

Lady Seminoles lost four matches

SPRINGFIELD, Mo. — The Lady Seminoles should have stood in bed. Instead they came to Missouri for a 12-team volleyball tournament hosted by Southwest Missouri State University.

Florida State finished with a 1-4 record in the tournament, losing to Southwest Missouri and Houston and beating Iowa State Friday before losing to Minnesota and Cincinnati Saturday.

Long before the championship game was played between Houston and Texas-Arlington Saturday night, the Lady Seminoles were heading home where they will play Gulf Coast Community College and North Florida Community College Tuesday 7 p.m. at Tully Gym. The volleyball team now has a 22-12 season record.
