PRINCIPAL INDIVIDUAL PLAYS

List **all** scoring plays; also non-scoring plays (including punts) gaining 50 yards or more, and all **missed field goal attempts.**

Under "type of play" indicate rush, pass, int. runback, punt runback, kickoff runback, punt or field goal. List tries-for-points as P.A.T. kick, P.A.T. rush or P.A.T. pass

On pass play, give passer first, then receiver, and combined yardage of pass and run. Measure runbacks from goal line, if started in end zone. Measure field goal attempts from point of kick. All other plays are measured from line of scrimmage.

CONDENSED RULES FOR RECORDING FOOTBALL STATISTICS*

(Originated by the N.C.A.A. Football Rules Committee's Sub-committee on Football Statistics)

(Continued from back of form 347-A)

SECTION 6 — PUNTS.

Article 1: Punts are measured from the line of scrimmage to the point of ultimate advance, if the ball remains in the field of play or goes out of bounds. (***Note*** — "Ultimate advance" is the point where ball goes out of bounds, is downed, or is recovered by the defense.

(Note — "Ultimate advance" of the punt shall be construed to include also any distance which a receiver of the punt may retreat toward his own goal before attempting to return up field. This interpretation gives greatest benefit to both the punter and the receiver, since excellence of the punt normally is responsible for retreat by the receiver. Thus "minus yards" should NOT be recorded under "punt returns.")

Article 2: When a punt goes over the goal line (a touchback), distance of the punt is measured from the line of scrimmage to the 20-yard line ***only,*** since this is the limit of the punt's value to the kicking team.

Article 3: If a receiver muffs a punt and the ball ***continues toward his goal line,*** the punt is measured to the point of recovery or ultimate advance, as defined above. If a receiver muffs a punt and the ball bounds back ***toward the kicker's goal,*** the punt is measured to the point of the muff (the point of ultimate advance), and the receiver is credited with a punt return and with the yards from the point of the muff to the point of recovery, regardless of which team recovers.

Article 4: A blocked punt is recorded as a ***"team"*** entry, and not charged against the individual kicker. Thus, in the case of a blocked punt which does not pass the line of scrimmage, enter the word "team" in lieu of kicker's name and charge one punt for NO yards, so the blocked punt ***is included*** under "Times Kicked" in team totals.

If the ball travels toward the kicker's goal and is recovered by the ***blocking*** team, the yardage is treated as a punt return by the player who blocked the kick. If the ball travels toward the kicker's goal and is recovered by the ***kicking*** team, the yardage is treated as a punt return by the player who blocked the kick—and the blocking team is charged with a fumble lost, except on fourth down.

SECTION 7 — KICK RETURNS.

Article 1: Only the number of punts and kickoffs which the receiving team actually attempts to return are included under kick returns. (***Exception*** — Blocked kicks which travel toward the kicker's goal. See Article 4 of Section 6.)

Article 2: The return will be measured from the point where the returning player actually gains control of the ball to the point where the ball is declared dead, or is lost by fumble. There are ***no*** "minus yards" under kick returns (see note under Article 1 of Section 6).

Article 3: The return of an attempted field goal, which falls short and is returned by the defending team, is treated as a punt return.

SECTION 8 — FREE KICKS.

See Official Football Statisticians Manual.

SECTION 9 — GOALS FROM THE FIELD.

Successful goals from the field are measured from the point where the ball is kicked to the goal posts (to the goal line plus ten yards, since the goal posts are ten yards behind the goal line).

The distance of such kicks is recorded on form 347 only under "principal individual plays". If kick is unsuccessful, show yard line from which kicked, in lieu of distance.

SECTION 10 — POINTS AFTER TOUCHDOWN.

Article 1: A player attempting a try-for-point-after-touchdown by kicking is ***not*** charged with an attempt when a bad pass from center or a fumble by the ball holder, precludes an opportunity to kick. Such an unsuccessful attempt is charged to the "team," rather than to any individual player. However, if the ball is momentarily fumbled and then kicked, an attempt ***is*** charged to the individual kicker, regardless of the success or failure of the effort.

Article 2: The try-for-point-after-touchdown is made while time is out and ***is not*** recorded as a play from scrimmage (rush, pass or kick).

When a try-for-point-after-touchdown is by forward passing, the ***passer*** is charged (under SCORING) with the attempt, whether successful or not. If successful, the ***receiver*** is credited under SCORING with the conversion and points scored, and the ***passer*** is credited with a conversion under FORWARD PASSING.

Such a passing effort is recorded as a PAT attempt and is NOT recorded as a pass attempt or a pass reception.

SECTION 11 — SAFETIES.

No individual credit is recorded for any player on either team when a safety is scored. The team benefitting from the score is credited.

SECTION 12 — FUMBLES.

On any play ***terminated*** by a fumble, the yards involved to the point of recovery are credited or charged to the player who fumbled, regardless of which team recovers the fumble.

(Approved Ruling — On rushing play, ball carrier of Team A fumbles at the line of scrimmage and the ball travels 5 yards toward Team B goal line, before it is recovered by Team B. Player of Team A who fumbled is credited with rushing gain of 5 yards and Team A is charged with a fumble lost.)

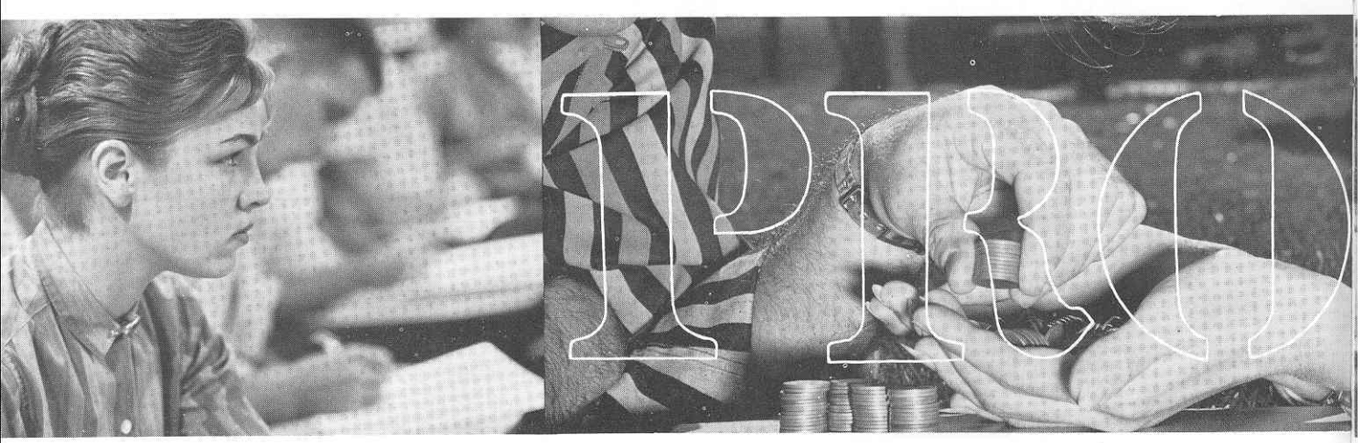
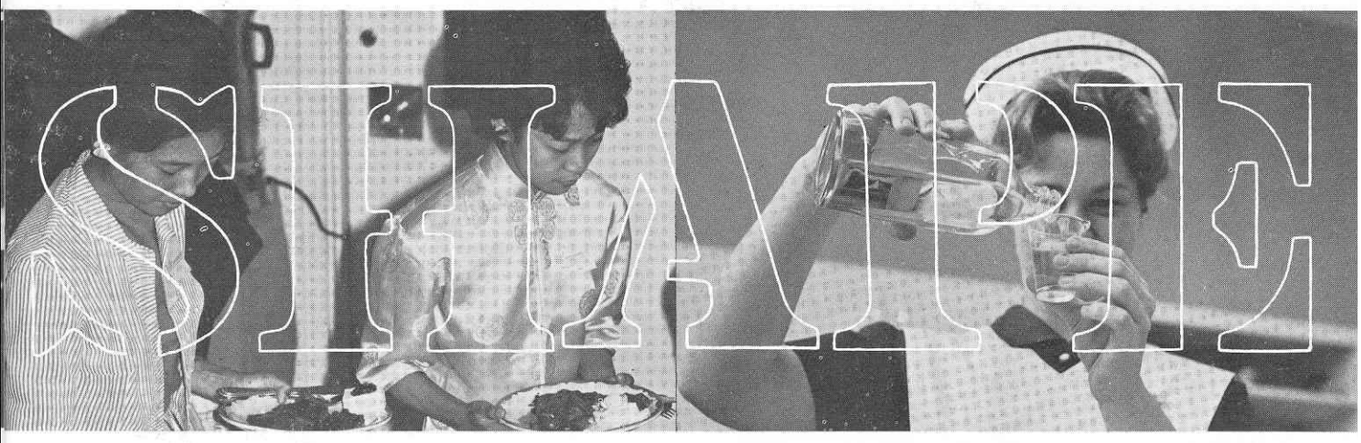
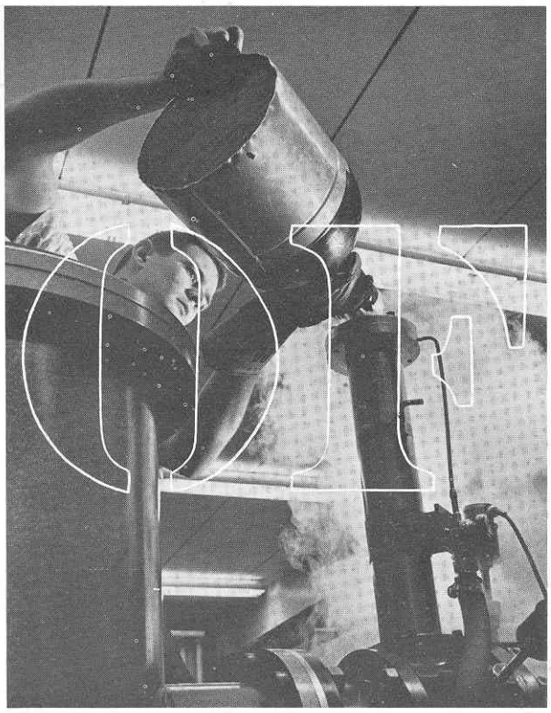
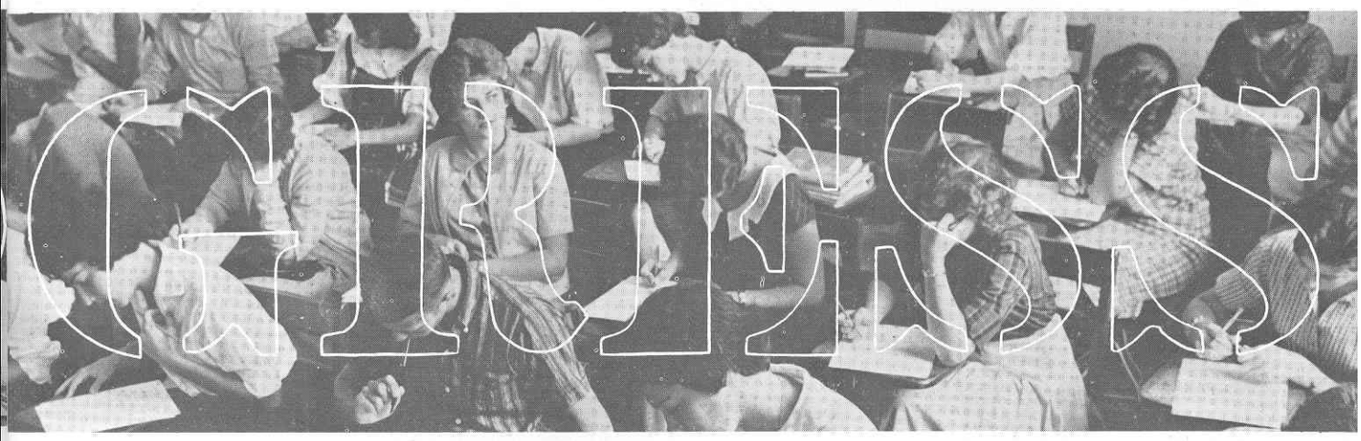
THE SHAPE OF PROGRESS at Florida State University is clearly defined in its emergence as one of the South's senior institutions of higher learning and as the liveliest center of graduate teaching and research in Florida. Its Gothic bricks span more than a century of the region's past; and its new-forged towers of glass and steel reach far into the nation's future. OLD LANDMARKS REMAIN, original buildings are still in use; but the University's ivy-bound halls have become ground-glass laboratories and its days as a four-year liberal arts college have long been over. The bulk of today's student body is found in the upper classes and the graduate levels. THE DAY IS NOT FAR OFF when two out of every three students will be graduates of junior and senior colleges. The cosmopolitan campus is a fact, a reality which all must recognize. Today's 12,137 students come from 43 countries and the 50 states — to pursue studies in the more than 2,000 individual courses offered.

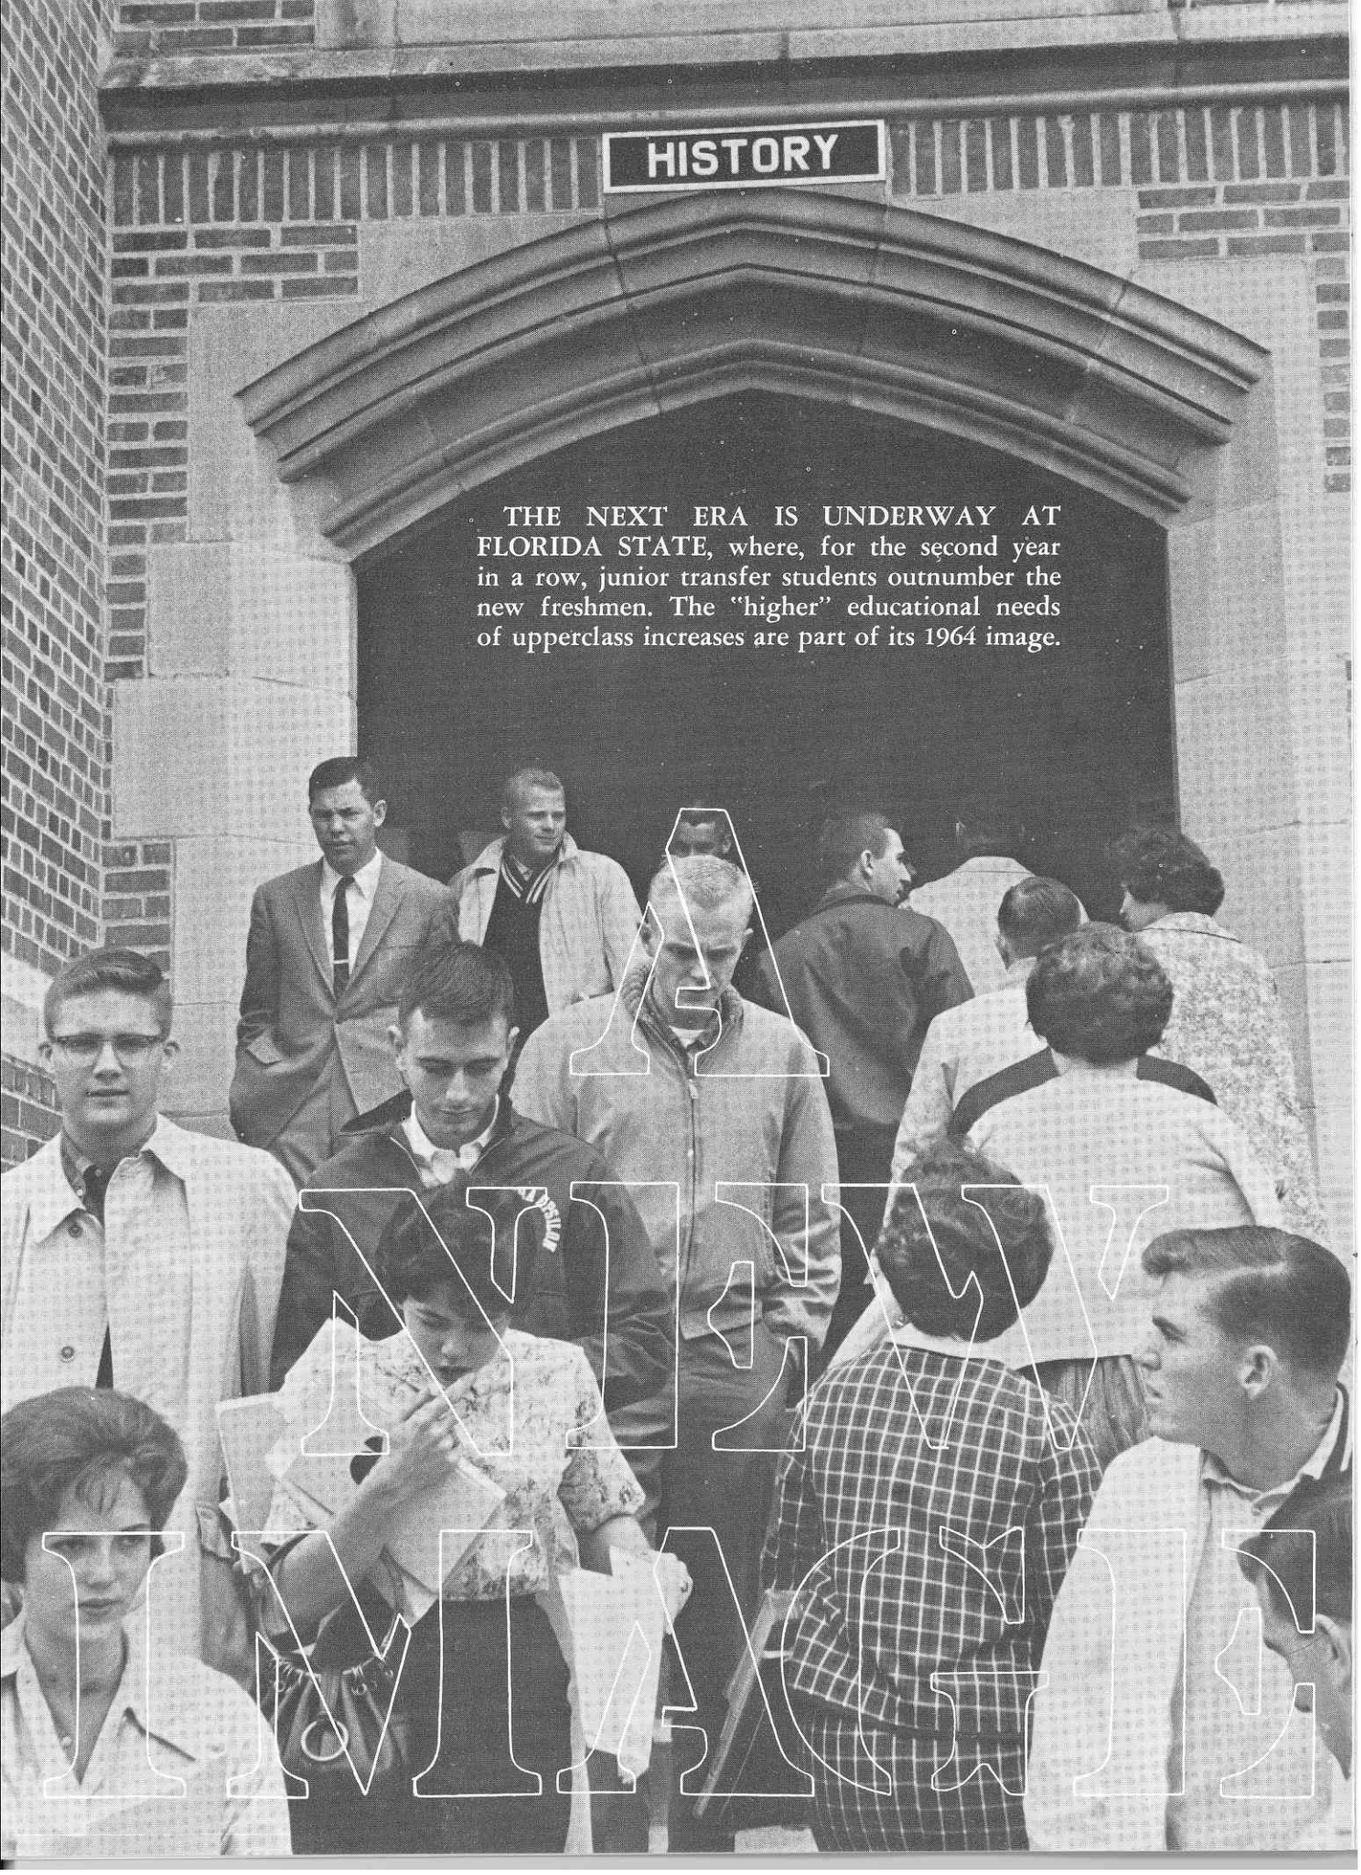




WITHIN THIS MULTITUDE of course offerings lie the paths to master's and doctor's degrees in some 35 career fields, and to baccalaureates in a hundred different types of career combinations. AS THE COURSE OFFERINGS and classroom numbers increase, so must the costs of quality and excellence in faculty, facilities and curriculum depth also increase. THE METAMORPHOSIS of Florida State will continue. Its nature, its physical shape will always fluctuate with progress.







THE NEXT ERA IS UNDERWAY AT FLORIDA STATE, where, for the second year in a row, junior transfer students outnumber the new freshmen. The "higher" educational needs of upperclass increases are part of its 1964 image.

A NEW IMAGE

The View From Above

By BILL BUNKER
Sports Publicity Director
Florida State University

The pre-season experts were picking North Carolina State a poor sixth in the Atlantic Coast Conference this season, and feeling rather magnanimous in doing so.

However, Earle Edwards, who coached the Wolfpack to a co-championship with North Carolina last year, receiving the league's "Coach of the Year" award as a result, had other ideas.

N. C. State began the season with a 14-13 victory over Gator Bowl champion North Carolina, then went on to bump Clemson and Maryland on successive weekends. The Wolfpack dropped two in a row to powerhouse opponents—Alabama and Duke—then regained their winning ways against Virginia and South Carolina.

A victory over rejuvenated Wake Forest next Saturday will nail the title down. A victory over Florida State's Seminoles tonight will enhance N. C. State's national prestige and gain a measure of revenge for Edwards, who saw his team go down 14-0 here last year.

The teams have played one mutual opponent with the same result. Both Florida State and N. C. State made the mistake of going to Blacksburg, Va. this season for a game with VPI, and both came home losers.

It's the only loss suffered by Bill Peterson's Seminoles this fall. Only a tie with Houston last weekend mars the record otherwise.

The Cougars caught Florida State with Fred Biletnikoff on the bench and stormed back in the fourth quarter to tie the game. Biletnikoff should be fully recovered from a bothersome charley horse tonight, however.

North Carolina State was one of the first major colleges to schedule Florida State, coming onto the Seminole schedule for the first time in 1952 when FSU was a small college struggling for its breakthrough into the big time. The Seminoles have been most unkind to the Wolfpack, winning five out of seven games in the series.

In the last four games played, the losing team has failed to score. The Seminoles won 7-0 and 14-0 in 1955 and 1956, the Wolfpack countered with a 7-0 victory in 1957, then Florida State shut out the Raleigh, N. C. boys 14-0 in last year's Homecoming.

Tonight's game is expected to be a battle between the strong N. C. State ground attack and Florida State's aerial show which has accounted for 1640 yards so far this season. The Wolfpack throws only when necessary, but each of their backfield starters have gained over 200 yards rushing.

Florida State will counter with its "Seven Magnificents" defensive unit which has been nationally ranked in rushing defense all season.

POST GAME QUOTES

EARLE EDWARDS, NORTH CAROLINA STATE.

"IT WAS A LONG EVENING. ABOUT THE ONLY THINGS GOOD FOR US WAS THE PUNTING OF SKOSNIK AND WE GOT A CHANCE TO PLAY A LOT OF NEW BOYS.

"IT LOOKED ~~THX~~ LIKE THEY WERE TRYING TO GOT SOME NATIONAL RANK THERE AT THE END." (ABOUT FSU USING REGULARS AT END.)

THIS IS THE SECOND WEEK IN A ROW THAT WE HAVE GIVEN IT AWAY BEFORE WE GOT STARTED. WE JUST GAVE THEM TOO GOOD A START.

"THEY HAVE A GOOD FOOTBALL TEAM. THEY PASS WELL.
"YOU CAN'T WIN IF YOU GIVE THE BALL AWAY ALL THE TIME.

QUOTES FROM FLORIDA STATE COACH BILL PETERSON

"I thought the big thing tonight was the mistakes that N.C. State made and the way we capitalized on them. However, we played well enough to win. They were tough and stayed right in there with us. We tried to play our second teams as much as possible to save our boys.

"I thought our passing attack and our defense was extremely sharp, but our running game didn't look as good as it has. I do think Phil Spooner and Wayne Giardino did well in that department."

NOTE: There is no report yet on the nature or the seriousness of Ed Pritchett's injury. It appears to be a bruise on the left leg, however. He is undergoing a doctor's examination at present.
