STUDENT SERVICE

2011  2012

ABOUT STUDENT SERVICES

The Office of Student Services strives to establish a commitment to the total growth and development of each student-athlete. Through the N.O.L.E.S. program (New Opportunities for Leadership, Education & Service), an administrative commitment to academics and athletic excellence, as well as to personal development, these efforts are supported with programs and services in personal, career, and leadership development.

PERSONAL DEVELOPMENT

Fostering the development of personal growth is a fundamental component of the N.O.L.E.S. program. This support program ensures that the student-athletes will be provided with opportunities to focus on personal growth areas such as values clarification, goal setting, fiscal planning, decision-making and personal responsibility. Programming focuses on helping the student-athletes develop a healthy lifestyle while they are at Florida State University and habits that will benefit them throughout their lives.

CAREER DEVELOPMENT

Preparing for life after college is a major focus of the N.O.L.E.S. program. The program is designed to work in cooperation with Florida State's Career Center to acquaint students with the job search process, provide networking opportunities and ultimately assist with job placement. The program places a priority on the development of the total person, with the goal of developing individuals who will have rewarding and productive lifestyles after they leave Florida State University.

COMMUNITY SERVICE

Serving the community is the focus of the Seminole Spirit program. Student-athletes are challenged to give service to our community and individuals who are in need. With a clearly defined program of service, student-athletes are given the opportunity to develop a lifelong commitment to volunteerism. Over the years, our commitment to community service has grown leaps and bounds. During the 2006-2007, 2007-2008 and 2009-10 academic school year, the Florida State University department of athletics was recognized by the National Consortium for Academics and Sports for having one of the most successful outreach and community service programs in the nation, in which Seminole Student-Athletes impacted the lives of over 150,000 youth. During the 2010-11 academic year, Florida State's student-athletes performed almost 6,000 hours of community service as a group.

LEADERSHIP DEVELOPMENT

The Florida State University Department of Athletics is committed to developing programs of excellence that foster leadership development. Currently, the Office of Student Services offers three leadership programs to our student-athletes. The Student-Athlete Advisory Council (SAAC) has been in place at Florida State for over fifteen years and is a fantastic group of motivated student-athletes. The SAAC is made up of 42 student-athletes, with at least two representing every sports team and the spirit groups. James Ramsey from Baseball, Vice President Margo Zwerling from Track and Field and Secretary Jacob Brooks from Cross Country.

2011  2012

WHAT IS NCAA COMPLIANCE?

Florida State University is committed and obligated to the principle of institutional control in operating its athletics program in a manner that is consistent with the letter and the spirit of the NCAA, ACC and University rules and regulations. The maintaining of institutional control is imperative to the continued growth and success of Seminole Athletics. Proper rules compliance is the concern of everyone associated with Florida State University, and everyone plays a role. Keeping our student-athletes, administrators, coaching staffs and alumni/boosters abreast of NCAA and ACC rules is the key to ensuring proper rules compliance.

The FSU Compliance Team coordinates, monitors and verifies compliance with all NCAA requirements and educates the various constituencies of the University and the community regarding NCAA/ACC regulations. Our office is dedicated to providing educational programs and interpretive support to ensure that all individuals involved with the athletics program understand and adhere to the University's compliance expectations. It is the goal of the compliance program to place the University in a proactive position by educating, overseeing and monitoring the intercollegiate athletics program and maintaining a positive compliance environment. Some of the areas that the office is responsible for are Amateurism, Coaching Limits, Eligibility, Recruiting, Financial Aid, Awards and Benefits and Playing and Practice Seasons.

The Compliance Office is located on the Fourth Floor of the Moore Athletic Center and is staffed by the Associate Athletic Director for Compliance, two Assistant Athletic Directors, two Directors of Compliance and two Graduate Assistants. We welcome any questions or concerns that you may have regarding the NCAA or ACC regulations in relation to FSU student-athletes or athletics programs.

PLEASE REMEMBER TO ASK BEFORE YOU ACT!

Florida State University wants to continue our winning ways, but it is important to win the right way – and that means adhering to the NCAA rules. Therefore, we encourage you to contact the Compliance Team should you have any questions about or knowledge of a potential rules violation. Providing information about any potential violations is the best way to protect FSU, current student-athletes and prospects. The Compliance Team can be contacted via phone at 850/644-4272 or email at ath-compliance@admin.fsu.edu. You can also follow us on Twitter: @FSUcompliance and Facebook: "FSU Compliance".

DON VELLER SEMINOLE GOLF COURSE AND CLUB

The par 73, 18-hole championship golf course recently underwent a 1.4 Million-Dollar renovation and reopened September of 2004. The spectacular changes modernized the course with 18 brand new USGA greens featuring the state of the art ultradwarf turf called TiffEagle. The architect for the project was Robert C. Walker of Atlantic Beach, FL. Mr. Walker was the former lead architect for Arnold Palmer Golf Design.

KILLEARN COUNTRY CLUB AND INN

The site of 21 PGA Tour and four LPGA Tour tournaments, Killlearn Country Club's three nine-hole layouts offers a challenging yet fun golf experience. Killlearn's three nine-hole courses are played in three eighteen hole combinations. These courses are home to several championship events each year and have hosted the PGA Classic and the Sprint Central.

GOLDEN EAGLE COUNTRY CLUB
