

A key upset victory in the two-mile gave the University of Florida track team a 67-64 triumph over Florida State there yesterday afternoon.

The Gators' Jim Morgan toppled, finished third, in the two-mile race, which he had won by a good 150 yards and setting a meet record at 19:47.4 in the process.

Cohley won his other specialty, the mile, easily, and had he also won the two-mile, the Seminoles, in the light of events after that, would have won the meet, 66-65.

It was the second straight time Florida had defeated FSU in a regularly scheduled track meet. The Gators won last year in Gainesville, 90-41.

Eight meet records and six track records were broken in the meet. The Gators set seven meet records to the Tribe's one, and also had four of the six track standards.

The victors had three double winners, dash man Ellis Goodloe in the 100 and 220, both meet records, hurdler Lincoln Knowles in both the low and high hurdles, setting a meet and track record each time, and Joe Brodsky in the shot put and discus, the latter of which was a track record.

Seminole pole vaulters Richard Ellwood and Warren Strickland set a new school record with a vault of 13'2", as the Seminoles registered the only sweep of the afternoon in the event, Don Ayres

The two track records established by FSU came in the 200 (1:58.3 by Ken Egner) and in the mile relay, where they won with a time of 3:25.6.

This left Florida unbeaten in dual meets this year with a 3-0 record, while the Seminoles have won one and lost one in dual competition.
