

# THE PREPARATION

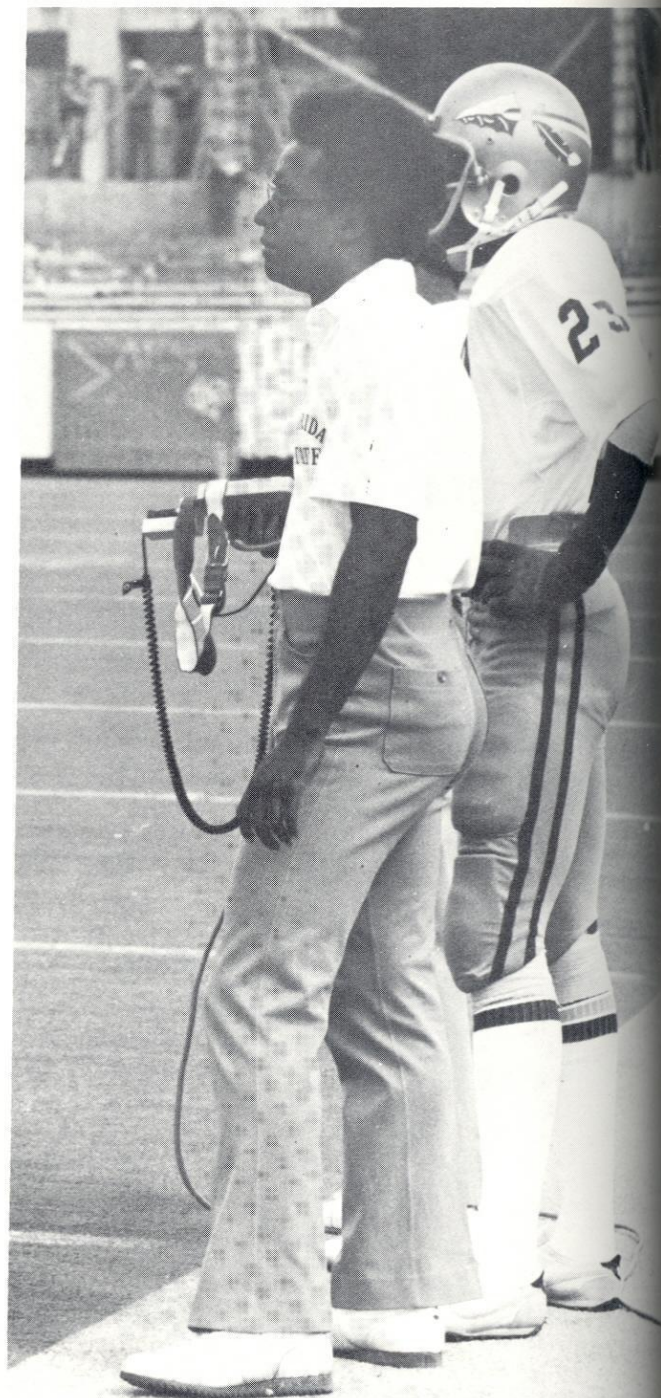

## JUNIOR VARSITY FOOTBALL

Playing only five games, the Junior Varsity football team ended the season with a 2-3 record.

The purpose of the Junior Varsity team was to prepare players for possible action in Varsity games. Many fine Varsity players developed valuable skills in their Junior Varsity play.

Barry Mittan

Coach Schoolfield eyes action from the sidelines.

Auburn	14	61
Florida	44	27

Head Coach Bobby Bowden.

## FOOTBALL COACHES

"Bob-by Bowden, yer the one fer me. Bob-by Bowden, please stay in Tallahassee" — the voice on the radio croons "The Bobby Bowden Song" and expresses perfectly Tallahassee's veneration of its head football coach, the man who brought the 'Noles to national prominence. Bowden coached at the University of West Virginia before coming to FSU in 1976, when he began the famous turnaround of Seminole football.

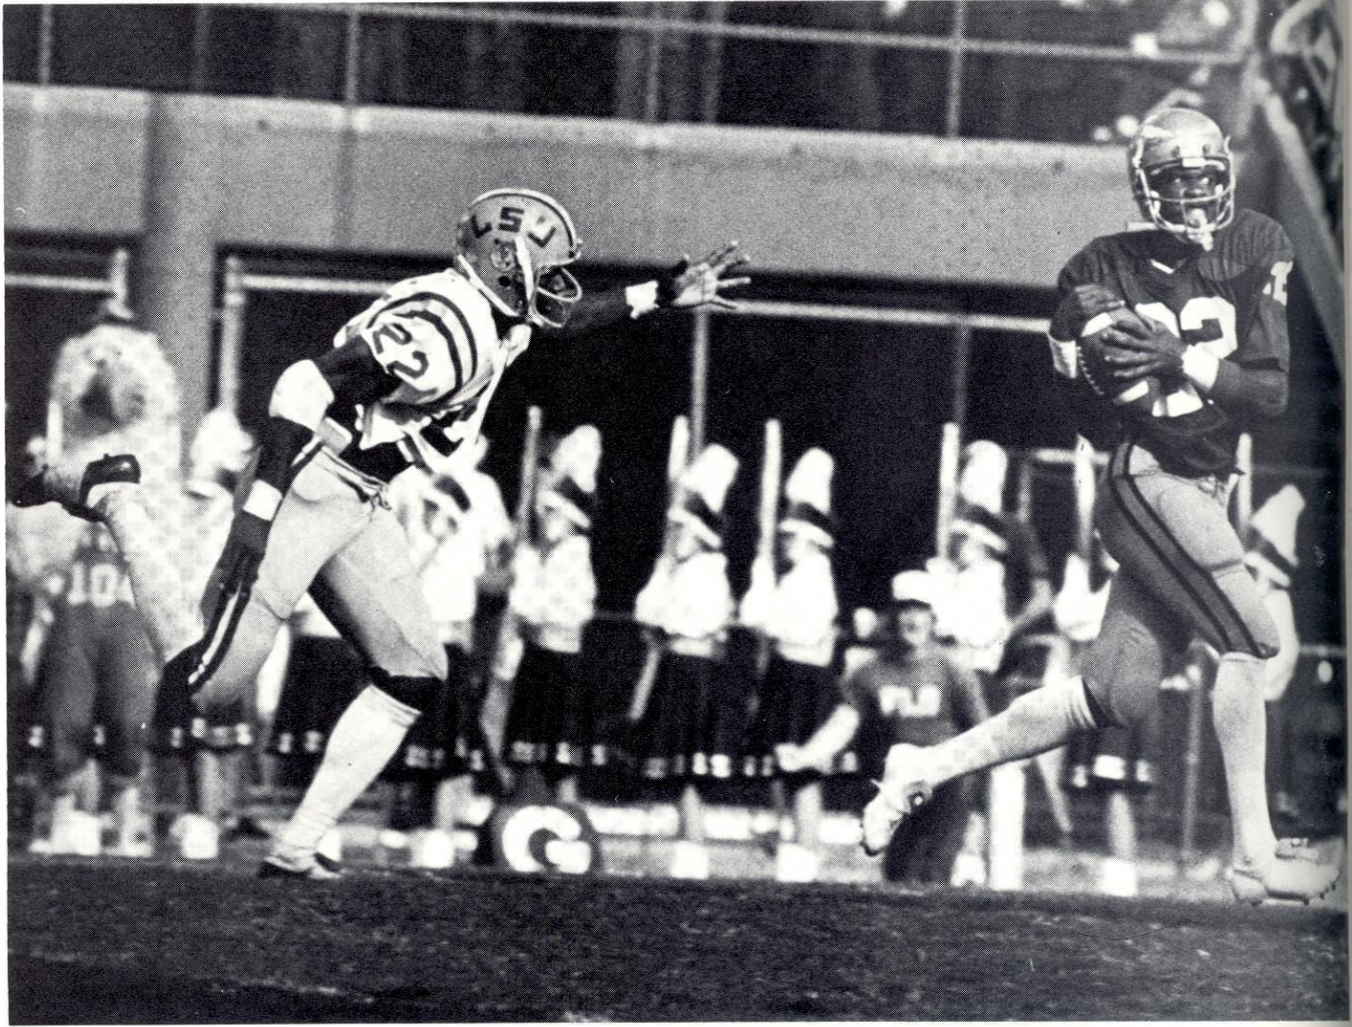

Bowden and the fine coaching staff which complemented him deserved the appreciation of fans, as they organized the football program into one of utmost efficiency. The result: an Orange Bowl bid for a team which six years earlier had gone 0 and 11!

The Preparation paid off.

## A PERFECT SEASON

A combination of good players and fine coaching made this season the best possible, as the 'Noles finished with a perfect 11-0 record. Those games which were considered crucial tests were passed as if in the course of the day. The Seminoles showed they deserved their top ten ranking.

A double quarterback combination of Jimmy Jordan and Wally Woodham directing the offense proved to be too much for Florida State foes. The passing attack was highly effective, picking apart opposing defense. Gaining over 1,000 yards, Mark Lyles led a strong running game which consistently gained needed yardage. The team's offense racked up a total of 319 points, while the defense held opponents to a mere 136.

Pirowski and Coursey down an MSU runner.

Courtland Richards

Ramsey pulls for extra yardage.

Joseph Millard

All-American Ron Simmons, who finished ninth in the Heisman voting, led the defensive squad. The defense stifled first down attempts and forced turnovers, recovering fifteen of the opponent's forty-five fumbles. Monk Bonasorte led the backfield with a total of eight interceptions, which ranked him fourth in the nation.

Providing a strong kicking game, Dave Cappelen totaled up seventy points. He clinched the title of leading scorer in FSU history, with a sum of 239 points over four seasons. He missed just one conversion in twenty-nine attempts and averaged better than 63% in field goals. Bill Capece aptly handled the kickoff chores, starting opponents deep in their own territory. Rohn Stark's punting helped keep trouble further away.

The season closed on a joyous note as the 'Noles gigged the Gators 27 to 16 in a nationally televised game. A bid to the Orange Bowl to meet the University of Oklahoma rewarded the team's efforts.

Even with the home crowds cheering them on, the Seminoles couldn't match the powerful Oklahoma Sooners, a five-year veteran team of the Orange Bowl Classic. Despite the loss, Florida State finished sixth and eighth in the AP and UPI polls.

# MEN'S CROSS COUNTRY

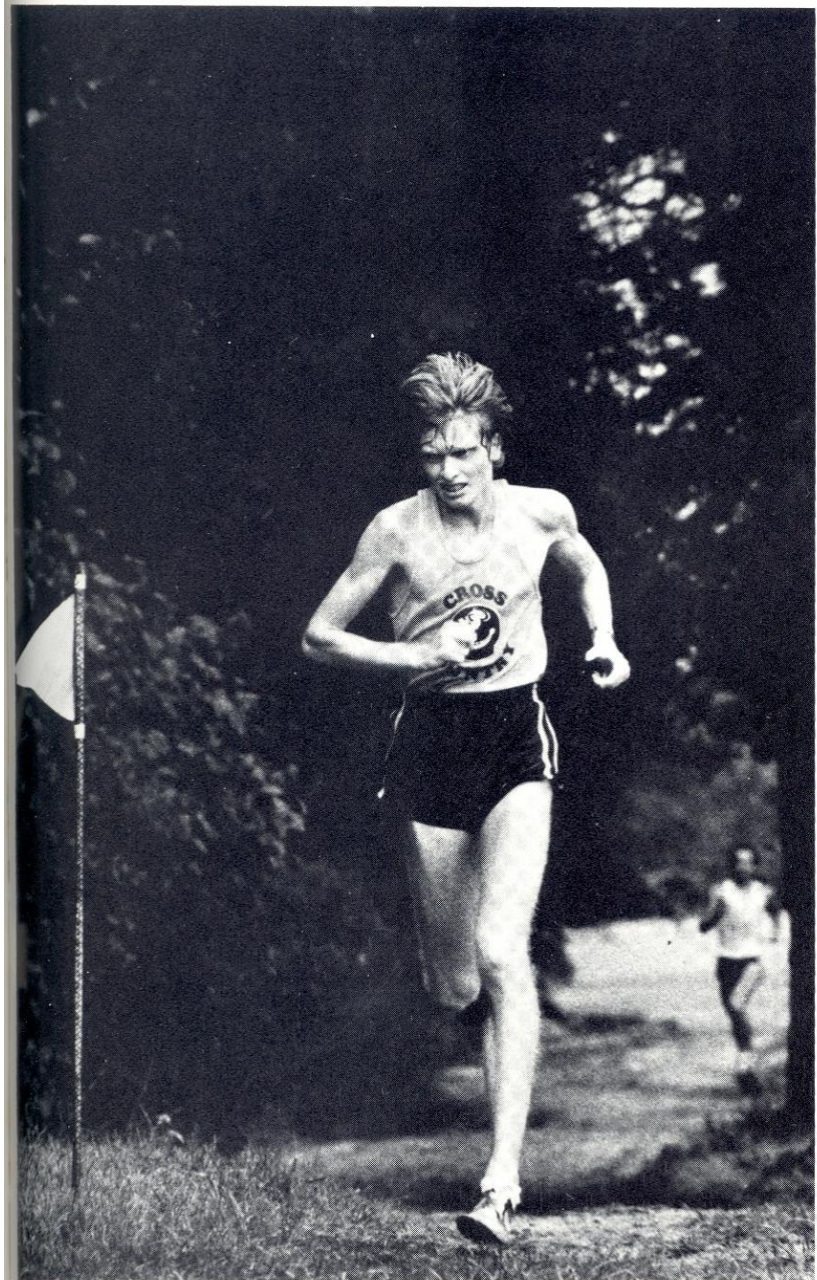

Brett Hoffman

Doug Overfelt

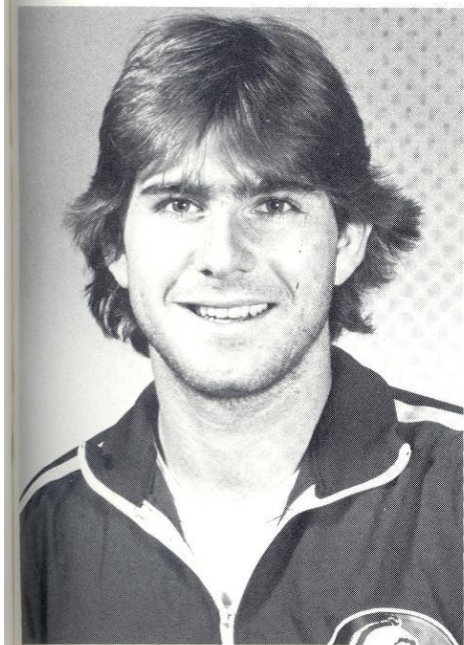

Herb Wills

The Cross Country team was a very young one, but one whose determination and talent led to successes. The squad ran very well in a meet with two other teams and at the prestigious Furman Invitational. At the Florida State Invitational, the team took third. Herb Wills consistently made headlines as the top Seminole runner.

But the real sweep came at the Metro Conference Championship. For the second consecutive year, the 'Noles took the title. FSU's top five finishers (which are those who are scored) were in the first twelve across the line. Doug Overfelt placed fourth, followed closely by Marc Trigg (sixth) and John Hodge (eighth). Coach John Brogle was named Metro Cross Country Coach of the Year.

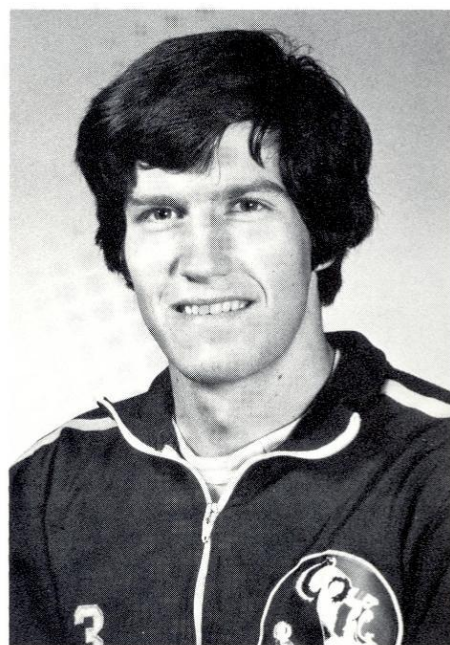

In the Regional meet, the Seminoles finished twelfth out of forty-two teams, and therefore didn't earn a spot in National competition. But the outlook for next year was exciting, with nine of ten lettermen returning, none of them to be seniors.

John Hodge

Larry Greene

Tom Herron

At their first meet of the season, the Lady Seminoles established themselves as top contenders. Many of the nation's best teams came to Tallahassee to compete in the Florida State Invitational, where Junior Kathy Moore came in sixth and Freshman Mary Banks eighth, leading the 'Noles to take second place overall.

The team's next challenge was the Rutgers Invitational. Darien Andreu and Kathy Moore finished eighth and ninth respectively, and the team grabbed another second place finish out of a large field.

The Lady Seminole and University of Alabama Invationals helped ready the team's Top Seven for the Region III meet hosted by FSU. Moore, Andreu, Banks, Nancy Jaquish, team captain Lisa Kinch, Lisa Rhoden, and Gale Grant totalled a team score of 33 to Alabama's 28, and thereby took second at the Regional competition.

For the first time ever, the Seminoles hosted the National championships, which consisted of each Region's top two teams and top fifteen individual runners. 250 women ran in the Division I race. The Lady Seminoles didn't compete as well as they had in previous races, but nonetheless placed 22nd overall — and just wait till next year.

Velma Wright doing what she does best.

One of the best things about the Volleyball program was the strong support of the rapidly growing Women's Athletic Department. They provided a year-round training program at FSU. They felt this necessary to get the experience and skill-level needed to be competitive in the nation. The college season began in August and continued into December. In January, the team joined the USVNA organization in the region and competed in eight tournaments throughout the state. During the summer, the Beach Volleyball Association provided tournaments on both coasts, with doubles play being the main attraction. The team gained further experience from a week-long tour of the islands of Jamaica, during which they remained undefeated in their matches against Jamaican teams.

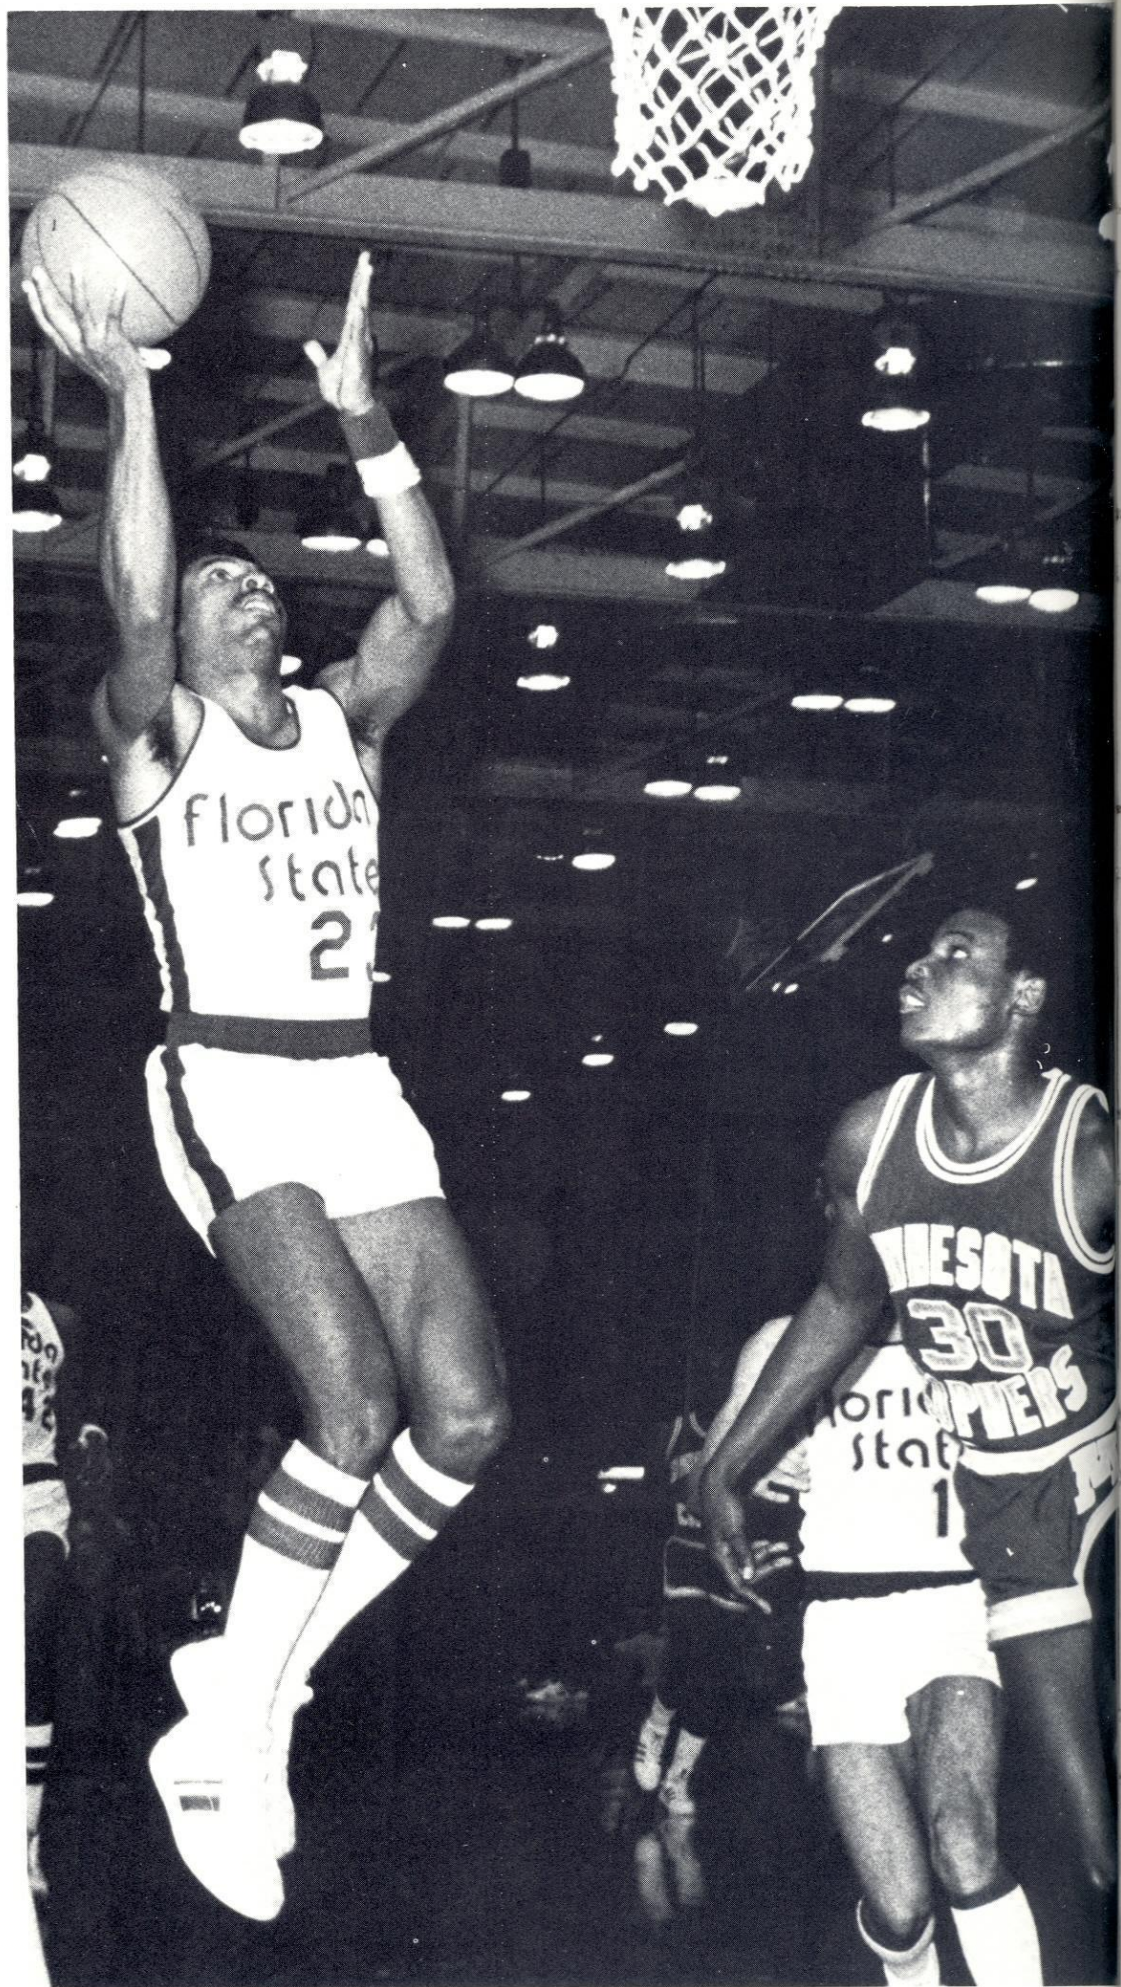

Sue Usher, one of the team's standouts.

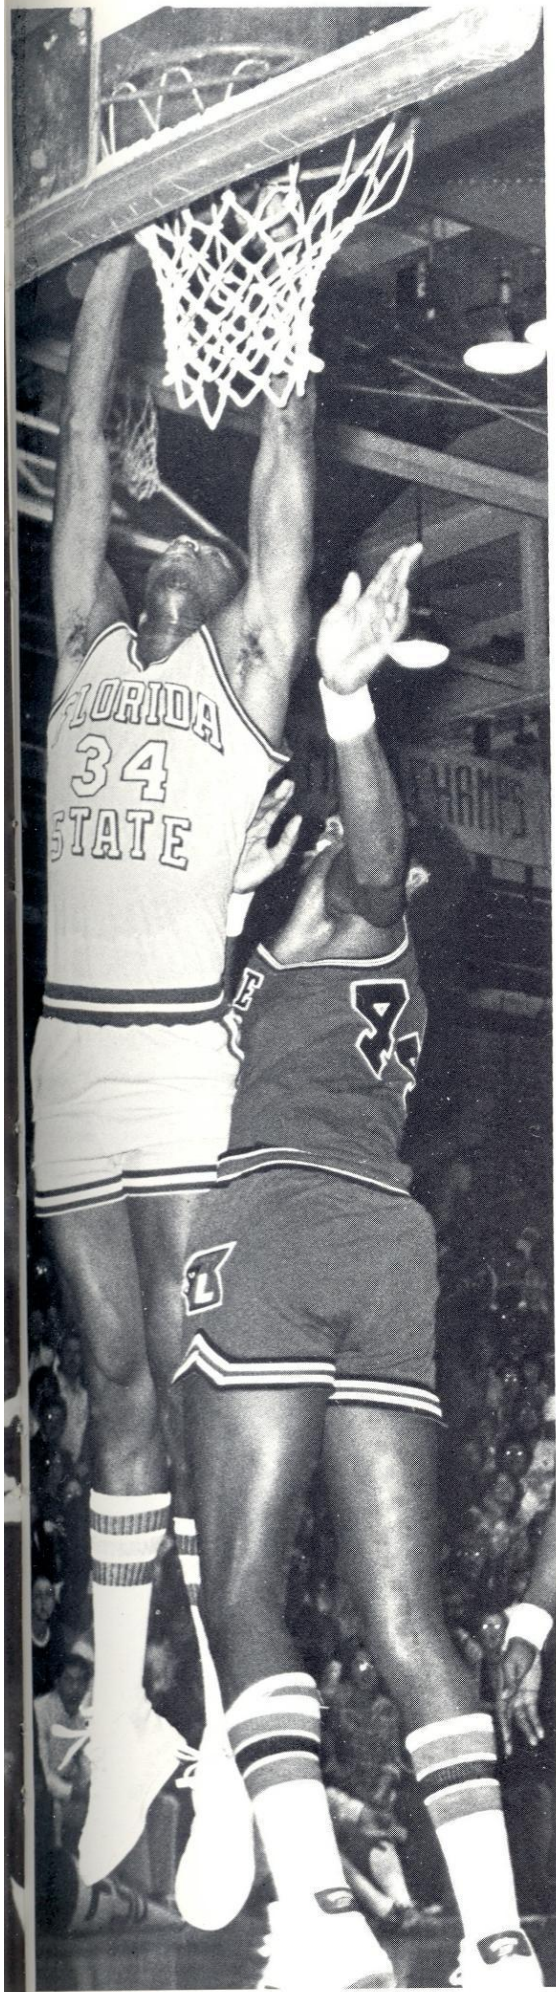

The Men's Basketball team opened its season by winning nine of its first ten games. The Tribe started playing some of the nation's finest when it took on Marquette in Milwaukee and Auburn at home. Said Coach Joe Williams, "Quickness is our strength. Our goal is to be in the top twenty each year and to go to the NCAA tournament." But what Williams felt would be a banner year was turned into a roller coaster of ups and downs, due to injuries, four heartbreaking losses (by a combined total of six points), and academic losses. The team ended its season with a 22-9 record and a second-place finish in the Metro Conference Tournament. An at-large invitation to the NCAA Mid-East Regionals marked FSU's first appearance in post-season play since the '77-'78 season, when the 'Noles were knocked off in the first round by eventual national champ, Kentucky. This year, the Tribe defeated Toledo in the first round, but succumbed to Kentucky in second-round play.

FSU was second in the nation in field goal percentage (with a 55.6 average), and fifteenth in scoring (83.2 average). The 'Noles had the Metro's number two scorer in Mickey Dillard. He led the team with an average of 21.4 points per game, followed by Murray Brown (20.5) and Elvis Rolle (16.3). Brown scored his 1000th career point on the road against Western Kentucky. At the season's end, he had 1,178 points overall and ranked tenth on the FSU career scoring list.

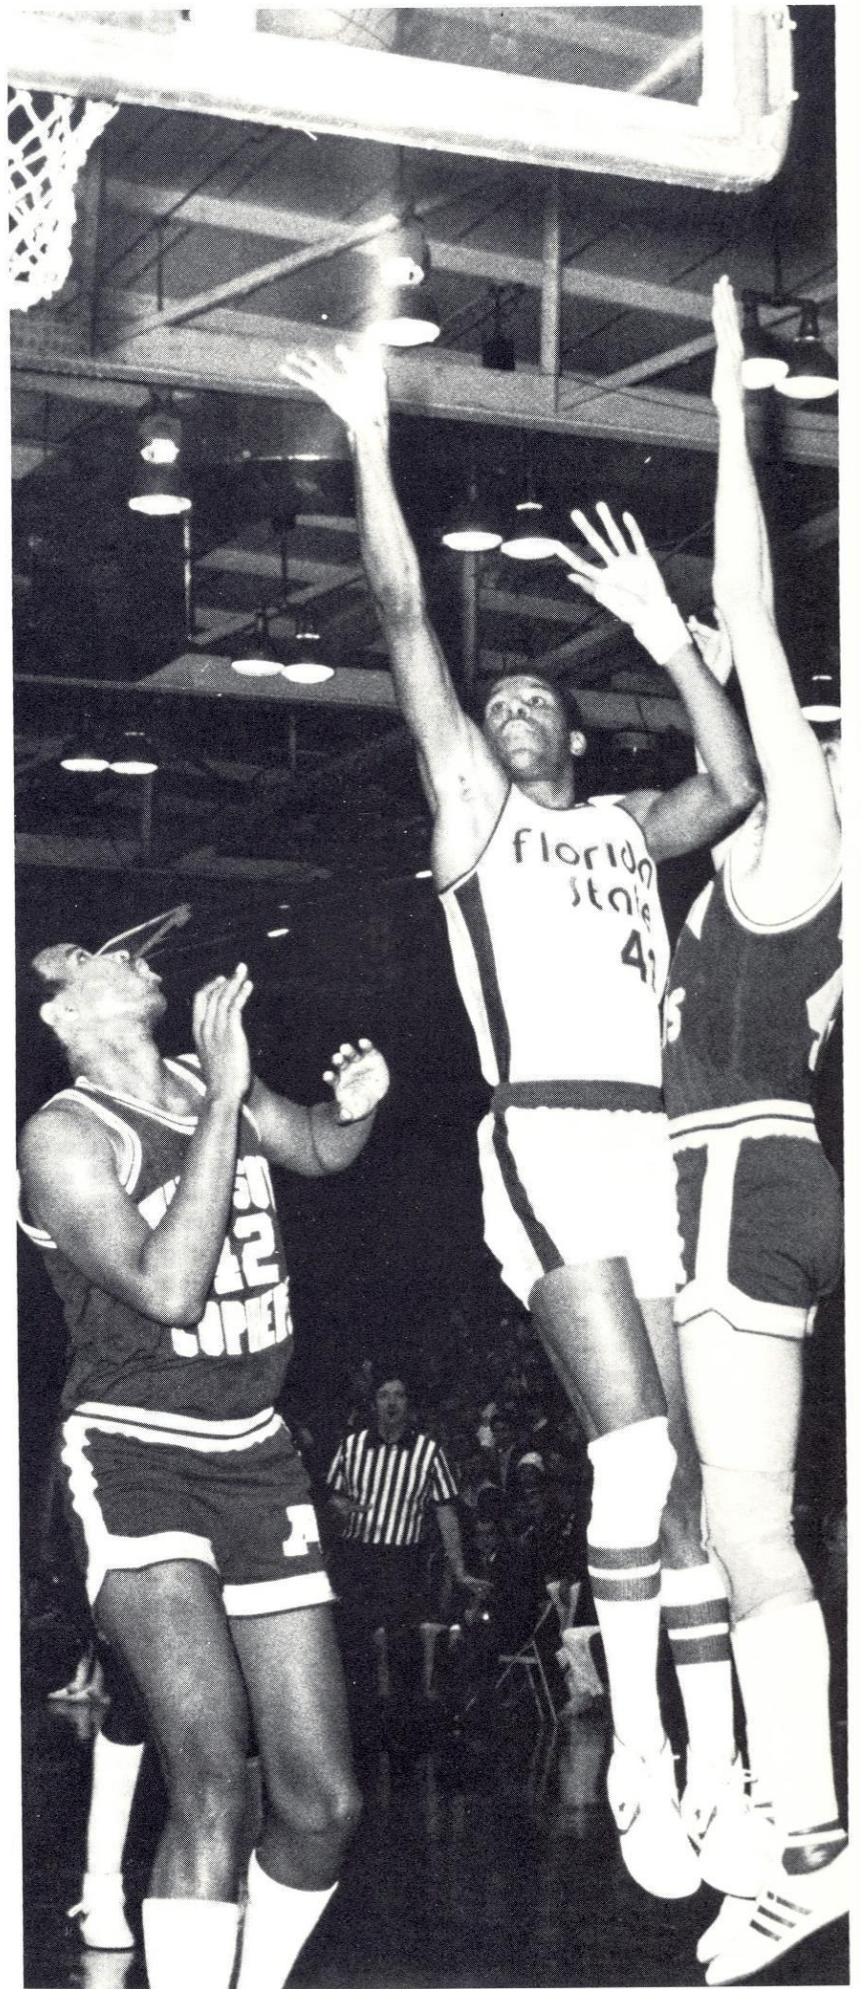

Tony Jackson was second in FSU history for assists. Bobby Parks and Pernell Tookes both were instrumental in amassing the 22-9 season record that gave Coach Williams his 275th career coaching triumph.

# LADY SEMINOLE BASKETBALL

Glenda Stokes barrels through the defense.

Coach Janice Dykehouse

The Lady Seminole defense is tough.

Getting ready for the rebound.

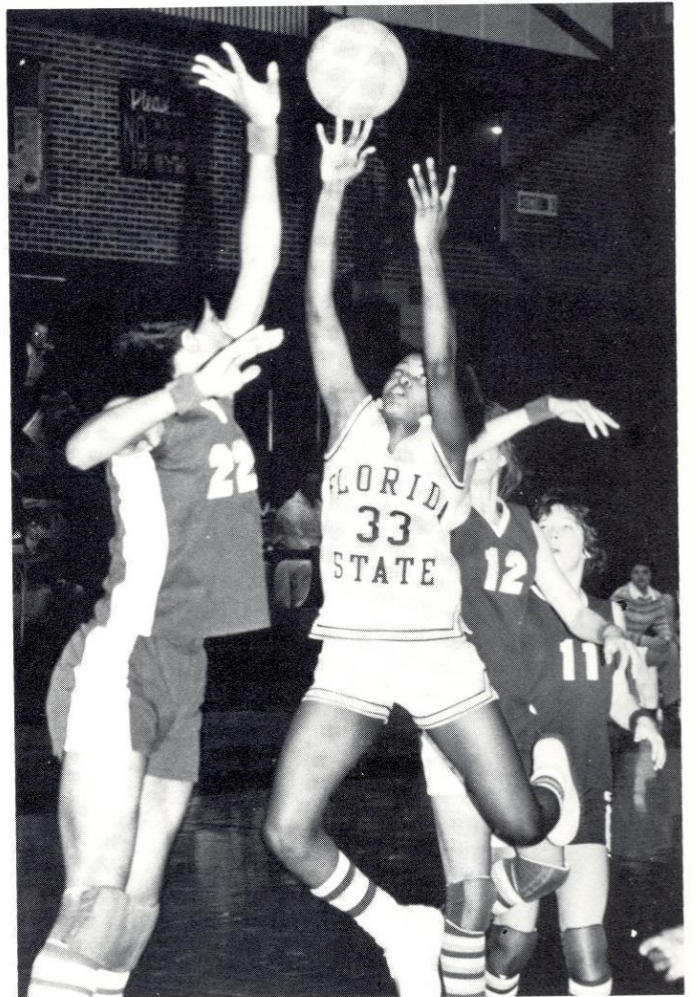

The past few years have been a rebuilding period for Lady Seminole Basketball. With a team primarily composed of lower-classmen and with several coaching changes, the Seminoles worked extra hard to stay on top.

During the summer, FSU played host to the first women's Pro-Scouting Camp for college athletes and high school stand-outs. The camp provided a week-long opportunity for top-notch basketball players to receive instruction from the pros. Campers were scouted by the pros, played with the pros, and learned from the pros.

The Florida State team improved steadily. The schedule was expanded, the facilities and equipment were outstanding, and there was a talented staff and a vastly increased scholarship budget.

All this meant that the school's basketball season was one to remember.

This proved to be a trying year for the swim team. Eleven of the top twenty swimmers were freshmen, and although these performed excellently, the stress that inexperience brings was felt. Freak injuries and sickness compounded the team's difficulties.

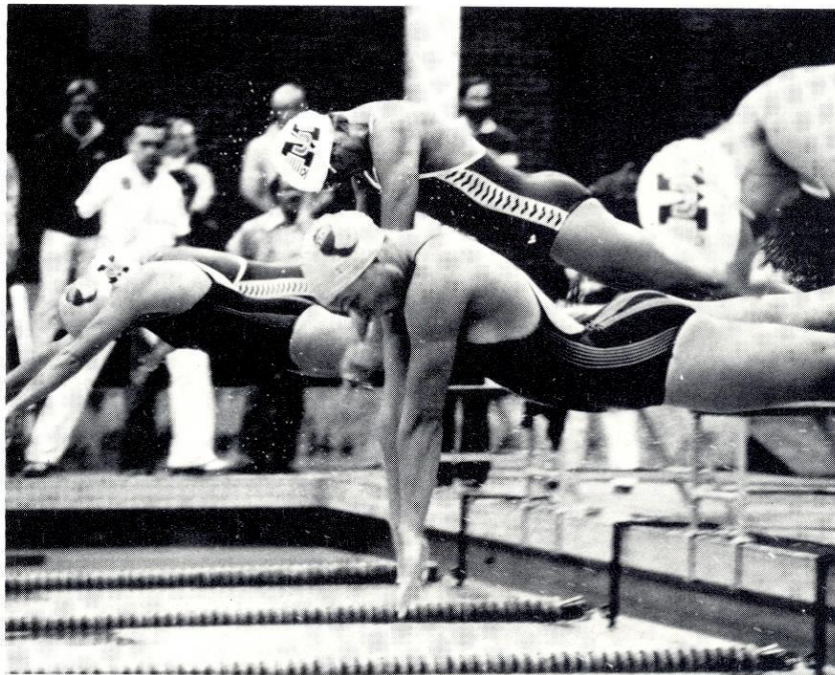

But the story wasn't all bad; the Seminoles claimed some victories in the face of adversity. The team won the Metro title for the third consecutive year. Co-Captain Keith McConnell earned the honor of being named Metro Swimmer of the Year. Sam Seiple broke the FSU 100 butterfly record and Mark Kinsey set the school record in the 1000 freestyle. Six men — Seiple, McConnell, Craig Teeters, Martin Perry, Barry Griffin, and Jim Hamilton — qualified for the AAU National Championship in Austin, Texas.

Though Coach John Stafford was disappointed with the team's 5-5 season record, he was excited about next year's possibilities. His squad had matured and gained experience during the past year, and he was hopeful that the health problems that had plagued the swimmers would have time to heal over the summer. With worries of inexperience and illness gone, there'll be no stopping the Seminole swim team.

The season was marked by a strenuous training schedule including Nautilus and Mini-Gym strength equipment, jogging, water polo, and an average of four hours a day water time in Florida State's heated outdoor pool. The team was composed of some of the best swimmers that FSU had ever had, with five returning All-Americans and a quality group of newcomers.

The dual meet schedule was the toughest to date, pitting FSU against such teams as Miami, Florida, Tennessee, Auburn, and the University of South Carolina. FSU ended the dual meet competition with a record of 10 wins and 3 losses. The squad then went on to take second in Southern Intercollegiate competition, second in Regionals, and 28th in Nationals.

Five swimmers earned All-American status at Nationals: Leonore Gribble, Sharon Spuler, Jeanne Dowdle, Kim Dunlop and Lisa Nencioni. Freshman Spuler qualified for seven events at the National meet, and received the All-American title in two of them. Spuler was the 1978 High School Texas State Champion in the 50 yard freestyle.

Under Coach Terry Maul, the Lady Seminoles have arrived; if the spirit of this year's team is any indication, the future shines brighter still.

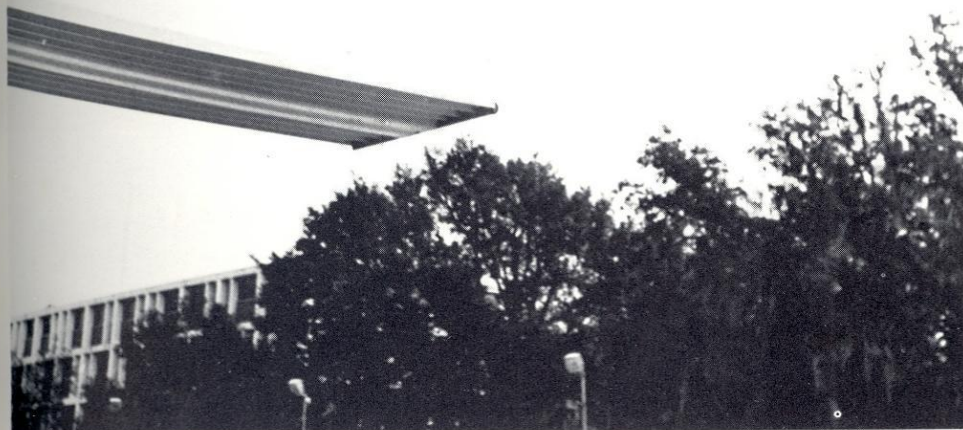

# DIVE TEAM

The Dive team was comprised of three men — Craig Lindell, Tom Neff and Kevin O'Neil — and three women — Camille Cox, Dean Nelson and Jackie Wise. FSU was fortunate to have secured Al Coffey as Diving Coach. A former All-American diver at Ohio State, Coffey joined the Seminole coaching staff this year. Under his direction, the divers showed consistent improvement.

Two divers stood out for their excellent performances. Freshman Camille Cox took third in Regional competition off both the one and the three meter boards. Swim/Dive team co-captain Craig Lindell won the Metro Diving championship for the third year in a row. Lindell earned an invitation to the NCAA meet, and there placed 17th off the one meter board.

## ONE OF THE NATION'S BEST

There were several new faces around when the Tribe began its '79-'80 track season, placing last year's 11th place NCAA finish on the line. Joining the squad were 400-meter runner Reggie Ross; All-South prep vaulter Dustin Harmon; topnotch 440 runner Van LeSage; Seminole defensive back Bobby Butler; and Mel Boodie, the national junior college indoor 600 champion and state 400 champion. Other key members of the team included Marcus Trigg, John Hodge, Paul Hodge, returning five-time All-American sprinter Mike Roberson, and Kevin Johnson.

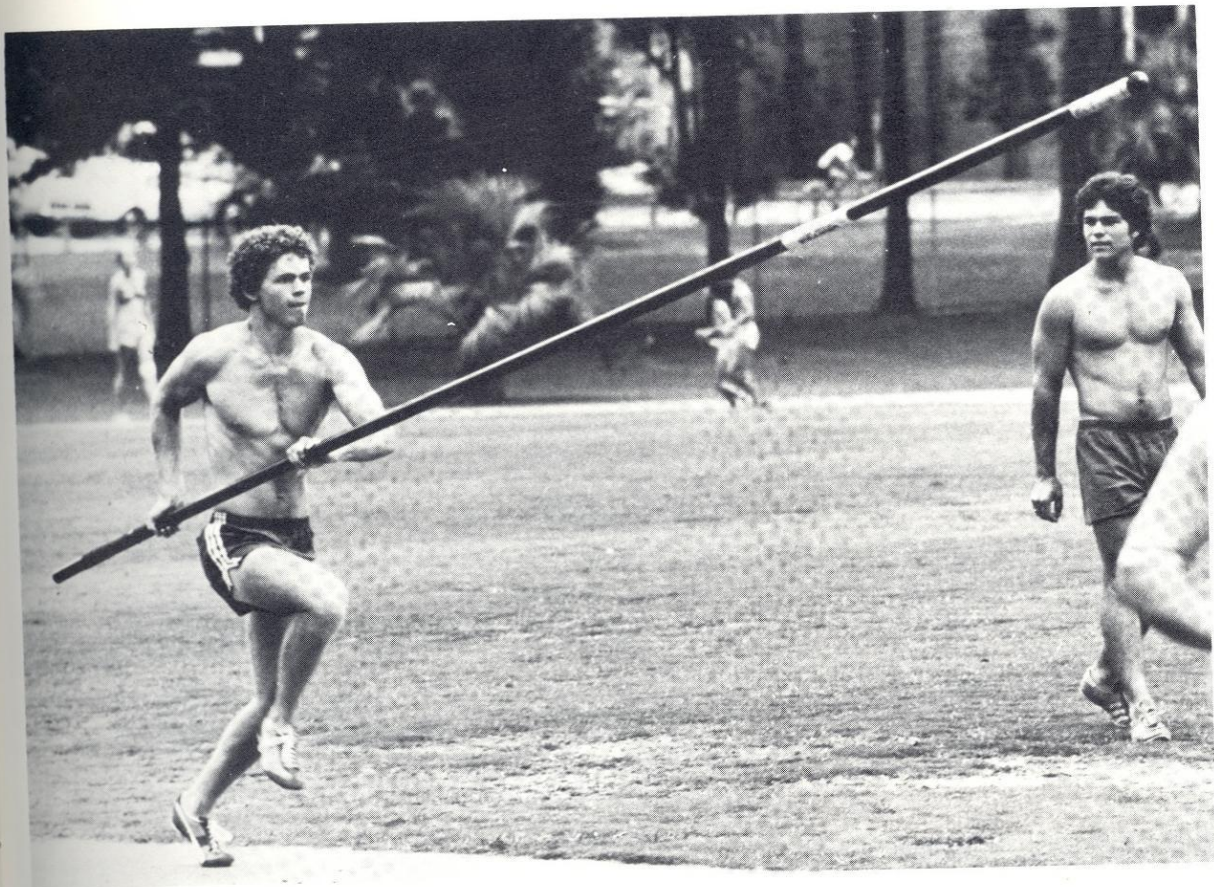

Coach Dick Roberts, in his third year of directing FSU Track, coordinated this array of talent to achieve an unbeaten 8-0 season record. The team competed against and beat such schools as Florida and Georgia. It thoroughly destroyed the opposition at the Metro Conference Championship, held at FSU during Spring quarter. The most impressive victory was placing third in the NCAA championships. Mike Roberson led the way for the Seminoles, accumulating 19½ points by winning the 200-meter run.

Not only did the team have the first undefeated record in Seminole Track since 1965; not only did it prove itself one of the nation's very best — there's more. Three individuals — Walt McCoy, Mike Roberson, and Palmer Simmons — qualified to compete in the Olympic trials, showing their excellence as athletes.

As Coach Roberts phrased it, the Track season was "phenomenal!" But that doesn't mean next year can't be even better.

## WOMEN'S TRACK AND FIELD

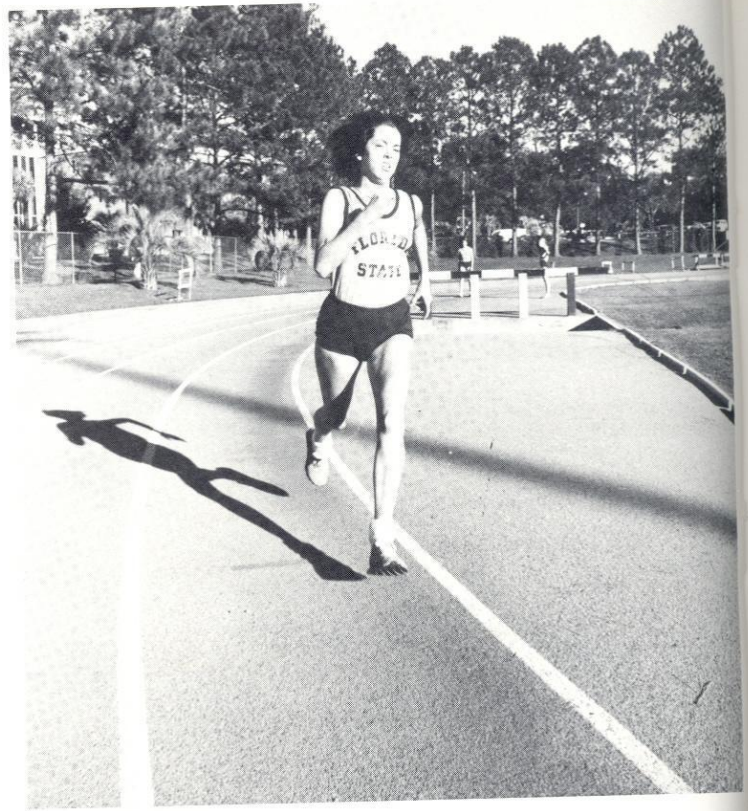

It wasn't a smooth and easy season for the Women's Track team, but perseverance allowed the Seminoles to overcome obstacles and secure a successful record. The trouble began with injuries and was compounded slightly by a mid-season coaching change. Incoming co-coaches John Citron and Heidi Hertz worked the team overtime to gear up for the final meets of the year.

The Lady Seminoles made an impressive showing at Regionals, taking a close second to Alabama. Darien Andreu won the 3000 and 5000 meters. Tonja Brown grabbed first in both the 100 and 400 meter hurdles. Angela Wright, Lisa Rhoden, Michelle Dunaway and Gale Grant all competed well. Nancy Townsend placed second in the javelin, while Debbie Kemp won the 800 meter race.

Darien Andreu (5000 meters) and Tonja Brown (400 hurdles) received invitations to compete at Outdoor Nationals, an outstanding achievement for a freshman and a sophomore. Gale Grant and Andreu had run the 200 meters earlier in the year at Indoor Nationals, where Brown had run the 600 meters. That these women were asked to participate in such prestigious competitions showed the high quality of Florida State's Track and Field program and the athletes it produces.

# SEMINOLE BASEBALL

The season began slowly for the Seminoles, with two losses to Miami before a victory in the third game of the series. The young team (only one senior in the starting lineup) under the direction of first year coach Mike Martin finally began to jell and reeled off twenty straight wins in mid-season (one short of the Seminole record) before a freak forfeit loss to Troy State.

The squad entered the Metro tournament with a 43-9 record, top seeded in the tourney. A 12-5 loss to Virginia Tech sent the Tribe to the loser bracket. Following two successive victories, the 'Noles entered the final day of the competition needing to sweep two games from the undefeated Memphis State Tigers. In the first game FSU won on a three-run ninth inning homer; in the second, the Tribe nailed down the title with an 11-7 win, becoming the first team in Metro history to arise from the losers bracket.

In the South Regional, the Seminoles defeated New Orleans 10-8 in game one, then routed Western Kentucky 19-7 (while setting several South Regional records) and went to the finals undefeated, needing only one win over W. Kentucky to capture the title and head to Omaha for the College World Series. The Tribe did it with a 10-5 victory. Mike Yastrzemski's two homers earned him the South Regional MVP award, and the Seminoles were on their way to the College World Series for the first time since 1975.

Unprecedented errors and stranded base runners proved a deadly combination for the 'Noles at the CWS. The team was the first eliminated from the eight-team competition, following consecutive losses to Hawaii and Arizona. Center-fielder Mike Fuentes' home run in the first game made him co-holder of the FSU record for homers in a season (21). In the CWS, Fuentes batted .500 (four for eight), drove in three runs, and scored three. He earned the honor of being named first team All-American. Another player whose performance throughout the season was exceptional was first baseman Jeff Ledbetter.

## SOFTBALL

Leading the way for a successful year in Women's Athletics at Florida State was the softball team. The Lady Seminole sluggers competed in six tournaments, among which was the FAIAW State Tournament. The team won the state title in this tournament for the third consecutive year. Afterwards, six 'Nole team members were named to the All-State 1st team. Other tournaments participated in were the North Carolina State Invitational, in which five team members were named to the All-Tournament team, and the USF, UCF, and Lady Gator Invationals.

A second place finish in the Region III AIAW Tournament was earned this year. No national tournament existed this year, but plans are underway for one next year, and the Lady 'Noles intend to be a part of it.

Standouts for the team included the leading hitter and Most Valuable Player, Venus Ross, and co-captains, Darby Cottle and Sharon Coats.

## MEN'S GOLF

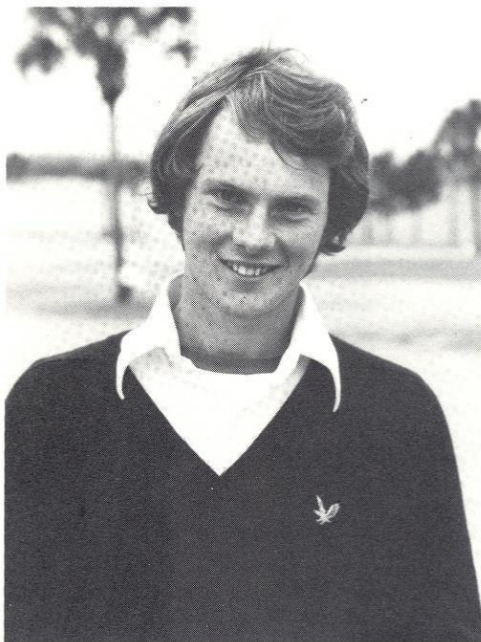

The golf team faced one of its toughest seasons and came through it in top form. As the record shows, the team was on the leader board in almost every tournament. For the fourth consecutive year, FSU grabbed the Metro Conference title, this time by a phenomenal 32 strokes. Florida State was one of only 29 schools selected to send its golf team to compete in the NCAA Championship, where the 'Noles placed fourteenth.

Dr. Don Veller, the personable and well-liked former FSU football coach, guided the team. Veller maintains the rank of professor emeritus and is himself a five handicapper who holds a high position in golf circles.

The team was composed of five players chosen from a list of eleven men. Senior Marcus Beck, Juniors Mike Grant and Grant Turner, Sophomore Paul Downes, and Freshman Stephen Kepler led that list and represented the team in most competitions.

# WOMEN'S GOLF

Under the leadership of Coach Verlyn Giles, the golf team accomplished an impressive record, placing in a top ten spot in nearly every tournament and receiving a bid to participate in the NCAA championships.

Since last year's team was dominated by freshmen, experience was a key factor in the success of the team this year. Two of the team's outstanding players were Marla Anderson and Michele Guilbault. Both were named to the All-Regional team. Sophomore Guilbault won three consecutive collegiate invitationals last year. Freshman Anderson finished second in the prestigious Furman Invitational and won the state title. The team took second in the state.

# MEN'S TENNIS

Mix a new head coach, two returning varsity lettermen, and Brazil's number three player . . . what do you have? Possibly one of the most talented Seminole tennis teams in recent history.

Returning players included Peter Prinos and Steve Layton, along with John Dwight, who had not participated in the previous season but had played varsity the year before. These enterprising men compensated for the graduation of last year's captain Allan Bellamy, number three player Barber Ali Kahn, and top-seed Jose Neto.

Brazilian Marco Abilhoa proved to be one of the squad's steadiest competitors. Joining him on the newcomer's list were John McLean, a very strong player, and Kevin Green, a transfer student with mature ability.

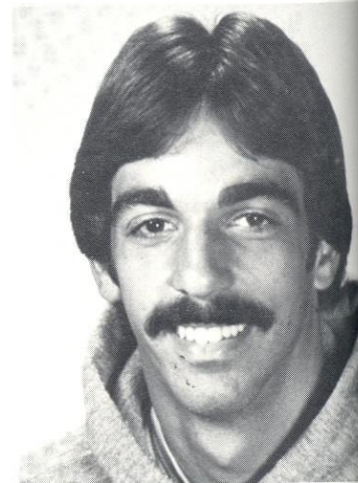

Throughout the season, the team improved as the competition became increasingly tough. Their talent led to a satisfying end — second place in the Metro Conference Tournament.

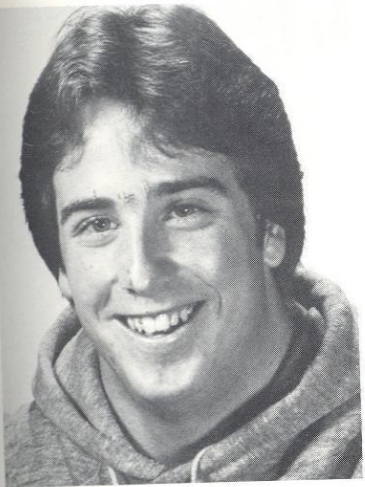

Coach Randy Jobson; Steve Layton and John Dwight, Co-Captains; Tommy Williams, Ass. Coach.

## WOMEN'S TENNIS

One of the most popular and fastest-growing sports in this country is tennis, and nowhere is the game tackled with more excitement and enthusiasm than at FSU. The Lady Seminole Tennis Team, under the direction of first year coach Anne Davis, posted a 19-10 record, took third at Southern Intercollegiate competition and placed fifth at State. Throughout the year the team competed against some of the nation's best teams, but even when the opposition was toughest the determination of the Lady Seminoles did not dwindle.

The squad consisted of eight women: Mary Beck, Susan Mueller, Liz Kissen, Gigi Boesch, Sherry Shores, Penne Nieporte, Cheryl Cordes, and Laurie Mueller, who was named to the All-State team. Mueller was the team's number one player in both singles and doubles; she led the 'Noles to a victory over sixth ranked Rollins College early in the season.

With most of the team returning, next year's season promises to be one of the best ever for Lady Seminole Tennis.
