Notes to the Media

The Seminole golf program will be hosting the 2000 Seminole Classic on March 6-7 at the Killlearn Country Club. Information will be available for all media after the completion of each round. If you have any questions regarding the Seminole Classic, please contact Sports Information Assistants Ketsia Colimon and Chris Walker in the Sports Information Department at (850) 644-1403. Walker can also be reached at home, (850) 402-0921.

ACC Fax Back: ACC Fax Back is a 24-hour, 7-day a week service that can be accessed by your fax machine. Results from each tournament will be available on the system after each round. The system can be accessed by dialing (910) 854-5859 from the hand-

set of your fax machine. Press "1" twice to order a document from the system. Enter the document number that you wish to receive followed by ## (Results-32750, Schedule and Roster-32754). The automated system will then tell you to press the start key on your fax machine.

World Wide Web

The media and general public can also obtain information on all of the Florida State University sports programs through the official Athletic Department web page on the World Wide Web. The address is <http://www.seminoles.com>. For more information on the site contact the the Florida State sports information office.

Outlook

“The
Schedule
will be
very
difficult,
but

We Definitely Have The

The 1999-2000 Florida State men's golf team will be composed of three seniors and a handful of underclassmen. Coach Ernie Lanford will again rely on an inexperienced, but talented line-up in the fall. This year's team will continue to improve with tournament experience and will once again remain one of the premier golf programs in the country.

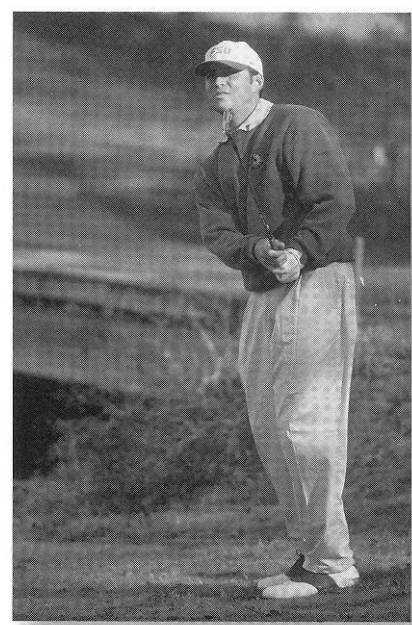

Despite the lack of experience, the goal remains the same for the Seminoles. The Tribe will try to qualify for the NCAA Regionals, ultimately a trip to the NCAA Championships and an ACC title remain the most important goals for this Seminole squad.

“We want to finish well in the ACC Tournament,” said head coach Ernie Lanford. “There have been so many red

numbers in the ACC's the last three years that it is about as competitive as the NCAA Championships. We also look to play well in the spring to qualify for the NCAA East Regional.”

The Seminoles will miss the experience of graduated seniors Craig and Thomas Cochran, but can count on the maturity of incoming seniors Nathan Bertsch, Guy Bradley and Ryan Felty. The Tribe will look to them to set the tone. Bertsch has a great deal of tournament experience competing in 21 events in his three years at FSU. He has also recorded three top 10 finishes. Bertsch's best finish came in the Seminole Classic at the

Returning seniors Ryan Felty (above) and Guy Bradley (right) will help provide the maturity the team needs as a handful of talented underclassmen come into the lineup this season.

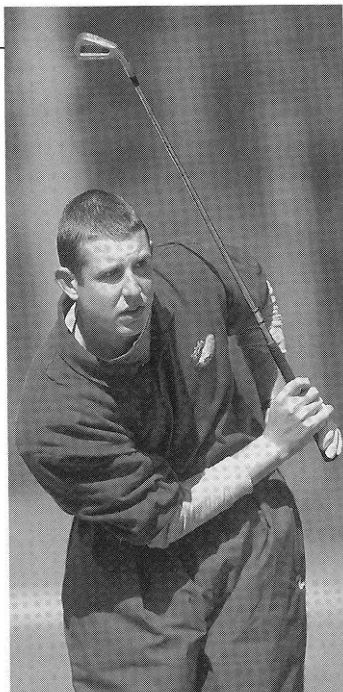

This year's team will continue to improve with tournament experience and will once again remain one of the premier golf programs in the country.

Golden Eagle Country Club. He finished tied for sixth after leading the tournament after two rounds.

Guy Bradley competed in three tournaments as a junior transfer. His best tournament was the Puerto Rico Classic where he finished with a total score of 231.

Ryan Felty enters his senior year after playing in three tournaments as a freshman and two tournaments last year. A veteran, Felty has compiled a stroke average of 76.3 in five tournaments during his career.

Juniors **Mark Donaldson** and **Kris**

Lanford. Hannah's best finish was the Seminole Classic where he tied for third place.

"We have a very young team this year," stated Lanford. "These young student-athletes have to adjust to college life and living away from home for the first time. They have all the experience on the golf course, but it is usually the things off the golf course that get to them."

Although young, the Seminoles' underclassmen are very talented and are

Mitchell, are expected to make an impact for the Seminoles.

The schedule will look much the same as it has the last four years. The Seminole Classic will be held this year at the Killbuck Country Club on March 6 and 7. The Seminoles will again compete in the Puerto Rico Classic in February. The Tribe is expected to participate in the Tournament of Champions, the Mercedes-Benz Collegiate and the Billy Hitchcock Intercollegiate. The ACC Championships will be one of the premier conference tournaments in the country and the Seminoles hope to improve from last year's ninth place finish.

"The schedule will be very difficult," Lanford commented. "We will be ready by the time of the ACC tournament, we'll need to be consistent. We have a good chance of qualifying for the NCAA tournament, we definitely have the talent."

Florida State men's golf team is definitely saturated with talented, dedicated student-athletes. With the leadership of Coach Lanford and all of these attributes, the Seminoles will look to make another trip to postseason play.

Considered one of the top five players, junior Mark Donaldson (above left) was second on the team last year with a stroke average of 75.2.

Junior Kris Hannah (below) played well last fall and is the hardest worker on the Seminole Squad.

Talent''

- Head coach Ernie Lanford

Hannah have also proven themselves to be capable of handling the pressure of competition. Donaldson who hails from Kirkcaldy, Scotland has had a good sophomore year.

"He is definitely one of our top five players" says Lanford. Donaldson had a stroke average of 75.2 last season, placing him second to senior Craig Cochran. Prior to coming to FSU, Donaldson was the runner-up for the Scottish Amateur Championship and the Scottish Junior Champion. Tallahassee native, Kris Hannah is also one of our top five players, according to coach Lanford.

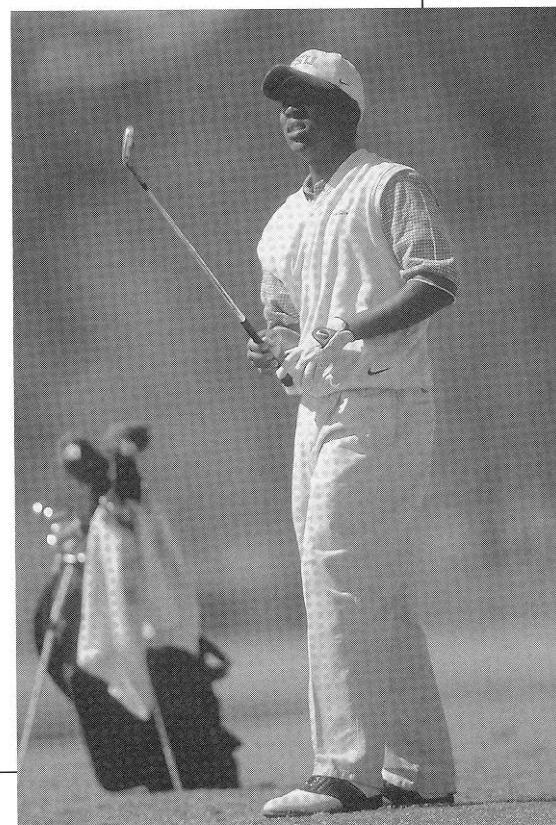

"He had a great summer and also played well last fall. He is also the hardest worker that we have here" said

expected to make an immediate impact. sophomore **Matt Raitz**, from Lake Mary, FL is leading the way. Coach Lanford considers him one of the Tribe's top players.

Lanford commented "Matt had a great summer. He participated in the US amateur competition and did well for himself."

Matt Ackley qualified for many big events and has gained a great deal of competition, "he is a long hitter and we have great expectations for him" stated coach Lanford.

Casey Shea is continuously improving and contributing a great deal to the team. A couple of incoming freshmen, **Dustin Lusenhop** and **Pete**

Team Roster

First Row (l to r): Peter Mitchell, Brian Hawver, Mark Donaldson, Brad Lusenhop, Dustin Leinbach. **Second Row:** Assistant Coach David Beck, Casey Shea, Matt Ackley, Andy Lewis, Blair Jarrard, Ryan Felty, Head Coach Dr. Ernie Lanford. **Third Row:** Jason Lopez, Kris Hannah, (missing senior Guy Bradley).

Peter Mitchell	Freshman	Miami, FL
Casey Shea	Sophomore	Ponte Vedra, FL

Head Coach

Dr. Ernie Lanford Head Coach

Entering his eighth year as the Florida State men's golf coach, Dr. Ernie Lanford will look to maintain the success that he has achieved as head of the Seminole golf program in recent years. Bringing the Seminoles to five appearances in the NCAA Championships in the last seven years and 12 tournament victories during his career at Florida State, Coach Lanford has established a winning tradition that will continue for years to come. Taking a golf program that was struggling, Lanford brought such student-athletes in as All-Americans Bobby Cochran, Christian Raynor and Ken Staton to rebuild a program into the national power.

Coach Lanford came to Florida State to establish a winning tradition that would remain at the top of college golf year after year. With the ability to recruit excellent student-athletes and mold them into a successful team, Lanford has built a reputation that is second to none in NCAA Division I-A golf circles.

Lanford arrived in Tallahassee after serving as golf coach at Augusta College from 1982-91. He is credited with putting the Augusta, GA, school on the "golf map." His teams claimed Big South Conference championships in 1985, '86, '87, '90, and '91. His success was well recognized by his peers, being selected as Big South Conference Golf Coach of the Year in 1985, '86, '87, '90, and '91.

From 1982 until 1991, Dr. Lanford served as head golf coach, as well as head basketball coach from 1982-85. In addition to coaching, he taught Kinesiology, Exercise Physiology, Anatomy, Recreation, Fitness for Living, Secondary Methods of Physical Education, Curriculum, Organization

and Administration of Athletics, and Foundations of Physical Education at Augusta College.

Prior to his stint at Augusta College, Lanford was at Flagler College in St. Augustine, FL, where he held various positions including: Athletic Director, Physical Education Department Chairman, Assistant Professor, and head Basketball coach. He has also served as a faculty member at State University of New York, Brigham Young University, and Michigan State University.

Bringing the Seminoles to five appearances in the NCAA Championships in the last seven years and 12 tournament victories during his career at Florida State, Coach Lanford has established a winning tradition that will continue for years to come.

With the ability to recruit excellent student-athletes and mold them into a successful team, Lanford has built a reputation that is second to none in NCAA Division I-A golf circles.

While in Augusta, Lanford was active in the Augusta area junior golf program and directed over 15 tournaments and clinics a year in cooperation with the area golf courses. He raised funds and recruited volunteers in the Augusta area for these tournaments and oversaw a School Development program specifically for the junior golf program.

Dr. Lanford has continued his involvement in junior golf in Tallahassee. Recently, he spear-

headed the establishment of summer camps for junior golfers. Also, he is heavily involved in the organization of events associated with the Big Bend Junior Golf Association.

Florida State is currently enjoying an ongoing relationship with its former players now on tour due to the efforts of Lanford. He maintains contact with them and has created "Seminole Golf Day" to honor past and present players. "Seminole Golf Day" has become an annual event in which former players, team members, and Florida State

Dr. Ernie Lanford
Head Coach

Coach Lanford is joined below by two great supporters of Seminole golf, Joey O. (center) and John Keat (right).

alumni gather to celebrate FSU's rich golf tradition.

Lanford began his academic career at Florida State, receiving his bachelor's degree in business. He completed his masters requirements at Michigan State before going on to Brigham Young for his doctorate.

Lanford was a member of the armed services prior to his college education. As a captain of the Army, Lanford was a paratrooper. Dr. Lanford was honorably discharged after his stint in the armed services.

Lanford lives in Tallahassee with his wife Sandy and son Michael. Sandy helps with the junior program that Lanford started in Tallahassee and does some artist work in the spring. Michael, 22, is currently employed at Colgate University.

Dr. Lanford brings experience in the field of golf and excellence in education. With the experience Lanford brings in all aspects of collegiate athletics, he demands the same from his student-athletes.

Brian Hawver (left) was selected to the All-State team as a freshman, junior and senior in high school. He was also a member of the state champion teams in 1994, '95 and '98.

**Mark
Donaldson**

Junior • 6-4 • 195
Kirkcaldy, Scotland (Balwearie)

Returns to Florida State with a full year of competition under his belt ... Expected to make a great impact for the Tribe this year ... Is a possible candidate for the Walter Cupper award ... Excellent iron player who is working to refine and improve his shortgame skills ... One of the top junior golfers in native Scotland before coming to FSU.

1998-99 Season: Played in nine tournaments ... Low round of 69 at the Bridges All-American ... Had lowest three round total of 218 at the Keswick Cavalier and Puerto Rico Classics ... 26 of 26 rounds (100%) have counted towards the team score ... Stroke average of 75.2 in 26 rounds.

1997-98 Season: Played in two tournaments during his freshman season ... Finished tied for 77th with a two-round total of 162 at the rain-shortened Bridges All-American ... Stroke average of 79.8 in five rounds of play ... Participated as an individual at the Seminole Classic ... Carded a three-round total of 237 to finish tied for 51st ... Low round of 75 in the second round at the Golden Eagle Country Club.

Amateur: Scottish Boys Champion and Scottish Schoolboys Champion for under 18 golfers ... Represented the Scottish Boys team from 1995-97 ... Helped the Scottish team capture a second place finish among four teams in Italy ... Also placed fourth among European teams in Slovenia ... Played in several tournaments across Europe and Asia, guiding Scotland to a second in Japan ... Participated in the Scottish Amateur championship three times ... Made the round of 16 last year in a strictly match play tournament out of 256 golfers ... Also played in the British Amateur championship, failing to make the cut both times.

Prep: Spent six years at Balwearie high school in Kirkcaldy ... Achieved eight standard grades and five higher (standardized tests) ... Also played golf and rugby.

Personal: Born March 29, 1979 ... Son of Ian and Madeliene Donaldson ... Works for Kirkcaldy Golf Club in the professional shop ... Plans to major in business.

**Ryan
Felty**

Senior • 5-6 • 135
Selinsgrove, PA (Selinsgrove Area)

Enters his senior year as the veteran of the Seminole squad ... Played in three tournaments in each of his first two years ... Vying for a top 5 spot in the line-up that is forced to replace three seniors ... Excellent experience in amateur competition ... Possesses the intangibles to become a great college golfer ... Exceptional strength for his size and has a very good short game ... Great combination of length of the tee and precise iron play ... Excels in the classroom as a business major.

1997-98 Season: Recorded his first top 10 finish of his career in the Bridges All-American Intercollegiate ... Recorded an opening round 69 to lead the Tribe to an eighth place finish ... Total of 144 finished him tied for seventh with Alan Morgan of South Alabama ... Finished tied for 53rd in his only other tournament as a member of the top five ... Posted a three-round total of 225 at the Mercedes-Benz Collegiate Championship ... Ended the Seminole Classic tied for 41st as an individual ... Stroke average of 74.5 in eight rounds of play.

1996-97 Season: Played in three tournaments as a true freshman ... Best finish was a tie for 60th at the University of Tennessee Tournament of Champions ... Low round of 74 came in the same tournament ... Stroke average of 77.0 in nine rounds ... Participated as an individual in the Killearn Seminole Classic, placing tied for 75th ... One of only two freshman to play in more than one tournament (Bertsch).

Prep: North Central Pennsylvania Golf Association champion in 1993, 94, 95 ... Three-time North Central PA Golf Association low average winner ... Member of the student council ... District Champion at Selingsgrove Area High School in 1995 ... MVP of golf team sophomore, junior and senior seasons ... Two-sport athlete that was a member of the district champion 4X100 track relay team.

Amateur Competition: Final 16 in the 1995 US Junior Championship ... Final 16 in '95 Rolex Junior Classic ... Among final 8 in International Junior Masters.

Personal: Majoring in sports management ... Son of Gregory and Barbara Felty ... Low round total of 62 twice ... Born October 21, 1977.

Personal: Plans to major in hospitality administration ... Son of Whyllie and Jan Lopez.

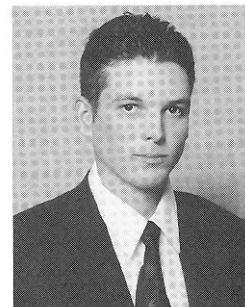

**Brad
Lusenhop**

**Freshman • 6-2 • 180
Gloversville, NY**

Exremely talented athlete ... Expected to contribute this year ... Will be one of the top players on the team.

Prep: Player of the year as a senior ... Made cut at US Junior ... Top 15 finish at Blue Grass International.

**Peter
Mitchell**

**Freshman • 6-0 • 175
London, England**

Will be a great asset to the team ... Talented athlete ... Already considered one of the players the Tribe will look to for scoring points.

Prep: Played in the Publix Doral tournament ... Shot a 67 at the Orange Bowl tournament.

Personal: Moved to Miami from England ... Was home schooled for the high school years ... Born February 26, 1980.

Review

A Year To 1998-99

The Florida State men's golf team entered the 1998-99 season with the knowledge that it would be a rebuilding year. The Tribe knew that they would have to double their efforts in order to make

an appearance in postseason play. The Seminole squad was composed of two seniors and several talented underclassmen.

Led by senior Craig Cochran, the Seminoles had one fifth place finish, and 11 top 15 finishes in 11 events. Although talented, the lack of experience kept the Seminoles from participating in the NCAA regional tournament. Florida State Seniors Craig Cochran and Kevin Zuelch

completed their eligibility. They were part of a team that participated in one NCAA Championships, two NCAA East Regional tournaments and won the 1996-97 Mercedes-Benz Collegiate Championships.

Craig Cochran made the most of his senior year. He shot a low round of 69 at

Led by senior Craig Cochran, the Seminoles had one fifth place finish, and 11 top 15 finishes in 11 events. Although talented, the lack of experience kept the Seminoles from participating in the NCAA regional tournament.

Coach Ernie Lanford relied on his younger players to help the Tribe perform at a competitive level. Sophomores Kris Hannah and Mark Donaldson rose to the occasion and proved to be valuable contributors for the Seminoles.

the Keswick Cavalier Classic and had a stroke average of 75.1. Cochran also had 86.9% of his rounds counted toward the team's score. Zuelch had a low score of 71 at the Palmetto Intercollegiate and a stroke average of 79.4. 60% of his rounds counted towards the team's score.

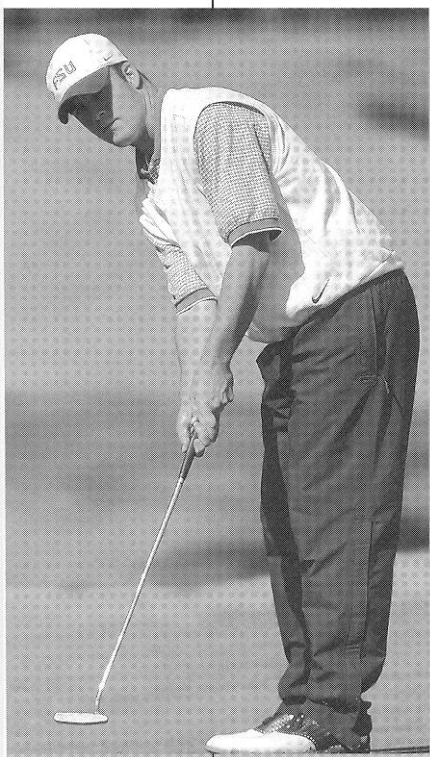

Coach Ernie Lanford relied on his younger players to help the Tribe perform at a competitive level. Sophomores Kris Hannah of Tallahassee, FL and Mark Donaldson of Kirkcaldy, Scotland rose to the occasion and proved to be valuable contributors for the Seminoles. Hannah finishes tied for third in the Seminole Classic and had a stroke average of 75.1. Donaldson had low total of 218 twice. He also had 100% of his rounds count towards the team's score.

The first tournament of the season was the Palmetto Classic held at Osprey Point Golf Course in South Carolina. The Seminoles finished in 14th

place. Cochran finished tied for 28th place with a three-round total of 222.

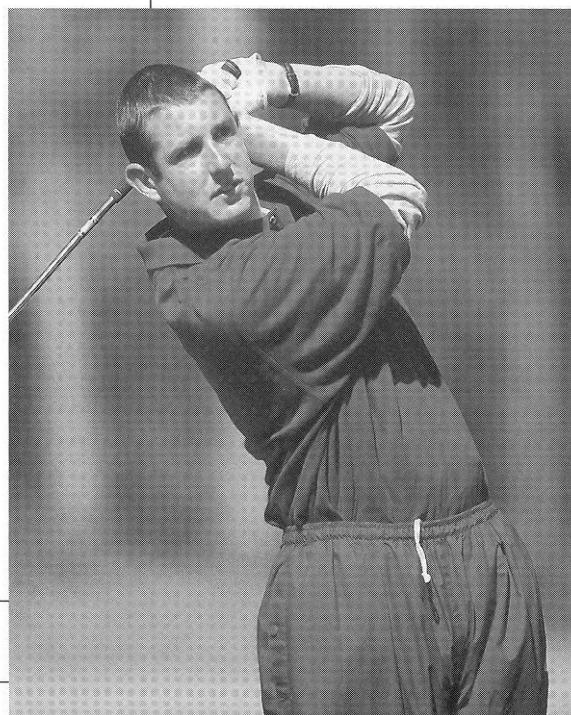

Three days later, the Tribe traveled to Charlottesville, Virginia for the Keswick Cavalier Classic. Cochran and Donaldson tied for 34th place with a three round total of 218. The Seminoles finished in 10th place.

The next tournament for Florida State was the Tennessee Tournament

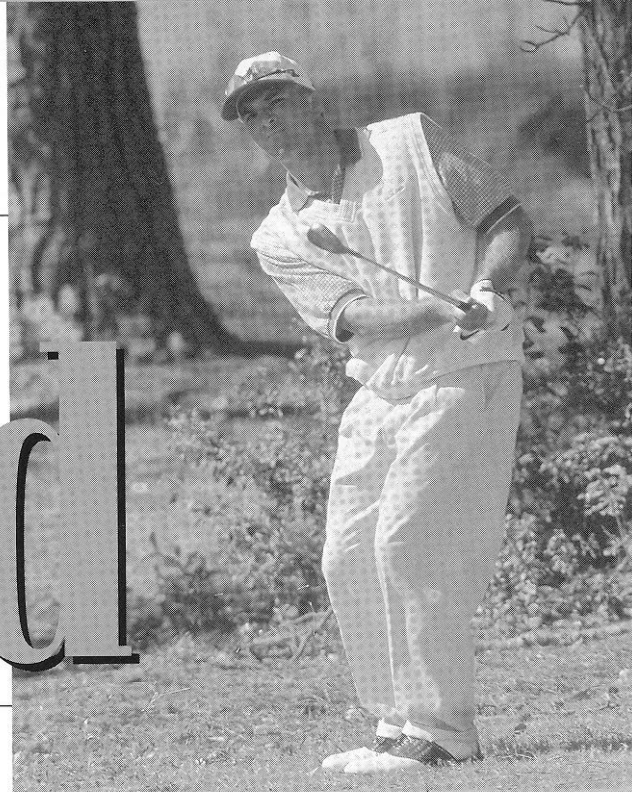

Making the most of his senior year, Craig Cochran (above) led the Seminoles to one fifth place finish and 11 top 15 finishes in 11 events.

Sophomore Mark Donaldson (right) proved to be a valuable contributor for the Seminoles.

Rebuild

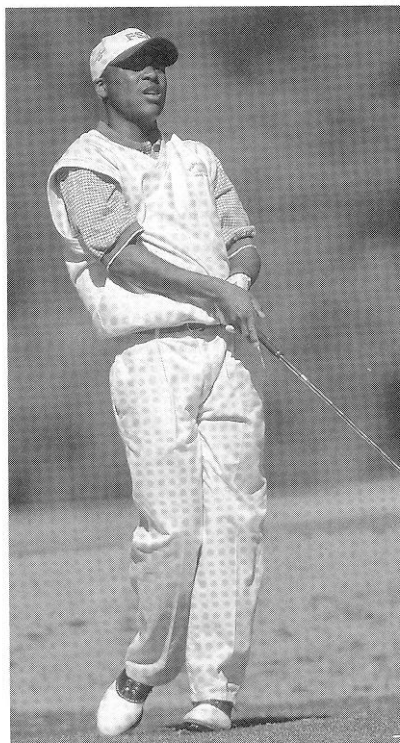

of Champions in Knoxville, Tennessee. Donaldson led the Seminoles with a three round total of 222 and tied for 37th place. The team finished in 14th position.

After taking a couple of weeks off, the Seminoles participated in the last tournament of the fall season. The Country Club of Louisiana Intercollegiate tournament in Baton Rouge was held at the country club of Louisiana. The field included teams from the University of Florida, Auburn and Mississippi State. Hannah and Cochran had low rounds of 72. The team finished in eleventh place.

The first tournament of the spring season was the Bridges All-American in Bay St. Louis, Missouri. This tournament gave the underclassmen a chance to shine. Donaldson and Hannah finished tied for 28th. Freshman Matt Ackley of Lake Mary, FL had three round total of 232, fellow freshman Brian Hawver of Americus, Georgia had a total of 234. The Tribe finished in 14th place ahead of Middle Tennessee State and Tulane University.

The next tournament for the Seminoles was the Puerto Rico Classic held at Rio Mar Country Club. The tournament featured all of the Atlantic Conference teams except Maryland. Donaldson led all Seminole golfers with a three round total of 218 and finished tied for 27th place.

The Seminoles then participated in the Mercedes-Benz Collegiate Championship in Jacksonville, FL. Other participants included South Carolina, Augusta State and the University of Tennessee. Although the team finished in 16th place, Ackley had a low round of 75, while Donaldson continued to improve with a three round total of 223.

A week later, the team returned home to host the Seminole Classic. South Carolina beat North Carolina State by one stroke to win the tournament. Hannah and Cochran were the high scorers for the team as the Tribe finished in 12th place.

At the US Collegiate Golf Championships, the Noles look to defend their title. Despite putting forth their best efforts, the team finished 12th in a field that included UNLV, Arizona State University and Ohio State. For the third time this season, Hannah was the top performer for the Seminoles.

The last tournament for the Seminoles turned out to be their best. At the Billy Hitchcock Intercollegiate in Opelika, AL, the team finished in the top five. It was a clear improvement on the previous year's sixth place finish. Cochran, along with Freeman Fite of Alabama, shot a low round of 68.

For the second year in a row, the ACC Championships were held at the Old North State Club in New London, NC. The Seminoles finished ninth behind Wake Forest University. Georgia Tech ran away with the Title. Cochran's experience and maturity came through as he led all Seminole golfers with a three round total of 226.

Although this season did not unfold as planned, the Seminole golf program is on the right track for success. With players talented on and off the golf course, the Florida State University men's golf program will continue to be one of the top programs in the nation.

Matt Ackley (above), a freshman last year, played well for the Seminoles and should prove to be beneficial to the team in the future.

Kris Hannah (left) tied for third in the Seminole Classic last year and had a stroke average of 75.1.

Although this season did not unfold as planned, the Seminole golf program is on the right track for success. With players talented on and off the golf course, the Florida State University men's golf program will continue to be one of the top programs in the nation.

An experienced amateur player, Brian Hawver has played in several big events. During the 1998-99 season he played in five tournaments and had a low round of 75 at the Tennessee Tournament of Champions.

ASTAR System

The Florida State golf program has been fortunate enough to be provided with a camera system as a tool to remain among the top teams in the country. The Seminoles are one of few teams in the country to have this product to enhance the total game of its golfers. Through the use of this technology and the hands-on work of the coaches, Florida State will remain at top of the golf world for years to come.

"The ASTAR system is a state-of-the-art piece of equipment," said head coach Ernie Lanford. "It is a wonderful self-teaching aid for our athletes to use at

"The ASTAR system is a state-of-the-art piece of equipment," said head coach Ernie Lanford. "It is a wonderful self-teaching aid for our athletes to use at their discretion. This system allows us to keep in touch with the rest of the professional world."

their discretion. This system allows us to keep in touch with the rest of the professional world."

The ASTAR-410 differs from other ASTAR Golf Learning Systems in that it does not use a digital video processor, i.e., computer technology. It relies instead on traditional videotape for capturing and replaying video. The subject is captured directly from the camera to a VCR, which is then used to rewind and replay the tape.

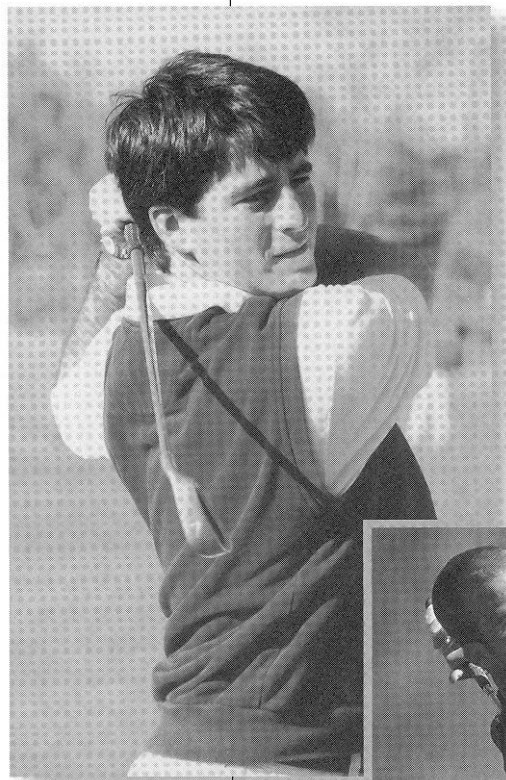

Rather than being a pre-packaged product that is readily identifiable on the price list, the ASTAR-410 is actually a collection of components specifically assembled to meet the customer's requirements. The customer is free to choose among cabinet, camera, VCR, and other options to assemble a system that meets the need at hand.

The ASTAR system provides Florida State several other features. This system has the ability to edit student tapes, allowing the student-athlete to review his/her swing and make immediate adjustments. The system also allows the

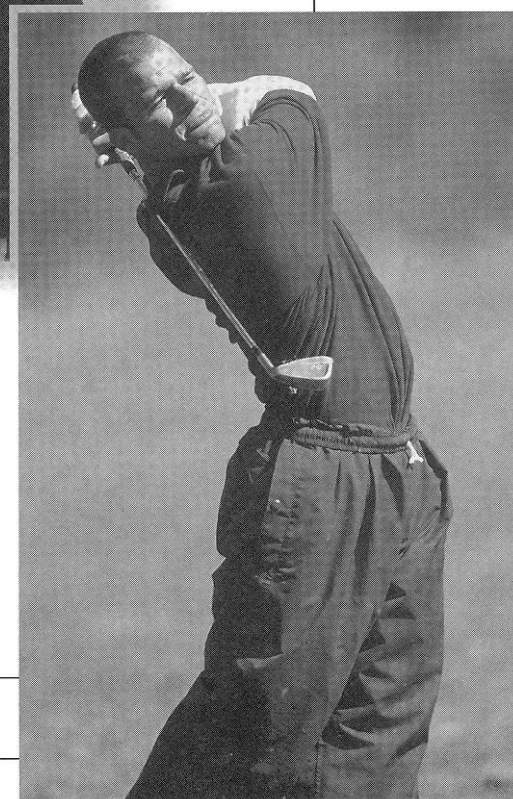

coach to mount it on a golf cart for moveable operations throughout the golf course. Several operations are available for a variety of situations.

ASTAR software is based on several principles which have resulted from working with teaching professionals in several sports and educators in general. The most fundamental concepts originate in learning theory: **Knowledge of Results (KOR)** and **Immediate Visual Feedback (IVF)**. Both have been proven to be of major importance in any type of learning environment, and especially in learning complex motor skills.

The ASTAR camera system concentrating on translating five theories to practice. Visual feedback, drawing tools, swing library, story board and comparative modeling are the five theories that makes ASTAR one of the most successful camera systems in the golf world.

Casey Shea (above), Ryan Felty (right) and the rest of the Seminole team have the benefit of using the ASTAR system. Florida State is one of the few teams in the country to have this product to enhance the total game of its golfers.

This is Tallahassee

Near, but far from the glaring strips of neon amusement, and the castles and crowds of Disney, lies another magical place in the Sunshine State – one of pow-wows, plantations, politics and great pride. Often described as “The Other Florida” with its deep-rooted history, rolling hills, canopy roads of moss-draped oaks, cool climate and Southern-style hospitality; it is a Florida few have seen. It is Tallahassee – Florida with a Southern accent.

Christmas, a wildlife habitat, Capitol buildings, fascinating museums of history, sprawling plantations, highly acclaimed fishing and hunting adventures and nearby beaches. Spirited area festivals range from celebrations of Tallahassee’s spectacular spring and swamp stomps to genuine rattlesnake roundups and seafood festivals.

With the Gulf of Mexico just 20 miles south and the Georgia border only 14 miles north, Tallahassee rests between the foothills of the Appalachian Mountains and the juncture of Florida’s panhandle and peninsula. Nearer in miles to Atlanta than to Miami,

the seven hills of Rome, and five “official” canopy roads of patriarch oaks. The fertile, rich soil and four distinct, yet pleasant, seasons breed floral brilliance and natural vitality year-round.

Like the city itself, the story of how Tallahassee was chosen as the state capital is rich in history. In 1823, two explorers set out – one on horseback from St. Augustine and the other by boat from Pensacola – to find a permanent, central location for the Legislature to convene. The two met at a beautiful site that the Creek and Seminole Indians called “Tallahassee” – derived from the words “talwa” meaning town and “ahasee” meaning old. The rendezvous point remains Florida’s capital.

The “old town” has undergone many changes, but one thing remains the same – it is still a government town fiercely proud and dedicated to preserving its heritage. The Capitol buildings, both old and new, epitomize Tallahassee’s perseverance.

The 22nd floor of the New Capitol provides a panoramic scope of a sophisticated Southern city awash in a sea of flowering azaleas, snowy dogwoods, towering pines, fragrant magnolias, and hundreds of shimmering lakes, springs, swamps, rivers and sink holes. Special legislative viewing galleries are open during the legislative session.

Below, in the shade of giant live oaks, proudly stands the Old Capitol, originally constructed in 1845 and restored to its 1902 splendor complete with red-and-white candy-striped awnings, a dome adorned with stained glass, antique furnishings and political memorabilia.

Across from the Old Capitol are the 40-foot twin granite towers of the Vietnam Veteran’s Memorial, and the blue stone Union Bank, Florida’s oldest surviving financial institution. The nostalgic Old Town Trolley, a replica

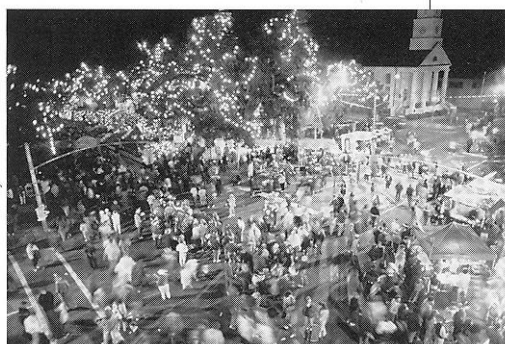

Tallahassee is the Capital of the Sunshine State, and the State Capitol building is just a short walk from the fountain at FSU’s Westcott Building. The famous Florida Gulf Beaches (inset photo) are less than a half-hour from campus.

Best known as Florida’s capital, Tallahassee is an intimate neo-metropolitan city where the power of state government, the academic and the artistic are complemented by subtle, old-fashioned charm. It is the perfect two- or three-day diversion for the more than 41 million annual visitors to Florida and 13 million residents.

Tallahassee touts a menagerie of sights including one of the world’s deepest freshwater springs, site of America’s first

Tallahassee more closely resembles its Southern neighbors than Florida in topography, climate and lifestyle.

Accentuating Tallahassee’s Southern persona are lush rolling hills, likened to

Just before Christmas time, Tallahassee's Winter Festival fills the streets of downtown with merry-makers.

turn-of-the-century street car, carries passengers through restored Adams Street Commons to numerous other historical downtown shops for free – unheard of even 100 years ago.

Tallahassee is a collaboration of power-play politics and classical character splashed with a twist of Southern beauty and charm. Tallahassee is Florida with a Southern accent.

Often described as "The Other Florida" with its deep-rooted history, rolling hills, canopy roads of moss-draped oaks, cool climate and Southern-style hospitality; it is a Florida few have seen.

Minutes from downtown lies the Governor's Mansion, which resembles the home of Florida's military hero Andrew Jackson and the 52-acre natural animal habitat and 1880s farm of the Tallahassee Museum of History and Natural Science, which provide the rare chance to walk and talk with native Florida animals.

Tallahassee remains firmly linked with the past as evidenced by the unearthed 1539 winter encampment of Spanish Hernando de Soto, the site of the first Christmas celebration in

America. Visitors travel back through time as they stand in the shadow of a giant 12,000-year-old American Mastodon at the Museum of Florida History or explore other historical spots including The Knott House that Rhymes, The Columns, San Luis Mission, Lake Jackson State Archaeological Site, Natural Bridge Battlefield, First Presbyterian Church, Brokaw-McDougall House, Goodwood Plantation and Adams Street Commons.

Nearby, alligators lazing in the sunshine and aninga "snake birds" perched on twisted cypress branches are seen at Wakulla Springs, one of the world's deepest freshwater springs and site of many underwater scenes in the "Tarzan" movies with Johnny Weissmuller and Maureen O'Sullivan. Safaris aboard glass-bottomed and jungle cruise boats whisk visitors within arm's length of "The Other Florida."

Outdoor enthusiasts enjoy adventures including boating and fishing on area lakes, rivers, ponds and the Gulf – just 30 minutes away. Lakes Seminole, Jackson and Talquin are renowned in the bass fishing world for yielding the "big ones," and dense forests offer an abundance of prize-winning game. Local wildlife areas such as the Florida National Scenic Trail, St. Marks National Wildlife Refuge and Apalachicola National Forest are among many spots for camping, picnicking, swimming, biking and exploring.

Appealing to the strokes of

different folks, Tallahassee also features 99 holes of golf on six courses and a proliferation of tennis centers. Sideline athletes cheer the nationally-ranked Florida State Seminoles, Florida A&M Rattlers and the Tallahassee Tiger Sharks, of the East Coast Hockey League. And always a sure bet are the nearby greyhound races. A sport of sorts, shopping at two regional malls and many specialty centers offer many "playing options" – from popular chains to curiosity and antique shops.

Cultural interests are sparked by widely-acclaimed museums and galleries and elaborate entertainment at the 12,200-seat Tallahassee-Leon County Civic Center.

Tallahassee is a collaboration of power-play politics and classical character splashed with a twist of Southern beauty and charm. Tallahassee is Florida with a Southern accent.

We Won!

Tallahassee's an All-America City! On June 26, 1999, judges from the National Civic League named Tallahassee as one of 10 cities to win the prestigious All-America City (AAC) award from the 1999 All-America City conference in Philadelphia. The All-America City award is the most prestigious and coveted award a community can win. The annual award recognizes exemplary, grassroots and problem-solving efforts of communities that cooperatively tackle challenges and achieve measurable results. Judging is based on the overall level of community involvement in solving critical local problems, including public-private partnerships.

"This is clearly one of the most exciting things to ever happen to Tallahassee," said a jubilant Mayor Scott Maddox. "For those of us who call Tallahassee home, the All-America City award verifies what we've known for so long – that we have one of the greatest cities in all of America!"

This is Florida State

Florida State University, a coeducational graduate research institution, stands among the nation's elite in both academics and athletics. Located on the oldest continuous site of higher education in Florida and building rapidly on the framework of a highly regarded liberal arts college for women, the university has emerged over the past 52 years as an institution of national and international esteem. Its stature is evidenced by a number of additions to its record of excellence in the 1990s:

* In 1994, Florida State was classified a "Research University I" by the Carnegie Foundation, placing it among the nation's top research universities.

* In 1999, FSU was ranked as the most wired university in Florida, and 44th in the nation, in the "100 Most

Wired Colleges" ranking by Yahoo! Internet Life magazine.

Wired Colleges" ranking by Yahoo! Internet Life magazine.

iversity. Building on the success of the Bryan Hall program, the Broward Hall Social Sciences Residential Program in Public and International Affairs was launched in fall 1999.

* Vice President of the United States Al Gore spoke at the dedication of the National High Magnetic Field Laboratory at FSU in 1994. The National Science Foundation established the \$100 million magnet lab in 1990 at FSU, which runs the facility in partnership with the Los Alamos National Laboratory and the University of Florida. A Nobel laureate in physics and a top Russian physicist were among the first scholars drawn to the facility. The world's largest magnet – two stories high and capable of generating 45 tesla or 1 million times the Earth's magnetic field – was installed in 1995 at the NHMFL, located in Innovation Park, an off-campus research complex.

* FSU created the first multi-purpose student identification/banking card. The Card Application Technology Center is a national leader in "smart card" systems.

* In fall 1994, the first tenants moved into the east side of the \$85 million University Center, a classroom and office facility at Doak Campbell Stadium. With the completion of the west side in 1996, University Center now provides 550,000 square feet of much needed academic space and a centralized location for student services.

* In 1998, the FSU School of Motion Picture, Television and Recording Arts' graduate film program was ranked in the top 10 in the nation and third among public university film programs. Offering training for one of Florida's fastest growing industries, FSU conferred its first master's degrees in film in 1991 and its first bachelor's in film in 1993. The film school's students have produced numerous national and international award-winning films.

* The Center for Civic Education and Service was established in 1994, aimed at

promoting community involvement and civic responsibility as integral elements of the liberal arts education at FSU. The center supports such service-learning programs as Into the Streets, a one-day community service project for freshmen, and Gadsden ESL (English as a Second Language), which provides educational services to migrant farmworkers. Through ServScript, students' service may be recorded on their official academic transcript.

* Florida State ranked eighth in popularity nationwide among all prospective students, fifth among prospective African-American students and fourth among prospective Hispanic/Latino students, based on the number of students who request that their Scholastic Aptitude Test (SAT) scores be sent to an institution. FSU was the only institution listed among the top 10 choices of all three prospective student categories.

* FSU ranked seventh in the nation among public universities for 1993-97 in the number of African-American Ph.D. students it graduated.

* To better understand the world's cultural diversity, FSU undergraduate students are required to complete at least two courses that focus on diverse traditions beyond Western civilization. The multicultural study requirement, in effect since 1991, complements a long-established liberal studies program at FSU.

* In 1999, FSU created the Institute on War World II and the Human Experience to "save the memories of those who saved the world" by collecting letters, diaries, memoirs and photos from participants in the war effort, in order to preserve the materials for classroom teaching, scholarly research and public viewing.

* Capping more than a decade of national prominence in intercollegiate athletics, Florida State's athletic teams, nicknamed "Seminoles," joined the Atlantic Coast Conference as its ninth member in 1990. The FSU football team won the 1993 National Championship and its quarterback, Charlie Ward, won the university's first Heisman Trophy.

One of America's most beautiful university settings, the FSU campus provides an intriguing mix of Florida palms and classic southern Oaks. The campus is frequently used as a backdrop for filming of television ads that call for a college setting.

Wired Colleges" ranking by Yahoo! Internet Life magazine.

* FSU established the Bryan Hall Living-Learning Community in fall 1994, a unique academic residential program for freshmen designed to create a close-knit learning environment that benefits from the assets of a large research uni-

* The Dr. Bobby E. Leach Center, a state-of-the-art student recreation facility, with weight-training facilities, a pool, saunas, basketball and racket-sport courts, was completed in 1991.

* The Appleton Museum of Art in Ocala, its vast art collection and an eminent scholar chair were donated to FSU and Central Florida Community College in 1990.

* FSU acquired the Asolo Performing Arts Center in Sarasota, home to the graduate theater program, the FSU/Asolo Conservatory of Professional Actor Training.

As this list of highlights attests, Florida State has excelled in the 1990s with exceptional strength, energy and vision for the future. Under the leadership of the university's 12th president, Talbot "Sandy" D'Alemberte, who took office in January 1994, FSU will continue to build on the foundation of its history of excellence in scholarship, research and service.

A senior member of the 10-member State University System, FSU was founded as an institution of higher learning in 1851 by legislative act and began in Tallahassee with its first students in 1857.

Today, FSU's operating budget is \$525 million. Faculty and administrators generate more than \$112 million annually in external funding to supplement state-sponsored research.

Three direct-support organizations serve to bolster the university: the FSU Foundation, which raised \$301 million in private gifts during the university's first capital campaign, Seminole Boosters and the FSU Alumni Association.

The main campus is spread over 455.5 acres in Tallahassee; FSU, which has one of the smallest campuses in the SUS, has been actively acquiring land in the 1990s after years of being landlocked at 347 acres. FSU owns 1,308 acres in Leon, Bay, Franklin and Sarasota counties.

Within the state, the university maintains facilities at its 25-acre campus in Panama City, its Marine Laboratory in the Gulf of Mexico, the Appleton Museum in Ocala and the Asolo Performing Arts Center in Sarasota. The Center for

Professional Development and Public Service, housed in the Augustus B. Turnbull III Florida Conference Center on the edge of the campus, provides extensive credit and non-credit continuing education programs statewide.

For years, FSU has reached far beyond Florida through international programs in Switzerland, France, Panama, Costa Rica, Spain, Russia and the Caribbean. FSU's student centers in Florence, Italy, and London, England, are considered by many to be the nation's best in Europe.

Florida State offers 289 graduate and undergraduate degree programs through its eight colleges – Arts and Sciences, Business, Communication, Education, Engineering (operated jointly with Florida A&M University, a

A senior member of the 10-member State University System, FSU was founded as an institution of higher learning in 1851 by legislative act and began in Tallahassee with its first students in 1857.

historically black institution), Human Sciences, Law, and Social Sciences (which also incorporates the Reubin Askew School of Public Administration and Policy) – and eight schools – Criminology and Criminal Justice, Information Studies, Motion Picture, Television and Recording Arts, Music, Nursing, Social Work, Theatre, and Visual Arts and Dance.

With 1,731 members, the FSU faculty has included nine National Academy of Sciences elected members, nine American Academy of Arts and Sciences fellows and five Nobel laureates. It is backed by 3,002 administrative/ professional and support staff.

Library holdings at Florida State include 2.2 million book titles, 16,384 serials and 4.7 million microforms. The main library facility, the Robert M. Strozier Library, is linked by computer to other state university and national

research libraries. The Paul A.M. Dirac Science Center Library is located at the heart of the university's science research complex. FSU also maintains extensive music, library science and law libraries.

Also providing research opportunities is the tandem Van de Graff Superconducting Accelerator Laboratory, which houses two powerful atom smashers.

Graduate students, who number more than 5,685, pursue advanced degrees in fields as diverse as business administration and theoretical particle physics. A majority of research done at FSU is the direct result of student effort, culminating in numerous books, monographs and journal articles relating to the whole spectrum of intellectual interests and the practical needs of society.

FSU, a residential campus, places a high priority on its 31,193 students and their needs and interests (of the student population: 45 percent are male; 55 percent are female; 21.7 percent are minorities; 2.6 percent are foreign students). The University Honors Program, Disabled Student Services, International Student and Scholar Center, Student Government Association, Flying High Circus and intramural sports are among more than 200 organizations and activities in which students may participate.

Situated in the heart of the state's thriving capital city, Florida State's main campus blends Jacobean Revival and modern styles of architecture with the oaks, pines, dogwoods, palms and azaleas of North Florida.

Florida State continues to progress and grow – from its pre-Civil War foundation as the Seminary West of the Suwannee, through the early 20th century as the academically respected Florida State College for Women, returning to coeducational status as a university in 1947, to its modern development as an acclaimed research institution, a top-ranked competitor in intercollegiate athletics and as a standard-setter in the basic sciences and the performing arts.

Florida State University enters the 21st century with excellence in all areas of its mission - teaching, research and public service.

NCAA Information

The following information is provided by the Florida State Office of Compliance for prospective student athletes. It is intended as a guideline to introduce some of the rules governing NCAA athletic involvement.

Who is permitted to recruit for FSU?

Only Florida State University coaches who have successfully completed the NCAA Recruiting Rules Examination on an annual basis may be involved in the recruitment process. Representatives of our athletics interests may not make any recruiting contacts. This includes letters, telephone calls or face-to-face contact on or off campus with a prospect or the prospect's parents.

Key terms you should know

You become a prospective student-athlete if you have started classes for the ninth grade. Before the ninth grade, you become a prospective student-athlete if the college provides you (or your relatives or friends) any financial aid or other benefits that the college does not provide to prospective students generally.

A contact is any face-to-face encounter between a prospect or the prospect's legal guardian and an institutional staff member or athletic representative during which any dialogue occurs in excess of an exchange of greeting. NOTE: At the Division I level, athletic representatives (boosters) may not contact you for the purpose of recruiting. A college coach may contact you in person off the college campus beginning July 1 after completion of your junior year in high school.

An evaluation is any off-campus activity designed to assess your academic qualifications or athletic ability, including any visit to your high school (during which no contact occurs) or the observation of any practice or competition in which you participate.

During your senior year, you can have one expense-paid official visit to a particular campus. You may receive no

more than five visits. During your official visit, which may not exceed 48 hours, you may receive round-trip transportation between your home and the campus, and you (and your parents) may receive meals, lodging and complimentary admission to campus athletics events.

Phone calls and letters

Phone calls from faculty members and coaches (but not boosters) are permitted beginning July 1 after completion of your junior year. A college coach or faculty member is limited to one telephone call per week except when it is:

- During the five days immediately before your official visit to the university
- On the day of a coach's off-campus contact with you
- During the time beginning with the initial National Letter of Intent signing date in your sport through the two days after signing date
- Letters from coaches and faculty members (but not boosters) are not permitted until September 1 at the beginning of your junior year in high school. A Division I university may provide you with the following printed materials:
 - General correspondence, including letters, U.S. Postal Service postcards and institutional note cards
 - Game programs which may not include posters and one Student Athlete Handbook can be provided only during official or unofficial visits to the university's campus
 - NCAA educational information
 - Pre-enrollment information subsequent to signing a National Letter of Intent with the university
 - One athletic publication which may include only one color of printing inside the covers
 - Official academic, admissions and student services publications published or videotapes produced by the institution and available to all students
 - Schedule cards
 - Questionnaires which may be provided prior to your junior year
 - Summer camp brochures which may be provided prior to your junior year.

Alumni and boosters do's and don'ts

You may forward information about prospective student-athletes to the appropriate coaches.

You may have contact with a prospect regarding permissible pre-enrollment activities such as summer employment, provided the prospect has already signed a National Letter of Intent and the Compliance Office is aware that you are making these contacts in regard to employment.

You may have a telephone conversation with a prospect only if the prospect initiates the call. Such a call may not be prearranged by an institutional staff member and you are not permitted to have a recruiting conversation, but may exhibit normal civility. You must refer any questions about our athletics programs to an athletics department staff member/coach.

You may view a prospect's contest at your own initiative provided you do not contact the prospect or his/her parents. In addition, you may not contact a prospect's coach, principal, or counselor in an attempt to evaluate the prospect.

You may continue established family relationships with friends and neighbors. Contacts with sons and daughters of these families are permitted as long as they are not made for recruiting purposes or encouraged by Florida State University coaches.

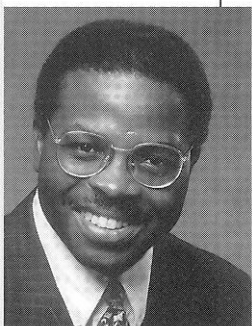

You may not become involved in making arrangements to receive money or financial aid of any kind for a prospect or the prospect's family and friends.

You may not make contact with a prospective student-athlete and his/her parents when the prospect is on campus for an official or unofficial recruiting visit.

You may not transport, pay or arrange for payment of transportation costs for a prospect, and his/her relatives or friends to visit campus (or elsewhere).

You may not pay or arrange for payment of summer camp registration fees for a prospect.

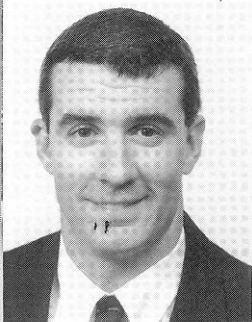

You may not provide anything to a prospect, the prospect's family or friends without prior approval from the athletics' Compliance Office.

Life Skills Program

Student Development/Life Skills

The N.O.L.E.S Program New Opportunities for Leadership, Education and Service

Developed by the Florida State University Department of Athletics, the NOLES program represents a commitment to the total growth and development of the student-athlete. This program establishes an administrative commitment to academic and athletic excellence. Those efforts will be supported with programs and services in personal development, career development and community service.

Personal Development

Fostering the development of personal growth is a fundamental component of the NOLES program. These support programs ensure that the student-athlete will be provided opportunities to focus on personal growth issues such as values clarification, goal setting, fiscal planning, decision making and personal responsibility. Programming focuses on helping student-athletes develop a healthy lifestyle while they are at Florida State and habits that will benefit them for life.

Career Development

Preparing for life after college sports is a major focus of the NOLES Career Development program. The program is designed to work cooperatively with the University's Career Services to acquaint students with the job search process, provide networking opportuni-

ties and ultimately assist with job placement. This program places a priority on the development of the total person, with the goal of developing individuals who will have rewarding careers and productive lifestyles after they leave Florida State.

Community Service

Serving the community is the focus of our Seminole Spirit program. Student-athletes are challenged to give service to our community and individuals who are in need. With a clearly defined program of service, student-athletes are given the opportunity to develop the foundation for a lifelong commitment to volunteerism. The Seminole Spirit Student-Athlete Speakers' Bureau enables student-athletes to improve their speaking skills, develop effective communication and impact the lives of others through their service as role models in our community.

Leadership Development

The Florida State University Department of Athletics is committed to developing programs of excellence that foster leadership development. The foundation of the leadership development program will be the two councils that represent the student-athletes at the University.

The Student-Athlete Advisory Council (SAAC) serves as the advisory board to the NOLES program and the athletics administration. The prestigious board, comprised of two representatives of each athletic team at FSU, also recommends programming and serves as a liaison between student-athletes and the athletics administration. The Advisory Council plans and implements various events for student-athletes and serves as the department's most visible ambassadors. The SAAC planned and hosted the annual Golden Nole banquet for the first time last year and recently planned such events as orientation for incoming student-athletes and the back to school picnic.

Florida State's Director of Student Development, Pam Overton, received the prestigious Gene Hooks Award, given to the nation's premier student development program.

Seminole Golf Course

The Seminole Golf Course is located approximately two miles west of the university campus. The course was designed by William W. Amick. The first nine holes were completed in 1963 and the completion of the additional nine in 1968.

The golf course measures 7,033 yards from the championship tees and is considered an excellent test of golf. The greens, TIFTON 328 (bermuda) are of medium size, approximately 6,200 square feet each. The course rating is 72.0.

The course and practice facilities are considered to be among the best in the country. The Seminole Golf Course is now run and operated by Club Consultation and Management, a private golf course management firm. There have been many improvements made and within the next five years should prove to be one of the finest courses in the area.

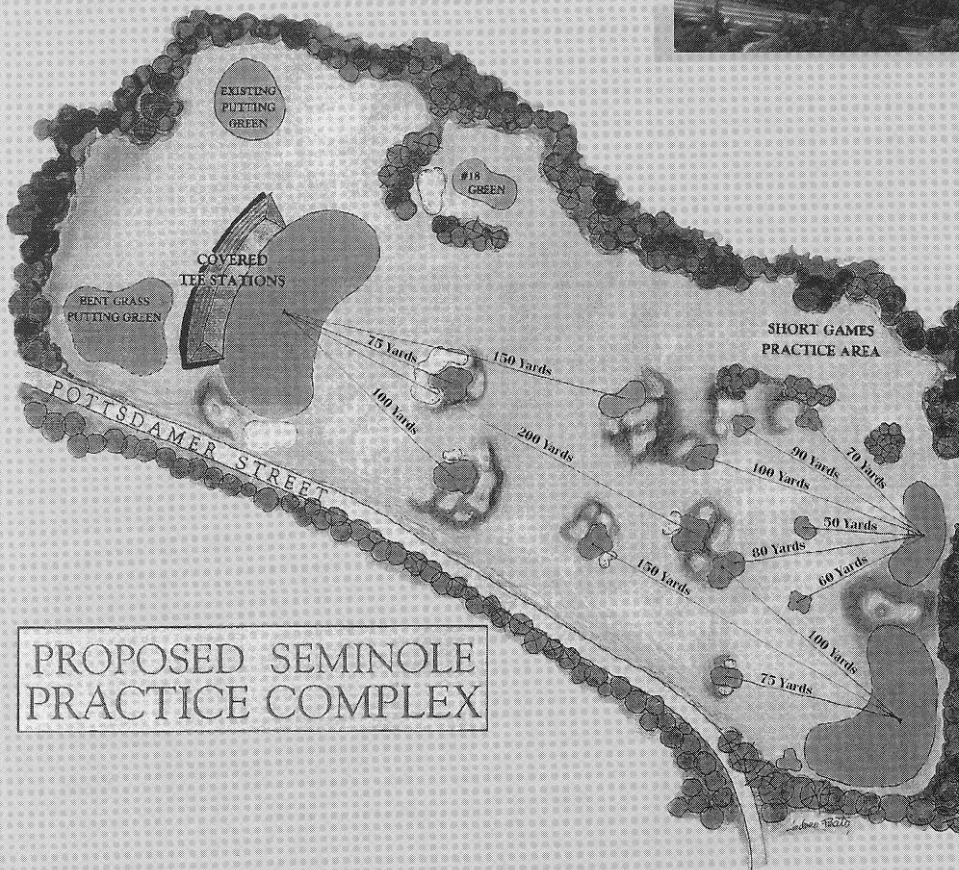

The Seminole golf team also has the luxury to play at many other courses in the Tallahassee area. The majority of Seminole practices take place at the Killlearn Country Club, Golden Eagle Country Club and Seminole Golf Course. The team also

practices at the Capital City Country Club. Killlearn Country Club will host this year's Seminole Classic in March.

The Capital City Country Club (above) is one of several courses in Tallahassee the Tribe use to practice.

The illustration at left shows the proposed Seminole Practice Complex to be added to the Seminole Golf Course.

Academic Support

Academic, personal and professional support are essential to college success. At Florida State University, we have developed an outstanding support program which enables student-athletes to reach their full potential.

FSU's academic support philosophy is "to offer an academic support program integrated with the total university that will assess all student-athletes with the transition into college and provide continued support in all phases of academic and professional development culminating with graduation, job placement or graduate school."

To accomplish this goal we have developed an academic environment which facilitates the academic success

Our program operates on a "proactive" rather "reactive" approach. At Florida State, our academic staff does not wait for an academic crisis to occur. We gather important background information and build an academic profile on all student-athletes to assess their needs in advance.

of student-athletes. Student success is encouraged through competent academic counseling, career exploration, planning and placement and academic assistance through tutorial programs.

Our program operates on a "proactive" rather "reactive" approach. At Florida State, our academic staff does not wait for an academic crisis to occur. We gather important background information and build an academic profile on all student-athletes to assess their needs in advance. We also stay informed on the daily progress of each student athlete.

The academic programs have moved to the state-of-the-art University Center

and is located on the sixth floor of the \$126 million facility. It includes private study carrels, a tutorial study area and a computer lab outfitted with 16 new IBM computers and laser printers. In addition, athletic sky boxes are utilized for group and individual tutorial instruction.

FSU offers 16 Schools and Colleges with 99 undergraduate degrees and 75 post-baccalaureate degrees.

The Florida State golf program has been blessed to have excellent student-

member of the golf team in 1986. Roger Winchester and Christian Williams also received the honor in 1989 and '90 respectively.

Christian Raynor is the lone two-time winner of the award, receiving the award in '94 and '95. Raynor maintained a very high GPA while performing exceptionally on the golf course. While at Florida State, Raynor was named to the ACC Honor Roll as a

Seminoles in the Pros

Paul Azinger

Touched the entire sporting world with his miraculous comeback from lymphoma in his right shoulder blade in 1996. Azinger is the biggest name ever to play golf for the Seminoles. Was inducted into the Florida State Sports Hall of Fame in 1988. He came to FSU from Brevard Junior College. Azinger is considered a very late bloomer, in fact, he had trouble breaking 40 for nine holes as a senior in high school. Azinger holds the PGA's longest active years-with-a-win streak at seven and has a total of 11 tour victories. His career earnings are approaching \$8.0 million. He has recorded 10 top 25 finishes in 14 tournaments in the 1998 season. Azinger has represented our country three times in the Ryder Cup ('89, '91, '93) and once at the World Cup in 1989.

Career Highlights

- 1998** (t3) AT&T Pebble Beach, (5) The Masters, (t7) FedEx St. Jude Classic
- 1997** (t7) AT&T Pebble Beach, (t14) Players Championship
- 1995** (t4) United Airlines Hawaiian
- 1993** (1) Memorial Tournament, New England Classic, PGA Championship
- 1992** (1) The Tour Championship
- 1992** (1) AT&T Pebble Beach National Pro-Am
- 1990** (1) MONY Tournament of Champions
- 1989** (1) Canon Greater Hartford Open
- 1988** (1) Hertz Bay Hill Classic
- 1987** (1) Phoenix Open, Panasonic-Las Vegas Invitational, Canon-Sammy Davis, Jr.-Greater Hartford Open

Bob Duval

A Florida State graduate that is currently ranked 16th on the PGA Senior Tour money list. Green has recorded 18 top 25 finishes in 25 events. Has recorded more than 1.1 million in earnings on the Senior Tour. Finished second at the Pittsburgh Senior Classic and added a third-place finish at the Bell Atlantic Classic. Duval's son, David, is the current money leader on the PGA Tour and is a member of the President's Cup team.

Career Highlights

- 1998** (2) Pittsburgh Senior Classic, (t3) Bell Atlantic Classic, (t4) State Farm Senior Classic, (t4) Emerald Coast Classic, (t5) Utah Showdown, (t5) Legends of Golf, (t9) GTE Classic

Hubert Green

Hubert Green played golf for Florida State in 1968, took one year off and joined the PGA Tour in 1970. The 24-year pro has won 19 titles including the '77 U.S. Open, '85 PGA Championship, as well as the '73 Tallahassee Open. Green has also represented the United States as a three time member of the Ryder Cup (1977, '79, '85). One of the best players in the world in the 1970's, Green has been one of the biggest contributors to the FSU golf program. He endowed a scholarship in 1992, which is given to an FSU golfer every year. Green currently plays in the Senior Tour, earning more than \$1 million dollars in his senior career. Captured the Bruno's Memorial Classic with a final-round 64 and finished second at the Toshiba Senior Classic.

Career Highlights

- 1998** (1) Bruno's Memorial Classic, (2) Toshiba Senior Classic
- 1985** (1) PGA Championship
- 1984** (1) Southern Open
- 1981** (1) Sammy Davis, Jr.-Greater Hartford Open
- 1979** (1) Hawaiian Open, New Orleans Open
- 1978** (1) Hawaiian Open, Sea Pines Heritage Classic
- 1977** (1) U.S. Open
- 1976** (1) Doral-Eastern Open, Jacksonville Open, Sea Pines Heritage Classic

Steve Hart

Played only one year for the Seminoles (1979). Steve Hart won the 1981 Palm Beach County Amateur and finished second in the 1981 Florida State Amateur. He has played in two U.S. Opens. Hart joined the NIKE Tour in 1992.

Career Highlights

- 1991** (t5) USF&G Classic

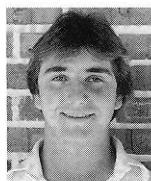

Nolan Henke

Attended Florida State from 1983 thru 1987 and is a member of the Florida State Golf Hall of Fame. Recently inducted into the Florida State Sports Hall of Fame in a September '97 ceremony. He won seven tournaments while at FSU and also won the 1986 Porter Cup, 1987 American Amateur and the 1987 Monroe Invitational. Henke was a first team All-American in 1987, the same year he finished second in the NCAA. Henke has won three tournaments as a player on the PGA Tournament. His best year came in

1991, where he won the Phoenix Open and finished tied for 5th in the Tour Championship and had 6 top 10 finishes. Henke, in the five years, has finished in the top 7 in three different major championships and has been in the top 10 nine times in that span. Has recorded four top 25 finishes this year, including a tied for third performance at the Greater Milwaukee Open. Qualified for the Tour right out of Florida State. Has recorded more than \$3 million on the PGA Tour.

Career Highlights

- 1998** (t3) Greater Milwaukee Open, (t4) CVS Charity Classic
- 1997** (t8) Shell Houston Open
- 1996** (t3) Greater Milwaukee Open, (t4) Bob Hope Chrysler Classic
- 1995** (t2) MCI Classic, (t8) Buick Invitational of California
- 1994** (t2) Bell South Classic (t4) MCI Heritage Golf Classic (t9) The Players Championship
- 1993** (1) BellSouth Classic, (t6) PGA Championship, (t7) U.S. Open
- 1992** (t2) B.C. Open, (t5) Memorial, (t6) Masters Championship
- 1991** (1) Phoenix Open, (t3) Buick Classic, (t5) The Tour Championship
- 1990** (1) B.C. Open
- 1985** (1) Southern Open
- 1984** (1) Bob Hope Classic, Greater Jacksonville Open, Philadelphia Classic, Walt Disney World National Team Play (with Mac McLendon)
- 1983** (1) Tallahassee Open, B.C. Open
- 1981** (1) Houston Champions International

Brian Kamm

Brian Kamm has been playing professional golf since 1985, mostly on the Ben Hogan Tour. Currently participating on the PGA Tour. Recorded four top 10 finishes, including two second place finishes on the Nike Tour in 1997. He had a very solid year on the PGA Tour in 1994,

surpassing his combined previous earnings with a total of \$187,270 with three top-10 finishes. Kamm made a name for himself in the 1991 U.S. Open where he fired a 3-under 69 on the opening day which placed him second. He ended up the tournament tied for 31st. He played in 22 events this year with two top 25 finishes and just under \$100,000 in earnings. Kamm attended Florida State from 1980 until 1984.

Career Highlights

- 1998** (13) Greater Milwaukee Open
- 1997** (Nike Tour) (2) Greater Austin Open, (t2) Monterrey Open
- 1995** (t9) Nissan Open, (t9) Bell Canadian Open
- 1994** (t6) Bell Canadian, (t7) Walt Disney World, (t10) Kemper Open
- 1993** (t7) Canon Greater Hartford Open
- 1992** (1) Ben Hogan Panama City Classic
- 1987** (1) North Dakota Open (Ben Hogan Tour)

Kenny Knox

Kenny Knox led the Seminoles, while playing from 1975-78. He was a two-time All-American and winner of the 1977 Southeastern Amateur. He's a three-time winner on the PGA Tour and his career earnings exceed \$1.5 million. He has recently opened the Kenny Knox Golf Academy at the Seminole Golf Course.

Career Highlights

- 1991** (2) Anheuser Busch Golf Classic
- 1990** (1) Buick Southern Open
- 1987** (1) Hardee's Golf Classic
- 1986** (1) Honda Classic

Jeff Sluman

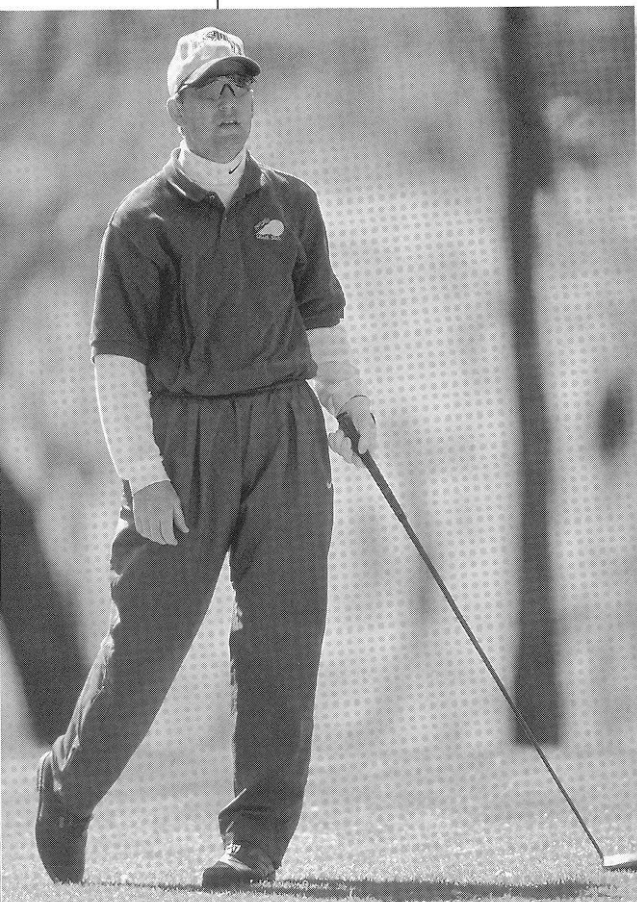

Jeff Sluman is one of three former Seminoles who have won the PGA Championship (Azinger '93, Green '85). He played at FSU in 1979-80 and won the 1980 Metro Conference Individual Championship. A native of Rochester, NY, Sluman has been a member of the PGA Tour for 17 years and his career earnings exceed \$6 million dollars. Sluman best year came in 1995 where he had four top 5 finishes and seven top 10 finishes. He has a total of \$979,959 in earnings thus far during the 1998 season. Captured the Greater Milwaukee Open finished in the top 10 at the U.S. Open.

Career Highlights

- 1998** (1) Greater Milwaukee Open, (t2) FedEx St. Jude, (3) MasterCard Colonial
- 1997** (1) Tucson Chrysler Classic, (t3) Western Open, (t7) Masters
- 1996** (2) MasterCard Colonial, (t4) GTE Byron Nelson Classic, (t8) United Airlines Hawaiian, (t8) Doral Ryder Open
- 1995** (t2) Kmart Greater Greensboro Open, (t3) Buick Open, (t3) Greater Milwaukee Open, (t4) Buick Challenge, (t7) B.C. Open, (t8) Anheuser-Busch Golf, (t8) PGA Championship
- 1994** (2) B.C. Open, (t6) Motorola Western Open, (t7) Buick Southern Open, (t9) U.S. Open
- 1993** (t9) KMart Greater Greensboro Open
- 1992** (2) U.S. Open, (2) Pebble Beach National Pro-Am, (t3) Nestle Invitational, (t4) Masters Championship
- 1991** (2) Nissan Los Angeles Open, (2) Kemper Open
- 1990** (t2) KMart Greater Greensboro Open
- 1988** (1) PGA Championship

All-Americans

The Florida State golf program is rich in tradition that dates back to the early 1970's. The Seminoles have been blessed to have a number of All-Americans pass through the clubhouse doors at Seminole golf course. A total of 16 All-Americans have played for Florida State in the last 26 years.

George McNeill finished his career as a Seminole in 1998 as an All-ACC selection and an Honorable Mention All-American. McNeill claimed one tournament title and 23 top 20 finishes in four years of play.

The most prolific golfer in Florida State history is current PGA Tour member Nolan Henke. Henke, who played at Florida State from 1983-87, was a three-time All-American in 1985, '86, '87. Henke, in his final year of play for the Seminoles, finished second in the NCAA Championships, six strokes behind winner Brian Watts of Oklahoma State. Henke was inducted into the FSU Golf Hall of Fame at the conclusion of his illustrious career at FSU. Christian Raynor, a graduate of Florida State in

1994, led the Seminoles to their best year ever and a 7th place finish in the NCAA Championships. Raynor, a two-time All-American in 1994 and '95, won

Five Florida State golfers have been All-Americans at least two times. Todd Crandell, Grant Turner, and Roger Winchester have all won the honor twice. Henke is the lone three-time winner of the award.

three individual medalist honors in the 1994-95 campaign, including a first place finish in the NCAA East Regional. Raynor, during his career at Florida State, was very effective in amateur play. Raynor qualified for match play in the US Amateur of 1994. With that impressive performance, Raynor put his name on the golf map and among the elite golfers in the country. Raynor is currently playing selective NIKE Tour and Tommy Armour Tour events and is hoping to qualify for the PGA Tour in the coming years.

Five Florida State golfers have been All-Americans at least two times. Todd Crandell, Grant Turner, and Roger Winchester have all won the honor twice. Henke is the lone three-time win-

ner of the award. With this rich tradition in All-Americans, Florida State is recognized as one of the elite Division I-A golf programs in the country.

George McNeill was the latest Seminole to be honored by the Golf Coaches Association of America. McNeill, a native of N. Fort Myers, FL, finished his career at Florida State in 1998 as an All-ACC selection and a Honorable Mention All-American. McNeill played four years at FSU, claiming one tournament title and 23 top 20 finishes.

All-Americans of Florida State University

1998	George McNeill (Honorable Mention)	1985	Nolan Henke
1995	Christian Raynor	1984	Brian Kamm
	Ken Staton	1983	Keith Kulzer

	Duke Donahue	1977	Kenny Knox
1987	Nolan Henke	1975	Todd Crandall
1986	Nolan Henke	1974	Todd Crandall

A Closer Look at the ACC

The Atlantic Coast Conference has a rich tradition in men's golf with the first conference championship dating back to 1954. Duke defeated Wake Forest and North Carolina by 10 strokes to take home the first championship trophy.

Wake Forest has won the most ACC titles, claiming 18. The Demon Deacons are followed by North Carolina with 10 titles, Duke with five and Georgia Tech with five.

The 1998 ACC Tournament was held at the Old North State Club in New London, NC. Clemson University claimed their sixth team title, including their second consecutive, beating Georgia Tech by seven strokes. North Carolina State finished in third place, nine strokes out of the lead. Charles Warren of Clemson captured his second consecutive ACC title, beating Don Hill of North Carolina by one stroke. Georgia Tech's Matt Kuchar, 1997 ACC Rookie of the Year and ACC runner-up, finished alone in third place.

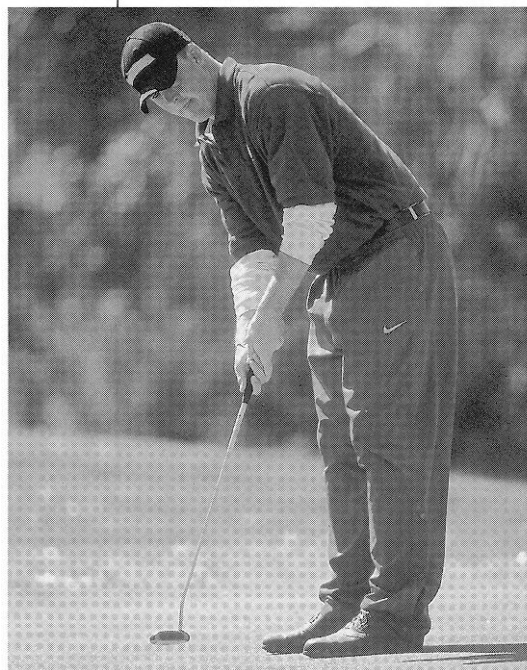

The Atlantic Coast Conference was privileged to have seven teams in the NCAA Championships last year. Clemson was the top finisher, placing second fol-

lowed by a third-place finish by Georgia Tech. Clemson's Warren finished tied for second with three other golfers after capturing the NCAA Individual Championship last year. Freshman Bryce Molder of Georgia Tech finished in sixth place, two strokes behind the winner.

ACC Institutions have also had a rich tradition of top finishes in NCAA play. Wake Forest has claimed three national titles and nine players from ACC schools have been NCAA Individual Champions.

ACC Institutions have also had a rich tradition of top finishes in NCAA play. Wake Forest has claimed three national titles and nine players from ACC schools have been NCAA Individual Champions.

This year, the ACC Championships will return to the Old North State Club in New London, NC on April 16-28, 2000.

Craig Cochran was the highest ranked Seminole golfer at last year's ACC tournament.

All-Atlantic Coast Conference Recipients

Clemson – Charles Warren, Joey Maxon, Jonathan Byrd

Florida State – George McNeill

Georgia Tech – Matt Kuchar, Bryce Molder

North Carolina – Max Harris, Don Hill

NC State – Tim Clark

Virginia – James Driscoll

ACC Players of the Year – Matt Kuchar, Georgia Tech

ACC Rookie of the Year – Bryce Molder, Georgia Tech

ACC Coach of the Year – Larry Penley, Clemson

GCAA All-Americans

First Team

Tim Clark, N.C. State
Matt Kuchar, Georgia Tech
Bryce Molder, Georgia Tech
Charles Warren, Clemson

Second Team

Max Harris, North Carolina

Honorable Mention

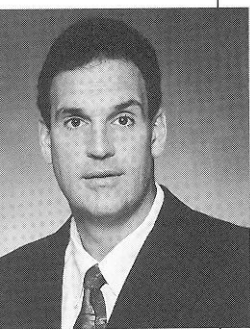

Jonathan Byrd, Clemson
James Driscoll, Virginia
Don Hill, North Carolina
Joey Maxon, Clemson
George McNeill, Florida State

Strength & Conditioning

“The Strong Shall Survive.”

It's the motto of Florida State strength and conditioning coach Dave Van Halanger and his staff in the FSU weight room. It's also the philosophy that has made Seminole athletes in all sports among the strongest, fastest, fittest and most flexible anywhere.

The Seminole weight room is a state-of-the-art facility that covers 7,200 square feet and is conveniently located in the Moore Athletic Center. The gym is a carpeted and mirrored room which includes exercise systems by Cybex Eagle as well as free weight equipment. A variety of exercise bicycles, rowing machines and Stairmasters incorporate both strength and conditioning and cardiovascular endurance.

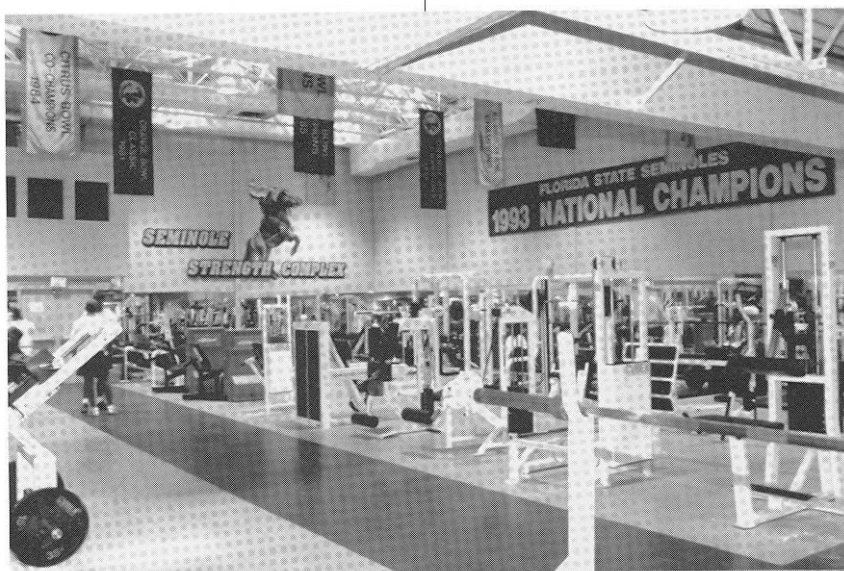

Dave Van Halanger
Strength Coach

The words of encouragement and guidance come from FSU Strength Coach Dave Van Halanger and his staff, who take a personal interest in each and every Seminole student-athlete. Van Halanger has specially designed a weight program for the men's golf team which works on their legs, backs, stomachs, wrists, and forearms. Van Halanger's well thought out plan helps players in all aspects of their game.

“With strength there is added confidence,” Van Halanger said. “Also it will help cut down the threat of injuries and give the players a mental edge.”

“With strength there is added confidence,” Van Halanger said. “Also it will help cut down the threat of injuries and give the players a mental edge.”

The Seminole Strength Complex is a state-of-the-art facility covering 7,200 square feet and is located in the Moore Athletic Center.

NCAA Championships

The Florida State Seminoles, under the coaching of Dr. Ernie Lanford, have been well represented at the NCAA Championships in recent years. The Tribe has placed in the top 20 two of the last six years and the team has qualified for the NCAA Championships four of the last seven years and Seminole individuals have qualified the last five of the eight years under Lanford.

In the 1998-1999 season, the Florida State Seminoles qualified for the NCAA East Regional as the District 3S #5 seed. The Seminoles fell one spot short of qualifying for the NCAA Championships, missing 11th place by seven strokes. Junior Mark Monroe led the Seminoles, finishing tied for 29th with a three-round total of 217. Three seniors finished their careers with FSU at the Melrose Golf Course in Hilton Head, SC. Jason Pool, Barry Dyche and George McNeill all played in their last tournament as Seminoles.

In their last appearance in 1996, the Florida State Seminoles struggled to a 27th place finish in the NCAA Championships at the Honors Course in Chattanooga, TN. Coming off the best fin-

ish ever in Regional competition, the Tribe was looking to improve on the seventh place finish the year before. Junior Richard Fulford led the Seminoles, finishing the tournament tied for 47th with a two-round total of 152. Sophomore George McNeill ended the tournament with a tied for 70th place effort. Steve Carrington, Jason Pool, and Barry Dyche all participated in the 99th Annual event.

The 1995 NCAA Championships tied the best finish ever for a Seminole golf

In the 1998-1999 season, the Florida State Seminoles qualified for the NCAA East Regional as the District 3S #5 seed. The Seminoles fell one spot short of qualifying for the NCAA Championships, missing 11th place by seven strokes.

team. Florida State finished seventh in the NCAA Championships held at the Ohio State Scarlet Course in Columbus, OH. The team total of 1168 was two strokes behind sixth-place California. The Seminoles were led by All-American Honorable Mention Ken Staton, who finished tied for 14th with a four round total of 289. George McNeill and Richard Fulford finished tied for 29th

with four-round totals of 293. Second-team All-American Christian Raynor finished tied for 35th, while Dennis Tymosko finished 78th.

The Seminole golf team also finished 7th in the 1987 Championships, also held at the Ohio State Scarlet Course. That year, the Seminoles were led by three-time All-American Nolan Henke, who finished tied for second. Henke finished six strokes behind the winner, Brian Watts of Oklahoma State. The final four-day score of the Seminoles was 1191, four strokes behind sixth-place Arkansas.

The 1999 NCAA Championships will be held at The Lake Course at the Grand National Golf Complex in Opelika, AL. The tournament, hosted by Auburn University, will take place on May 31 through June 2.

Seminole Classic

When Coach Ernie Lanford came to Florida State eight years ago, one of his top priorities was to host a tournament in Tallahassee. This year will mark the sixth year that the Seminole Classic has taken place, bringing in some of the finest collegiate golfers in America. The tournament will consist of 15 teams from all over the United States.

In last year's 15-team tournament held at the Golden Eagle Country Club for the first time, the University of South Carolina Gamecocks claimed the team title, finishing one stroke ahead of second-place North Carolina State. Four teams tied for third place. They were: North Carolina, Tennessee, South Alabama and Mississippi State.

Individual champion Kyle Thompson of South Carolina edged Mark Gauley of North Carolina State by one stroke. Florida State's Kris Hannah and North Carolina State's Carl Petterson were tied for third place.

This year's tournament will take place on March 6-7, 2000 at the Killlearn Country Club. For the past two years, the tournament was held at the Golden Eagle Country Club. The two-day tournament will consist of three rounds totaling 54 holes.

Senior Blair Jarrard (above) competed with the 1998-99 Seminoles at last year's Seminole Classic. Kris Hannah (right) tied for third place with NC State's Carl Petterson at last year's Seminole Classic.

1999 Seminole Classic Team Results

1. South Carolina	285-300	585
2. North Carolina State	294-292	586
3. North Carolina	299-301	600
Tennessee	300-300	600
South Alabama	299-301	600
Mississippi State	302-298	600
7. Wake Forest	299-304	603
8. North Florida	297-307	604
9. Mississippi	300-306	606
10. Southeastern La.	298-309	607
11. Louisiana State	303-311	614
12. Florida State	306-310	616
13. College of Charleston	304-317	621
14. Southern Mississippi	323-308	631
Central Florida	321-310	631
16. Florida A&M	326-332	658

1999 Seminole Classic Top 10 Individual Scores

1. Kyle Thompson	S. Carolina	142
2. Mark Gauley	NC State	143
3. Carl Petterson	NC State	145
