarterback Jimmy Black and tailback Larry Key.

Ball control provided much of the difference in this contest. The Tigers had 80 (66 rushes and 14 passes) scrimmage plays compared to 52 (37 rushing and 15 passing) for the Seminoles.

Black, who had completed 14 of 17 the previous Saturday against Florida, continued his passing mastery hitting nine of 14. On the ground, however, he was limited to just seven yards in five carries.

CLEMSON 15, FLORIDA STATE 12

TALLAHASSEE, FLA., OCT. 30—Florida State's perfect (2-0) record against Clemson was ruined as the visiting Tigers overcame a 9-0 deficit to grab a narrow 15-12 victory.

A crowd of 21,473 saw FSU breeze into a 6-0 lead on its first possession. The Seminoles went 64 yards in 12 plays with Larry Key plunging for the final one. Midway through the second stanza Dave Cappelen added a 39-yard field goal to hike the FSU advantage to 9-0 at intermission.

Clemson narrowed the Seminole lead to 9-7 midway through the third quarter but a Cappelen field goal of 44 yards—his longest of the season—gave the Garnet and Gold a 12-7 lead with 0:01 left in the quarter.

The Tigers' winning score came with 6:36 remaining in the

game. Seminole wide receiver Kurt Unglaub was the main target of quarterback Jimmy Black, who completed 11 of 20 for 134 yards. Unglaub had five catches for 66 yards while three other receivers each had two catches. The running attack centered around Key, who gained 99 yards in 23 trips to the line.

FLORIDA STATE 30, SOUTHERN MISSISSIPPI 27

TALLAHASSEE, FLA., NOV. 6—Sparked by Rudy Thomas, a senior tailback, Florida State exploded for 20 points in a span of 7:23 during the fourth quarter and dumped Southern Mississippi, 30-27, before 29,173 Homecoming fans.

The Seminoles trailed 27-10 with less than 12 minutes remaining. But a 10-yard TD run by Thomas, who was to score two more times in the comeback effort, ignited the Garnet and Gold.

The Doak Campbell Stadium clock showed 6:53 remaining when Thomas picked up his next six-points. This time it came with a four-yard plunge off left tackle.

State's defense prevented Southern Mississippi from making a first down in its next series and following a clipping penalty in the punt return the Seminoles accepted the ball at their eight. Thomas was dropped for a three-yard loss on the first play and a pass on the second fell incomplete. But on the third down Black and Thomas hooked up on a 95-yard screen pass for the winning score. Dave Cappelen then booted his third PAT of the game. The pass was the longest TD via the air route in Seminole history.

FLORIDA STATE 21, NORTH TEXAS STATE 20

DENTON, TEX., NOV. 13—Only 2:13 remained when half back Larry Key threw a two-point conversion pass to wide receiver Kurt Unglaub that gave Florida State a 21-20 victory over North Texas State in the snow.

Prior to the game there was a snow blizzard that dumped more than four inches of the white stuff on the Fouts Field turf. When the teams took the field there were no visible field markings.

After the first two quarters ended in a 7-7 deadlock, North Texas bolted to a 20-13 lead in the third quarter. The Seminole TD in that third period came on an 81-yard pass from Jimmy Black to Kurt Unglaub.

The Key to Unglaub conversion pass was set up on a seven-yard TD run by Jeff Leggett. The touchdown capped a 10 play, 69-yard drive that featured Black's passing. He completed four passes in the drive for 43 yards.

The final score ended the theory that the team with the least number of turnovers will win. The Seminoles gave North Texas the ball six times (five fumbles and an interception) on turnovers while North Texas had just one miscue.

FLORIDA STATE 28, VIRGINIA TECH 21

TALLAHASSEE, FLA., NOV. 20—Florida State's offense produced three touchdowns of 75 yards or more and the Seminoles came-from-behind in the fourth quarter for the third consecutive week to top Virginia Tech, 28-21.

Larry Key became the all-time career rushing leader for the Seminoles in the first quarter when he scored on a 97-yard draw play. That score coupled with Dave Cappelen's PAT gave the Seminoles a 7-6 lead. Key's sprint was the longest in Florida State history.

In the second quarter, the Seminoles went on top, 14-7, after quarterback Jimmy Black and flanker Mike Barnes hooked up on a 75-yard pass play.

Virginia Tech picked up eight points in the third quarter and went ahead, 21-14, with 13:58 remaining in the game.

Freshman quarterback Jimmy Jordan entered the game at that point for FSU. He directed the Seminoles on a 68-yard scoring

march that ended with a 33-yard pass to another freshman, Jackie Flowers. The two point conversion failed and State trailed, 21-20.

Virginia Tech then marched to the Seminole nine on its next series before Aaron Carter recovered a fumble at the four. On the very next play Jordan and Kurt Unglaub hooked up on a 96-yard pass play to give the Seminoles the lead. Black threw to Ed Beckman for the two point conversion. The Jordan-Unglaub pass erased a two-week record of Black and Rudy Thomas.

THE UNIVERSITY

THIS IS FLORIDA STATE

Florida State University witnessed several milestones in the academic year 1976-77, celebrating its 30th anniversary and receiving a new president who envisions FSU as one of the top twenty institutions in the future.

The Board of Regents named Bernard F. Sliger president on Feb. 7, and on June 10—just one day before 6,000 graduates received their degrees—Dr. Sliger was inaugurated as Florida State's 10th president.

"I am confident that with the support, assistance and encouragement of students, faculty, alumni, citizens and friends, the University will use its distinguished tradition as a sound base upon which to build an equally distinguished future," President Sliger said at his inauguration. The immediate past was a mixture of hope and caution, a year of austerity as well as bold new projects.

Construction work, for instance, continued, on such projects as the Diffenbaugh Building renovation and the new College of Education. On Nov. 14, the University dedicated its completed \$2.2 million School of Nursing complex, and the ground was broken this year for a new \$5.3 million music annex.

And, after five years of work and planning, the 1977 legislature funded the \$4.4 million Center for Continuing Education, a center that will serve the professional and educational needs of government leaders, businessmen, and just about every sector of community life.

Research programs and academic achievements did not take a back seat either. Thanks to money provided by the Lilly Endowment, the Charles MacArthur Center for the American Theater produced and taped a television production of S. N. Behrman's "End of Summer" starring Helen Hayes, which was telecast last spring on the PBS program "Theater in America." Grants continue to support University labors—the Agency for International Development awarded FSU a \$790,000 contract for studies of adult education radio programs in South America and the University's Center for the Study of Southern Culture and Religion earned \$104,000 from the Rockefeller Foundation.

Individual achievements were equally stellar. Herbert J. Taylor, professor of biological science, became the sixth Florida member of the National Academy of Sciences, one of the most distinguished honors awarded in the scientific profession. Novelist-in-residence Janet Burroway published "Raw Silk," which garnered glowing reviews from the likes of The Los Angeles Times and Newsweek. Playwright Susan Zeder saw her work performed in the Kennedy Center, and in the student ranks, the University was honored with its first Rhodes Scholar, 20-year-old Caroline Alexander.

All the good news fit in perfectly with FSU's celebration of its 30th anniversary as a statewide university. Although the school itself is actually 120 years old, it was exactly 30 years ago when

Gov. Millard Caldwell signed the legislation which made it co-education and changed its name from the Florida State College for Women.

The academic growth of FSU in those three decades has often been referred to as an "educational miracle." Contrast between 1947 and today's campus are dramatic. Nearly 22,000 students now attend classes on a campus not much larger than the 80 acres that held only 4,000 students 30 years ago. Faculty strength has grown from 369 to 1,300 in the interim, and state revenues, from \$2.5 million per year to \$54.3 million.

Graduate research programs, which attracted 77 students in the fall of '47, now attract more than 4,000 students and \$18 million a year in contracts and grants. The University's first doctoral programs were approved in 1948; today there are 50 programs, producing more than 300 doctorates each year.

On June 11, Florida State graduated its 30th year class. During commencement, Richard L. Rubenstein, professor of religion was named the Distinguished Professor of the Year, the highest honor the University can accord one of its peers. Earlier in the year, the University awarded honorary degrees to Lee Strasberg, the founder and director of the famed Actors Studio, and to Mae Knight Clark, a pioneer Dade County educator and a FSCW graduate.

In addition to the regular functions of a university, Florida State offers a spectrum of challenging special programs. FSU maintains study centers in Florence, Italy and London, England, which are open to all State University System students, and the University's Department of Hotel and Restaurant Administration annually conducts a summer program of study in Switzerland.

DR. BERNARD F. SLIGER
President, Florida State University

Florida State University has a new "No. 1 Fan."

Bernard F. Sliger, who officially became the University's 10th president June 10, 1977, leads the Seminoles into their 31st season of intercollegiate football competition.

The 52-year-old Sliger believes that competition is an integral part of university life.

"A major public institution is benefited by a well-rounded athletic program," he said. "In addition to being an important source of outside giving, it is a means of identification. Athletics is a rallying point for present and former students as well as supporters of Florida State.

"It also is an additional outlet for student energies. Although studying is the most important factor in students' lives, they need an outlet for their energies. Athletics provides students the healthy outlet they need."

President Sliger is no newcomer to the athletic scene. During his high school days in his hometown of Trout Creek, Mich., he was a member of the basketball, track and football teams.

Following a three-year-tour of duty with the Army during World War II, he returned to Trout Creek to teach math and coach the track and basketball teams.

Dr. Sliger, who joined the Florida State administrative team May 15, 1972, as executive vice president, was formerly executive director of the Louisiana Coordinating Council for Higher Education. For 19 years he was a faculty member and administrator at Louisiana State University.

An economist and scholar in the special fields of economic theory and public finance, Dr. Sliger earned the B.A., M.A. and Ph.D. degrees in economics at Michigan State University, and has done postdoctoral study in mathematical economics at the University of Minnesota. He also has taught at Michigan State and at Southern University, Baton Rouge.

Dr. Sliger is a frequent consultant to private and public commissions and organizations. He currently is serving as chairman of Gov. Reubin Askew's Economic Advisory Council. He was a member and chief consultant of the Governor of Louisiana's tax study committee in 1968, and chaired a special committee appointed by the Legislature to study the Louisiana Department of Revenue.

A well-known writer in his fields of study, Dr. Sliger is the author of "Public Finance," a text issued in 1964, revised in 1970, and presently used in a number of colleges and universities. He also wrote a chapter in the 1975 edition of "Municipal Finance Administration."

Dr. Sliger and his wife, Greta, have two sons and two daughters: Nan, Paul, Greta and Sten.

JOHN BRIDGERS Athletic Director

John Bridgers came on the Florida State scene as its athletic director in the spring of 1973 and since that time the Seminole program has constantly been on the move upward.

The list of accomplishments for this 1947 graduate of Auburn is staggering . . .

(1) Bridgers instigated and worked to conclusion the cancellation of a \$378,000 debt on Doak S. Campbell Stadium;

(2) Bridgers was primarily responsible for Florida State's admission to the Metropolitan Athletic Conference through his personal friendship with conference athletic directors;

(3) Bridgers made the decision to schedule all night home football games which has greatly increased attendance;

(4) Bridgers has scheduled Auburn, Georgia Tech, South Carolina and Tulane for football dates which gives future Seminole slates a regional flavor;

(5) Bridgers solicited additional funds and transfer of designated funds based on donor's evaluation which made possible the purchase of Casa Del Gato by the Florida State Foundation. This facility is used for the housing of student athletes;

(6) Bridgers secured funds through Student Government for construction of a new home baseball dugout, restroom, press box, concession stand and storage facility at Seminole Field;

(7) In 1976, Bridgers put together the largest and most profitable radio network in four years at Florida State, personally securing sponsorships amounting to about \$40,000;

(8) Bridgers made sure that the athletic budget operated at a profit in 1974-75 and 1975-76 despite having to cut expenditures by over \$200,000 and adding over \$100,000 to the budget for women's athletics.

That is an imposing list of accomplishments for an athletic director who has been faced by the same general financial woes that beset the economy in general and intercollegiate athletics in particular nationwide. These problems were compounded at Florida State since the Tribe football program—the main source of revenue generation for the department—has suffered through its leanest years since the University resumed athletics in 1947.

A native of Birmingham, Ala., Bridgers came to Florida State from South Carolina. Previously he had spent 10 years as athletic director and head football coach at Baylor University, a period during which the Bears participated in three bowl games

Following graduation from Auburn, Bridgers served two years with the Army in Korea, being discharged as a captain after enlisting as a private.

Bridgers is married to the former Frances Young of Florence, Alabama.

CLAUDE THIGPEN

Athletic Business Manager

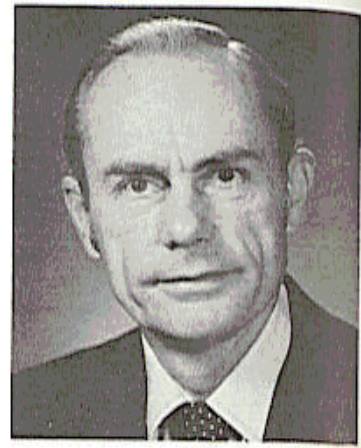

Claude Thigpen has been a member of the Florida State athletic department for 23 years. He assumed his current position as athletic business manager in the spring of 1974.

Prior to taking charge of the athletic department fiscal affairs, Thigpen was the accountant and ticket manager for the Seminoles. He continues to supervise the complex ticket operations in addition to overseeing the budget and fiscal control.

Through the years, Thigpen has organized the entire FSU ticket operation. He directs season ticket drives in four sports—football, basketball, baseball and track and field.

Last fall Thigpen took on additional responsibilities when he agreed to supervise the team travel operation for the football squad. This includes making motel and transportation arrangements for the official party of nearly 100 that travels with the Seminoles.

Thigpen, a native of Greenville, Fla., is married to the former Carleen Lindley.

LARRY PENDLETON

Assistant to the Director

Larry Pendleton oversees the guidance and counseling of all Seminole athletes and is responsible for special athletic events as assistant to athletic director John Bridgers.

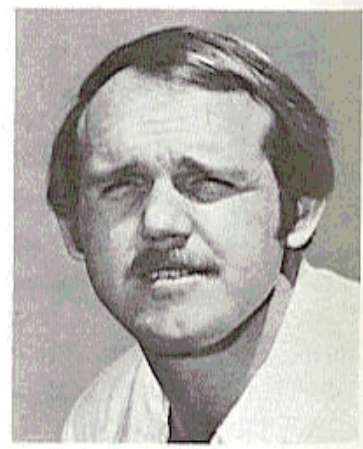

This is Pendleton's fourth season as a full-time member of the FSU athletic staff and his first year at his present post. He returned to his alma mater in 1973 as a graduate assistant and spent the '74 campaign as an assistant football coach.

During the 1975 and 1976 seasons he served solely as academic advisor to football players.

A native of Winter Haven, Fla., Pendleton attended Lakeview High School where he earned 10 athletic letters. He played both linebacker and offensive line at Florida State. He was twice selected to the Florida collegiate all-star team, started 33 consecutive games and played in three bowl games.

Following his graduation in 1969, Larry was an assistant coach for three years at Colonial High School in Orlando.

He is married to the former Carolyn Chalk.

MARK CARLSON

Sports Information Director

Mark Carlson has been the Florida State sports information director since Aug. 17, 1976.

Carlson joined the Seminole administrative staff after a one-year tour at the University of Tennessee at Chattanooga. His previous SID assignments included the University of Tampa (1972-75) and Tennessee Tech (1975). He was at Tampa when that school dropped its football program in 1975.

The Hibbing, Minn., native is a graduate of St. Leo (Fla.) College. He earned a bachelor of science degree for political science in 1969. Following graduation he joined the staff of the Fremont (Ohio) News-Messenger where he was sports editor for three years before taking the Tampa position.

At Florida State, Carlson is responsible for all promotion and public relations matters concerning the athletic department. The sports information office distributes information on all scholarship intercollegiate varsity teams. Carlson also supervises press box management at all home games and serves as the editor for all brochures distributed by the athletic department.

Carlson is a bachelor.

MIKE PARSONS

Asst. Sports Information Director

Mike Parsons is in his first year as assistant sports information director at Florida State University.

As an aide to sports information director Mark Carlson, Parsons works with promoting the FSU athletic teams as well as editing the football game program and the Seminole Sportsnews.

Parsons, a native of Charleston, W. Va., and a recent graduate of West Virginia University, comes to Florida State after working three years as a sports information assistant for the Mountaineers. Previously he served as SID at Morris Harvey College in Charleston for two years and worked with several local newspapers and radio stations.

He took a temporary leave from his duties at WVU during 1976 to serve as a publicity assistant for the Baltimore Colts of the National Football League during their summer training camp.

Parsons is married to the former Julie Brawley.

SEMINOLE BASKETBALL

Many collegiate basketball coaches would gladly take the 16-11 record Florida State head coach Hugh Durham recorded last winter.

Not Durham, however. For the Seminole mentor the 16 victories represented the second lowest single season winning record of his 11-year career. Only one other time—in his very first season (1966-67) as pilot of the Seminoles has a Durham-coached team won less than 18 games.

"It wasn't a very good year by Florida State standards," Durhame recalls. "It was disappointing for everyone—players, coaches and fans."

Those connected with the Seminole cage program, especially Durham, hope the Tribe doesn't go through another of those 16-11 campaigns or worse in the winter of 1977-78.

Once again Durham has lined up a formidable schedule that includes home-and-home meetings with fellow members of the Metropolitan (Metro) Conference where FSU will be a second year member.

Among the non-league foes on the rest of the schedule are NCAA tournament semifinalist UNC-Charlotte, Missouri and Oral Roberts. UNCC shattered a 29-game home tour winning streak for the Seminoles last season and the 49ers will host FSU at Charlotte this time.

FUTURE SCHEDULES

Florida State will play a six-game home schedule for the first time since the 1974 season when the Seminoles begin tackling their 1978 menu.

The schedule, as it now stands, finds the Seminoles hosting Oklahoma State, Houston, Cincinnati, Virginia Tech, Navy and Florida during the 1978 campaign. Road games will find the Garnet and Gold at Syracuse, Miami of Florida, Mississippi State, Pittsburgh and Southern Mississippi.

Schedules for the next four seasons are both regional and national. Florida and Miami, traditional rivals, are on the schedule each season. Also occupying a Saturday in the next four years will be Houston, the newest member of the Southwest Conference, which won the league title in 1976.

Foes with three appearances scheduled include Pittsburgh, Virginia Tech, Memphis State and Louisiana State. Cincinnati, Mississippi State, Southern Mississippi and Nebraska are each on the schedule twice.

Overall, there are 44 possible dates in the 1978-81 season. Florida State will play 23 different teams in that span including Ohio State and Notre Dame during the 1981 season. Nebraska appears for the first time in 1980.
