Any bank will advise you to save.

John Lauder

We'll show you how.

Wanting to save is easy—finding a way to do it isn't. At Lewis State, we want to help you find a plan that can make your money work for you. A way to have money left over to save. It isn't easy—but we can help you do it.

Sit down with one of our officers at Lewis State. He'll help you plug those "spending leaks" that dribble your money away.

Ask him some questions. He'll explain what a savings account can mean to you. How it can provide money for emergencies or make that vacation come a little earlier. He'll help you draw up a personal money management plan that you can live with. One that suits your goals for now—and for the future.

He'll explain how you can pay yourself first—and show you how Lewis State can handle your savings—automatically. On any date you wish, we can begin a regular program of savings for you. You never even have to write a check.

Come talk with us. We'll help you get your savings program started. That's what we're here for. At Lewis State, we want to help you.

THE NATIONAL SEMINOLE CLUB 10-18

This all important program of support for the Florida State athletic department is featured weekly. The Seminoles salute their scholar-athletes and gratefully acknowledge their supporters.

KEEP YOUR OWN STATS 30

This new feature will appear every week. Now you have your own scorecard and can keep track of the statistics yourself. The real fun is checking them against the "official stats" on Sunday.

TODAY'S HALFTIME 60

What would a Seminole game be without the Marching Chiefs? Richard Mayo and the Chiefs have another top notch pregame and halftime performance ready this afternoon, and it includes a "sing along" selection. The words are printed here.

ON THE COVER

Head Coach Larry Jones and his family catch a last few moments of relaxation before the season sets in. University photographer Irv Kokol was there to capture this family portrait. Sons Bruce (left) and Kevin are standing while daughter Laura is sitting along side her mother, Judy.

Florida State University

Welcome to the South's Friendliest Campus...

Florida State University, founded in 1857, is in the process of making new and important responses to the needs of its 19,500 students and to the problems which confront the state and nation.

A major change in the academic structure of the University is in progress and will continue throughout the year ahead. The decision to reorganize and redistribute colleges, schools and departments into six major academic divisions is the result of a year-long self study made last year by faculty, staff, students and administrators. The primary conclusions called for a regrouping of academic disciplines to meet the demands of new social, economic, scientific and environmental problems of the nation.

That such change is possible is one of the key factors in the University's reputation as a nationally competitive pacesetter in graduate research and undergraduate instruction.

Currently graduating more than 5,000 students each year, Florida State offers more than 50 doctoral programs and more than 80 master's and baccalaureate fields of study. These are encompassed within the schools and colleges of Arts and Sciences, Business, Education, Home Economics, Social Work, Social Sciences, Library Science, Communications, Law, Music, Nursing, and the Fine and Performing Arts, which comprise four of the six new divisions. The other two divisions—Educational Services and Graduate Studies and Research—provide leadership for the University's libraries, continuing education, overseas and instructional research and service programs; and the University's major research centers, institutes and facilities, and the Graduate School.

A CAMPUS "ON THE GROW"

Florida State's constant growth means a changing skyline on the campus as its boundaries continue to expand westward from Westcott Gate. Going up on the sunset side is a new apartment residence hall for undergraduates (see picture at right) at a cost of \$2.4

million. It will be some time before the landmark towers of Westcott are filled in, but workmen are busy with a \$2.2 million project of re-building the insides of the south wing, while preserving the traditional brick towers and walls (left) which hold so much of the University's history. Future construction plans include the first phase of an education complex that will eventually cost some \$9 million, a new school of nursing and expansion of intercollegiate athletic facilities.

From One

Seminole Fan

to Another...

The 1973 Seminoles are a young but vigorous team that may be a little lean in terms of prior collegiate competition, but one which is definitely hungry for success.

Equipped with a variety of new strategies of play that offer surprise and excitement for all Seminole fans, this year's team has the kind of unknown and unpredictable factors that will make each game new and different from the one before. It has the potential talent and the definite challenge to achieve greatness, and to supply that essential element of fun in football, that of surprise. It is my personal forecast that most surprises will be in our favor.

Regardless of the win-loss outcome of the season, I can assure our fans that they will not see any team with finer spirit or greater determination than the ones consistently fielded under the guidance of Coach Larry Jones and his superb young staff. In fact, this 1973 team may just work harder and fight longer than any previous team in the history of the University's intercollegiate competition in football.

Most important to the outcome of the 1973 season will be the strongest support and loudest applause that can be mustered each game from alumni, students, faculty, staff, friends and National Seminole Club members, whom we hope will fill the stands at all home contests.

Let's show our young Seminoles that they have our full support and faith and give a fine coaching staff our full confidence.

Dr. Marshall

SEMINOLE SCHOLAR ATHLETES

BOB BROOKS

A qualifier for the NCAA Three-mile championships last spring, Bob is as strong in the classroom as he is on the track. Academically, he has earned a 3.18 grade point average in his first three years at Florida State. The St. Petersburg native is a pre-med major.

CHRIS GRIFFIN

Only a sophomore, Chris is a starter at corner back for the Seminoles. Chris had an outstanding freshman year at Florida State, not only making several varsity appearances on the field, but also compiling a "perfect" 4.0 grade point average in his academic work. He graduated from Tampa Hillsborough High School with a 3.5 average and hopes to major in government with a minor in economics. In addition to pro football, Chris has his eye on a career in law and/or politics.

JOHN HEGERT

A senior accounting major, John is averaging 3.30 for his first three years at Florida State. An outstanding swimmer, he has qualified for the NCAA Championships all three years at Florida State. A native of Orlando, he is one of the Seminoles top all around swimmers and a holder of several records.

The three profiles given above are examples of the top student athletes at Florida State University. Dedicated both in the classroom and in the athletic arena, they "pay the price" year round. These three, as well as all those listed below are recipients of National Seminole Club Scholarship Funds. All have earned from 4.0 to 2.75 grade point averages in all work completed at the University level. The National Seminole Club and the Athletic Department asks you to join them in saluting these outstanding Scholar Athletes.

College Football "Plays It Again" Sunday

by GRAYLE HOWLETT, NCAA Promotion Director

As it is popularly conceived, the instant replay is a split-screened, isolated, slo-mo, stop-action piece of art which lets you see the play you didn't see a few seconds earlier.

But popular conceptions are far too confining. An instant replay—in every sense of the term—takes place every Sunday morning on most ABC stations. It even has a name—ABC College Football Highlights Show.

Putting the Sunday morning highlights show together is a game in itself; and when you consider that the "working day" in Chicago for the show is 11 p.m. Saturday until 11 a.m. Sunday, you can bet it's the only game in town.

For at least three members of the Highlights Show team, it's an away game. Dick Snider, director of NCAA Films and executive producer of the show, checks into Chicago Saturday night from his home in Wichita, Kan. Kemper Peacock, the producer-director, journeys from New York; and Bill Flemming, the host, comes from his assignment on ABC's college football telecast of the week.

Snider minimizes his role in the production, but the five-year reign of the show is to his credit. "You know, the whole thing's impossible," he confesses. "The good thing is that we never have time to stop and think about that when we are putting the show together."

Snider's involvement with the show really begins the Monday before. That's when he huddles with ABC executives to determine what games will be featured.

"We'll film on the average of 12 games a weekend, and then pick the five or six top games. Those games are determined on the importance of the contest, logistics or even if one of the teams has a player everybody would like to see.

"The most important thing about the show," Snider continued, "is getting the film into Chicago. When I get there Saturday night, I contact the cameramen and find out what flights the film's going to be on. Then I make sure that our messengers—who race to O'Hare and Midway airports on motorcycles—get out there and get the film.

Important Motorcycles

"Kemper Peacock has been all over the world and has to be one of the best in the business, Bill Flemming has covered every major sporting event in the world, and I've been around a little, too; but we all are helpless if one of those guys in a helmet and leather jacket can't get his bike started."

In the five years the show has been on the air, only one shipment of film has been lost in transit. "I know the plane schedules into Chicago better than the airlines," says Snider, "but sometimes things go wrong. We had an important game coming in from the South on Piedmont Airlines. It arrived on time, but the messenger didn't, and Piedmont closed down its baggage counter. We had to call Piedmont's home office, get the manager's name

Bill Flemming

"Physically exhausting"

in Chicago, get him out of bed and down to O'Hare."

Kemper Peacock is the head of a production company by the same name. "I know I'm good with deadlines but this is ridiculous," Peacock said as he sat at a desk surrounded by some of his own photography. "It's tough, but we get it done. I work with three editors in Chicago on the show. I'll edit the main game—the one we spotlight—and the rest of the work is parcelled out to the others. We have roughly four hours to do the work . . . and we do it. That's all."

Each cameraman provides a play-by-play account of the game with the film. It's up to Peacock to edit the footage into an exciting, five-minute piece.

"At 4:30 a.m. we transfer the material from film to video-tape and have our first run through. Bill Flemming arrives on the scene between 5:30 and 6 a.m.; and we must have the show completed by 10 a.m. We have roughly three hours to get everything right. We have the edited film and any other features that I might have worked on in New York that we have to get into the show. But, Bill's got to get his narration in; and we have late scores to include. You know, it just might be impossible."

WLS, the ABC affiliate in Chicago, has to have the show by 10 a.m. to insure at least one run through. But, the station has been persuaded to take the show later.

Show Must Go On

"Our record is 10:57," Peacock admitted. "WLS had 'Water Skiing from Cypress Garden' all racked up, ready to run. But, we made it. We've made every show."

The "interior linemen" of the show are the writers. Jeff Elliott, who doubles as the assistant director of the Big Ten Service Bureau, and Kay Schultz, Chicago journalist, spend their time looking over shoulders and getting people out of bed.

"I just try to compile as much information as possible," Elliott explains, "and when you work through the night, that means disturbing some people."

Flemming is the man up front. According to Snider, "He is super. He's one of the few sportscasters who could do this show. He knows the game, and you can't shake him up."

Flemming smiled at this comment and said, "They do call me 'one-shot Flemming.' Let's face it, that's my strength. I can get the thing done in one take. And fifty per cent of the time, that's all we have time for."

Flemming is on the college football scene every Saturday afternoon working a game for ABC. After the game he hops into his own plane and heads for Chicago.

"Flying my own plane is the only way to do it," says Flemming. "Even so, sometimes I have to leave at half-time, or before, to make it. It's amazing, but I've never been weathered out. I've had some bumpy flights, but Chicago has always been open for me."

Upon arrival in Chicago, Flemming reads the first edition of the Tribune to get a bead on some of the games. Preparation is his hallmark. He compiles information throughout the week on the games which will probably be used then adlibs this information during the taping of the show.

After getting a wake-up call at 4:30 a.m., Flemming heads over to begin the taping. He gets the script outline then the cameras roll. Often the narration is material Flemming is seeing for the first time.

"I think this is an advantage," he says. "I put everything into the present tense. It's like I'm announcing the game for the first time. To us, the game isn't in the past."

Flemming Cares

Flemming is a perfectionist. "With Bill you have to be prepared," says Elliott. "If he sees a name he's never seen before, he wants to know how to pronounce it. His standard line is 'Are you sure?' I'd hate to tell you how many times we've run to a phone at 6 a.m. to check out a pronunciation, a statistic, a record or even a home town."

Peacock rolls the cameras at 6 a.m., and Flemming begins reading. If he makes a mistake, the film is still rolled because the important item is to get all the film onto video-tape. After that is accomplished, then the backtracking is done. When Flemming is happy with the script and is sure that everything is correct, he proceeds in his one-shot fashion.

The result is an exciting football show, which provides information—an entertaining news show.

"The show is good," Flemming claims, "and I can tell you why. We have a great team, and we all 'dig' college football."

The 12-hour period which spawns the Sunday Morning College Football Highlights Show is summed up by Flemming: "Physically exhausting."

SEMINOLE SEEKERS

Seminole Seekers is a service organization at Florida State dedicated to helping the University and especially the Athletic Department whenever and wherever it can. The Seekers are 30-40 Florida State coeds and they serve in various capacities throughout the year. During football season they have two major functions, serving as hostesses in the President's Box of the Press Box and as escorts to prospective Seminoles visiting the campus. Later in the year they will serve as scorers at tennis and track meets and as timers at swimming meets. During the basketball season, the Seekers handle program sales at all home games.

From the left: Connie Mason, Debra Johnson, Kathy Kitchen, Delores Hunt, Debbie Stokes and Linda Haynes.

CONNIE MASON is a sophomore psychology major with hopes of working in clinical psychology after graduating. She is a member of Delta Delta Delta Sorority, Village Vamps and is a Pi Kappa Alpha Little Sister. She also finds time to play the organ and violin. After the game.

When the scoreboard blinks off, we don't blink on.

We've been at work. And we're still at work. At typewriters. On telephones. In darkrooms.

We're recording, in print, each moment of the game. Each spectacular play. And some not so spectacular. And some not spectacular at all.

So you can see how your team did. Up to the final down. And down to the last statistic.

So you can see how your competitors did. Or didn't do.

So you can see what's shaping up for the future. Next week or next season.

We report it so you can read about it. After all, that's the name of the game.

So remember ours after the game.

Head Coach Larry Jones

In two seasons as head football coach at Florida State, Larry Jones has directed the Seminoles to 15 victories against eight defeats.

The personable Arkansas native guided the Seminoles to an 8-3 and a Fiesta Bowl bid in his first year and last season Florida State had a 7-4 mark despite numerous injuries.

Since coming to Florida State from South Carolina, Jones has continued the Seminole tradition of wide-open football. "When I came here, I knew Florida State was a passing football team," said Jones. "I believe in the passing game and we will continue in that direction. That certainly doesn't mean I'm against a sound running attack. They compliment each other. To have a successful offense you have to do both."

When the Seminoles won eight games in 1971, it was only the fifth time in Florida State's 26-year football history that a coach had been able to match that figure.

Jones, 39, is not totally offense oriented. "No team can win consistently without a sound defense," said the former LSU player. "Offense is the more glamorous side of football but I think defensive players take just as much pride in stopping the opposition."

A native of Little Rock, Ark., Jones was a three-spot performer at Little Rock High School. He attended LSU from 1951-54 where he was center-linebacker for the Tigers. He joined the LSU coaching staff under Paul Dietzel the day he graduated in 1954.

After one year of coaching at LSU, he entered the Air Force for a two-year tour and then returned to LSU for the 1958-61 seasons. He moved with Dietzel to West Point for the 1962-65 seasons and then to South Carolina for the 1966-69 campaigns. Jones was named first assistant and defensive coordinator at the University of Tennessee in 1970.

At LSU, Jones coached the offensive receivers and was in charge of the passing game.

After receiving his bachelor of science degree at LSU, Jones continued his studies and received a master's degree in education from LSU in 1961.

In 16 seasons of college coaching, Jones has served on coaching staffs whose teams have played in the Orange Bowl, Peach Bowl, Sugar Bowl three times and the Fiesta Bowl.

The Florida State coach was born Dec. 18, 1933. He and his wife, the former Judy Bianchi of Dallas, Tex., have three children, Burce, 12; Kevin, 9; and Laura, 8.

TODAY'S GAME

by LONNIE BURT
Sports Information Director

Despite the fact Kansas has one of the nation's finest passers in quarterback Dave Jaynes, the Jayhawks used defense and a running attack last Saturday when they scored a major upset by knocking off 18th-ranked Washington State 29-8.

Jaynes, who the Seminoles remember from last season, threw only nine times while completing four for 93 yards and one score. While Washington State was playing pass, Delvin Williams ran the ball extremely well, gaining 94 yards in 18 carries.

However, it is the Jayhawk defense which showed tremendous improvement over last season. Defensive end Dean Zook, younger brother of the Atlanta Falcons' John Zook, was a stickout last Saturday. He had nine tackles and four assists. Three times the 6-2, 201 pounder threw enemy runners for losses.

Kansas has 16 starters returning from last season's disappointing 4-7 season. If the Jayhawks' first victory is any indication, Kansas could cause trouble in the Big 8 Conference this season.

Florida State, a 9-7 loser last week to Wake Forest on a field goal in the final three seconds, will be trying to gain some offensive consistency. This was lacking against the Deacons with the exception of the Seminoles' one touchdown drive.

The Seminoles' young secondary will get a test with Jaynes throwing. Bruce Adams is his quarterback's favorite target.

This will be the third meeting between Florida State and Kansas with the Seminoles winning the two previous contests. The Tribe won 30-7 here in 1971 and was a 44-22 victor in Lawrence last season.

KEEP YOUR OWN STATISTICS

Every football fan knows that the score doesn't always give a good picture of a game. A few statistics, like those that can be kept on this page, can make the picture clearer, show what the individual stars contribute and help to win post-game "debates." Besides, it can be fun to second guess the official scores whose statistics will appear in tomorrow's papers. But before you start, here are some pointers on being a statistician:

1. Keep cumulative totals to be informed "up to the minute" and to simplify your figuring of team totals. Example: Jones gains 3, 6, 9, 2 yards and you write 3, 9, 18, 20 on his line.

2. Be satisfied if you come within 10-15 yards of the official team totals. Individual judgments as to the line of scrimmage can make quite a difference in the totals.

3. Remember that it takes 10 yards to make a first down—that last inch can be as important as a yard and must be scored as one. Wait until the official places the ball and then go by the official down/yard marker on the sidelines.

4. Be sure to credit first downs on scoring plays originating from lines of scrimmage beyond the 10-yard line.

5. On plays involving penalties measured from the point of the foul, credit the rusher or pass receiver with yardage only to the point of the infraction.

6. Charge gains and losses on fumbles to the player who, in your judgment, contributed most to the error.

7. Don't score two-point conversion attempts after touchdowns as rushing or passing plays.

HEY, FANS!

Do You Know These Football Terms?

AUDIBLE — A vocal signal by the quarterback changing the play called in the huddle.

BLITZ — Commitment by defensive backs and/or linebackers to rush the passer.

BLOCKING — Legally hindering the progress of an opponent by contacting him with any part of the blocker's body.

BOMB — A long pass attempt for a touchdown.

BUTTONHOOK — A pass pattern in which the receiver goes downfield and U-turns back sharply to receive the ball.

CLIPPING — Running or diving into the back of an opponent, or throwing the body across the back of the leg or legs of an opponent other than the ball carrier.

CORNER BACK — Defensive back who usually lines up across from wide receiver.

DIVE-TACKLE PLAY — A quick-handoff running play over tackle.

DRAW-PLAY — Quarterback drops back as if to pass but instead hands ball to running back, after quarterback's teammates have assumed pass-blocking positions.

FAIR CATCH — The opportunity for a player of the receiving team to catch a kicked ball that has crossed the scrimmage line without being tackled or blocked by an opponent, after signaling his intention by completely extending one arm above his head.

NEUTRAL ZONE — The space between the scrimmage lines of the offense and defense, approximately 11 inches

NOSE GUARD — Defensive lineman who lines up directly in front of opposing center on line of scrimmage. In Florida State's defensive scheme, middle linebacker sometimes becomes nose guard.

ON-SIDE KICK — A kickoff that travels 10 yards or more is anybody's ball. The so-called "onside kick" is an effort by the kicking team to kick the ball barely beyond 10 yards and recover it before the receiving team can do so.

POCKET — Area of protection for the passer formed by blockers. Passer drops straight back from scrimmage behind the blocking shield into what resembles a "cup" or pocket.

POST — A pass pattern in which the receiver goes downfield to pre-determined depth then cuts at an angle toward the goalposts.

PREVENT DEFENSE — A strategem replacing linebackers with additional backfield pass defenders, sacrificing strength against short gainers in order to prevent a long pass completion. Most often employed by a team protecting a lead late in either half.

PULLING GUARD — Guard who pulls out behind scrimmage line for a trap block or to lead sweep blocking for ball carrier.

QUICK GUARD — See weak guard.

SPLIT END — Offensive lineman deployed as a wide receiver. Must line up on line of scrimmage.

STRONG LINEBACKER — So designated because he usually lines up across from the strong side of the offensive line.

STRONG GUARD — Offensive guard playing on the strong side of the line.

STRONG SAFETY — Defensive back who usually lines up deeper than corner backs and across from strong side of offensive line.

STRONG SIDE — The side of the offensive line where the tight end lines up.

STRONG TACKLE — Offensive tackle playing on the strong side of the line.

STUNTING — Defensive players changing positions as the ball is snapped, to confuse offensive strategy.

SWEEP — End run with wave of blockers leading the ball carrier.

TACKLING — Grasping or encircling an opponent with hands or arms.

TAILBACK — A running back who usually lines up behind the weak side of the line.

TIGHT END — Offensive end who lines up in close formation (as opposed to Split End's wide set) where he can either block for a ball carrier or be employed as a pass receiver.

LATERAL PASS — A live ball thrown toward or parallel with the passer's own goal line.

LINEBACKER — A defensive player operating immediately behind his line where he can either aid linemen in stopping a running play or cover an opponent's receiver if a pass develops.

LOOK-IN PASS — Receiver runs straight pattern and looks for the ball immediately over his inside shoulder.

MAN-TO-MAN COVERAGE — Pass defense plan wherein defensive backs cover receivers wherever they go, rather than field areas.

MIDDLE LINEBACKER — So designated because he usually lines up across from the opposing center.

MIKE — Nickname for middle linebacker.

MONSTER — Same as strong safety.

QUICK TACKLE — See weak tackle.

REVERSE PLAY — A running play with backfield action suggesting one direction while ball carrier goes in opposite direction.

SLOT BACK — Back stationed in slot between interior linemen and end. Must be one yard behind the line of scrimmage.

SNAP — A quick, continuous motion by which the ball is handed or snapped back with the ball leaving the hands of the snapper on the motion. The snap normally is made by the center.

These are the men who help keep Florida State's Athletic Program "on the go" in a very real sense. The importance of the Seminoles' courtesy car program cannot be overemphasized and without the cooperation of these gentlemen, it would never reach the degree of success it has. We salute each and every one of these community minded men.

Your Telephone Company Has It All

When your telephone company talks about complete communication, we're talking about more than a phone in the den or a kitchen extension. It's the things you don't see that make the difference between a phone that just rings and a communications system designed to meet your every need. Prompt service, comprehensive maintenance, highly trained technicians, and the latest communications advances are just a few of the benefits.

As part of the Centel System, your local phone company brings you all these things whether you have one telephone or one hundred. There's one thing you don't get...an extra charge for these services.

What so proudly we hailed at the twilight's last gleaming?
Whose broad stripes and bright stars, thro' the perilous fight,
O'er the ramparts we watch'd, were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof thro' the night that our flag was still there.
Oh, say, does that Star-spangled Banner yet wave
O'er the land of the free and home of the brave?

Seminole Songs

ALMA MATER

High o'er the towering pines our
voices swell,
Praising those Gothic spires we
love so well;
Here sons and daughters stand,
faithful and true
Hailing our ALMA MATER,
F...S...U...

HYMN TO THE GARNET AND GOLD

Here's a hymn to the garnet and the gold,
Ringing to the sky.
Here's a song for our men and women bold,
Sing with heads held high.
Striving ere to seek to know fight for victory.
Alma Mater, this our song to you,
Echoes, F...S...U...

FSU FIGHT SONG

You got to fight, fight, fight for FSU.
You got to scalp 'em Seminoles.
You got to win, win, win, win this game
and roll on down and make those goals.
For FSU is on the war path now, and at the
battle's end she's great:
So fight, fight, fight, fight, to victory,
our Seminoles from Florida State.
(Yell) F-L-O-R-I-D-A S-T-A-T-E
Florida State! Florida State!
Florida State!
(repeat song)

FLORIDA STATE VICTORY SONG

We are on the warpath tonight.
Onward, Florida State.
Show all the world the spirit and might
that the Seminoles create.
Stand up for the Garnet and Gold.
Ever loyal we shall be.
We are proud to shout,
"The Warriors are out." And they will
lead us to victory.

Seminole Basketball

Florida State Basketball Coach Hugh Durham uses two words to describe the 1973-74 Seminole cagers, "Talented and Inexperienced." Together they could add up to a season of excitement for Florida State basketball fans. Only two seniors return from last year's team, but they could be enough to form the nucleus to lead the younger Seminoles through a fine campaign. Included on the home schedule this winter are NIT champion Virginia Tech, NCAA runner-up Memphis State, talented New Mexico and rival Jacksonville. The only sure way to see all these games is with a season ticket. They are on sale now at the Athletic Ticket Office in Tully Gym. Season Tickets are \$25 each, plus 50 cents per order for handling. Order your Season Tickets now by sending a check payable to Florida State University to: Athletic Ticket Office, 100 Tully Gym, Florida State University, Tallahassee, Florida 32306. Or phone 904/599-4625 for more information.
