ON THE COVER

One of Florida State's strengths in the 1990 season will be its experience on the pitcher's mound. Between Christy Larsen (left) and Debbie DeJohn (right) the duo has compiled 91 career victories and last season placed eighth in NCAA Division I with a 0.80 team ERA.

FLORIDA STATE LADY SEMINOLE 1990 SOFTBALL SCHEDULE

DATE	OPPONENT	LOCATION	TIME
Feb. 18	West Florida (DH)	Tallahassee	1 & 2:30 PM
Feb. 24	South Florida (DH)	Tampa	1 & 2:30 PM
Feb. 27	Florida A&M (DH at FAMU)	Tallahassee	4& 5:30 PM

May 18-19	NCAA Championships	Campus Sites	
May 23-27	College World Series	Oklahoma City, OK	

In 1990, Florida State will play its strongest fast-pitch schedule to date. The Lady Seminoles will face 15 regionally ranked teams, with a possibility of more.

OUTLOOK: 1990 SOFTBALL

Facelift Forces FSU to Realign Strategies

Quite often, when teams face a considerable loss from one year to the next, a new look goes into effect.

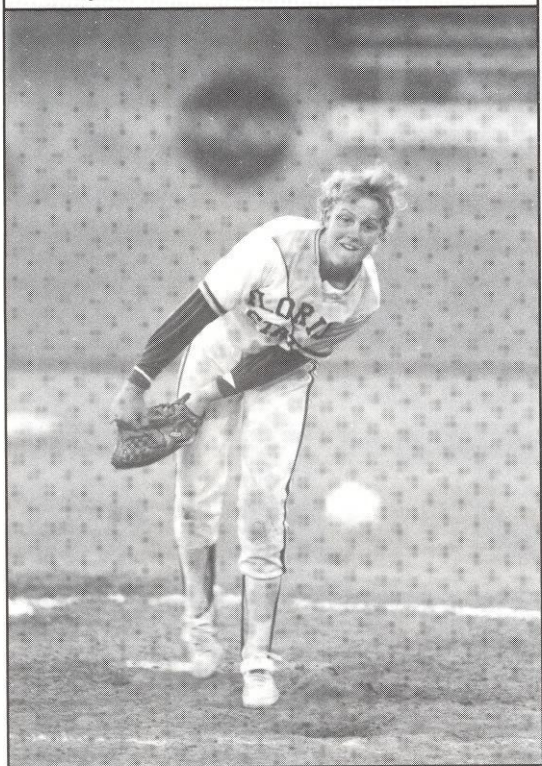

The 1990 Lady Seminole softball team has been through a remake since last May when it saw action in the NCAA Tournament. Gone are five seniors, four of which were starters.

The remake will not leave the Lady Seminoles unidentifiable because several players remain; they will now have more responsibilities to undertake.

Gone is the ability to carry the team, such as three-year South All-Region shortstop Tiffany Daniels was known to do. Gone is the leadership-by-example ability that dependable first baseman Lori Crouse displayed. And gone is the all-out physical strength that left-fielder Kari Keith used to throw out runners at first base from the outfield.

That's why a team effort is being stressed by head coach JoAnne Graf as she heads into her 12th season at Florida State.

Junior utility player Christy Larsen picked up 17 wins and played 26 games in the outfield to earn South All-Region status in 1989.

"We will not have the power we did last season," said Graf calculating that 11 of the team's 17 home runs left with Crouse, Daniels and Keith. "We're going to be one of those singles teams that relies on base running. We must execute better this season in certain situations. Each player must take responsibility. There will be no standout. The team will be a major aspect this year."

Looking down the roster and finding only one senior, Graf seems to contradict herself with an explanation of the experience level of her squad.

"We're a young team. But we're not young," said Graf. "We're a young team

when you look at the class breakdown and the ages of the players out on the field. But when you start looking at the experience that each of the players has, then you realize that they have played a lot of softball."

The Lady Seminoles return five everyday starters

to the diamond in 1990, as well as both ends of their highly successful pitching combination which finished eighth in the nation with a 0.80 earned run average. Leading the way in the coming season will be the lone senior of the squad, pitcher Debbie DeJohn, who in three years has posted 65 wins.

In an attempt to secure their fifth NCAA post-season tournament appearance in as many years, here's how the Lady Seminoles check in position-by-position.

INFIELD: It's a half-empty or half-full situation for the Lady Seminole infield as two positions stay the same and two change personnel. At first base, Graf will test the waters with freshman Californian Toni Gutierrez and junior college transfer B.J. Hodges. While both will need time to mature as Gutierrez enters the collegiate ranks and Hodges is making a switch from slow- to fast-pitch, they will both learn and improve as the season progresses, according to Graf. Returning at second base for her third season is junior Kelly Flaczinski. Playing in 49 games, Flaczinski committed only four errors and showed she was quick on bunt coverage to first base with 147 putouts. At shortstop will be sophomore Penny Siqueiros. Moving back to her original position after spending a season in the outfield, this will be the biggest revamp of the season, Graf said. "Penny has a good head on her shoulders. When she begins to feel comfortable at the position, it will come natural to her." After a successful rookie season at third base, Shannan Mitchem will return to the position where she started 51 games in 1989. Mitchem can also be used in a backup shortstop situation while redshirt freshman Hunter LaFountain backs up Flaczinski at second and newcomer Susan Buttery, of Tampa, will provide infield depth at third base.

OUTFIELD: Three new faces will roam the Lady Seminole outfield in 1990 along with returnees Becky Harrison and Christy Larsen. Once again, the outfield rotation will be altered when Larsen is on the mound. A South All-Region selection as a utility player, Larsen played 24 games in centerfield while Harrison appeared in 16 games at a key point in the season when injuries took their toll on the Lady Seminoles. Of the three newcomers, Graf calls freshman Tina Getherall an impact player. "She could be the sparkplug of the team, one who makes things happen on the bases. And in the outfield, she does not drop anything." Jodie Bullock, an all-state and region transfer from Peoria Junior College, has been penciled in at left field and could be so consistent that no one will notice her, according to Graf. Freshman Leslie Barton could see action in the outfield as a spot starter when Larsen pitches. "Our outfielders have such speed that it will seem as if we have five fielders out there," said Graf.

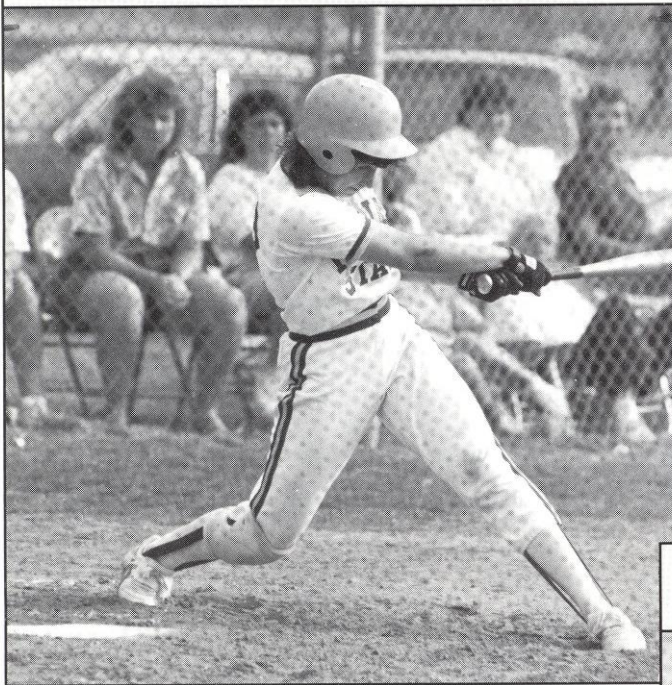

BATTERY: No changes affect this part of Florida

State's game for the 1990 season. Both Debbie DeJohn, winner of 22 games last season and Christy Larsen, a 17-game winner, return to the mound for the Lady Seminoles. "The pitching looks very strong," Graf said. "Debbie is consistent and is in very good shape physi-

nole offense in 1990 unless one of several players assumes the role of power hitter. Catcher Julie Rice is the leading candidate, with three home runs during 1989. Otherwise, baserunners such as Christy Larsen, Penny Siqueiros, Tina Getherall and Jodie Bullock will provide the spark for the offense. Pitcher Debbie DeJohn, who hit .311 in 135 at bats last season, could once again be used in the designated player role when not pitching. Second baseman Kelly Flaczinski, last year's cleanup hitter, must produce in clutch situations.

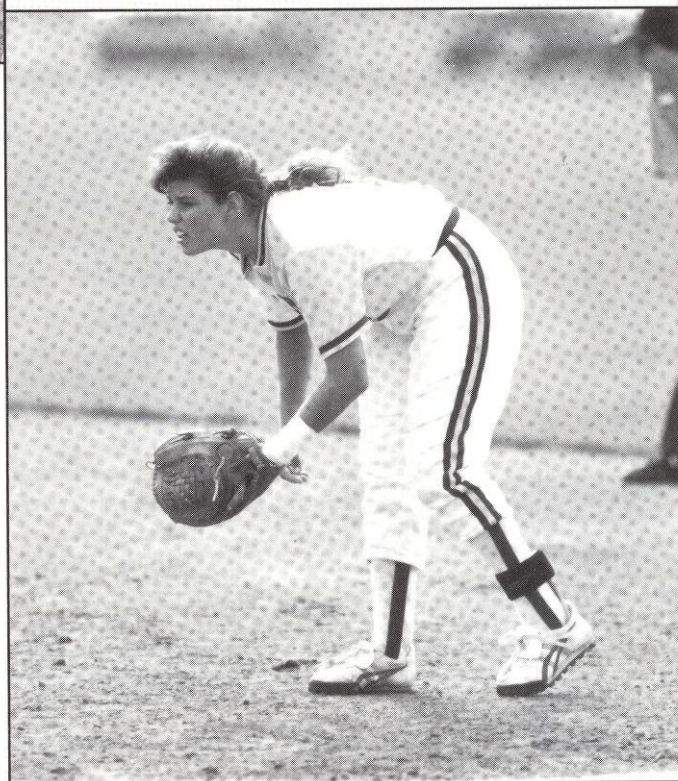

The Lady Seminoles return five everyday starters to the diamond in 1990, as well as both ends of their highly successful pitching combination . . .

Catcher Julie Rice appeared in all 53 games behind the plate last season.

SCHEDULE: Lady Seminole Field will be the host of 17 regular season home dates as well as the 24-team Lady Seminole Invitational. Once again, JoAnne Graf has assembled the top teams of the South region in single games or in tournament play. Florida State will host South Carolina, Southwestern Louisiana, Virginia, Nicholls State and Furman, all ranked in the South region as well as Michigan, Indiana, Connecticut, Missouri and Princeton, regionally ranked elsewhere. The Lady Seminoles will travel to participate in the Southern Invitational in Birmingham, AL, the Oklahoma State Invitational, the Chattanooga Invitational and the South Florida Invitational.

Kelly Flaczinski has started at second base for the past two seasons.

cally. Christy matures every year. She has always been a good thrower, but she has now learned pitching." FSU will be able to keep opposing hitters off balance with the combination of Larsen's power pitching, responsible for an average of 7.3 strikeouts per seven innings, and DeJohn's finesse. The lone senior on the team, DeJohn walked only 32 batters in 213 innings. Should injuries or fatigue befall the FSU pitching combo, freshman Toni Gutierrez could be called to the mound.

Calling the pitches for FSU's mound corps will be the familiar face of junior Julie Rice. A starter since her freshman season, Rice has become much more sure of herself, according to Graf. "She's got good experience behind the plate," Graf said. One of only three players on the team to see action in all 53 games, Rice committed only one error in 353 chances last season. Providing backup behind the plate will be junior Lora Migliaccio, who will be in her third year at FSU.

OFFENSE: Execution, speed on the bases and manufactured runs will be the key to the Lady Semi-

LADY SEMINOLE SOFTBALL COACHES

HEAD COACH, JOANNE GRAF
12th year, 485-119-4

Florida State Softball enters the decade of the 1990s with the same familiar face of JoAnne Graf which guided the Lady Seminoles to 459 victories through the decade of the 80s.

In her seventh year of fast-pitch competition, Graf has successfully placed Florida State among the upper echelon of national competition. For the second year in a row, the Lady Seminoles were ranked in the NCAA Coaches Poll from the beginning of the season until its conclusion.

It's no surprise good things keep coming Florida State's way in the fast-pitch game under Graf's tutelage. It's just a carry-over effect from the days of back-to-back slow-pitch national titles in 1981 and 1982.

In an effort to reach that level, Florida State has been selected for post-season play in each of the last four years. Following a playoff win over Adelphi in 1987, Florida State advanced into the Women's College World Series for the first time.

In six years of fast-pitch competition, Graf has directed the Lady Seminoles to 266 victories for a winning percentage of better than seventy-five percent. In her first five years at Florida State, she accumulated 219 wins playing the best slow-pitch competition in the nation. Her 485-119-4 overall career record checks in with an .798 winning percentage.

Graf, who was voted the South Region Coach-of-the-Year in 1986 after leading Florida State to its first NCAA post-season tournament, has seen 19 of her players elected to NCAA South All-Region teams. In 1987, FSU produced its first fast-pitch All-America in shortstop Tiffany Daniels.

A 1975 graduate of Florida State, Graf returned to her alma mater after two years at the University of North Carolina at Greensboro where she earned her master's degree in physical education. Graf also worked in the athletic department at UNC-Greensboro as head coach for the University's men's and

women's swim teams and assistant softball coach.

Graf, who serves as director of the Florida State softball camp each summer, is a former president of the Florida Collegiate Athletic Association. She is also a member of the NCAA Softball Committee and chairwoman of the NCAA softball advisory committee for the South region.

She is presently seeking her doctorate degree in administration.

CONNIE CLARK
ASSISTANT COACH
FIRST YEAR

Former All-American pitcher Connie Clark joins the Lady Seminole softball staff for the 1990 season.

Clark brings to Florida State several years of teaching on the national level as well as the international level. After earning a bachelor of science degree from Cal State Fullerton in Physical Education in 1987, she has worked as a private instructor at the Rod Carew Baseball School in California and conducted clinics in Tokyo, Japan; Auckland, New Zealand; and Shanghai, China.

While at Cal State Fullerton, Clark twice participated in the Women's College World Series and defeated Florida State 4-0 in the first round of the 1987 World Series. In 1986, she led the nation with a 0.18 earned run average pitching for the national championship Titan team. Her senior season she finished third in the nation with 33 wins, was named All-America and won the prestigious Broderick Award for Collegiate Softball Player of the Year.

For the Lady Seminoles, Clark will work with the nationally ranked pitching staff and assume the first base coaching duties. She will also assist JoAnne Graf in the softball recruiting process.

JACKIE SAVIS
GRADUATE
ASSISTANT

Beginning her second season as a graduate assistant with the Lady Seminole softball team, Jackie Savis provides Florida State with 15 years of fast-pitch softball experience.

A native of St. Louis, Mo., Savis played at the collegiate level at the University of Minnesota. Appearing in 147 games for the Gophers, Savis was part of two Big Ten Championship teams and Minnesota's first NCAA tournament bid.

At Minnesota, Savis enjoyed a fine academic career as well, graduating with honors in psychology. A three-time Big Ten All-Academic team selection, Savis won three Patty Berg awards for academic and athletic excellence. She also received the President's Student Leadership and Service Award and the Assembly Committee on Intercollegiate Athletics Award for the outstanding graduating senior.

Savis is currently working on a master's degree in sport psychology at FSU.

SOPHOMORE CLASS

SHANNAN MITCHEM
THIRD BASE
STONE MOUNTAIN, GA

... played third base like a seasoned veteran as a rookie... was considered as a shortstop prospect, but will now stay at third due to her success... was the lone freshman to be a regular starter in the lineup... **1989:** started 51 games at third... only game she missed was a doubleheader against Miami of Ohio when she had a badly sprained ankle... had a .202 batting average in 119 at bats with nine runs scored and six RBI... committed only six errors in 144 chances... second on team with 103 assists... hit .273 in the last 11 games of the season hitting at a nine for 33 clip... **HIGH SCHOOL:** most of her previous fast-pitch experience came on the national level with the Tucker Elite team which advanced to the national tournament... named most athletic at Tucker High School where she concentrated on basketball since her team played slow-pitch softball... plans to major in communication...

	G	AB	R	H	2B	3B	HR	RBI	AVG
1989	51	119	9	24	1	0	0	6	.202

PENNY SIQUEIROS
OUTFIELD
ORLANDO, FL

... in the biggest move from last season to this season, Siqueiros will move from the outfield to short-stop... played the position in high school but must learn at the collegiate level... "When she feels comfortable with the position," Graf said, "it will come natural."... **1989:** played 27 games in right field and three in left field... finished with a .231 batting average in 52 at bats... hit a two-run home run in a 4-3 loss to Miami of Ohio, the first of her collegiate career... suffering a

"... (Rice) will be the leading candidate to assume the power hitter role"

strained knee in a game against South Florida on April 8, Siqueiros sat out the next 14 games until May 3... **HIGH SCHOOL:** played slow-pitch softball her senior year at Lake Brantley High School and earned team MVP... first team All-Orange County and All-Conference selection as a senior... also played on Lake Brantley's junior varsity baseball team... a member of the Lake Brantley Marching Band...plans to major in marketing or accounting...

FRESHMAN CLASS

LESLIE BARTON
OUTFIELD
MAITLAND, FL

. . . will provide depth in the Lady Seminole outfield... could see action in games when Christy Larsen pitches... will need time to adjust to the fast-pitch game after playing slow-pitch in high school... was named all-Seminole County and all-conference... won two Seminole County batting titles and Seminole County Player of the Year Award... selected MVP of the Florida North-South All-Star game... major is undecided...

SUSAN BUTTERY
THIRD BASE
TAMPA, FL

. . . set to provide infield backup... could see action at third base... "a pleasant surprise," says Graf... will be the only lefthander in the batting order... very consistent for a freshman and calm on the field, according to Graf... first-team All-County selection at Chamberlain High School... was an All-State soccer selection... plans to major in business at FSU...

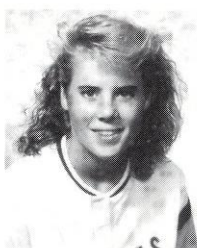

TINA GETHERALL
CENTERFIELD
HACIENDA HEIGHTS, CA

. . . has already been penciled in as a starter in the FSU outfield... a strong-armed outfielder with speed... an impact player, according to Graf... won 10 high school letters at Glen A. Wilson High School... played softball, volleyball and basketball at Wilson... earned all-league honors all four years of high school... played 18-and-under summer league softball with the Ball Hawks which finished in the top five of the ASA National Tournament... majoring in criminology...

TONI GUTIERREZ
FIRST BASE
CANYON COUNTRY, CA

. . . has the chance to start at first base as a freshman... will also be used on the mound in case injuries or fatigue hit the FSU pitching staff... a three-year all-league selection and three-time team MVP at Canyon High School... earned eight varsity letters in high school... played summer softball with the California Waves in the ASA 18-and-under league... major is undecided...

HUNTER LAFOUNTAIN
SECOND BASE
DALLAS, TX

. . . will see some action in the infield to gain experience for the future... needs to stay free of nagging injuries, according to Graf... will back up Kelly Flaczinski at second base... **1989:** received a medical redshirt after injuring a knee... **HIGH SCHOOL:** MVP of her Ursuline Academy team in Dallas for the past two years... two-year All-District and All-State selection... also played volleyball and basketball in high school, earning All-State and All-District honors... a hotel management major...

Five freshmen join the Lady Seminole lineup in 1990. Two are expected to start.

FINAL 1989 SOFTBALL STATISTICS

Overall Record: 39-14 (.736)
 Against South Region: 20-6 (.769)
 Extra Innings 4-4 (.500)
 Away Record: 5-3 (.625)

1988 South Regional: FSU, Texas A&M and Louisiana Tech at Ruston, LA. Texas A&M won three-team regional. Texas A&M 1, FSU 0; La. Tech 6, FSU 1.

1989 South Regional: FSU, South Carolina and Louisiana Tech at Tallahassee, FL. South Carolina won three-team regional. South Carolina 2, FSU 1 (10 innings); Louisiana Tech 3, FSU 1

1989 LADY SEMINOLE TEAM HONORS

- Frost Cutlery Invitational Champion
- Selected to participate in 20-team NCAA National Championship Tournament
- Led NCAA Division I in home runs per game (17 in 53 games, 0.32 per game)
- Eighth in NCAA Division I in Team Pitching (0.80 Earned Run Average)
- Third in NCAA Division I in Team Fielding (.971 Fielding Percentage)

1989 LADY SEMINOLE INDIVIDUAL HONORS

South Florida Invitational: All Tournament Team

Tiffany Daniels, shortstop
Lori Crouse, first base
Debbie DeJohn, pitcher

Lady Seminole Invitational: All Tournament Team

Kelly Flaczinski, second base

Frost Cutlery Invitational: All Tournament Team

Debbie DeJohn, pitcher
Kelly Flaczinski, second base
Christy Larsen, utility player
Tiffany Daniels, Most Valuable Player

1989 South All Region Team

Lori Crouse, first base (first team)
Tiffany Daniels, shortstop (first team)
Christy Larsen, utility player (first team)
Debbie DeJohn, pitcher (second team)

NSCA All American

Tiffany Daniels, second team

NCAA DIVISION I FINAL RANKINGS

Debbie DeJohn, fifth in Earned Run Average (0.53)
Christy Larsen, third in Strikeouts Per Seven Innings (7.3)
Tiffany Daniels, tenth in Home Runs Per Game (6 in 53 games, 0.11)
Tiffany Daniels, 14th in Stolen Bases Per Game (25 in 53 games, 0.47)

... and Christy Larsen (above) are both very capable at the plate.

Not only are FSU'S pitchers talented enough to rank eighth in the nation with an 0.80 team ERA, Debbie DeJohn . . .

LADY SEMINOLE SOFTBALL INVITATIONAL

Seventh Annual Features Best Field Ever

The Seventh Annual Lady Seminole Softball Invitational Tournament, featuring 24 teams, will be played at Lady Seminole Field and the James A. Messer Sports Complex the weekend of March 16-18.

Seven of the eight teams which reached the championship bracket of the 1989 tournament return for competition this season. Also featured among the 24 team field are 11 teams which finished in the final regional polls of 1989.

Teams will compete in four pools of six teams each on Friday, March 16 and Saturday, March 17 to determine a championship bracket of eight. The semi-finals and championship game will be played Sunday, March 18 at Lady Seminole Field.

The following is a breakdown of the four pools.

Florida State	Iowa State
Oklahoma	New Mexico
Adelphi	North Carolina
Rhode Island	South Florida
Stetson	Indiana State
Southwestern Louisiana	Bradley

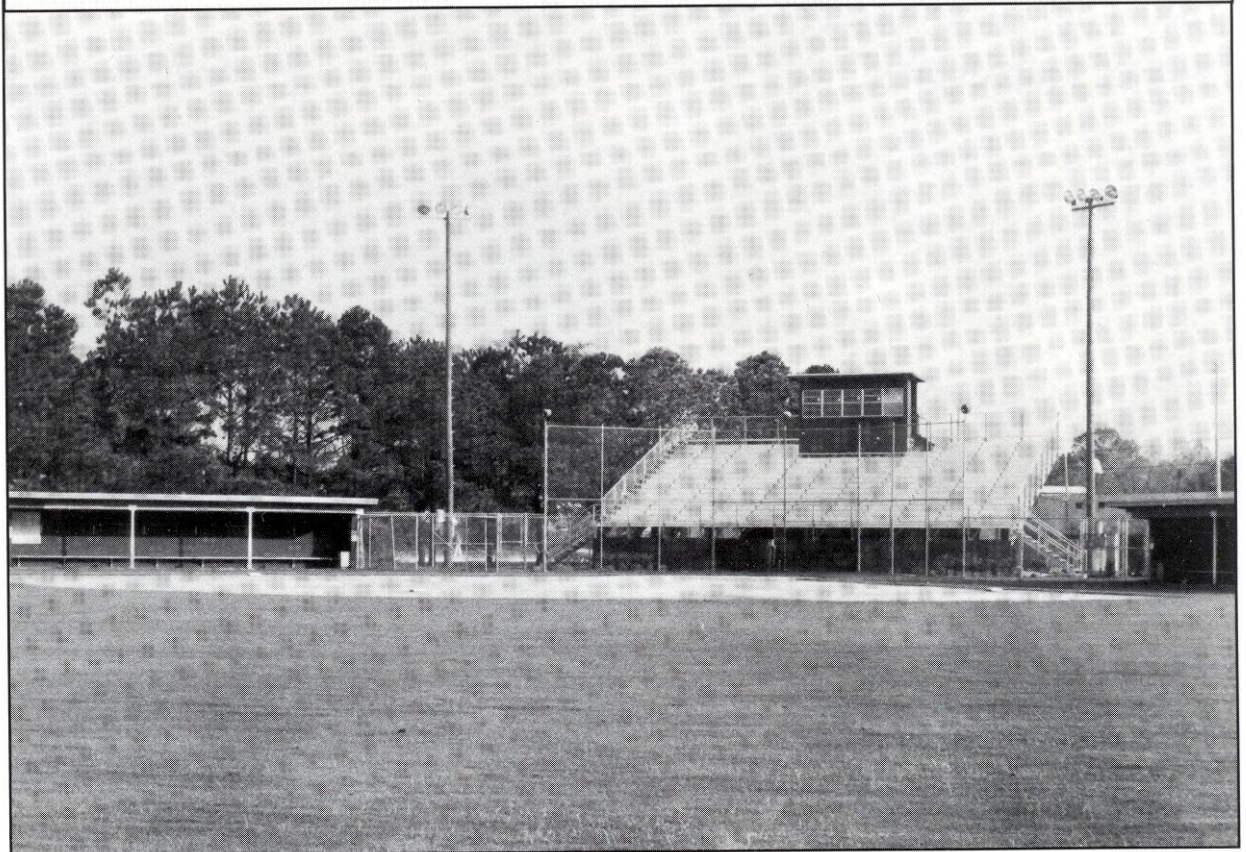

Illinois State
Missouri
Nicholls State
Indiana
Northern Iowa
Georgia State

Southern Illinois
Furman
Connecticut
Nebraska
Florida A&M
Miami University of Ohio

YEAR-BY-YEAR LADY SEMINOLE INVITATIONAL CHAMPIONS AND MVP

	Champion	MVP
1984	Florida State	Tina Kyler, Florida State
1985	Florida State	Beth Hawkins, Bradley
1986	South Florida	Debbie Morash, South Fla.
1987	South Florida	Lisa Lines, South Florida
1988	Florida State	Tiffany Daniels, Florida State
1989	Northern Illinois	Jill Justin, Northern Illinois

Lady Seminole Field, site of 16 home dates and the 24-team Invitational Tournament.

THIS IS FLORIDA STATE UNIVERSITY

Florida State University, home of the world's fastest supercomputer, is setting the pace as higher education in the state prepares to enter the 21st century. The FSU Supercomputer Computations Research Institute attracts international attention with scientists from many nations using the University's two powerful supercomputers in their research.

The Department of Physics' Tandem Van de Graaff Superconducting Accelerator Laboratory, ranked in the top four in the nation by the National Science Foundation, houses two powerful atom smashers which also provide unique research opportunities.

Located in Tallahassee, the capital of Florida, FSU is a public, coeducational university and a senior member of the State University System. More than 26,000 students are enrolled, representing all 50 states and 100 foreign countries. The University offers more than 250 graduate and undergraduate degrees in its 15 schools and colleges. Outstanding programs in the colleges of arts and sciences, business, communication, education, engineering, home economics, law and social sciences combine with the schools of criminology, library and information studies, music, nursing, social work, theater and visual arts to make Florida State a nationally acclaimed university.

The Florida State campus, located just blocks away from the state capitol, is beautiful in all seasons. Its 347 acres mirror the picturesque features of the surrounding North Florida region. The buildings are nestled among evergreen live oaks, pines and palms, as well as hardwoods that provide fall color, and dogwoods and azaleas that are covered with a profusion of springtime blossoms.

As an institution, FSU began as coeducational Seminary West of the Suwannee River, approved by the Florida Legislature in 1851 and assigned to Tallahassee in 1857. Name changes over the years included Florida State College in 1901; then in 1905, Florida Female College and, in 1909, Florida State College for Women. Gov. Millard Caldwell signed a bill in 1947 which again made the institution coeducational and changed the name to Florida State University.

The University's location affords excellent research and internship opportunities in government, law and the social sciences. The reputation of Florida State's research programs and the expertise of its more than 1,500 faculty members—including four members of the National Academy of Sciences and four members of the American Academy of Arts and Sciences—represent major strengths of the University. FSU prides itself on pursuing academic quality while maintaining a friendly, welcoming atmosphere.

Programs in music, dance and theater at Florida State have earned well-deserved national recognition. The visual and performing arts exhibited and produced on campus offer students and the community a wealth of enrichment opportunities.

Student activities at FSU create an important balance between the classroom experience and the personal life of the individual scholar. Honors programs, student government, intramural sports and more than 200 organizations are available for student involvement. Furthermore, the Flying High Circus, the world's only all-collegiate circus, makes its home here.

Florida State academic programs extend well beyond Tallahassee. The FSU Marine Laboratory is located on the Gulf of Mexico, 45 miles away. Students participate in professional training programs at the Asolo State Theater in Sarasota and the Burt Reynolds Institute for Theatre Training in Jupiter. The Panama City Campus of Florida State offers upper-level courses which lead to bachelor's and master's degrees. The Center for Professional Development and Public Service, housed in the Florida State Conference Center on the edge of the main campus, manages educational outreach activities from Pensacola to Miami.

The physical growth of the University during the 11-year administration of President Bernard Sliger represents new construction expenditures of more than \$100 million. It includes such additions as the University Union expansion project, the new Paul A.M. Dirac Science Library Building, the Jeffersonian-style Village Green project at the College of Law, the new wing of the Rovetta Business Building, and the new FAMU/FSU College of Engineering at Innovation Park.

It is not only the academic programs and facilities of Florida State, but also its people—students, faculty, alumni, administrators and staff—who make this University such a proud monument to learning.

Student activities at FSU create an important balance between the classroom experience and the personal life of the individual scholar.
